PREMIUMS.

Any person buying Flower, Vegetable and Garden Seeds, Plants, Roses, Nursery Stock, etc., from pages 1 to 90 is entitled to the premium seeds found on page 4, as these premiums are allowed gladly on all orders for above stock taken from our catalogue from pages 1 to 90 inclusive. But on farm seeds it is different. The margin on many of them is so very small that we cannot afford to give a premium unless the order is large, hence no premium on farm seeds can be entertained unless the order amounts to \$7.50 or more.

Our Premiums on Farm Seeds are Given

as follows: The price of Farm Seeds is strictly net and yet in order to induce you to see your neighbors and make your orders for farm seeds large we give premiums as are found on pages 144 and 145 of this catalogue.

These premiums are given on farm seeds found on pages 91 to 114 inclusive and potatoes on pages 126 to 134 inclusive, but not on Clovers, Grasses and Tools.

No premiums are given on figured bills or special estimates nor on clovers, timothy, grasses and tools. In other words no premium can be allowed on clovers and grasses from pages 115 to 125 inclusive and on tools from pages 135 to 143.

Please remember, Farm Seeds from pages 91 to 114 and 126 to 134 only are the ones entitled to premiums found on pages 144 and 145.

You will be surprised how easy it is to get up a club order for \$55.00 and win the splendid Morris Chair or one for \$35.00 and get the Solid Comfort Rocker for your good wife or another one for \$30.00 and win the great farm bell!

A few evenings spent among your neighboring farmers will give you sufficient orders to get above splendid things free.

You Can Take Your Own Time.

Let us take it for granted that you are striving to win the Morris Chair requiring \$55.00 in orders. Now you can take your own time in sending in these orders during the year 1907 so long as they will come in by Dec 20, 1907. After that no further premiums on 1907 orders will be recognized.

Whenever you send in an order state on same that you are striving to win the Morris Chair or any other premium that you may select. That is, in case the first order you send in is not large enough to win this premium and you wish to send in subsequent ones to be added to this to win the premium.

Worth Millions of Dollars to the American Farmer

SOLON L. GOODE, the great editor of the "AMERICAN FARMER," in a conversation with us, after a most fulsome praise as to the merits, purity, the vigor and the great fruitfulness and yield of our seeds said, that he believed from a producing standpoint that the value of each and every acre of tilled land in the great Northwest, by this he meant Indiana, Ohio, Illinois, Missouri, Kansas, Nebraska, Iowa, Wisconsin, Michigan, Dakota, Montana and Minnesota, and for that matter Texas, too, as we have over 50,000 customers in that state, has without question been increased from \$6.00 to \$10.00 per acre through the origination and introduction of Salzer's new varieties of farm and vegetable seeds—and we believe he is absolutely correct in his view in this matter and our reason for this belief is as follows:

SOLON L. GOODE, Indianapolis, Ind.

FIRST.—We have originated and introduced and generally distributed more new varieties of vegetables that have become a standard in America, which are now used in almost every garden and on almost every farm. Such varieties have returned to the grower from 25 per cent. to 50 per cent. and in many cases 100 per cent. more than old varieties used. We say we have originated and introduced more of these than many Western Seed Firms combined.

SECOND.—We have originated and introduced more varieties of new field corns, of oats, of potatoes, of barley, of flax, of speltz, of wheat, of rye than all Western Seedsmen combined and in originating these varieties we have in dozens of cases doubled, and in some instances trebled the yields of older varieties still offered by some of the Mossback Seedsmen. A notable instance of this is our White Bonanza Oat, of which the Agricultural Department of Washington wrote: "Regarding your oats, in our estimation, taken as a whole, for a large yield, this variety is better than any other in the exhibit out of a lot of from 400 to 500 samples of new kinds of oats." And our Triple Income Corn, which by a great unanimity among farmers is the heaviest yielding early corn on earth, yielding the past season to many farmers in America 400 big bushel baskets full per acre.

THIRD.—We have originated and improved with careful selection and by hybridization the strains, the qualities and purity of Salzer's Medium Red or June Clover, of Mammoth Red Clover, of Wisconsin Grown Alsike Clover, of Giant Incarnate Clover, of Salzer's 20th Century Timothy, of Blue Grass, etc., so that there is as much difference to-day between our superior strains of above varieties and the common varieties as are sold by seedsmen, as there is between a rich, luscious Concord grape and the wild grape from the river bottom.

FOURTH.—We were the first seedsmen in America, no matter what other chaps may claim, who introduced and distributed, generally, Rape Seed. We were

the first who introduced generally into America, Bromus Inermis Grass, than which no grass on earth is better, more fruitful, more nourishing and grows on a wider range of country than this noble drought-proof grass.

FIFTH.—We were the first seedsmen to urge and urge and urge the American farmer to plant a plenty of Alfalfa clover. Our wishes have been realized and to-day there is not a state in the Union in which there are not large fields of Alfalfa clover grown to the great profit of the farmer.

SIXTH.—We were the first seedsmen to urge farmers to plant a grass mixture composed of different excellent grasses for meadow or for pasture and to-day there are on our books over 98,000 farmers in America who have followed our suggestion to their great profit.

SEVENTH.—We were the first seedsmen to urge farmers to grow our Billion Dollar Grass for a superabundance of coarser hay and to-day more than one million acres are annually put into this grass in America.

EIGHTH.—We were the first to urge to the farmers the advisability and the great profit in growing Emmer or Speltz. We imported the first seed of this from Russia and have pushed the sale of Emmer or Speltz until within the past ten years we have sold over three million pounds of seed of this magnificent cereal and hay food.

Thus we could keep on, but why weary the reader? It suffices to say that our patrons or the readers of this catalog may always depend upon this: If there is anything new of real merit in the realm of agriculture, if there is anything new in the vegetable seed line or in the flower seed line or among plants and small fruits, that you can always find it with us. We scour the world, or our agents do, for just such things. We bring them to La Crosse. We subject them to a most rigid and careful trial and if found worthy, they get a place in our catalog and are offered to the public, but out of thousands of the things that are offered to us more than 90 per cent. are discarded, "found wanting", after having been given a thorough trial.

THE AMERICAN PEOPLE

The American People have been extremely kind to us. When a little over a third of a century ago, we began the garden and seed business in a small way, little did we dream that the seed business would grow and grow until to-day it has become the greatest mail order seed and plant establishment in the world.

We have been successful, but be it far from us, that our chief satisfaction lies in the money gained. No, no, a thousand times no! the greatest satisfaction, the keenest pleasure, the chiefest delight of our long years of active business life as a Seed Company, rest in the sweet fact that our labors in the line of seed improvements and seed introductions and seed creations have benefited thousands, yea millions of American Citizens—for without boasting, we can safely say that our new seed and fruit introductions have added materially to the agricultural development and wealth and prosperity of America.

Letters come to us from Governors, and Editors, and Professors, and Superintendents of Agricultural Colleges, and by the thousands "from the noblest of them all"—the farmer—telling us of the great material benefit the Agricultural World has received through our vegetable and farm seed introductions.

Such letters of cordial honest commendations kindle anew our ambition and urge us onward to seek new creations and betterments in the realm of agriculture.

JOHN A. SALZER SEED CO., La Crosse, Wis.

To Our Patrons and Friends, Greetings!

There is no firm on earth that has more cause to feel thankful to its hundreds of thousands of patrons than we. The reason is this: Each and every one of our patrons is our friend, not only in name, but in truth—a warm-hearted, whole-souled friend. This we have again experienced last year in the fullest measure. Our duties called us, within the past twelve months, into many states—from Oregon, Idaho and Montana in the west, to New York in the east—and everywhere, without exception, we were greeted so cordially, so heartily by our kind patrons, words often failed us to express our keen appreciation. No matter where we stopped, we found patrons of the John A. Salzer Seed Co., and where we found a patron we found a whole-souled friend. How often we heard expressions like this: "How are you, Mr. Salzer? How delighted and glad I am to see you. You must come to my home and see my beautiful flowers and garden." Or a farmer would grasp our hand and say: "Brother Salzer, you must see my crops. Such hay, such oats and corn, such cabbage and wheat, and above all, such potatoes!"

We Solicit Your Orders for 1907.

WHAT WE DO.

FREE DELIVERY BY MAIL.

All seeds ordered at the packet, ounce, quart or pound mail prices, also bulbs, roses, vines and such goods as are offered postpaid or by mail, will be sent by mail, postage prepaid by us, to any address in America. We sometimes send by express (prepaid) instead of by mail, but only when there is a saving of cost to ourselves, and when convenient for purchaser to receive them that way.

POSTPAID BY MAIL.

We deliver postpaid to any postoffice in the United States any article in this Catalogue offered by mail.

BY EXPRESS OR FREIGHT

means that we deliver the stock to express or railroad here, and the purchaser pays all transportation charges on receipt of goods. That means such large plants or trees as are listed by express or freight, as also vegetable seeds by quart, pint, peck or bushel, also all Farm Seeds, roots, potatoes, etc., etc. No charge for packages.

EXPRESS RATES.

These have been greatly reduced for us. The express companies, recognizing our claims as their largest shippers, have given us for our customers very low rates. Thus a

TWENTY-FIVE POUND PACKAGE

would cost: to points in Illinois, Nebraska, Missouri, Indiana, New York, Pennsylvania, Kentucky, the Dakotas, Kansas, Michigan and Ohio, from 40c to 90c.

To points in Alabama, Maine, Rhode Island, Arkansas, Massachusetts, Tennessee, Connecticut, Mississippi, New Brunswick, Delaware, New Jersey and Virginia, from 90c to \$1.30.

To points in the far west and south—Arizona, \$3.00; New Mexico, \$2.50; Idaho, \$3.00; Oregon, \$3.50; Montana, \$2.00; Utah, \$2.00; Nevada, \$3.50; Washington, \$3.50.

Above gives you a fair idea of express charges. When seeds etc. are quoted by express or freight it means that you pay the transportation charges; by mail, postpaid, that we prepay by mail.

WHAT YOU SHOULD DO.

MONEY—We prefer all money sent by Money Order, Bank Drafts, Registered Letters. Do not send loose money in a letter without registering it; it is not safe, and if it is lost we are not responsible for it. Silver coin should be sewed or pasted upon strong cloth or paper to prevent breaking through registered letter.

Private Checks.

Please do not send your check, because it costs 25 cents to collect same, which is deducted from the amount, and besides orders must be held until our bankers report private checks paid. This causes needless trouble and delay in filling orders.

Postage Stamps.

We accept postage stamps when other modes of remittance are inconvenient, and prefer them in 1 and 2-cent denominations. Be very particular to use due caution so that they do not get damp, stick together or attach to the order.

Important.

It occasionally happens (very seldom) that an order is lost in coming to us, or the goods in going to the customer. Therefore, if any who order do not hear from us within a reasonable length of time, they should send a duplicate order, naming the date on which the former was sent, and the amount of money inclosed, and in what form. DO NOT simply say, "I sent you an order 10 days ago, and have not heard from same," but be explicit. This will enable us to investigate the matter and fill the duplicate order with dispatch.

Prepaid Railroad Stations.

Many of our farmer customers live on Prepaid Railroad Stations, where there are no agents. In such cases we ship the goods to the nearest station to this Prepaid Station, as we do not pay freight charges on heavy seeds, machinery, tools, etc. This insures quick delivery and no danger of loss.

OUR PRICES.

It is our constant aim to make HIGHEST QUALITY A FIRST CONSIDERATION, and then make our PRICES AS LOW AS GOOD, HONEST SEEDS CAN BE SOLD FOR. OUR PRICES, THEREFORE, will in all cases be found as LOW as those of any other RELIABLE HOUSE for seeds of the highest standard of excellence. OUR DETERMINATION to grow and distribute nothing but the VERY BEST SEEDS THAT IT IS

**MARKET GARDENERS PRICE-LIST FREE
TO BUYERS IN LARGE QUANTITIES.**

OUR TRIAL GROUNDS.

The accompanying illustration will give you an idea of how we can furnish such excellent and superior garden vegetable and farm seeds. This is done from the fact that we give same a thorough test in our greenhouses as to growth, and on our trial grounds as to yield and true quality. Thus it comes that Salzer's Seeds never fail.

No seeds leave our warehouses before being thoroughly tested as to life and vitality. The *modus operandi* is shown in the accompanying cut. When you sow our seeds you are absolutely sure they will grow—such as you can take to any fair and get first prize. When you sow you want to reap—that's eternally right, and that's what you can always depend upon doing if you sow or plant Salzer's seed. They have established a record the world over and are known as

"SALZER'S SEEDS NEVER FAIL."

OUR FARM AND TRIAL GROUNDS.

We own and operate large farms for the production of our seeds—great men visit same, among them Gov. Chas. N. Harried, Ex-State Auditor J. E. Hipple, Land Commissioner J. L. Lockhart, Prof. J. H. Sheppard, of Brookings College, Congressman J. A. Pickler, together with Senator George Schlund, Senator J. W. Orcutt, Hon. H. C. Walcott, Hon. L. C. Taylor, Hon. E. E. Chilcott, Hon. L. C. Corbett, Hon. F. D. Adams, Hon. Ben R. Hoover, Hon. F. D. Hinds, and many thousand others, who viewed our trial grounds and farms in Dakota the past season. Prominent newspapers throughout America have had descriptions of this farm, such as the *Chicago Daily Inter-Ocean*, the *Tribune*, *Herald*, *Farm, Field and Stockman*, *Minneapolis Journal*, *St. Paul Pioneer Press*, *Dakota Farmer*, together with almost every paper published in the State of South Dakota, many of the editors having visited same and reported thereon.

TRIAL GROUNDS & TEST GREENHOUSES EVERY SORT TESTED BEFORE BEING SENT OUT
JOHN A. SALZER SEED CO. LA CROSSE, WISCONSIN

AMERICA'S LARGEST SEED GROWERS AND FLORISTS.

View of the John A. Salzer Seed Co.'s Establishment at La Crosse, Wis., said to be the largest of its kind in America, if not in the world.

1. Every seedsman now admits that we own more floor room for storage and packing than any three Western seedsmen put together (with one commission Seed House excepted), and twice as large as any New York, Philadelphia, Chicago, Illinois, Iowa, Minnesota or Wisconsin house.
2. That our improved methods of packing, mailing and shipping give us the *advantage in filling an order* faster than any other house in America, without exception.
3. Our cellar is the largest of its kind for *seed potatoes* in the world, and our *Potato trade* ten times that of any seedsman!
4. The *Freight Shipping Department* is under the supervision of experts. The farm seed orders are filled on the 2d, 3d, 4th and 5th floors, properly labeled and addressed. They are then let down to the first floor by means of mammoth elevators. On this floor the several railroads, steamboat lines and express companies have apartments. The packed order is then placed in the apartment of the railroad which runs to the city in which our customers reside. From these apartments, during the busy season, many teams, each making nine trips daily, haul the freight to the different depots, boat landings, express offices, etc.
5. The *Mail Order Department* is complete in all its details. Every invention possible to quickly and accurately facilitate the prompt dispatch of an order has been made. In this department scores of clerks pick out the orders, check them, pack them, weigh and stamp the packages and then deposit the same in U. S. mail bags furnished us in large numbers by the Government. This department can fill and dispatch 6,000 orders daily, and during the busy season is open day and night.

FREE PREMIUMS.

We have adopted a new plan, a happy plan, a splendid plan, to give away the rarest, best, choice seed novelties of our own and other firms' introduction. **Absolutely Free to Our Customers**, and the best of all is that we allow you to do your own selecting of these brilliant Flower or rare Vegetable Seed Novelties.

ISN'T THIS JUST LOVELY?

On all orders under \$7.50 we allow you to select of the following seed novelties just as many free packages as the amount of your order entitles you to; thus, if you remit \$2.00 you can select 9 packages; if \$3.00, 14 packages; if \$4.00, 20 packages, etc., etc., of the following superior flower and vegetable seed novelties, all of which will be added to your order free of all cost. In this way you will have an opportunity to try some of the very best, newest things in the seed line and make the trial absolutely free of cost to you. That is fine, isn't it?

These Premiums can be selected only on Flower and Vegetable Seed orders, and Plants from pages 1 to 90, inclusive, but not including Bargain Seeds, and not on Farm Seed orders. On larger orders than \$7.50 see premiums, pages 143, 144 and 145.

Now if the money you send amounts to:

For 50c remitted select 1 pkg.	For \$1.00 remitted select 4 pkgs.	For \$3.00 remitted select 14 pkgs.	For \$5.00 remitted select 26 pkgs.
For 60c remitted select 2 pkgs.	For \$1.50 remitted select 6 pkgs.	For \$3.50 remitted select 16 pkgs.	For \$6.00 remitted select 32 pkgs.
For 75c remitted select 3 pkgs.	For \$2.00 remitted select 9 pkgs.	For \$4.00 remitted select 20 pkgs.	For \$7.50 remitted select 42 pkgs.
	For \$2.50 remitted select 11 pkgs.	For \$4.50 remitted select 22 pkgs.	

Now we are sure that this method will be pleasing to you and we hope you will see your neighbors and your friends and endeavor to make your orders as large as possible. If your usual order amounts to \$1.00 and you can make this double or three times as large, you will get that many more packages.

PLEASE NOTE THIS.

These premium packages are put up ahead of time and we can allow you to select only of the following vegetable and flower seed premiums and not at random from our catalogue, therefore the premiums on your orders must be taken from these packages. The following is the splendid list from which you may select:

BRILLIANT FLOWER SEED PREMIUMS.

1. **ASTERS**—Salzer's Brilliant 60 Day, a collection of Asters in endless colors and varieties. Pkg., 15c.
2. **Cosmos**—California Earliest, brilliant coloring extremely early, very rare. Pkg., 15c.
3. **CENTAURIA**—Kornblume, giant size, magnificent blue coloring. Pkg., 10c.
4. **CANDYTUFF**—Choicest mixed, a brilliant selection of rarest Candytuff. Pkg., 10c.
5. **Coreopsis**—Hardy, sown in fall will bloom brilliantly the next spring. Pkg., 15c.
6. **Carnations**—Queen of Holland, superb mixture, very beautiful, early. Pkg., 15c.
7. **Chrysanthemum**—Empress of Japan, gorgeous, very bright. Pkg. 15c.
8. **CANARY BIRD**—New Giant, exquisite climber. Pkg., 15c.
9. **Dahlias**—Salzer's single Dahlias mixed, a brilliant collection, blooming the first season. Pkg., 15c.

26. **New Tomato**—Succession a wonderful Tomato introduced by a Philadelphia seedsman. Pkg., 10c.

We prefer that remittance be made by BANK DRAFT, EXPRESS or POSTOFFICE MONEY ORDER and we GUARANTEE that money sent us that way will reach us. Do not send us your personal or private Bank cheque—it is sure to cause delay and Extra Expense in collecting, while the methods of remitting mentioned above are perfectly safe and cost but a trifle.

We accept postage stamps, currency or coin, but we DO NOT GUARANTEE that money sent us in letters not registered will reach us.

JOHN A. SALZER SEED CO. LA CROSSE WIS.

BARGAIN VEGETABLE SEEDS.

There are millions of people in America who are not so particular as to the name of a seed as they are about the quality and yield of that variety which they may wish to plant.

For these, we have adopted the following method in offering them bargain seeds at a very, very low price. These seeds will be excellent sorts, such sorts of which we have grown largely and which we are sure will please and sure to give very great satisfaction.

Here you have just what you want. If you wish an early Bean variety, we furnish it to you at but 5c a package, 20c a pint. If you wish a late green variety or an early wax variety or a green pole variety, you have it at a very low price.

If you should desire a leaf lettuce you have it for but 2½c a package, a late lettuce at the same price, while a big head lettuce costs you no more.

So with radishes, you get a long or round or oblong, a red or white or black at but 3c a paper and so on throughout the long list—all at bargain prices.

We are positive that this arrangement will be extremely popular, and we expect to use, this season, over TWO MILLION PACKAGES.

These bargain prices are NET and not entitled to any premium.

The Great \$1.00 Collection of Earliest Vegetables.

There are thieves even in the seed trade. There are men who are so unprincipled as to steal our cuts, our descriptions, in order to sell their inferior seeds. Thus they will try and palm off EARLIEST VEGETABLES, claiming them to be "just as good" as Salzer's Northern Grown. Well, they are not. This collection of 35 Packages Earliest and Best Vegetables is without an equal. It is composed of our specialties—varieties we have cared for and improved for the past 20 years. There is nothing like it in the seed trade. That's the reason some seedsmen try to copy it. That this collection pleases; that the seeds therein are the earliest in the world; that it gives satisfaction everywhere, we introduce here only a few of THOUSANDS OF TESTIMONIALS:

Nat. Horn, Syracuse, N. Y.: "The earliest vegetables I ever ate, and the earliest I ever raised, came from your collection of 35 Packages."

Jerome Ross, Dallas, Tex.: "I swear by Salzer! That the earliest vegetables in the world, Texas included, come from you."

H. E. Johns, San Jose, Ill.: "My vegetables from the 35-Package Collection were certainly 10 days ahead of any here grown."

Karl Meyer, Frankfort-on-the-Main, Germany: "The 35 Packages Earliest Vegetable Collection I cannot praise enough. I have splendid

early vegetables fully 2 weeks ahead of my friends."

Frank O. Call, San Francisco, Cal.: "Many thanks for your splendid seed. The 35 Packages Earliest Seed proved more than you claimed for it. Early? Yes, 16 days ahead of my neighbors. They can't be beat in quality."

J. Ewe, Jefferson, Mo.: "A word about your Earliest Collection. Every sort is a gem, and all earlier than any I have ever planted."

G. Hovey, Findlay, Ohio.: "This is a protection state. Your gardener customers are protect-

ed by 16 days! That is, your Earliest Vegetables are that much earlier than other seedsmen's."

Ralph Clark, Edinburgh, Scotland: "The 35 sorts of vegetables give me, in many instances, vegetables 3 weeks ahead of any in our market."

Wm. Watkins, Bristol, England: "My gardener tells me that the fine early vegetables we are now enjoying came from your 35 Packages Earliest Vegetable Collection. Accept my thanks for same. I was to dinner recently at Earl—'s. He tells me I am fully 25 days ahead of him—all due to your seed!"

Thus we could keep on with testimonials from Europe, Asia, Africa, South America, Australia, and from every county and state of our grand United States. Everybody praises this collection as the earliest in the wide, wide world. Try them for 1907. They are fine and cheap. Think of it! Postpaid, for only \$1.00 with the 4 Premium Packages you get (see Page 4); about 2½c per package and every sort a gem.

THE GREAT ONE-DOLLAR COLLECTION.

This collection of 35 grand vegetable sorts is without question the very finest offered in the world. Many seedsmen, of course, will imitate this, but in quality it is impossible to reach it because many of the seeds contained herein are our specialties, and cannot be got from anyone else. The following 35 sorts of vegetable seeds,—sufficient for a family garden,—the very best and the very earliest of their kind,—for only \$1.00 net. No club rates. This gives everybody an opportunity to test our superior Northern Seeds and have the very earliest vegetables grown. If you want choice, early vegetables on your table, WAY AHEAD (yes, 10 to 15 days ahead) of your neighbors, get this collection. This lot is put in 35 big packages—the catalogue value, \$2.40—and will not be broken. Look up their description. These 35 big packages for \$1.00 are a great bargain.

MID-SUMMER COLLECTION 52 CTS

SALZER'S MIDSUMMER COLLECTION.

Here's the thing you have been looking for.

First, of course, comes Salzer's Earliest Collection of vegetables found on page 6 or the Earliest of All Collection on page 7.

Above two are the earliest collections of their kind on earth and are being extensively copied by other seedsmen but for earliness there is no seedsman that can touch Salzer's Northern grown seeds.

Then comes this wonderful Midsummer Collection.

We make three different size packages for this collection.

The small 100 kernel package, which, by the way, is bigger than the department stores sell for their big, big packages, because every kernel out of a hundred kernels grows while seeds out of the department stores so often are old and dead.

Then the next is our Big Package Collection and third, the ½ Pt. and Oz. Collection.

This collection is composed of the following seeds:

1. Beet—Long Red. A standard sort.....	Big Pkg.,	5c	Oz.,	10c
2. Beans—Round Poddled Wax. Tender, juicy, stringless.....	"	10c	½ Pt.,	15c
3. Beans—Horticultural Pole. One of the best.....	"	10c	½ Pt.,	15c
4. Carrot—Chantenay. Unrivalled.....	"	10c	Oz.,	15c
5. Cabbage—Succession. Splendid midsummer.....	"	8c	"	10c
6. Celery—Giant Pascal. Splendid in August.....	"	10c	"	25c
7. Cauliflower—Midsummer. Peerless.....	"	12c	¼ "	40c
8. Cucumber—Market Gardeners. Tender, long, fine.....	"	10c	"	15c
9. Corn—Hicox Canner. One of the best summer sorts.....	"	5c	½ Pt.,	10c
10. Egg Plant—New York Purple. Well known.....	"	5c	Oz.,	30c
11. Endive—Green Curled. In great demand.....	"	5c	"	10c
12. Leek—Winter Flag.....	"	5c	"	10c
13. Lettuce—The Deacon. A splendid head.....	"	5c	"	10c
14. Muskmelon—Skillman's Netted. Very sweet and prolific.....	"	5c	"	10c
15. Watermelon—Scaly Bark. Large, fine.....	"	5c	"	10c
16. Onion—White Portugal. A splendid white.....	"	5c	"	10c
17. Onion—Australian Brown. The best brown.....	"	5c	"	10c
18. Okra—Long Green. Well known.....	"	5c	"	10c
19. Parsley—Moss Curled. Fine for garnishing.....	"	5c	"	10c
20. Peas—Everbearing. Very prolific, large podded.....	"	5c	½ Pt.,	10c
21. Pepper—Mountain Sweet. A splendid pepper.....	"	5c	Oz.,	25c
22. Radish—The Shepard. Long, tender, juicy.....	"	5c	"	10c
23. Spinach—Savoy. The very best.....	"	10c	"	15c
24. Squash—Pineapple. Splendid for all purposes.....	"	5c	"	10c
25. Tomato—Livingstone's Beauty. Cannot be beaten.....	"	5c	"	25c

The price of the above magnificent collection, a collection that will come in play during the midsummer, in July and August, is as follows:

1. The collection of small 100 kernel packages, postpaid 52c.
2. The collection of big packages, postpaid 74c.
3. The collection composed of ½ pts. of Beans, Corn and Peas, ¼ oz. Cauliflower, and one ounce of each of the other packages, postpaid for \$1.40.

SALZER'S LATE COLLECTION.

This is indeed a wonderful collection, a remarkable collection, giving you rich, rare vegetables in great abundance at remarkably low prices.

This great collection must not be compared with collections offered by other dealers, catalog houses, etc.

The seeds composing this collection are of par excellence in every respect and the price is postpaid, while in most cases dealers do not offer to postpay same.

	Small Pkg., 4c	Big Pkg., 5c	½ Pt., 10c
1. Beans—Refugee. Green, very juicy.....	4c	6c	12c
2. Beans—Bargain Wax. Very rich.....	4c	10c	Oz. 20c

10. Carrot—Chantenay. Of elegant quality.....	4c	6c	½ Pt., 10c
11. Corn, Sweet—Moore's Concord. Juicy, sweet.....	3c	5c	Oz., 10c
12. Cucumber—Nicholas Medium. A very popular sort.....	3c	5c	10c
13. Lettuce—Ice Drumhead. Green, tender heads.....	3c	5c	10c
14. Leek—Winter Flag. One of the very best.....	3c	5c	10c
15. Muskmelon—The Princess. Very sweet and rich.....	3c	5c	10c
16. Watermelon—Johnson's Christmas. Very popular.....	3c	5c	10c
17. Onion—Connecticut Red. A splendid keeper.....	3c	5c	10c
18. Pumpkin—Sugar. Rich flavor.....	3c	5c	10c
19. Parsley—Fern Leaf. In great demand.....	3c	5c	10c
20. Parsnip—Sugar. One of the best.....	3c	5c	10c
21. Peas—McLean's Advancer. Very prolific.....	4c	6c	½ Pt., 10c
22. Radish—Long Black Winter.....	3c	5c	Oz., 10c
23. Radish—China Rose. A splendid fall and winter sort.....	3c	5c	10c
24. Squash—Olive. One of the best squash varieties.....	3c	5c	10c
25. Spinach—Winter Prickly. Largely prized.....	3c	5c	10c
26. Tomato—Turner's Hybrid. Very large.....	4c	5c	25c

PRICE OF THIS SPLENDID LATE COLLECTION:

1. Small packages of 100 kernels each, 48c postpaid.
2. The collection of 26 big packages postpaid, 76c.
3. ½ pt. packages of Peas, Corn and Beans, ¼ oz. of Cauliflower and 1 oz. package, of all the rest of above 26 splendid varieties postpaid for but \$1.48. Catalog price \$3.93—but we sell it postpaid to you for \$1.48.

The No. 3 Collection contains sufficient seed to grow a great, great quantity of vegetables, while the No. 1 contains about as much as nine out of ten families can consume.

SALZER'S VEGETABLE SEEDS.

The past season was good for the market gardener and farmer who planted a plenty of onions and cabbage and potatoes and peas and beans, etc. While prices rule high, the outlook for next year will be immense to the market gardener and farmer. It therefore behooves you, if money making is a pleasure to you, to sow a plenty of onions, cabbage, beans, peas, potatoes, etc., as prices are apt to be high and crops short. Look out for 1907; plant a plenty. Prices ought to be high—yes, way up. That is the time to have plenty on hand to sell. It will fatten your bank account and give you money to do good with.

ASPARAGUS ROOTS.

ALL ONE YEAR OLD.	FREE BY MAIL.		BY EXPRESS.		
	Per 25.	Per 100.	Per 25.	Per 100.	Per 250.

Per 500, \$3.50. Per 1,000, \$6.00. All one year old; by express. Plant one-year-old roots in rich, deep soil, 12 inches apart, and in 1908 you can cut fair crops.

Two-year-old (per express only) per 25, 40c; per 50, 70c; per 100, \$1.25; per 250, \$2.50; per 1000, \$8.50.

BRUSSELS SPROUTS.

Improved Dwarf—Being planted in increasing quantities all over the United States. It is a vegetable of great delicacy and while not as large as the Salzer Hamburg Strain, yet this dwarf sort is very fine and sure to please. Pkg., 5c; ¼ lb., 50c.

SALZER'S HAMBURG BRUSSELS SPROUTS.

We saw immense fields of this splendid vegetable while in France and Germany. It is used there in great quantities. It is the very best winter vegetable that can be sown. No matter how hard the frosts of November and December, it does not injure the Sprouts. The plants remain in the garden until desired for cooking, and then are taken in, as frosts improve them.

Strip off the outer covering of the Sprouts, cook them whole—ah! such Sprouts melt in the mouth, and are a delicacy not surpassed by the finest Cauliflower. For early use plant in May and June; for late, in July. Full culture directions on packages. Pkg., 10c; oz., 25c., ¼ lb., 75c; lb., \$2.50.

SALZER'S HAMBURG SPROUTS
BRING 20 CTS PER QUART IN ANY MARKET

Price Salzer's Hamburg: Pkg., 10c; oz., 25c; ¼ lb., 75c

ASPARAGUS.

Asparagus—Berliner Freude—A superior Hybrid Asparagus, maturing fully the third year, with a bountiful crop the second year, from seed culture. Extremely early. Pkg. of seed, 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50.

Columbia Mammoth White—A new large white variety of great beauty and yield. Immensely prolific; giant size stalks; rich, juicy, tender—just the Asparagus you want. Price of Seed: Pkg., 10c; oz., 20c; ¼ lb., 60c; lb., \$2.00.

Barr's Mammoth—A bunch of 25 edible shoots weighed 13 lbs. It is of a very fine flavor; the shoots are very tender almost to the stem. Pkg., 5c; oz., 15c; ¼ lb., 40c; lb., \$1.25.

Giant Palmetto—It is an enormous yielder, very even and regular in its growth and of very large size. Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50.

Conover's Colossal—Large and rapid growth. The well-known sort; used for many years. Pkg., 5c; oz., 10c; lb., postpaid, 60c.

ARTICHOKE.

A delicious vegetable. The blossom is cooked and prepared and furnishes a great rarity in food.

Large Globe—Pkg., 10c; oz., 25c; lb., \$2.50.

Salzer's Earliest—The earliest artichoke known. Pkg., 15c; oz., 40c; ¼ lb., \$1.00.

choke known. Pkg., 15c; oz., 40c; ¼ lb., \$1.00.

BORECOLE OR KALE.

A hardy, useful winter vegetable. Sow in the middle of April or in the fall. Improved in taste when touched by frost.

SALZER'S ERFURT DWARF KALE.

This magnificent novelty we introduced from Erfurt, where Kale is grown to great perfection.

It is extremely prolific, of the richest color and most delicious flavor. If you haven't given Kale a trial, do so this year; you will relish it. Pkg., 10c; oz., 25c; ¼ lb., 60c; lb., \$2.00.

DWARF GERMAN GREEN KALE.

Grown in large quantities by our German friends, who thoroughly understand the preparation of this splendid vegetable. Pkg., 5c; oz., 20c; ¼ lb., 50c.

Scotch Green Kale—Very fine. See cut. Pkg., 5c; oz., 15c; lb., \$1.00.

BROCCOLI.

LARGE WHITE BROCCOLI.

Nearly allied to Cauliflower, but more hardy, of excellent flavor, and greatly relished by all who grow them.

Large White—The finest, largest and best cropping sorts. Pkg., 10c; oz., 30c; lb., \$2.75.

Purple Cape—Standard sort, very fine. Pkg., 5c; oz., 30c; lb., \$2.75.

COLLARDS.

Georgia—Pkg., 5c oz., 10c; lb., \$1.

Marrowfat—Pkg., 5c; oz., 15c; lb., \$1.00.

CRESS.

Extra Curled—Fine flavor, and can be cut two or three times. Pkg., 5c; oz., 10c; ¼ lb., 25c; lb., 75c.

True Water—A perennial aquatic plant of low growth. Pkg., 10c; oz., 50c; ¼ lb., \$1.50.

Upland Cress—Shows its bright green leaves as soon as the snow begins to melt, and is ahead of all other early greens in the spring by fully 3 weeks. It has a crisp, tart taste and is relished as a salad. Pkg., 10c; oz., 40c.

UPLAND CRESS.

CHICORY

A root grown as the carrot, then dried and roasted, if added to Coffee lends to same added strength, body, quality, richness and flavor!

Price: Pkg., 10c; oz., 30c; ¼ lb., 75c, postpaid.

CORN SALAD OR FETTICUS.

An excellent vegetable, used as a salad; largely grown for market. Sow early in spring, in rows 1 foot apart, and it is fit for use in six weeks. Pkg., 5c; oz., 10c; lb., \$1.00.

SALZER'S SPLENDID BEANS.

Salzer's Northern Grown Beans, when it comes to real, genuine quality, good, rich flavor, big, profitable yield, are far ahead of eastern and southern stocks. A trial will surely convince you. (Write for special bushel lot prices on Beans and Peas if wanted in large lots.)

GOLDEN WAX · MIDSUMMER WAX · EARLIEST WAX

SALZER'S GOLDEN WAX.

This bean has again covered itself with glory last season, and has earned the pre-eminent distinction of being the **Best Wax Bean in the world for general culture**. It is planted with great confidence by all market gardeners and market farmers as one of the surest paying Wax Bean investments. Salzer's Earliest is much earlier and fills the want for a very early Wax Bean, but Salzer's Golden Wax fills the place of a general purpose Wax Bean. Our strain of Golden Wax has proven itself rust proof. It is very bushy, thereby retaining moisture in the soil, so that the drouth does not affect it. It has been the means of making many a market gardener rich, as we have gardeners who plant from 5 to 20 bushels of our Wax Beans annually. **\$96.10 from 1 bushel**. Henry King, of St. Louis Co., who grows for the St. Louis market, writes: I planted 1 bushel of Salzer's Golden Wax. I sold \$96.10 worth of the finest Wax Beans I ever saw of that one bushel planted. It is the finest, most prolific, tenderest stringless Golden Wax Bean grown. It is very early, following Salzer's Earliest, of delicious flavor, and one of the best Wax Beans in the market. Sells like hot cakes in green state. Splendid for family use, splendid for market, splendid for every purpose.

PRICE OF SALZER'S GOLDEN WAX.

Pkg., 10c; ½ pt., 20c; pt., 30c; qt., 45c, postpaid; by express, pkg., 10c; pt., 20c; qt., 25c; ½ pk., 75c; pk., \$1.25; bu., \$4.40.

MIDSUMMER WAX BUSH BEAN.

Salzer's Midsummer Wax has taken the gardeners all over America by storm. Twelve times as many Beans were sold of this sort by us in 1906 as in previous years.—That tells the story of the need and the demand for a second early Bean, ripening after Salzer's Earliest Wax and Salzer's Golden Wax, so that a succession of Wax Beans can be had for the market. It produces an enormous crop of long, bright, large pods, of clear, transparent color, and exquisite quality. It is as near **everbearing** as any Wax Bean can be, coming into use after our Golden Wax, and continuing well stocked with large pods of a beautiful color, of tender quality, for a long period. Our experience with same proves it to be absolutely free from rust. The dense foliage insures plenty of protection from the scorching midsummer suns, at the same time retaining abundant moisture around the roots, which keeps the plants continuously vigorous.

For private gardens it is especially valuable on account of the long duration of its bearing season. No better Beans in the world than the above three.

PRICE OF MIDSUMMER WAX BEAN.

Pkg., 10c; pt., 20c; qt., 35c, postpaid; by freight, ½ pk., 80c; pk., \$1.50; bu., \$5.75.

SALZER'S EARLIEST WAX.

This Bean has fairly leaped into popularity—enormous. has been the demand for same since its introduction in 1897. For many years there has been a great call for an Early Golden Wax Bean. With this in view, we have been experimenting and originating new varieties, until today we believe we have the earliest Wax Bean in the world in **Salzer's Earliest Wax Bean**.—**\$36.50 from 1 peck seed**. I sold three pickings from Salzer's Earliest Wax Beans, receiving for same \$36.50. This was from one peck Beans planted. I received for them 8c, 6c, and 4c a pound, netting me 6c a pound. That paid me handsomely. So writes J. A. Wood, of Detroit, Mich.—This is a variety that will surely find a warm place in the hearts of market gardeners, who well know that the earlier they can get their Wax Beans in the market the handsomer their profit will be. This variety is extremely hardy. We have never seen them rust. It produces an extremely heavy crop, pods are very long, broad and showy, and not liable to blister. **It's the Bean for extreme early**. This new Bean has proven itself a great winner. It's the earliest Wax Bean known, and with this is coupled the splendid fact of its being the very finest.

PRICE OF SALZER'S EARLIEST WAX.

Large pkg., 10c; ½ pt., 20c; pt., 30c; qt., 45c, postpaid; by express, pkg., 10c; pt., 20c; qt., 30c; ½ pk., 80c; pk., \$1.50; bu., \$4.90; 2 bu., \$9.75.

YOSEMITE MAMMOTH WAX BEAN.

The pods attain a length of 10 to 14 in., with the thickness of a man's finger, and are nearly all solid pulp, the seeds being very small, when the pods are fit for use, and are absolutely stringless, cooking tender and delicious. It is enormously productive, as many as 50 of its monster pods having been counted on one bush. Pkg., 10c; ½ pt., 20c; pt., 25c; qt., 35c, postpaid. By express or freight: ½ pk., 90c; pk., \$1.60; bu., \$6.00.

LIMA WAX BEAN.

A great Bean—Dwarf. Produces tremendous quantities of broad, thick, meaty wax pods of light color. Seed small, white, of Lima flavor. Price by mail: Pkg., 10c; pt., 25c; qt., 40c. By express: Pkg., \$1.60; bu., \$5.50.

THE SILVER BEAN.

Most Beautiful New Thing on the Market.

A wonderfully distinct variety of the white wax Bush Bean, and we take great pleasure in listing it among the best things of the season. The pods are of a beautiful silvery color, being palest green with a silvery sheen, and are borne in great profusion. They are sweet, tender and crisp, and can not be excelled in point of table merit. Bound to become immensely popular.

Pkg., 10c; pt., 35c; qt., 60c, postpaid. By freight, pk., \$2.00; bu., \$7.00.

WARDWELL'S KIDNEY WAX BEAN.

Known the world over as one of the best wax Beans. Price: Pkg., 10c; pt., 30c; qt., 50c, postpaid. By express, pkg., 10c; pt., 20c; qt., 30c; pk., \$1.60; bu., \$5.90.

3 ROUND WAX BEANS.

Valentine Wax. (Round.)—Salzer's Round Podded Wax—Refugee Wax. (Round.)

The magnificent characteristics of these Beans are small, dense foliage, enormous productiveness, roundness of pod, of a clear, transparent color, good sized, remaining tender a long time. Free from rust, and solid, juicy and meaty. The price of these 3 Beans is: Pkg., 10c; pt., 20c; qt., 35c, postpaid; by express or freight ½ pk., 90c; pk., \$1.60; bu., \$5.90.

The prices of the following 4 Wax Bean Sorts are:

1. White Wax—Pods rich, tender and very prolific.
2. Ivory Podded Wax—A magnificent wax Bean.
3. Crystal White Wax—Very quick growing.
4. Prolific Black Wax—Very productive and one of the best varieties for early market. Pods, when fit for use, are of a beautiful yellowish waxy color, fine quality, tender and delicious.

3 NEW GREEN BUSH BEANS.

Price of each of the following 3 Beans is: Pkg., 10c; pt., 30c; qt., 45c, postpaid. By express or freight, Pkg., 10c; qt., 30c; pk., \$1.60; bu., \$5.90.

1. Salzer's Longfellow Bush Bean.

Bears in great profusion extra long pods, solid and of good substance. Pods often ten inches long, which is very remarkable for a green bush Bean.

2. Bountiful Bush Bean.

One of the earliest, bearing in great profusion, handsome pods of good quality and flavor, and stringless. It could well be called a stringless Six Weeks.

3. Early Warwick Bush Bean.

One of the earliest sorts; pods flat and of good quality when picked young. Remarkably early and prolific.

EARLIEST · TENDEREST · FINEST GREEN BUSH BEAN · PRODIGALLY PROLIFIC.

SALZER'S FIRST OF ALL NEW GREEN BUSH BEAN.

If there is a vegetable that we like a little bit better than any other it is a tender Green Bush Bean, properly served with a leg of mutton. This is a dish fit for the gods, at least we think so.

IT IS ENORMOUSLY, PRODIGALLY, WONDEROUSLY FRUITFUL!

Now, then, Salzer's First of All will give us these Green Beans—earlier, tenderer, juicier, finer, sweeter, better, and quicker than any other Green Bush Bean that we know of. The Bean is extremely early, is stringless, tender and prolific, in fact, is perfection in every respect.

Price: Pkg., 15c; ½ pt., 25c; pt., 45c; postpaid. By express, pt., 30c; qt., 50c; pk., \$2.00; bu., \$7.50.

2 GIANT BEANS

Salzer's Giant Stringless Wax Bean.

When we introduced this variety with the statement that "here is a bean that the gardeners of the world had been looking for the past 100 years," we had no idea that we were uttering such a tremendous truth. Why, the way this bean sold last season, it seemed that every market gardener in America was wanting same, and well they may, for it is really the finest variety of all stringless, wax snap Beans; indeed, we know of no Bean that can touch it in quality, in richness, in stringlessness, and in vigorous snap, so much desired in the wax Bean. The plant is extremely fleshy, of strong growth, very prolific, while the pods often are from 6 to 7 inches long, quickly filling the bushel measure, and selling at an advanced price in all markets. It is a magnificent Bean, and every market gardener wants it. Price by mail: Pkg., 10c; pint, 25c. By express: Quart, 35c, 2 quarts, 60c; 4 quarts, \$1.00; peck, \$1.50; per bushel, \$5.40.

Colossal Stringless Green Pod.

Is most happily named, as it is quite unique—the first stringless green pod bush Bean. Without any exception it surpasses all others in crisp, tender flavor. The illustration herewith taken from nature, shows the width and thickness of the handsome, straight, green pods. All are absolutely stringless, and of beautiful, fleshy appearance. The pods are ready for market two weeks earlier than the best stock of Improved Extra Early Red Valentine; in fact even earlier than the Early Yellow Six Weeks, which, as all know, is valuable only for its extra earliness, being of inferior quality. Pods often 7 to 8 inches long. Price by mail: Pkg., 10c; pint, 25c; quart, 50c. By express: Quart, 25c; 4 quarts, 90c; peck, \$1.30; bushel, \$4.90.

SALZER'S GREAT GREEN SIX WEEKS BEAN.

Covered itself with glory last year. The earliest green Bean known; very prolific, bushy and full. Yellow seed. One of the best for family use in every respect, as also for early market. No trouble to sell \$300.00 worth of Green Beans per acre of this variety. This Bean grows quick and sells quick; and the best of all is that everybody testing same is so delighted with it, that he would not get along without it at any price. It is a great boon for the market gardener. Large, fine pods.

Price of Salzer's Six Weeks Bean:

By mail, pkg., 10c; pt., 20c; qt., 30c. By express, pkg., 10c., pt., 15c; qt., 20c; ½ pk., 65c; pk., 90c; bu., \$3.40.

Salzer's Extra Early Tender Valentine Bean (Early Valentine).

EXTRA EARLY TENDER PODDED VALENTINE BEANS

In fact, so very choice is this strain of "Valentines" that one of our growers in his enthusiasm speaks of it as "Gilt Edged," and "Double Distilled." There certainly is none better, and it has not failed to satisfy all market gardeners. You can go from Maine to California and from the frozen North to the burning South before you can find a Bean in richness and quality and deliciousness as fine as this Bean. Salzer's Extra Early Tender Valentine Bean is the Bean that you are looking for. It is rich in flavor, delicious in quality, extremely early, brings big prices on every market, sells rapidly because everybody wants it, as there is nothing quite so well flavored, so rich as this Bean.

No green snap Bean is used in such enormous quantities as the Valentine, and our strain, as before described, is by all odds the finest, richest, rarest, juiciest, most delicious, extra early, extra tender Bean in the market to-day. It is the most popular Bean for the market gardener. Without any question there are more of these Beans planted than of all the other green varieties put together. This and the Colossal Stringless Green Pod are the Beans to grow for money. Price: Pkg., 10c; pt., 18c; qt., 35c, postpaid. By freight or express: Pkg., 10c; pt., 12c; qt., 20c; ½ pk., 60c; pk., 90c; bushel, \$3.30.

PODS OFTEN 7 1/2 INCHES LONG

BEST OF ALL BUSH BEAN (Green Pod).

The Best of All Bean originated in Germany. The pods are 6 inches long, very fleshy, succulent, stringless and of rich flavor; they are produced early and abundantly. Altogether it is one of the most valuable green-podded Beans for market or family use. By mail: Pkg., 10c; pt., 20c; qt., 40c. By express or freight: ½ pk., 75c; pk., \$1.25; ½ bu., \$2.25; bu., \$4.25.

SALZER'S NEW YANKEE WINTER BEAN.

This is a Yankee introduction. The American people, above all other people, use a tremendous quantity of green Beans for an early spring and summer vegetable. It is estimated that in America alone there are

YANKEE WINTER BEAN.

10,000,000 bushels of green Beans used annually. Now, here we have a Bean that is about as rich in winter as in summer. The pod dries naturally and is then ready for winter use (full directions with each package). When ready to cook, place same in water over night, and it assumes almost the richness and flavor known to the green Bean of early spring. It is a great novelty. Some twenty friends who tasted a dish of these Beans November 1st, eight weeks after being picked, were all loud in its praise. Anything nearing the taste of the green Bean is relished and hailed with great delight during the cold, snowy winter months. It's a bonanza; buy the seed and sell it next fall to your neighbors at a fancy price for seed. We paid at the rate of \$200 a bushel for this great rarity. Price: Pkg., 15c; ½ pt., 30c; pt., 50c.

EARLY MOHAWK. (Green Pod.)

Large, productive, dark-colored variety; used in great quantities; fine for families. A green-podded sort. Pkg., 6c; pt., 17c; qt., 29c; pk., by express, \$1.00; bu., \$3.90.

Refugee, or 1,000 to 1. (Green Pod.)

This is the great "Pickling Bush Bean." Pkg., 5c; pt., 17c; qt., 29c; pk., \$1.00; bu., \$3.90. **WHITE MARROWFAT** Good for all uses. Splendid Shell Beans. Pkg., 5c; pt., 17c; qt., 29c; by express, pk., 75c; bu., \$2.50.

1. GERMAN COFFEE BERRY OR BEAN.

While in Germany we took great pains to look up our great German Coffee Berry, and to our surprise and pleasure we found it used in most all hotels and restaurants in Switzerland, Germany, Holland and France. They use large quantities, mixing it with Rio and other genuine Coffee. It is the poor man's friend. It is wonderfully productive, and is destined to save the American housekeepers and farmers millions of dollars each year.

**PRICE OF THE GREAT GERMAN COFFEE BERRY.**

Pkg., 10c; oz., 20c; 2 oz., 35c; ¼ lb., 75c; lb., \$2.00, postpaid. Full culture directions with each package.

2. SALZER'S JAPANESE JAAVAA COFFEE.

Travelers in Corea and Japan and missionaries on duty in these countries, have long referred to a berry that was used there as a coffee substitute. We obtained a supply of seed, have grown it here in the North and find that in some respects it is superior to our great German Coffee Berry.

PRICE OF THE JAPANESE JAAVAA COFFEE BERRY.

Pkg., 10c; oz., 25c; 2 oz., 40c; ¼ lb., 90c; lb., \$2.50, postpaid.

SALZER'S WHITE WONDER FIELD BEAN.

There is nothing more profitable to grow for the farmer than Beans. When you take the White Wonder Field Bean and can crop from 30 to 40 and up as high as 60 bushels per acre, there is lots and lots of money made at same, as Beans are seldom sold at a less price than from \$1.50 to \$2.50 per bushel. We urge everybody this year to make large plantings, as the crop is nearly one million bushels short and there will be a tremendous demand next year, as every Bean will be used up this winter. Plant the White Wonder early, and use the product for early sale, when Beans for cooking should fetch next July and August \$3.00 to \$4.00 a bushel.

Salzer's White Wonder Field Bean is the grandest Bean for a farm crop we have ever seen; side by side with any Bean known to us, it outyields it by fully one-third to one half, placing it as a marvelous cropper. The pods are large and filled with medium-sized pure white Beans. Extremely early and sells just at the time when Beans are rare and high. We consider it absolutely the finest, largest yielding, best selling field Bean known. Excellent for cooking and baking. Habit, dwarf; very bushy, and wonderfully full of pods. Just figure the profits, on an acre yielding 40 to 60 bushels. If you don't grow for market, get a pint or quart of the best Beans for house use during the winter. Over 20,000 farmers and citizens are planting this most wonderful of all White Beans. It's the yielder; nothing like it, go the world over. No Bean approaches it in yield, quality and readiness to find sale in the market. That's the universal verdict. P. G. Marton, Sylvia, Tenn., writes:—I wish to congratulate you upon your White Wonder Field Beans. I could have bought Beans cheaper from other seedsmen, but I wanted to try yours, and I find that your White Wonder Fields the finest Bean in the world. I planted 1½ acres and everybody tells me that I will crop at least 80 bushels. I have got them all sold already for seed at \$4.00 per bushel. My neighbors say they have never seen the like. Hurrah for Salzer and his White Wonder Field Beans! C. G. Martin, Grand Rapids, has this to say:—Your White Wonder Field Bean is a gem; a money maker. It became my banker. I bought five bushels; paid \$19.50 therefor. I cropped 160 bushels which I sold for over \$340.00. There is no Bean quite so nice and so very prolific.

PRICE OF WHITE WONDER FIELD BEAN by mail: Pkg., 15c; pt., 25c; qt., 40c, by express or freight, pt., 15c; qt., 25c; pk., \$1.25; bu., \$3.90.

**Navy White Bean.**

This Bean is well known everywhere. It is not so prolific as White Wonder, nor so fine as our Tree Bean, but is always in great demand. Pkg., 10c; qt., 35c, postpaid; by express, qt., 20c; pk., 90c; bu., \$3.25.

Red Kidney Bean.

In great demand as a shelled Bean. By mail, pt., 20c; by express, pk., 90c; bu., \$3.50.

SALZER'S IMPROVED TREE BEAN.

This is a marvelous cropper, and those not accustomed to fabulous yields scarcely credit the scores of bushels that an acre produces. It yields all the way from 30 to 40 bushels per acre. One customer writes: From 1 pint of seed I grew 10 bushels. And another: "1 bushel of seed brought 150 bushels." It's not quite so heavy a yielder nor so fine as Salzer's Great White Wonder Field Bean, but for all that the Tree Bean has a great run. The Tree Bean increases in popularity with each season; in fact, this Tree Bean and Salzer's White Wonder Bean are the two great field Beans for big crops. Of course, the Navy Bean is well known, but it is far behind in yield to above two splendid sorts. Pkg., 8c; pt., 20c; qt., 35c; by express, pk., \$1.00; bu., \$3.50.

Boston Favorite Bush Bean. For Green or Dry Use.

This is the great Bean of Boston, and the celebrated Boston Baked Beans, which are known the world over on account of their richness and delicacy of flavor, are made from this Bean. It is an extremely prolific variety, one that can be planted any and everywhere with the assurance of success. It is the Shell Bean of New England, and no Bean is more sought in the Eastern markets and fetches fancier prices than the Boston Favorite Bean. Price: Pkg., 10c; pt., 20c; qt., 35c, postpaid; by express, pt., 15c; qt., 20c; pk., \$1.00; bu., \$3.60.

When Beans and Vegetable Seed Stocks become exhausted, we fill orders at market prices.

SALZER'S GREAT GERMAN SOUP BEAN.

Everybody relishes a good Bean soup, but ninety-nine out of one hundred varieties of Beans are too large and lack that rich delicacy of flavor that a soup Bean should have. Now, the German nation is great for good soup. They are known the world over for that, and a Bean soup is one of their great specialties. We know while traveling in Germany that everywhere Bean soup was served, and the rare delicacy and flavor thereof called forth pleased remarks from every traveler. The secret of the whole thing was that they used a small soup Bean. The size of the Bean is smaller than a small pea, is magnificently flavored, and just the article required to make a magnificent Bean soup. A pint of Beans will grow sufficient Beans to supply a good sized family all winter, while for baking there is no Bean this side of the stars that can get up to it in quality and richness of flavor. Price: Pkg., 15c; pt., 30c; qt., 45c, by mail. By express, qt., 30c; 2 qts., 55c; 4 qts., \$1.00.

When Bean, Pea and Corn stocks become exhausted, we fill at market prices.

SALZER'S NEW BUSH LIMA BEAN.

Offered for the first time during the spring of 1903, this Bean has fairly captured the hearts of every planter of Lima Beans. Even out in California, where the Lima Beans are grown by the thousands of acres, Salzer's Bush Lima has found a place and is the most popular Bush Lima grown there. The bushes grow from 16 to 20 inches high and are of stout growth. They are erect, yet branching, grow vigorously, indeed, a magnificent bush, often three feet in diameter. It is an enormous yielder. The pods are large and handsome to the extreme, and are filled full with large, luscious Beans, identical in size and flavor and quality with the well-known Pole Lima. It is the most popular Bush Lima Bean Grown. Price: Pkg., 10c; ½ pt., 20c; pt., 35c; qt., 50c, postpaid; by express, qt., 40c; pk., \$2.50; bu., \$8.00.

The Burpee Bush Lima.

A bush form of the large White Lima Bean, growing to a height of about 20 inches. The pods are of the exact size of the large Pole Limas and contain as many Beans of the same delicious quality. Pkg., 10c; ½ pt., 20c; pt., 30c; qt., 50c; by express, pk., \$1.70.

Henderson's Bush Lima.

Magnificent dwarf-growing Lima; very early, of a delicious flavor, extremely productive. A package or a pint will furnish sufficient Beans for a good-sized family. Pkg., 10c; pt., 25c; qt., 40c; by express, pk., \$1.60.

POLE LIMAS.

Salzer's Improved Early Lima—We have after years of cultivation succeeded in obtaining a Bean which ripens 10 days earlier than any Lima we have ever tried. Pkg., 15c; ½ pt., 30c; pt., 40c; qt., 60c; by express, pk., \$3.00.

PRICE OF THE FOLLOWING THREE LIMAS:

Pkg., 10c; ½ pt., 20c; pt., 35c, postpaid. By express, pkg., 10c; pt., 20c; qt., 35c; pk., \$1.75.

1. Dreer's Lima—Early, productive, superior quality.

2. King of the Garden Lima—A splendid Lima, growing rapidly, and large Beans often 1 inch in

SALZER'S NEW BUSH LIMA.

LIMA.

length. Very prolific and rich.

3. Large White Lima—This is distinctly superlative on account of its great perfection, its vigor of growth, its large size, its delicious quality, bearing from 5 to 6 splendid Beans in a pod. It ripens early and can be especially recommended to the market gardeners for their main crop.

POLE BEANS.

Salzer's Prosperity Wax Pole Bean.

We have never met with any such wonderful Bean variety except in Germany. When we were there some years ago we named a portion of the Rhine region "Das Land der Stangenbohnen." It is almost worth a trip across to Germany to taste the flavor of some of these rare German Beans. Price of Salzer's Prosperity Bean: Pkg., 15c; ½ pt., 25c; pt., 45c, postpaid. By express: Pt., 35c; qt., 60c; 2 qts., \$1.10; 4 qts., \$2.00; pk., \$3.75.

Golden Butter Wax—A superb Pole Bean, grows rapidly, very productive; pods 7½ to 8 inches long, rich golden yellow color; round, full and fleshy, entirely free from strings, the delight of the housewife. It is an everbearing Bean, bearing from early spring until late in the fall. Pkg., 10c; ½ pt., 20c; pt., 35c; qt., 60c, postpaid. By express, pt., 20c; qt., 40c; ½ pk., \$1.25; pk., \$2.00; bu., \$7.00.

Salzer's Case Knife—See cut. The best white shelled Pole Bean; it is fine green as a Snap Bean, but is the best as a Shelled Bean; it is wonderfully early and remarkably prolific, outyielding every Pole Bean grown. It is a great Bean for family and market use. Pkg., 10c; ½ pt., 15c; pt., 30c; qt., 50c, postpaid. By express, pt., 20c; qt., 35c; ½ pk., 75c; pk., \$1.50; bu., \$5.50.

Salzer's Giant Black Wax—This is a magnificent Bean, and the earliest of all Pole Beans; remarkably prolific and of delicious flavor. Pkg., 10c; ½ pt., 15c; pt., 30c; qt., 50c, postpaid. By express, ½ pk., \$1.00; pk., \$1.75.

Willing's Pride Pole Bean. (See cut of the Long Bean.)

The most remarkable early Pole Bean that has ever come to our notice. It is very early, ripens fit for market by August 1st in LaCrosse and bears pods often 14 inches long, of delicious, tender, juicy, meaty quality. It is the best Snap Pole Bean that we ever saw, and is certainly the greatest Pole Bean on the globe; we make no exception—no, not one. Price: Pkg., 15c; ½ pt., 25c; pt., 35c; qt., 50c; ½ pk., by express, \$1.25; 1 pk., \$2.25.

Andalusia Pole.

A magnificent Pole Bean. Pods broad, thick, very solid and entirely stringless. Price: Pkg., 10c; ½ pt., 20c; pt., 30c; qt., 45c. By express, pt., 20c; qt., 40c; ½ pk., \$1.00; pk., \$1.75.

Lazy Wife—A splendid Pole Bean. In great demand. Pkg., 10c; pt., 30c, postpaid. By freight, pkg., 10c; qt., 35c; ½ pk., \$1.00; pk., \$1.75.

Cornhill Pole Bean.

A great Pole Bean. A quart or two planted in an acre of corn will give enough shelled Beans for the family all winter. It is a rapid climber, bears prolifically, and of unusually fine quality. Price, pkg., 10c; pt., 20c; qt., 35c, postpaid. By express or freight, pt., 15c; qt., 25c; pk., \$1.25; bu., \$4.90.

Scarlet Runner—The favorite Pole Bean of Europe. Pkg., 10c; pt., 30c, postpaid. Horticultural—Productive, large, round; for shelling. Pkg., 10c; pt., 30c; qt., 50c, postpaid. By express, pkg., 10c; qt., 30c; pk., \$1.75.

Southern Prolific—Produces in clusters excellent Snap Beans 80 days from germinating. The pods are very long, round and fleshy. Pkg., 10c; pt., 30c. By express, pkg., 10c; qt., 30c; pk., \$1.75.

Yard Long—Produces pods growing 3 feet and upward in length. Very rich. Sold only in packages. Pkg., 15c.

Broadwinner—Greatly relished in England and Germany. Beans fully as large as a large Lima. Pkg., 10c; pt., 30c; qt., 50c, postpaid.

THE EARLIEST BEET NOVELTY

SALZER'S RED BEAUTY BEET

READY FOR TABLE IN 28 DAYS

1000 DOZ BUNCHES PER ACRE @ 35 = \$350.00

RED BEAUTY BEET.

Again, among our 235,000 Beet growers, Red Beauty proved itself positively the earliest Beet in the world. It is a perfect turnip-shaped, deep red, extremely early Beet, fit for table in only 28 days; of excellent flavor, good quality, having a delightful deep red color when cooked. Market gardeners are all pronounced in saying: "It is the earliest, finest blood-red Beet in existence." Up to date, despite the constant efforts of seedsmen, they have not been able to produce a Beet which in beauty and earliness approaches Salzer's Red Beauty Beet, and we doubt whether any will ever be produced that is earlier than this, for we are constantly improving our own stock. Its shape, general appearance and grand color are simply unapproachable; that rich crimson so peculiar to Red Beauty Beet finds for it a rapid sale at fancy prices. It is so perfect in all its requirements, so excellent in its flavor, so quick in its growth, so handsome in its appearance, that everybody is "superlatively pleased" with same.

Price: Big Package, 10c; oz., 20c; ¼ lb., 35c; ½ lb., 50c; 1 lb., 90c; 5 lbs., \$4.00.

800 Dozen Bunches
Best of All per
Acre at 35c=

\$280.00

That
Pays.

SALZER'S BEST OF ALL BEET.

A great acquisition; color outside is deep blood red; inside layers of blood red and light red alternately. Cooked they are beautiful dark red throughout, fine grained, and unsurpassed in quality. At the age of "Eclipse" it is larger, while it continues to grow till late in the fall, attaining a large size, and making a good selling and eating Beet for winter. Now, this Beet has been before the public but a couple of years, but the demand for same is something simply enormous. Everybody who has tested it will want it a second year. It is a great money-maker, as its fine shape and size bring for it excellent prices wherever offered. Its flavor is superb and its quality is never found wanting. Indeed, Salzer's Red Beauty, Salzer's Best of All and Salzer's Invincible Beets are varieties you can bank on.

Pkg., 10c; oz., 15c; ¼ lb., 30c; 1 lb., \$1.00.

EARLY YORK BEET.

This is a new strain of Turnip Beet, remarkably early, few leaves, with very tender and sweet flesh. Its fine appearance, excellent color, splendid flavor, tender, juicy qualities recommend same to everybody.

Pkg. 10c; oz., 15c; ¼ lb., 30c; 1 lb., 80c.

SWISS CHARD.

Cultivated for its leaves; served like Asparagus. Pkg., 5c; oz., 20c.

SPINACH BEET.

Makes a great quantity of greens, in flavor very much resembling the best spinach. Good and tender all summer long. Pkg., 10c; oz., 15c; ¼ lb., 35c.

DARK RED EGYPTIAN.

Highly prized by market gardeners everywhere; size about three inches, slightly flattened; skin dark red; flesh fine, compact texture, tender; of superior flavor. Pkg., 5c; oz., 10c; ¼ lb., 15c; 1 lb., 50c.

IMPROVED ECLIPSE.

Intense dark red. Large Beets. Grow smoother; are globe shaped. Very early. For years this was the standard early variety, and, like dark red Egyptian, has had a tremendous sale. Pkg., 4c; oz., 10c; ¼ lb., 15c; 1 lb., 50c.

EDMUND'S BEET.

A magnificent Beet. It is of good size, very early, perfect in form, and of that deep rich blood color so much sought by gardeners. Pkg., 5c; oz., 10c; ¼ lb., 15c; 1 lb., 55c.

SALZER HANDS OFF BEET.

The ideal Table Beet; fine grained, rich red flesh, exceedingly tender, remarkably early. Combines more good qualities than any other round Beet. This Beet with Bingen Ball and

Salzer's Red Beauty, are quick money-makers. Price: Pkg., 10c; oz., 20c; ¼ lb., 60c; 1 lb., \$1.75.

JUST RIGHT.

A new table Beet. Globe shape, intense red, a very rare novelty, very early. Pkg., 15c; oz., 20c; ¼ lb., 50c; 1 lb., \$1.50.

NEW CRIMSON KING.

A Beet novelty, very early, globe shaped. Crimson color. Pkg., 10c; oz., 20c; ¼ lb., 40c; 1 lb., \$1.00.

LONG CRIMSON.

A long red table Beet, of exquisite flavor and quality. Pkg., 10c; oz., 20c; ¼ lb., 40c; 1 lb., \$1.00.

SALZER'S ROYAL HALF LONG.

A glorious half long, deep red Beet. Pkg., 10c; oz., 20c; ¼ lb., 30c; 1 lb., 90c.

THE BINGEN BALL BEET.

The Bingen Ball Beet is ready for market in 40 to 45 days from date of sowing. It is turnip shaped, with a disposition to deepen to the half long type; though by no means a half long Beet. It is deeper than Crosby's Egyptian, with more body and more value. The flesh is of a dark crimson color with lighter rings, and is handsome in appearance, becoming solid crimson when cooked. The top is small, which favors close planting, though this Beet, in common with all others, matures most quickly when given plenty of room—say 4 or 5 inches in the row. It has a rich, sweet flavor when cooked, and is tender and free from fiber or toughness. It is, in fact, by all odds one of the best extra early table or market Beets within our knowledge.

The Bingen Ball Beet is worthy of universal trial by gardeners. It is good for the table and good for market, and will at once win public favor by reason of its earliness and its excellence. Pkg., 10c; oz., 20c; ¼ lb., 60c; 1 lb., \$1.75.

SALZER'S LONG SMOOTH BLOOD.

Salzer's Long Smooth Blood Beet.

This is the finest Beet grown for fall and winter use. It is of deep red color, excellent flavor and an enormous cropper and keeps solid and fresh throughout the long winter. Cooks sweet, tender and crisp, and in every way may be considered the standard sort for the market and the home gardener. It must not be compared with the common Long Smooth Blood offered by many seedsmen at a less price. Its high grade was attained by long years of care and selection. We could introduce many thousand testimonials on our Red Beauty for extreme earliness; on our Best of All for large size and excellent quality as a round Beet, while more than 47,000 gardeners and citizens are ready to say that Salzer's Long Smooth Blood is the finest Beet of all late sorts—a regular money-maker. Each succeeding year adds thousands to its list of friends. Will you not be among them this season? Price, big pkg., 10c; oz., 15c; ¼ lb., 25c; lb., 55c; 5 lbs., \$3.00, postpaid.

Early Blood Turnip—The standard early sort; good for both early and late use. Splendid in every and all particulars. Pkg., 3c; oz., 8c; ¼ lb., 15c; lb., 38c.

Early Bassano—Almost as early as the Egyptian; light color. Pkg., c; 2oz., 8c; ¼ lb., 14c; lb., 35c.

Bastian Extra Early—Probably one of the earliest varieties of Turnip Beet. It is of blood red color when boiled. Pkg., 3c; oz., 8c; ¼ lb., 15c; lb., 38c.

Dewing's Red Turnip—A fine variety, of deep red color, and very early. Pkg., 3c; oz., 8c; ¼ lb., 15c; lb., 38c.

BARGAIN BEETS. (See Page 5.)

MANGEL FOR STOCK.

No root crop is a better paying investment for farmers to grow than Mangel Wurzel. Sow in drills 24 inches apart and 9 inches in rows; sow when ground is warm and moist. It will pay every farmer to plant an acre, as the yield is enormous. Feed after milking. A yield of 1,000 bushels per acre is common. Keeps well and does cattle much good, as a change in food always does good.

EIFEL TOWER MANGEL.

Eiffel Tower Mangel again fairly covered itself with glory, and called forth unanimous praise from thousands of farmers. Eiffel Tower stands way ahead of every Mangel yet tried. It is mammoth in size, a specimen having been grown under irrigation in Arizona.

Weighing 104 Pounds.

The Mangel is enormously, wonderfully prolific. Its yield is fabulous; 1,000 to 1,800 bushels is nothing uncommon on good soil. Its quality is of a high order, and is greatly relished by all cattle, giving a wonderful flow of milk, and is an excellent food for fattening.

PRICE OF EIFFEL TOWER.

By Mail: Pkg., 10c; oz., 15c; ¼ lb., 20c; lb., 50c; 5 lbs. (for 1 acre), \$2.25. By express: Pkg., 10c; oz., 15c; ¼ lb., 20c; lb., 40c; 5 lbs. (for 1 acre), \$1.90; 10 lbs., \$3.50.

GIANT HOLSTEIN MANGEL.

A superior Mangel, long, red; of enormous size and excellent flavor. In the celebrated Holstein region (Europe) this splendid Mangel is used to the exclusion of all other sorts. It is eagerly eaten and relished by cattle, and returns a large yield of milk or fattening substance to stock. Think of 1,340 bushels per acre!

By mail: Pkg., 5c; oz., 10c; ¼ lb., 20c; lb., 55c; 5 lbs. (for 1 acre), \$2.60; 10 lbs. \$5.00. By express: ¼ lb., 15c; lb., 45c; 10 lbs., \$4.00.

STANDARD MANGELS.

Price of the following 5 sorts:

By mail: Pkg., 4c; oz., 8c; ¼ lb., 12c; lb., 32c.

By express: Oz., 8c; ¼ lb., 10c; lb., 25c; 10 lbs., \$2.25.

1. Red Mangel—Long, red; very fine.

2. Yellow Globe—A good sort in every particular.

3. Red Globe—Large, of excellent quality.

4. Long Yellow—A long growing sort. Highly prized and a large yielder. 5 lbs., \$1.25 by express.

5. Golden Tankard—Grows mainly above ground. Yields 1,000 bushels per acre. Very fine. 5 lbs., \$1.25 by express.

GOLDEN TANKARD.

SUGAR MANGEL.

This class, although not so large a cropper as our unrivaled Eiffel Tower, has many excellent qualities. Its flesh is white and very sweet.

Salzer's German Sugar Beet—Specially grown for us by a great Sugar Beet grower in Germany. The stock roots from which our seed was grown averaged 17 per cent sugar. Pkg., 5c; oz., 10c; ¼ lb., 15c; lb., 40c; by express, lb., 30c; 5 lbs., \$1.25.

Sweet White—Largely grown for feeding purposes and for sugar. Pkg., 5c; oz., 10c; lb., 50c; by express, lb., 40c; 5 lbs., \$1.25.

Imperial Sugar—Under average conditions it has yielded 14 tons of roots to the acre, containing about 16 per cent sugar. Lb., by mail, postpaid, 40c; ¼ lb., 15c; oz., 5c; 10 lbs., by express, \$2.75; 5 lbs., \$1.50.

Klein-Wanzleben—This kind is cultivated on a larger scale than any other Sugar Beet. It is easy to dig, a heavy yielder, and contains from 13 to 15 per cent of sugar. Pkg., 5c; oz., 10c; ¼ lb., 15c; lb., 40c, postpaid; by express, lb., 30c; 5 lbs., \$1.25.

Salzer's Jersey Sugar—Splendid for stock. Our specialty. Pkg., 10c; oz., 15c; ¼ lb., 20c; lb., 55c; by express, lb., 45c; 5 lbs., \$2.00.

MIXED MANGEL SEED.

Every year there are hundreds of our customers who write us for Mixed Mangel and Sugar Beet Seed, and we have therefore mixed of all the varieties that we have in excellent proportion. This mixture, we know will at once become popular. It is cheap, and will surely give satisfaction. We can heartily inderorse same. On our own farm the planting of mixed Mangels yielded over 700 bushels per acre. Price: Pkg., 3c; 2 pkgs., 5c; oz., 7c; ¼ lb., 10c; lb., 27c, postpaid; 2 lbs., 52c; 5 lbs. (sufficient for an acre), by mail, \$1.25; by express, lb., 18c; 3 lbs., or more, 17c a pound.

SALZER'S LIGHTNING CABBAGE.

The most important crop among market gardeners and market farmers is Cabbage. Indeed, the failure of a Cabbage crop cuts a large item from their income. Failure in this depends largely upon the quality of seed used. America has, the past years, been flooded with European-grown Cabbage seed, from the fact that it is cheaper, and is sold at 2c a paper or thereabout, by some Illinois, Iowa, Minnesota and other cheap seedsmen, who do not care for quality—just to sell Cabbage seed cheap. Our Seed is all Northern grown, vigorous, full of life, and will produce fine, big heads everywhere.

Now, then, Lightning Cabbage is the earliest of all. First introduced by us in 1889, and pronounced by one and all the greatest addition in years to the Cabbage family. Produces fair-sized, marketable heads, 60 DAYS FROM SOWING OF THE SEED. We did not think we would be able to offer an earlier Cabbage than Salzer's Earliest, but LIGHTNING IS 10 DAYS EARLIER THAN EVEN THIS NOW FAMOUS EXTRA EARLY SORT. With pleasure we recommend to our customers the MOST IMPORTANT ADDITION MADE IN YEARS TO THE CABBAGE FAMILY in our Salzer's Lightning. In quality it is A No. 1, has comparatively few loose leaves, and almost every plant forms a fine head every time. Like Salzer's Earliest, it holds its head admirably, and as it can be planted so close together, yields a very large crop. There are many Cabbages called "Earliest" listed by other seedsmen, but we guarantee and say that LIGHTNING WILL DISCOUNT THEM ALL AND BEAT THEM IN EARLINESS FULLY 10 DAYS OR MORE.

**\$300.00
Per Acre
Made on
Lightning Cabbage!**

In 55 Days!

Ray McPheeters, Greenville, Ind.,
hauled off a load to market 55 days from sowing
of seed.

Goes Him 10 Days Better.

Wm. Franke, Waverly, O., says: "I
sold Salzer's Lightning Cabbage 45 days after
sowing the seed. That's good enough."

We could fill this catalogue with earnest,
prize-winners everywhere. The
sorts, you can put him down and our
sorts only to our customers. There
so early, quite so fine, or quite so pro

Price for big pkg., 15c

It would require 1,000 tongues, yes, 10,000, to set forth all
the great qualities of our Lightning Cabbage! There is an
extraordinary difference between Salzer's Lightning and
ordinary early Cabbage like Express, Jersey Wakefield,
Etamps, etc. Our Lightning is ahead every time. It is
ripe and sold when other sorts come in. It is simply
without an equal in earliness, richness, deliciousness of flavor
and all the splendid qualities that go to make a good Cabbage.

It is the earliest Cabbage in the world, and over
180,000 planters of last season will say so.

EARLIEST ON EARTH!

B. B. Garrard, Jr., Boaz, Ala., writes: "Your Lightning
Ideal and Giant Flat Dutch Cabbages are three of the greatest Cabbages
on earth. This is the third year that I planted same, and I would willingly
pay \$1.00 per package for each rather than to miss them. Lightning
is the earliest, finest Cabbage in the world, and I have raised every
other earliest sort that I could get. I have had fine, large heads, weighing
from 5 to 10 lbs., every day since the 15th of May, for which I have been
getting 10 to 15 cents apiece. I thank you a thousand times for the good you
have done me by sending me such excellent seeds. Your Cabbage Seed was
the means of raising the mortgage from my place."

David R. Hempville, Viola, Mich., has these words to say: "Your
Lightning Cabbage ripened for me last year in 53 days, or 7 days ahead of your
catalogue time; your Scorchers Peas, 4 days ahead of time, and your Six Weeks
Bean was ready for cooking in 36 days from the time of planting."

Harriet Sample, Windsor, Ind., says: "My neighbors laughed at me
that I paid 15c for a package of Salzer's Lightning Cabbage Seed, but they were all
glad to get plants from me because their seed which they bought elsewhere did not
come up. It is the earliest Cabbage in the world."

We never tire setting forth the merits of Salzer's Lightning Cabbage. We
believe a good thing should be widely distributed. We know by personal trial
that it is the earliest Cabbage known to seedsmen. We tried every American seedsmen's
early sorts during the past years, but all were later and none of so fine quality.
We tested every prominent European Cabbage Seed, but none matched or equaled our
Lightning in earliness and large heads by 10 to 15 days. No vegetable pays better than early
Cabbage. None known to the trade is as early as Salzer's Lightning. If you are a market gardener
you will want this; if you have a city garden you can't get along without it, if you want the earliest Cabbage
for your table. We are happy in the fact that since its introduction in 1889—just 18 years ago—

1,500,000

separate plantings have been made of Salzer's Wonderful Early Lightning Cabbage, and, without exception,
everybody of above remarkable number sings its praises as the earliest—10 to 15 days ahead
of other Seedsmen's Earliest.

earnest, hearty, enthusiastic reports of our 3 great Cabbages—Lightning, Ideal and Giant Flat Dutch. They
sing like them. They are our great specialties. Any seedsmen offering you these 3 or "just as good"
seedman has the genuine seed of these 3 sorts; if he says he has, he tells you an untruth. We sell these
with the earliest Cabbage in the world, you must plant Salzer's Lightning. There is nothing quite
Salzer's Lightning Cabbage, and we hope that you will try same for 1907.

PRICE OF SALZER'S LIGHTNING CABBAGE SEED:

5c; 1/2 oz., 35c; oz., 60c; 1/4 lb., \$2.00; 1/2 lb., \$3.50; 1 lb., \$6.50; 3 lbs., \$15.00, postpaid.

SALZER'S GIANT FLAT DUTCH

**SURE
SAFE
SOLD**

**SUREST
HEADER**

THIS is the grandest of all late Cabbages, and every one pronounces this the most wonderful of all late Cabbages; and well they may, for it certainly is the **finest late Cabbage grown**. That's strong, you say—but not half strong enough, you'll think, after you have given it a thorough test. It has been in our possession for years. While we were engaged as market gardeners at La Crosse, it always brought the highest price in the market. We have by careful selection greatly improved it, and with hundreds of market gardeners and farmers who are using same exclusively for late Cabbage, pronounce it **absolutely the best, surest heading, largest late Cabbage grown**. It is a grand Cabbage. If there is a better Cabbage than this in America we don't know it, for every obtainable sure head Cabbage has been tried by us, but all found inferior to **Salzer's Giant Flat Dutch**. Farmers and others planting this will always realize from \$4.00 to \$8.00 more a load than of any late Cabbage we know of. Better pay 10c a package for this and grow 500 big, solid heads than 1, 2 or 3c for some cheap kind and get only 20 to 30 loose Cabbage heads. Try it! It is cheap at ten times the cost. We control the entire stock of this strain in America, and it can only be had of us. Don't be fooled by seedsmen offering to sell you "just as good a strain" of sure-heading Cabbage. They can't do it. They will give you an inferior kind every time. If you desire the genuine, **buy none unless in our packages**. Any one offering you Giant Flat Dutch Cabbage not in our sealed packages, **PUT HIM DOWN; HE'S "FOOLING YOU."**

10 POINTS IT IS DISTINGUISHED BY:

1. It's the Surest Heading Cabbage in the World.
2. Is the superior of all other Winter Cabbages.
3. Enormous solid heads, averaging 16 to 20 lbs.
4. Measuring 12 to 14 inches in diameter.
5. Specially grown heads often reach 50 lbs. each.
6. Interior creamy white, compact and crisp.
7. Unequaled for cooking or slicing; flavor especially fine.
8. It is the best winter keeper in forty states.
9. It has more friends than any other sort.
10. It is known to flourish on all soils.

ABSOLUTELY SURE HEADING—999 OUT OF 1,000.

For sureness in heading and regularity in growth, Salzer's Giant Flat Dutch certainly heads the list. No words of praise are too high for its merits. It forms, every time, very large, very hard, solid heads, uniform in shape, color and handsome appearance. It has a very short stem, and at the same time it is a very compact grower. It forms few loose leaves, which turn in from the head. Reports of 999 marketable heads from 1,000 plants set out are of daily occurrence. There are many magnificent strains of Cabbage offered in this catalogue, but we think we can safely say that Salzer's Giant Flat Dutch is equalled and surpassed by none.

John F. Wicke, Keokuk, Iowa: Salzer's Giant Flat Dutch stood the season well. I cleared \$100 off a small patch. My neighbors bought their seed of Eastern seedsmen, and had nothing but stalks. My Giant Flat Dutch sold readily at \$1.25 a dozen! Salzer's Seeds can't be beat!

OVER 1,400,000 CABBAGE GROWERS

Have tested Salzer's Giant Flat Dutch Cabbage, and in all the years since its introduction we have never had a single complaint. The fact is, this Cabbage is all right. It can't be beat. It's perfect. It's what you want. It's what you need. If you want a Cabbage **ALL HEAD AND ALWAYS SURE TO HEAD**, you have it, without a doubt, in Salzer's Giant Flat Dutch. A few of the many excellent qualities possessed by the Cabbage are the remarkable uniformity with which it always heads, the heads being unusually firm, hard and fine in texture. It has comparatively few loose leaves, keeps well, is good for shipping, is just the variety and quality to suit all lovers of good Cabbage.

PRICE OF SALZER'S FAMOUS GIANT FLAT DUTCH CABBAGE:

Price big package, 10c; 12 pkgs., \$1.00; 100 pkgs., \$7.50; ¼ oz., 20c; oz., 35c; ¼ lb., \$1.25; ½ lb., \$2.16; 1 lb., \$4.00; 2 lbs., \$7.00, postpaid.

**GREATEST
SAUER KRAUT CABBAGE
ON EARTH**

SALZER'S IDEAL CABBAGE.

The earliest Cabbage in the world is Salzer's Lightning. The best, surest heading late Cabbage is Salzer's Giant Flat Dutch. "But what have you between?" we are so frequently asked. Up to its introduction there was no really high grade, high quality sort that we could offer. To meet this demand we have experimented for the past years, until we have attained what we desired, and now offer same under

"Salzer's Ideal, or Big Head Early."

Verily and truthfully the finest large, early or summer Cabbage in the wide world! That's strong, you think—Yes, it is a strong statement but a statement we can prove every time.

What are its Claims?

Earliness! Ripe about as soon as Eastern seedsmen's early sorts, with heads twice, yes, often three times, as large! When we were market gardening, years ago, if we could have had this Cabbage, it would have been a fortune to us, because every market gardener needs just such a Cabbage, one that as soon as Salzer's Lightning is ripe and on sale, will come with its matchless heads of such beauty that they will sell quickly at \$1.00 to \$1.50 a dozen. That's the price you will get for Salzer's Ideal!

Quality! Well, now, we don't know of a Cabbage so uniform in size, so beautiful in appearance, and of such tender and excellent quality as Ideal. That is, for a sound, early and summer sort.

"New Carlisle, Ind., March 15.

Never too old to learn. I experimented last year with other firms, bought 3½ lbs. of Cabbage seed and was able to plant only 3 acres of Cabbage, instead of 20. My neighbor bought one ounce of Salzer's Ideal Cabbage and set 4,500 plants, more than ¾ acre from one oz.! So much for Salzer."—John Wilcox.

Let us sum up the matter: It is the earliest large Cabbage grown: it is the finest flavored and the surest heading summer variety known. More than 10,000 large solid heads (ripe in this northern country in July) can be grown to each acre on account of its remarkably compact growth.

Our Three Great Cabbage Sorts.

Salzer's Lightning for early, Ideal for second early, and Giant Flat Dutch for late, are the three sorts that we cannot conceive how we could in any way improve upon. They are unsurpassed in quality and sureness to head.

PRICE OF SALZER'S IDEAL.

Big pkg., 12c; 2 pkgs., 20c; ½ oz., 25c; oz., 35c; ¼ lb., \$1.25; lb., \$3.75.

SALZER'S KRAUT KING CABBAGE.

With one great bound has Salzer's Kraut King Cabbage leaped into tremendous popularity. This is the Cabbage that market gardeners and truckers and market farmers have been looking for the past quarter of a century, and in all these years there has been a continuous inquiry for a superb Sauerkraut Cabbage. Now we have experimented and grown and crossed and originated new varieties in these twenty-five years, but never have come up to our standard of perfection for a Sauerkraut Cabbage until we secured Salzer's Kraut King. It makes medium to large, roundish, solid heads, just the right color and size and heft for an ideal Sauerkraut Cabbage. It is a very sure header; indeed, it is almost the equal of that peerless of all peerless late Cabbages, Salzer's Giant Flat Dutch, as a header. Salzer's Kraut King has but very few loose leaves, consequently can be grown closely together. Not only is it a magnificent variety for Sauerkraut or pickling, but it also does splendidly to put into winter quarters either in a pit or cellar for March and April sale, as it keeps as fresh as when put in. It is the King of all Cabbages for Sauerkraut purposes, and as such is a great money maker. We never introduce or attach our name to any variety unless same has excellent merits. Salzer's Kraut King Cabbage is one of these varieties that we delight to honor. It has that superb quality, that richness of flavor, that desirable color so much sought for Sauerkraut purposes. It is in our mind as nearly perfect as any Sauerkraut Cabbage can ever be. We know that everybody planting same will be surprised and delighted at the results.

In Salzer's Lightning and Ideal and Giant Flat Dutch and Salzer's Kraut King, we have the four greatest Cabbages on earth. These sorts are well worthy to be planted in each garden and on each farm and by every trucker in America. We commend Salzer's Kraut King as the acme of perfection for a genuine Sauerkraut Cabbage.

PRICE OF SALZER'S KRAUT KING CABBAGE:
Big pkg., 10c; 6 pkgs., 50c; ½ oz., 22c; 1 oz., 40c; ¼ lb., \$1.30; ½ lb., \$2.00; 1 lb., \$3.75; 2 lbs., \$6.90, postpaid.

**SALZER'S JERSEY WAKEFIELD CABBAGE.**

This is one of the very best, most satisfactory early Cabbages for general crop we now offer. Salzer's Earliest or 80-Day Cabbage, never fails to do on time, while our Extra Early Jersey Wakefield follows closely, with a larger head. Our plan is to plant $\frac{1}{4}$ Salzer's Earliest or 80-Day, and $\frac{3}{4}$ Extra Early Jersey Wakefield. Northern-grown Cabbage seeds, our customers will find, produce 25 per cent. more heads, and are fully one week earlier than Eastern stock. Our Jersey Wakefield is especially fine, all grown from selected heads, and our friends will find it far superior to any offered in America.

Pkg., 5c; oz., 20c; $\frac{1}{4}$ lb., 75c; lb., \$2.50, postpaid.

**DUTCH WINTER OR HOLLANDER CABBAGE.**

The fact that Holland sends this Cabbage to America, and retails it here at double the price of American grown sorts, shows how splendid this variety is. The heads weigh about 8 lbs., are very solid and deep, and of finest white color, keeping better than any other variety that we know of, excepting Salzer's Giant Flat Dutch. It has a short stem, is very uniform in shape, with solid, hard heads of delicious flavor. You will never be disappointed in planting a plenty of Salzer's Dutch Winter or Hollander Cabbage. There are two or three varieties offered by seedsmen that are not the genuine Winter or Hollander. Be sure and get the genuine when you order. We could fill ten pages of this catalogue with rich testimonials on the great excellency of this remarkable winter Cabbage. Next to Giant Flat Dutch, we like this the best. You can bank on both of these splendid late Cabbage sorts, only plant a plenty. It will be worth money next fall and winter. See if Salzer is not right.

Big pkg., 10c; $\frac{1}{2}$ oz., 20c; oz., 30c; $\frac{1}{4}$ lb., 75c; lb., \$2.50, postpaid.

SALZER'S EARLIEST CABBAGE.

This Cabbage is brought forward to meet the wants of everybody. Recognizing the fact that a week earlier in the early Cabbage crop means from 25 to 50 per cent. more money in the market gardener's purse, our constant study and experimenting has been to introduce a Cabbage of fair size and extra early, and, next to Lightning, the earliest, we unhesitatingly recommend Salzer's Earliest as the very earliest, fully 12 days earlier than the Early York, Express, Etamps, etc. It is only a trifle later than Salzer's New Lightning. Small size, hard heads, often weighing 9 pounds; fine in every particular.

It Has Come To Stay and Make Happy Every Grower.

When we first offered this new matchless Cabbage, we had no idea of the tremendous hold it would take upon the affections of thousands of growers—upon those who use only one package annually for their own little garden, and upon the farmer and market gardener who use $\frac{1}{4}$ pound, 1 pound, and some 10 pounds or more. Every one, without exception, praises it as the earliest Cabbage grown (with the one great exception of SALZER'S FAMOUS LIGHTNING found on page 17 of this catalogue), as the finest quality and surest yielding sort. We could fill pages of this Catalogue with long letters from friends and patrons regarding this great Cabbage.

Henry Benke, a market gardener near La Crosse, sold \$600.00 worth of Salzer's Earliest Cabbage from $\frac{1}{4}$ acres of land. That pays!

PRICE OF SALZER'S EARLIEST.

Pkg., 5c; oz., 25c; $\frac{1}{4}$ lb., 85c; lb., \$3.00, postpaid.

EARLY SPRING CABBAGE.

Used largely in New York, Boston and Eastern cities. It's a very large sort, and as early as the Wakefield; is very uniform, round in shape, slightly flattened, very solid, even before the Cabbages attain their mature size. The flavor is excellent.

On account of its shape, productiveness and solidity, it will prove a serious rival to the Wakefield. Gardeners cannot afford to be without this, as it will be, a "seller," round Cabbages receiving always the preference, while its compact form and good quality will commend it for the private garden.

Pkg., 10c; $\frac{1}{2}$ oz., 20c; oz., 30c; $\frac{1}{4}$ lb., 90c; lb. \$3.00, postpaid.

EARLY SPRING CABBAGE.

BRAUNSCHWEIGER CABBAGE.

We wish to repeat here, what we have said before, that for really fine vegetables, Cabbages, Onions, Peas, Radishes, etc., there is no seed superior, and but very little, we say, very little, EQUAL to Salzer's Northern grown.

This is the celebrated Cabbage of Germany, and thousands upon thousands of acres are annually grown there to be made into Sauerkraut, a favorite dish of the Germans, and not disregarded by the Americans. This Cabbage is particularly adapted for pickling. It forms a very large, fine, compact head. The flavor of this Cabbage is peculiarly pleasant. It is a variety that will give satisfaction and we bespeak for it a trial. We wish you could have seen the large fields of this splendid variety in Germany! It was a sight worth seeing, reminding us of the great fields one sees of our matchless Giant Flat Dutch in many parts of America.

We are sure this sort will please you.

Pkg., 10c; $\frac{1}{2}$ oz., 20c; oz., 35c; $\frac{1}{4}$ lb., \$1; lb., \$2.50, postpaid.

SALZER'S NORTHERN GROWN CABBAGE

Giant Red Dutch—This strain of giant solid superior Red Dutch Cabbage has fairly jumped into popularity. It is a magnificent head, solid, close grained and of superior quality for cooking and pickling. It's the sort the Yankee likes and the German seeks. Pkg., 10c; oz., 20c; ¼ lb., 60c; lb., \$2.00.

Red Dutch—This is the well-known small red pickling Cabbage with very solid heads. Oz., 15c; ¼ lb., 40c; lb., \$1.50.

Mammoth Globe Savoy—A Savoy Cabbage of rare quality and great excellency. Heads large, leaves beautifully curled, the delight of the housewife and epicurean. No Savoy compares with it in rich qualities, and is in greater demand among German Americans. Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.70.

Green Globe Savoy—A fine Cabbage; small but solid heads; in every respect the Cabbage for family use. Pkg., 5c; oz., 15c; ¼ lb., 35c; lb., \$1.25.

The New 103 Cabbage, or Hundred Weight.

"This certifies that I sold to John A. Salzer Seed Co. my complete stock of my new colossal Cabbage 103, at \$50.00 a pound. I call it 103 because I raised a head which with leaves, weighed 103 pounds. JOHN KRUSE." We urge all to test this wonderful sort. It is late, and delights in a rich soil. Pkg., 15c; 2 pkgs., 25c.

STANDARD CABBAGE SEEDS—LOW PRICES.

These are the finest strains of standard varieties of Cabbage in the world—are right up to Chicago's, Philadelphia's, New York's, Minneapolis' and St. Paul's very best strains. We offer them at very low prices. We wish it distinctly understood that no responsible seedman is to undersell us. Let us have your list to figure on. We grow more seeds than all the seedsmen in Illinois, Iowa, and Minnesota together, and can surely save you money on large orders.

Late Flat Dutch Cabbage.

The standard late Cabbage; extra strain. Better than most seedmen's best, because it's Northern grown! Pkg., 3c; oz., 10c; ¼ lb., 35c; lb., \$1.30.

Premium Flat Dutch—Large and excellent for winter. Pkg., 3c; oz., 10c; ¼ lb., 35c; lb., \$1.30.

Marblehead Mammoth—Largest Cabbage in the world; heads have been grown weighing 60 lbs. Pkg., 3c; oz., 10c; ¼ lb., 35c; lb., \$1.30.

Henderson's Genuine Succession, or "All the Year 'Round"—A well known, second early sort. Pkg., 3c; oz., 10c; lb., \$1.30.

Fotler's Imp, Brunswick—An excellent second early. Pkg., 3c; oz., 10c; ¼ lb., 35c; lb., \$1.30.

LATE FLAT DUTCH.

Genuine Surehead Cabbage.

This is the celebrated strain of Surehead Cabbage offered by the seedsmen of Philadelphia. It is a very choice variety of late Flat Dutch Cabbage, but not equal to Salzer's Giant Flat Dutch in all qualities that go to make up a good late Cabbage. This stock is obtained from the same growers that all the prominent houses in Philadelphia obtain their genuine Surehead from. It is a No. 1 in every respect. It forms every time very large, hard, solid heads, uniform in shape, color and handsome appearance. It has a short stem, and is a compact grower. It forms few loose leaves, which turn in from the head. Reports of 99 marketable heads from 100 plants set are of frequent occurrence. There are many magnificent strains of Cabbage offered in this catalogue, but this sort is equalled only by Salzer's Giant Flat Dutch—truly the greatest of all Cabbages—Salzer's Kraut King and Dutch Winter or Hollander. With these three exceptions, Genuine Surehead comes next as the best winter sort.

Price of Surehead: Big pkg., 10c; oz., 20c; ¼ lb., 55c; lb., \$1.75.

'The Lupton.

This Cabbage was sent out by Eastern seedsmen with great claims. It has met many of the claims. It is a fine late Cabbage, but we think a thousand miles behind our peerless Giant Flat Dutch. However the Lupton is worthy a trial. Pkg., 10c; ½ oz., 15c; oz., 30c; lb., \$3.00.

Short Stem Drumhead.

SHORT STEM DRUMHEAD. A magnificent late Cabbage, doing well everywhere. Pkg., 10c; oz., 40c; ¼ lb., 75c; lb., \$2.00.

Salzer's Improved Market—One of the very best second early Cabbages grown. It ripens next to Wakefield, while it is nearly double its weight. Pkg., 5c; oz., 20c; ¼ lb., 60c; lb., \$2.00.

Excelsior Cabbage—A very superior second early Cabbage large, full, solid head. Pkg., 3c; oz., 10c; ¼ lb., 35c.

Henderson's Autumn King Cabbage.

It produces enormous solid heads of that dark shade of green that is most desirable in a Cabbage, and has such small outer leaves that it can be planted much closer together than the ordinary late sorts. A distinctive feature of the Autumn King is the peculiarly crimped leaves.

Price: Pkg., 10c; oz., 30c; ¼ lb., 90c; lb., \$3.00.

New Bridgeport Mammoth Cabbage.

It makes a large, solid, round, firm head which seldom bursts and sells at advanced prices. You will be surprised and surely pleased at the results obtained from this Cabbage. Pkg., 10c; 2 pkgs., 15c; ½ oz., 25c; oz., 45c; ¼ lb., \$1.00; lb., \$3.50.

Early Winningstadt—One of the very best early for general use; much liked by gardeners. Pkg., 5c; oz., 15c; ¼ lb., 45c; lb., \$1.50.

New Wonderful—All-the-Year-'Round Cabbage. Pkg., 10c; oz., 50c.

All Head Early—Pkg., 10c; oz., 30c; ¼ lb., 75c; lb., \$1.75.

Early York—This has for years been the favorite early sort; small heads; excellent flavor; good header. Pkg., 3c; oz., 10c; ¼ lb., 35c; lb., \$1.30.

Large York—Larger but later than the Early York; fine. Pkg., 3c; oz., 10c; ¼ lb., 35c; lb., \$1.30.

All Season's Cabbage—The boss Cabbage; good for early, good for summer, and good for late use. Pkg., 3c; oz., 10c; lb., \$1.30.

Early Flat Dutch—The second early Cabbage; largely grown about New York and Boston; good size heads. Pkg., 3c; oz., 10c; lb., \$1.30.

FILDERKRAUT.

German Filderkraut—Well known to German growers; extra stock. Pkg., 3c; oz., 12c; ¼ lb., 45c; lb., \$1.50.

BARGAIN CABBAGE.

There are millions of people in America who are not so particular as to the name of a seed as they are about the quality and the yield of that variety which they may wish to plant.

For these, we adopted the following method in offering them bargain seeds at a very, very low price. These seeds will be excellent sorts, such sorts of which we have grown largely and which we are sure will please and sure to give very great satisfaction.

Here you have just what you want at only 3c a package—and the variety and quality can not be beat by any other seedhouse in America.

	Package.	Ounce.	¼ Pound.	Pound.
Roundhead Early.....	3c	12c	40c	\$1.20

TWO SPLENDID NEW CABBAGES

SALZER'S NEW VOLGA CABBAGE.

This new aspirant for public favor is, without exception, the nearest approach to perfection of any variety we have ever grown or seen grown in this or any other country. C. L. Allen, the great Cabbage grower, has this to say regarding the Volga Cabbage:

Ten years ago I had sent me from Russia, trial packages of some thirty varieties of the Brassica family including every class grown for the seed trade, none of which seemed to possess superior merit, other than this. Of the dozen or more plants of this type, all were uniform in every respect and remarkable for perfection of form and solidity of head. From the lot we selected six of the best for seed. These were given the same care as we gave all other sorts, saving the seed product which was given a crucial test the next season. The second generation was a decided improvement over the first, and the third over the second, until now Volga is the best Cabbage on earth!

AVERAGE
WEIGHT
16 POUNDS

WE CLAIM FOR THE VOLGA CABBAGE:

1st. Uniformity. In one field of three acres there was not a single plant thrown out, or that showed, in any respect, any variation from a true and valuable type.

2nd. Uniformity and Solidity of Head. In this respect it is a vegetable wonder, as the heads are of about equal size and shape, weighing from 12 to 15 pounds each.

3rd. Quality. Unlike most types, the heads are perfectly solid, and the stem does not run up into the head nearly as far as in all other types, and the flesh is exceedingly firm, tender and white, making it a most desirable form for kraut, as well as for all other purposes for which Cabbage is used. The most severe winters ever known while all other kinds suffered terribly, not a head of this was lost, and while others have partially or totally dropped out, our fields of this give promise to an enormous crop; in fact, it is already secured, and at the present writing ready for the harvest. We think this point of hardness of great importance to the shipper.

5th. Earliness. This type is remarkable for its quick-growing habit, as are all vegetables that come from cold countries. We have noticed particularly this type, and find that it will mature its heads fully two weeks earlier than any of our late growing kinds. Let us be fully understood in this matter. If we sow the seeds of any of our winter Cabbages on July 1st, Volga need not be sown before July 15th—so quick of growth for a winter sort. Price of Volga Cabbage: Big Pkg., 10c; ½ oz., 25c; oz., 40c; ¼ lb., \$1.25; lb., \$4.00. Small Pkg., 100 kernels, 6c.

4th. Hardiness. In this respect we have never seen a type which would favorably compare with Volga. The most severe winters ever known in this section did not inflict the slightest injury to the Volga. While all other kinds suffered terribly, not a head of this was lost, and while others have partially or totally dropped out, our fields of this give promise to an enormous crop; in fact, it is already secured, and at the present writing ready for the harvest. We think this point of hardness of great importance to the shipper.

PHILADELPHIA FIRST EARLY CABBAGE.

Some years ago, one of the most prominent market gardeners in the country called our attention to a flat-headed early Cabbage that had proven with him decidedly earlier than Express, Wakefield, Early Spring, etc. We were immediately very much interested in the matter, and discovered he had procured a small sample of the seed from a brother gardener, who had been growing cabbage largely for years, and who claimed to have originated this variety, but had no seed for sale. For years we tried to get a supply of this seed, but without success, the originator arguing that to be four or five days to a week earlier in market than any of his neighbors was sufficient reason not to let it go out of his hands. We however at last succeeded in obtaining a sufficient quantity, which we offer to our customers.

We have no doubt that the demand for First Early Cabbage seed this year will exceed the supply, on account of the reception accorded it last year. We have received hundreds of letters endorsing First Early as the earliest flat. No one who planted it last season was disappointed, but in every case it surpassed the highest expectations of all our customers, both for home use and for marketing.

Big Pkg., 10c; ½ oz., 25c; oz., 40c; ¼ lb., \$1.25; lb., \$4.00

CAULIFLOWERS.

Extra Early Danish Snowball Cauliflower.

Has proven invariably a sure header. The flower head is of very fine grain, dense growth, while the plant has a very short stem and close outer leaves. While we are aware that price is of little consideration in this critical seed, it cannot be denied that if equal quality may be obtained, a moderate reduction in price is not to be despised. Pkg., 12c; ½ oz., \$1.25; oz., \$2.00; ¼ lb., \$6.00.

SNOWBALL

Largely grown in the East, where it has become quite famous. In quality, earliness and yield it is superb. Pkg., 10c; ½ oz., \$1.50; oz., \$2.50.

SNOWBALL, PKG., 10c. \$2.50.

Salzer's New Fancy Blue Ribbon Cauliflower.

SALZER'S NEW FANCY BLUE RIBBON. PKG., OVER 200 KERNELS SEED, 85c.

Said to be the finest Cauliflower in existence. Heads fine shaped, pure white, very early, and of a quality simply unsurpassed. It is the richest, rarest Cauliflower known, a gem in every respect. It's a golden crop for the grower who wants the choicest regardless of cost. Pkg., 85c; 2 pkgs. for 50c.

SUREHEADING CAULIFLOWERS.

Salzer's Earliest Surehead.

In former years we challenged the world to produce a finer, handsomer or earlier Cauliflower than our New Earliest Surehead. Whether for forcing or open ground, planted early or late, it is the surest header of all. Very dwarf and compact in growth, it can be planted very close, 18 inches each way, and is particularly desirable for forcing under glass. On our trial grounds every plant produced a superb head and surpassed all older varieties in earliness, size and quality.

A Few Testimonials Only.

A. G. Edbert, Iowa: "Had never before such beautiful Cauliflower. Surehead is sure."

Mrs. Gov. Hoffman, Jefferson, Wis., says: "It's the finest, richest flavored Cauliflower I ever saw. Every plant headed beautifully."

Salzer's Earliest Surehead

Is unquestionably one of the largest and best of all early Cauliflowers. Market gardeners once having sown it will plant no other. We want to introduce it everywhere, hence our extremely low price. Price: Pkg., 15c; ¼ oz., 80c; ½ oz., \$1.50; oz., \$2.50; ¼ lb., \$7.50.

SALZER'S NEW CAULIFLOWER,
"JULY 1st."

Stand Aside! Hear the Tale! For many years we have challenged the world to produce a finer, handsomer or earlier Cauliflower than our Salzer's Earliest Surehead. None ever dared to accept the challenge; no one ever raised a handsomer, earlier Cauliflower than Salzer's Earliest Surehead! But to-day Earliest Surehead hangs its head and modestly proclaims Salzer's July 1st as the earlier! My! we feel proud of our Cauliflower. There are none better than Earliest Surehead and Blue Ribbon and Midsummer, but here is one, such a lovely beauty, so fine and early, that we cannot find words to express our delight. For reliability of heading and size and solidity of heads, it is superior to any other variety—a claim which has been established by innumerable tests in all parts of the country. It is sure to head even under unfavorable circumstances, and will attain an enormous size under ordinary cultivation. The plants are dwarf, and while the outer leaves are erect the inner ones lap over the heads so as to fully shade them from the sun, preserving them a beautiful snowy white. The plants can be set closely, and they grow and mature rapidly under favorable conditions. It is earlier than the famous Snowball and every other variety. Whether for forcing under glass or growing in the open ground, and whether planted early or late, it is the surest header of all. It is very dwarf and compact in habit of growth, like the Surehead, and can be planted as close as 18 inches each way for forcing, or where space is limited. Salzer's July 1st is particularly desirable for forcing under glass, while in our open air trials every plant has produced a head, excelling all other varieties in earliness, size and quality. It is unquestionably the best of all. Note low prices. ¼ oz. is good for 900 plants. Pkg., 20c; ¼ oz., \$1.20; ½ oz., \$2.00; oz., \$3.50; ¼ lb., \$10.00.

New Cauliflower, Berliner Earliest.

This is a German variety, produces very early, good-sized, pure white heads, which are tender and delicious. Good for market or home garden. It's not so handsome as Salzer's July 1st, not so fine as Salzer's Earliest Surehead, not so large as Midsummer, but it's early, early, early! All Berlin raves over it on account of its extreme earliness; and then look at the low price: ¼ oz. (good for 700 plants), only 20c. It will pay you to try this new novelty. Price of Berliner Earliest Cauliflower: Pkg., 5c; ¼ oz., 20c; ½ oz., 30c; oz., 50c; ¼ lb., \$1.50.

La Crosse Early Favorite.

Growing side by side with Snowball, La Crosse Early Favorite was decidedly the finest in appearance, earliest in yield, with largest number of sure heads; indeed, it is the finest in every respect. Next to our magnificent Earliest Surehead, this is certainly the best sort to plant. Pkg., 20c; 3 pkgs., 50c; ¼ oz., \$1.10; ½ oz., \$1.75; oz., \$3.00.

SALZER'S MIDSUMMER CAULIFLOWER.

There has been for years a need for a second early Cauliflower, one with large heads ripening right after our peerless Salzer's Surehead, Salzer's Blue Ribbon and the Snowball. Now, in our Midsummer, we believe we have just the thing gardeners are looking for, a trifle later, with heads fully one-half larger. It's a sort that will bear a trial, and when once grown, will be always used. Pkg., 12c; 2 pkgs., 20c; ½ oz., 75c; oz., \$1.25; ¼ lb., \$3.00.

Erfurt Early Dwarf—This is the celebrated Cauliflower of Germany. Early, fine and sure to head. Pkg., 10c; oz., \$2.00.

Early Paris—One of the earliest; small heads; quick grower. Pkg., 10c; oz., 75c.

THE SPLENDID AUTUMN GIANT. PKG., 10c.

SALZER'S MIDSUMMER.
PKG., 12c; 2 PKGS., 20c.

AUTUMN GIANT CAULIFLOWER.

Introduced by us some years ago; each year doubles its sales; each year adds thousands to the number of its friends. The sale for

AUTUMN GIANT

during 1906 was 520 per cent. more than during 1900! Everybody likes it for a late Cauliflower. A gorgeous fall sort, with fine heads; very large and of excellent quality. Always liked by market gardeners.

Pkg., 10c; ¼ oz., 75c; oz., \$1.25; ¼ lb., \$3.00.

Look at these figures and say it does not pay to plant one acre of Carrots. 500 doz. Salzer's Forcer, @ 30c, \$150.00. 500 doz. First of All, @ 35c, \$175.00. 100 doz. Danvers Yellow, @ 25c \$5.00. Total, \$350.00 from one acre.

SALZER'S FIRST OF ALL CARROT.

There is a great deal of money to be made in market gardening out of Carrots. Everybody craves a Carrot in the extreme early spring, and this is the time when Salzer's First of All Carrot is ready to tempt the appetites of all. It is a worthy saying that the early bird catches the worm, and that's just what's the matter with the early market gardener. The party that has the earliest vegetables makes the money, so if you want to make money you must plant Salzer's Earliest Vegetable Seeds! They will never go back on you, but will be the means of making lots of money if you plant a plenty.

Price of Salzer's First of All Carrot: Big Pkg., 10c; oz., 15c; ¼ lb., 50c; lb., \$1.50.

DANVERS YELLOW CARROT.

(Danvers Half Long.) Magnificent semi-stump-rooted Carrot of rich orange shade and most excellent flavor. Much sought, and always sells at fancy prices in all markets. Valuable for all uses. It is of a rich, dark orange color, and all of the roots are wonderfully smooth and handsome. Carrots, at even 20c a bushel, if you get as good yields as you do from our seeds, always pay.

Price: Pkg., 5c; oz., 10c; ¼ lb., 25c; lb., 90c; 4 lbs., \$3.25.

SALZER'S IMPROVED LONG ORANGE TABLE CARROT.

This is the standard Carrot for table use, and especially for winter. It is enormously productive, yielding as high as 29 TONS per acre, and is of delicious flavor. An ounce of seed is sufficient for a winter's supply for a family. No better Carrot can be found for all purposes than this. We consider it the best strain of Long Orange Carrot in the market. It is exceptionally smooth and fine. It will please you. Salzer's Long Orange beats the world. Price: Big Pkg., 10c; oz., 15c; ¼ lb., 20c; lb., 65c.

SALZER'S MIDSUMMER CARROT.

In addition to its ripening in midsummer, it equals, if indeed it does not surpass, every other variety in shape, yield and quality. Specimens have been grown 4 inches in diameter and of the very best table quality imaginable. This grand variety is sure to suit every one who grows it. It cannot be too strongly endorsed. Price: Pkg., 10c; oz. 20c; ¼ lb., 30c; lb., \$1.00; 3 lbs., \$2.75.

OXHEART OR GUERANDE.

A magnificent Carrot for general culture; indeed by many considered the best of all. It is thicker at the neck, and carries its thickness well down toward the bottom. With us it yielded at the rate of 35 tons to the acre, all marketable. Every Carrot can be pulled easily by hand, no digging is necessary. Big Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., 90c.

EARLY SCARLET HORN. (Pointed.)

Grown extensively about Boston and other Eastern markets. It is really a valuable early sort. Pkg., 3c; oz., 9c; ¼ lb., 15c; lb., 50c.

SCARLET NANTES.

A splendid, half-long, stump-rooted sort. Increasing in value and popularity. Pkg., 3c; oz., 9c; ¼ lb., 15c; lb., 50c.

EARLY SHORTHORN.

Known favorably by all growers. Considered by many to be the best table variety. Flesh fine grained. In color deep orange; has small tops; grows well in shallow soil. Matures 8 to 10 days sooner than Long Orange. Pkg., 5c; oz., 10c; ¼ lb., 20c; lb., 70c.

CHANTENAY.

A magnificent English Carrot, grown in that country in great quantities for fall use. Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., 90c.

SALZER'S FRENCH FORCER OR FORCING.

It is a very sweet and early splendid sort. It is not nearly so large as Salzer's First of All, but it is a great beauty and very early. This Carrot has enjoyed a tremendous sale, as everybody likes the little beauty. Pkg., 4c; oz., 10c; ¼ lb., 20c; lb., 55c.

NEW CARROT—PURE GOLD.

This new Carrot is an intensified First of All. It is a stump-rooted Carrot, somewhat deeper in color than Danvers, and a heavier cropper. Excellent as a table Carrot. Price: Big Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., \$1.00.

NEW CARROT—DEWDROP.

Do you know that there is used to-day five times as much Carrot seed as there was ten years ago? There is reason for this. There is scarcely a vegetable that to-day is in greater demand than the extremely early Carrot, and in Salzer's Dewdrop we have the par excellence of all Carrots. It is fine in shape, the right color, very juicy, very early, very sweet and will please the most fastidious. It's a great novelty. Price: Big Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50.

CARROTS FOR STOCK.

Carrots are excellent for feeding to stock. Horses relish them and fatten on one feed of Carrots daily. The yield is so heavy that an acre will keep your horses fat and healthy all winter.

NORMAN BELGIAN CARROT.

A yellow sort, growing to large size, and of the finest flavor for stock. We cannot too strongly urge you to try this Carrot. It is great for stock. Have you a horse at home, and you desire to have him look bright and feel gay, feed him with Carrots once a day during winter. One ounce of Norman Belgian will furnish enough food. Pkg., 10c; oz., 15c; ¼ lb., 25c; lb., 65c; by express, 10 lbs., \$4.50.

COW BOY FIELD CARROT.

We know of nothing that will pay the farmer better in this state and everywhere than to grow from 5 to 10 or 15 acres of Carrots, especially if he has a large herd of cattle, sheep and horses. It will pay to feed them daily thereon. There is no variety better than the Cow Boy. It is an enormous producer, yielding from 400 to 800 bushels per acre. Price: Big Pkg., 10c; oz., 15c; ¼ lb., 20c; lb., 50c; 3 lbs., \$1.35.

Long White Belgian—A white Carrot which has become the standard for stock. It is sweet and gives excellent results as a stock food. Pkg., 5c; oz., 10c; lb., 45c.

California Mammoth—Very large; yields 100 tons per acre. Pkg., 5c; oz., 10c; ¼ lb., 25c; lb., 75c; 10 lbs., \$6.00.

Mastodon—Carefully selected Carrot. It is grand for stock and very prolific. Pkg., 5c; oz., 10c; ¼ lb., 20c; ½ lb., 30c; lb., 60c; 5 lbs., \$2.50, postpaid.

SALZER'S INDEPENDENCE OR 4TH OF JULY SWEET CORN.

Five years ago a Connecticut farmer sent us a sample of Sweet Corn with a request to test on our trial grounds. He remarked, "You will find it the sweetest sweet and earliest early Sweet Corn you have ever seen. It has been in our family, on our farm near Hartford, for more than half a century, and I will tell you, Mr. Salzer, it is the earliest Sweet Corn in America to-day."

We acknowledged the seed, telling him if it were earlier than Salzer's First of All we would give him \$100.00 for each week it was earlier than Salzer's First of All, and then buy all the seed that he could grow during the season of 1903, and gladly pay him \$10.00 a bushel for same.

Well, now, that Connecticut Yankee caught us easily. Yes, it proved two weeks earlier than Salzer's First of All, so he got on that score \$200.00. Then he sent twenty-eight bushels of as fine seed Sweet Corn as we ever saw, that made \$280.00 more, so in all, this bright farmer obtained from us \$480.00 for this Earliest Fourth of July Sweet Corn.

He rejoices over his great luck, and we glory in the fact of our new acquisition.

Earliest, Sweetest, Finest on Earth.

Sweet Corn usually is fit to use at La Crosse, that is, such early varieties as Salzer's First of All, the last of July. Had the months of May and June been as warm as ordinarily (last year was very, very cool at La Crosse for the months of May, June and July), but had it been as warm as we usually have, we believe Salzer's Independence or 4th of July Sweet Corn would have been ready at La Crosse and fit for the table July 4th. As it was, several hundred customers in Iowa, Illinois, Nebraska, Missouri, Indiana, Ohio, Maryland, Tennessee, and other parts, report this corn fit for the table on our National Independence Day, July 4th.

Here is the test of this corn at La Crosse during the past wet season. It was a revelation! If we had had a warm May and June this Corn would have been fit for the table July 4th at La Crosse! We wish you to particularly notice how much earlier it is than other heavily advertised early sorts.

Salzer's Independence, ready for use July 13th.

Salzer's First of All, ready for use July 27th.

Peep of Day, ready for use Aug. 8th.

Premoe, ready for use Aug. 9th.

Burpee's Early Fordhook, ready for use Aug. 12th.

Henderson's White Cory, ready for use Aug. 12th.

Maule's First of All, ready for use Aug. 13th.

Now, that stamps Salzer's Independence, or 4th of July Sweet Corn by all odds as the very earliest corn on earth.

Price: Big package, 15c; ¼ pt., 20c; pt., 30c; qt., 50c, all postpaid.

By freight or express: Big package, 15c; ¼ pt., 20c; pt., 25c; qt., 35c; pk., \$1.35; ½ bu., \$2.25; bu., \$4.00.

Geo. W. Fields, an Illinois Gardener, writes:

I purchased from you ¼ bushel of your corn novelty, Independence, planting same on rich, sandy soil on a sunny slope. I made the greatest record for early corn in this part of the country. All was sold and the fodder removed before my adjoining neighbors' Early White Cory Corn began to ripen. I was just sixteen days ahead of my neighbors, because I used Salzer's seeds. I planted same in rows running north and south, dropping a kernel every ten inches and the rows three feet apart. I replanted the field so that nothing was missing, and had over 17,000 stalks, each one giving me on an average two ears, or in all a few over 2,800 dozen. I sold these averaging me a little over 10c a dozen.

\$292.00 per Acre, as Follows:

400 dozen at 15c, \$60.00; 1,000 dozen at 12c, \$120.00; 1,400 at 8c \$112.00, or a total of \$292.00.

After selling the corn I put the land into 5 lbs. of Salzer's Victoria Rape, and had abundant pasture all fall long until winter set in.

BOYS, LOOK HERE.

Send 15c for a big package of Salzer's Independence Corn, and receive notice how you can make \$50.00 on Independence Corn before August 1st.

Let's sum up the whole matter on Salzer's Independence Corn. Every market gardener, every citizen, everybody planting same, will find that he has absolutely the earliest Sweet Corn grown, and that it is from five to twenty days earlier than other seedsmen's earliest sorts. Then it is sweeter than the sweetest Sweet Corn known to the trade to-day. It is without question the very sweetest, earliest, finest Sweet Corn offered; the size of the ear is just right, not clumsy, but just right, and in order to introduce the same largely we have placed the price very low.

SALZER'S FIRST-OF-ALL SWEET CORN.

Next to Salzer's Independence this is the **earliest Sweet Corn** on earth! We have tested every sort known to man, but have found none so early, none so sweet, none so quick growing, none such a splendid money-maker for the market gardener on account of its extreme earliness. **First-of-All** has proven itself, in this test, **6 days, and in some cases 10 days, earlier than the Cory and other seedsmen's earliest sorts.** It will be found an especial boon to all market gardeners. Ears often 8 inches long, though the average length is but 5 to 6 inches. It is a magnificent Corn, and will be a great bonanza to all who plant it. Next to Salzer's New Independence or Fourth-of-July Corn this is positively the earliest. It's ahead of Peep-o-Day, Premo, and the like. **Price of First-of-All Sweet Corn:** Big pkg., 10c; pt., 20c; qt., 40c, postpaid. By freight: qt., 25c; pk., \$1.00; ½ bu., \$1.80; bu., \$3.50.

RICH, SWEET, TENDER.
Pkg., 10c; qt., 40c, postpaid.

New Early Champion Sweet Corn.

Produces ears 12 inches long in 60 days. This new variety is, without question, the **earliest large Sweet Corn** yet introduced, being only a few days later than the first early small sorts. Ears nearly as large as the Evergreen; pure white kernels, with medium sized white cob; very sweet, tender and full of milk, yielding from 2 to 3 ears to the stalk. By mail: Pkg., 10c; pt., 20c; qt., 35c. By express: Pk., 90c; bu., \$3.00.

Country Gentleman.

This is used largely in the East, where it is called the finest of all Sweet Corn for private table. It is also known as **Zigzag Corn**, on account of the peculiar arrangement of its kernels. It is of a delicious quality, ripening 6 days before Evergreen Corn, and will delight the most fastidious epicure. By mail: Pkg., 10c; pt., 20c; qt., 35c. By express: Pk., \$1.10; bu., \$4.00.

Stowell's Evergreen Sweet Corn.

There is no Sweet Corn more generally and largely planted than the Evergreen. Now, our strain is vastly superior to the bulk offered. It has been carefully grown for seed, and is sure to give great satisfaction. The ears are very large—we have seen them 10 to 11 inches long; deliciously sweet, and will outsell the common varieties of late Sweet Corn two to one. Pkg., 10c; pt., 25c; qt., 40c, postpaid. By express: Pkg., 10c; qt., 30c; pk., 90c; ½ bu., \$1.65; bu., \$3.00.

Extra Early Adams.

This Corn is a splendid early variety, though not as early as the First-of-All, Early La Crosse, and those varieties, yet it follows them so closely that it is one of the most profitable varieties that can be grown on account of earliness and fine shape of ears (not sweet). By mail: Pkg., 10c; pt., 20c; qt., 35c. By express: Pk., 75c; ½ bu., \$1.25; bu., \$2.25.

Burpee's Evergreen.

Immensely popular, and well it may so be. A little later than Earle's Evergreen. It's very sweet, very early and very large. Pkg., 10c; pt., 20c, postpaid. By express, qt., 25c; pk., 90c; bu., \$3.20.

Black Mexican Sweet Corn.

It is of excellent quality, medium late, and on account of its novel appearance is sure to be taking. Pkg., 10c; pt., 20c; qt., 35c, postpaid. By express, pk., \$1.00.

PRICES OF FOLLOWING 8 SORTS.

By express: Pkg., 5c; pt., 15c; qt., 30c; pk., 80c; bu., \$3.00.

By mail: Pkg., 6c; pt., 25c; qt., 40c.

1. **Perry's Hybrid** (Ballard's Early)—Also known under Chicago Market. It is a fine sort; very sweet, a good second early; large, fine ears.
2. **Early Minnesota**—One of the best varieties for second early; splendid.
3. **Early Marblehead**—Fine flavor and very sweet.
4. **Moore's Concord**—Largest and best second early.
5. **Cory**—A splendid, very early Sweet Corn, rich in flavor.
6. **Mammoth Sugar**—A large sort, very sweet; later than Evergreen.
7. **Egyptian Sweet**—Late, ears large, and flavor rich and sweet.
8. **Hicox Canner**—A superb sort for canning, ripening two weeks before Egyptian.

EARLES' EARLY EVERGREEN SWEET CORN.

Gardeners are on the lookout for an extra early, extra fine, extra large, extra sweet, extra big-eared Sweet Corn. Well, in this Earle's Early Evergreen, we have just the Corn you are looking for, Mr. Gardener! I have been looking for just such a Corn for years, and I am frank to tell you so, and believe that careful tests of this new Sweet Corn convince me of its sterling merit, and I take pleasure in listing it in my catalogue and offering it to the public. The ear measures 10 to 12 inches. In color the kernels are pure white, and are very sweet, tender and palatable. Earle's Early Evergreen is a prolific variety, and matures its ears in from 58 to 70 days, depending on location and character of soil. On warm, sandy land the ears are ready in 58 days, while on heavy clay land the period of growth is longer. The large, well-filled and highly palatable ears command a quick sale in any market where there is a demand for really choice, early Sweet Corn, and I recommend this variety to market gardeners, as well as for use on the home table. The illustration shows accurately the shape of the grains and the general characteristics of the ear, excepting the size, which is much reduced. Now, then, you will need to try this; is earlier than Early Champion; is finer than that sort, and as big almost as its namesake. It will be the biggest money-maker (next to Salzer's Independence or Fourth of July and Salzer's First-of-All) you ever struck.

\$145.00 PER ACRE AT 6 CENTS A DOZEN.

Plant 1 foot in the row, and the rows 3 feet apart, and you have 14,500 plants at 2 ears to the plant, and you get 29,000 ears; at 6 cents a dozen will make the snug sum of \$145.00.

Have you many acres on your farm paying better?

Price of Earle's Early Evergreen Sweet Corn: Big package, 10c; pt., 20c; qt., 35c, postpaid. By express: Qt., 25c; pk., 90c; ½ bu., \$1.75; bu., \$3.25.

POP CORN.

SALZER'S SILVER BALL

With us it is enormously productive, of fine, delicious taste, and pops readily and evenly. It is the Corn for everybody to plant. A package will be sufficient for family use. Give the boys on the farm an acre to plant Pop Corn for the market. It pays. By mail: Pkg., 10c; pt., 25c; qt., 45c. By express: Pk., \$1.25; bu., \$3.00.

WHITE RICE.

One of the finest, most prolific Pop Corns grown; largely planted. Very good. By mail: Pkg 10c; pt., 20c; qt., 35c. By express. Qt., 20c; pk., \$1.00.

QUEEN'S GOLDEN.

A splendid sort. Above all is its exceeding tenderness when popped, together with its delicious and delicate taste; splendid for all purposes. By mail: Pkg., 10c; pt., 20c; qt., 35c. By express: Pk., \$1.00.

AMBER-COLORED POP CORN.

A new, rare, exquisitely beautiful Pop Corn, popping to perfection. Large, amber-colored ears. Pkg., 15c; ½ pt., 20c; pt., 35c, postpaid.

TOM THUMB.

A very, very dwarf-growing, fine Pop Corn. Pkg., 10c; pt., 30c; qt., 50c, postpaid.

RED RICE.

A variety that pops up nicely. Pkg., 10c; pt., 25c; qt., 40c, postpaid.

SALZER'S EARLIEST CUCUMBER.

SALZER'S EARLIEST CUCUMBER is universally acknowledged by seedsmen, by market gardeners, by private planters, whether for city gardens or acre cultivation, to be without a peer the earliest, finest table variety in the world. Over 100,000 customers planted this sort since 1896, when first introduced by us, and all pronounced it the earliest, finest Cucumber in existence.

SALZER'S EARLIEST CUCUMBER

"PAYS BETTER THAN A LIFE INSURANCE"

SURE CROP OF 1500 DOZEN PER ACRE

NET PROFITS SHOULD AVERAGE \$1800.00 FROM 5 ACRES

Talk about Cucumbers! We are positive that there is nothing in America, and nothing in the wide world, in the Cucumber line, that will so quickly make money for the market gardener, citizen or farmer, as **Salzer's Earliest**.

Since we introduced this remarkable early variety, it has, judging from hundreds of reports, already leaped into popularity. And well it may, for it is the most magnificent early Cucumber we have ever seen. It is remarkably perfect and uniform in growth, with beautiful, nice-sized Cucumbers—just the size which will sell in all markets. We cannot too strongly recommend same. Although not so large as Salzer's Perfection or Improved Long Green, yet it is so early—way ahead of every other sort—that it cannot help but attract attention and pay the grower. It is A No. 1 in all stages and equally good for forcing or outdoor planting.

It is certainly the earliest Cucumber in the world. A Cucumber especially adapted for the hot-bed or early garden culture, as it sets quickly and produces beautiful Cucumbers in the shortest possible time. It is a great money-maker for market gardeners, a single hot-bed often yielding from \$25.00 to \$50.00 worth, according to your market. We have time and time again received \$1.20 and \$1.50 a dozen for these great early beauties, and we know that every one who will carefully grow them in their hot-beds, or in some sheltered location outside, will make lots and lots of money out of them.

Price of Salzer's Earliest Cucumber: Big package, 10c; oz., 15c; ¼ lb., 40c; ½ lb., 75c; 1 lb., \$1.25; 4 lbs., \$4.50, postpaid.

What Gardeners Who Use Salzer's Earliest Say:

Frank Clark, Milwaukee: "Your Earliest Cucumber is a bonanza to gardeners."

Wm. Goode, St. Paul: "I made more money out of 1 lb. Earliest Cucumber than out of anything else."

Henry Johns, Iowa: "It is the earliest Cucumber I ever tested. Mine were the first in the market and quickly sold at \$1.00 per dozen."

\$87.50 from ¼ lb. Seed.

I made \$87.50 in six weeks on my **SALZER'S EARLY CUCUMBERS**—all from ¼ lb. seed which cost me but 40c—sold in the St. Louis market. They were so early—many days ahead of all others.

Emerson Green, Granite City, Ill.

Mrs. Fred Heil, Evanston: "I bought one ounce for my own use. They proved so very early and so prolific that I sold my surplus for \$17.00 to my neighbors, because mine were weeks ahead of theirs."

If we were to have but three Cucumbers, they would be **Salzer's Earliest, Morning Star and Long Giant**, and then, of course, we would have a pickling Cucumber, and nothing in the wide, wide world equals **Salzer's Prolific Pickle** for this purpose.

If you have ever grown a finer Cucumber than **Salzer's Earliest**, that will make you more money and quicker money, and is of a finer quality, we would like to know it.

SALZER'S

MORNING STAR CUCUMBER

SALZER'S NEW MORNING STAR CUCUMBER.

Well, now, in **Salzer's New Morning Star Cucumber** we have a new Cucumber that's worth having, that brings joy to the grower and profit to the planter! Next to **Salzer's Earliest**, this is the most profitable to grow. It is very shapely, holding its rich green color throughout its entire long length, which is very straight, smooth and symmetrical. It is one of those rare Cucumbers, both in shape, size and quality, one so rarely finds, and we are confident if you once grow same you will never be without them. It is splendidly adapted for the market gardener's or kitchen planting.

PRICE OF **SALZER'S NEW MORNING STAR CUCUMBER**: Big pkg., 10c; oz., 15c; ¼ lb., 50c; ½ lb., 80c; 1 lb., \$1.25; 4 lbs., \$4.50.

SALZER'S MARKET GARDEN CUCUMBER.

A beautiful Cucumber, every one of which is fit for market trade. It grows very long, is very productive, matures very early, is handsome in appearance and desirable in color, and a great favorite wherever tried. It is the greatest outdoor Cucumber known, and is sure to please. Pkg., 10c; oz., 15c; ¼ lb., 40c; ½ lb., 70c; 1 lb., \$1.20; 4 lbs., \$4.00, postpaid.

NONE SUCH CUCUMBER.

Offered for the first time in 1900. It became at once popular as one of the finest long green Cucumbers. Pkg., 10c; oz., 20c; ¼ lb., 40c; 1 lb., \$1.50, postpaid.

☞ Mixed Cucumber Seed—All sorts, styles and varieties mixed, per pkg., 10c; oz., 15c; ¼ lb., 25c; 1 lb., 85c, postpaid. ☞

SALZER'S PERFECTION CUCUMBER.

For hot-bed forcing, for early in the open ground, or, in fact, for any purpose whatever, this Cucumber is peer of all. We have never seen a strain so uniform in size, color and evenness, so complete in all the requirements that go to make a good Cucumber, as our Perfection. Indeed, the fact of its combining every good quality, its ready and quick sale in the market at double the common sort prices, its fine appearance and its remarkable, astonishing productiveness, led us to give it the name of Perfection. Fr. W. Oberst, a Cucumber grower, sold \$107.00 worth of Cucumbers from ¼ lb. of seed. Don't that pay? Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., \$1.00.

IMPROVED
LONG
GREEN.

THE PRINCE OF
LONG CUCUMBERS.

for general crop. One of the best selling Cucumbers in the market. Long, smooth, fine flesh, but few seeds. Grows from 10 to 20 inches long. It is the Cucumber you want for house and market. Pkg., 5c; oz., 10c; ¼ lb., 25c; ½ lb., 45c; lb., 80c.

Snake. Pkg., 10c. West India Gherkins.

A novel little Cucumber, grown mostly for show and pickles. Pkg., 5c; oz., 20c.

Price of Salzer's Perfection Cucumber: Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., \$1.00, postpaid.

IMPROVED LONG
GREEN.

A Fine Cucumber.

This variety seems to have taken the lead all through the world as the great variety to plant for a general crop. Is grown in every civilized country, and we know of no sort that we would more heartily recommend for general garden culture than this. Of course our Salzer's Earliest, Morning Star, Long Giant, Market Garden and Perfection Cucumbers are magnificent varieties and will do well everywhere as a general crop, but our Improved Long Green seems to have captured the hearts of everybody for this purpose. It is safe to say that more seed is planted of this sterling variety than of any five other standard sorts. Next to Salzer's Perfection and Market Garden, it is withal the very best to plant for all purposes. It is a splendid forcing Cucumber, as well as

ported 2,000 dozen per acre of fine, salable Cucumbers. Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50, postpaid.

WHITE ERFURT
SPINE.

ly. and is of excellent taste.

SNAKE.

Have you seen this Cucumber as long as 6 feet, coiled up like a snake? A singular and remarkable curiosity. It is good for food, but is grown more on account of its oddity. Pkg., 10c; oz., 25c.

MIXED CUCUMBER SEED, all sorts and kinds. Pkg., 10c; oz., 15c; ¼ lb., 25c; lb., 55c; postpaid.

SALZER'S PROLIFIC PICKLE CUCUMBER.

For several years we have made Cucumbers for Pickles a study, testing and originating new sorts for this purpose, until to-day we think we have perfection in Salzer's Prolific Pickle. It is fine in form, solid and thick in texture, excellent in quality, and combines all the elements necessary to make a good pickle. It is enormously productive, cropping from 200 to 400 bushels per acre. The past summer we spent much time in selecting and greatly improving our Prolific Pickle, and we are sure our patrons will find it now by all odds the best offered in America. Indeed, as a large pickle grower who saw our strain says, "Salzer, your Prolific Pickle is perfection; don't try to improve it, it can't be done."

SALZER'S PROLIFIC PICKLE

Price of Salzer's Prolific Pickle.
Pkg., 10c; oz., 15c; ¼ lb., 30c; ½ lb., 60c; 1 lb., 90c; 6 lbs., (enough for 1 acre), \$5.00. By express, ¼ lb., 25c; ½ lb., 45c; 1 lb., 60c; 6 lbs., \$4.50.

400 BUS. PER ACRE AT \$1.00 = \$400—EASILY MADE!

SALZER'S PROLIFIC PICKLE CUCUMBER

is the grandest of all pickling Cucumbers—one that will delight and please every grower, no matter how critical he or she may be. The Salzer Prolific Pickle Cucumber will surely "fill the bill" and give great satisfaction. We offer same at a very low price, as follows: By mail, Bt pkg., 10c; oz., 15c; ¼ lb., 30c; ½ lb., 50c; 1 lb., 90c; 6 lbs., \$5.00. By express, pkg., 10c; oz., 15c; ¼ lb., 25c; ½ lb., 45c; 1 lb., 60c; 6 lbs., \$4.50.

SALZER'S STRAIN OF EVERLASTING CUCUMBER.

Here is something absolutely new, offered for the first time two years ago. A Cucumber that will keep for months, even up to Christmas, without decaying or losing its color. In short, it may be picked from the vines in the open ground and sold during the next December and January, bringing an enormous price.

Our attention was first called to this by a letter from Mrs. C. K. Bell, of Toledo, Ohio, reading as follows:
"Gentlemen:—
"I have some-
thing

We immediately wrote Mrs. Bell to send us a sample Cucumber. This she kindly did, sending one-half dozen. We put them in a tight box surrounded by cotton in a cool, dry place. They were taken from the vine Sept. 1st. They remained sound and firm, retaining their color and quality until Christmas, when they furnished a Christmas delicacy. We are sure that we could have kept these Cucumbers along until February or March.

new in the Cucumber line. You can take a Cucumber, put it in a cool, dry cellar and keep it for months without losing the color or the quality, or without decaying. I believe if you could once see this Cucumber that you would wish to handle same."

Price of Salzer's Everlasting Cucumber: Package of 20 seeds, 15c; ¼ oz., \$1.00.

Think of the fancy prices Cucumbers would bring in March!

Now, our stock of this seed is very limited, indeed confined to but several pounds, hence we can sell but small quantities to each customer.

Salzer's Great Japanese Climbing Cucumber.

A wonderful Cucumber, climbing rapidly like a vine, and bearing innumerable Cucumbers of delicious quality.

Pkg., 10c; oz., 20c; ¼ lb., 60c; postpaid.

The Cumberland Pickle.

This variety, of the hardy White Spine type, is a rapid, strong grower and is very prolific in fruit. The pickles differ from all other hardy sorts in being thickly set with fine spines, except on the extreme stem end. During the whole period of growth, from the time they first set until full grown, the form is exceptionally straight and symmetrical, making them as choice for a slicing variety as for pickles. The flesh is firm, very crisp and tender at all stages.

Price of The Cumberland Pickle: Big pkg., 10c; oz., 20c; ¼ lb., 35c; lb., \$1.10.

Salzer's Elite Pickling.

There is no pickling Cucumber in the United States to-day which enjoys so large a sale as Salzer's Prolific Pickle, but in Salzer's Elite we have something still a little better, still a little finer, choicer, rarer, just the pickling Cucumber you want for something real fancy. The housewife who wishes to put up a few bottles of extra fancy, extra fine, extra tender Pickling Cucumbers will want Salzer's Elite.

Price: Pkg., 15c; oz., 25c; ¼ lb., 75c; lb., \$2.50.

HERBS, ETC.

The following medicinal herbs are so well known that they need no special description. We urge all to plant same. What is more helpful to babes than Fennel tea? And just think of the good Sage tea, Anise and all the other sorts, too! You will want some, if not for medicinal purposes, then for flavoring. The package of mixed Herbs for 10c is very popular.

Price for all Herbs, except as noted, pkg., 5c; oz., 25c.

Dill, German Giant—Large, leafy, of splendid flavor. Pkg., 10c; oz., 25c; ¼ lb., 50c; lb., \$1.50.

Marjoram, Common—Pkg., 5c; oz., 20c; ¼ lb., 50c; lb., \$1.50.

Marjoram, Frankfurter—Grown largely at Frankfurt, Germany. Pkg., 10c; oz., 25c; ¼ lb., 65c; lb., \$2.25.

Thyme, Common—Pkg., 5c; oz., 30c; ¼ lb., 65c; lb., \$2.00.

Thyme, Berliner—Largely grown near Berlin. In high demand. Pkg., 10c; oz., 40c; ¼ lb., \$1.00; lb., \$3.00.

THYME.

SWEET MARJORAM.

DILL.

Mixed Herbs. Pkg., 10c; oz., 30c; ¼ lb., \$1.00.

No other mixture of seeds that we have for sale has given such tremendous satisfaction as our mixed herbs and mixed peppers. Indeed, our mixture of herbs is immensely popular, as you get seeds of all sorts carefully mixed at but 10c a package. There are just thousands upon thousands of our lady friends and gardeners using the mixed herbs for their kitchen garden. A package usually will produce enough plants of any one variety desired for flavoring or medicinal purpose. Price: Mixed Herbs Pkg., 10c; oz., 30c; ¼ lb., \$1.00; lb., \$3.00.

SAGE.

A few ounces of Sage will plant enough for 300 bunches of dry leaves. At La Crosse it retails at 5c a bunch. This is a splendid thing for the school boy or school girl to plant in a corner of the garden, taking good care of same, and in fall tie in bunches and sell to their neighbors for flavoring or tea. An ounce of seed will furnish enough plants to sell \$10 or \$15 worth of dried leaves in your market.

Common Sage—Pkg., 5c; oz., 20c; lb., \$1.25.

Salzer's Giant—Very large and fine. Pkg., 10c; oz., 30c; ¼ lb., 75c; lb., \$2.00.

SALZER'S GIANT SAGE. Pkg., 10c.

This giant sage is the finest of all sage sorts. It's large, fruitful, bushy and fine. Pkg., 10c; oz., 30c; ¼ lb., 75c; lb., \$2.00.

CHAMPIGNONS OR MUSHROOMS.

MUSHROOMS

1 lb., postpaid, 30c.

The demand for Mushroom spawn among private growers and gardeners for growing in cellars, sheds, etc., has increased with us since its introduction over 1,000 per cent. Everybody is trying this most delicious of all edible fungi. Our booklet, "Mushroom Culture," is mailed you on receipt of 10c, or free with each 80c order. The Mushroom is a delicious edible fungus, of a white color, changing to brown when old. The gills are loose, of a pinkish-red, changing to livid color. It produces no seed, but instead a white, fibrous substance in broken threads, called spawn. Can be grown in cellars and out-of-the-way places.

CULTURE OF THE MUSHROOM.

Our booklet, price 10c; or mailed free with each order of 30c worth of spawn, tells all about it.

Price of spawn, lb., by mail, 30c; 4 lbs., \$1.00; by express, lb., 20c; 5 lbs., 75c; 10 lbs., \$1.25; 25 lbs., \$3.00; 50 lbs., \$5.25.

A BED OF SALZER'S MUSHROOMS.

EGG PLANTS.

The Egg Plant is one of the rarest delicacies in the vegetable world! Its rich, chaste flavor is reached by no other vegetable!

New York Purple—Our strain of this celebrated variety has been greatly improved; it's early and extremely prolific. Extra large, 60 pounds have been grown from 1 plant; delicious oyster flavor when fried. Pkg., 5c; oz., 30c; ¼ lb., 90c; lb., \$3.50.

Salzer's Early Purple—Large (new). The finest of all Egg Plants. It's the earliest, tenderest, most delicately flavored, richest of all! It is especially adapted for family use. Nothing quite "so good as Early Purple." Pkg., 10c; oz., 40c; ¼ lb., \$1.00; lb., \$3.60.

Early Long Purple—A grand variety. Pkg., 5c; oz., 30c; lb., \$3.50.

White Egg Plant—A novelty. Very nice and fine. Pkg., 15c; oz., 60c.

EARLY LONG PURPLE.

SALZER'S EARLY PURPLE. PKG., 10c

WHITE EGG PLANT Pkg., 15c.

RICH FLAVOR

THREE FINE THINGS.

CHIVES.
HORSE RADISH.

Mustard.

Southern Giant—Large, rich, thick leaves, used for greens. Pkg 10c; oz., 15c; ¼ lb., 35c.

Chinese—In great demand on account of its large, noble, rich, bushy and prolific leaves. Pkg., 10c; oz., 20c; ¼ lb., 30c; lb., 75c.

MUSTARD, CHINESE. Pkg., 10c.

OKRA OR GUMBO.

Largely grown in Southern States. Its long pods are used in soups, etc. Plant when warm.

Salzer's Dwarf Okra—Have you ever tasted Okra soup? Is there anything like it? Chicken Okra soup? And no Okra grows which will produce richer pods for this delicious soup than Salzer's Early Dwarf. This is the princess of

SALZER'S EARLY DWARF. Pkg., 10c.

the Okra family—pods fine, just the size—and produced early and in abundance. Pkg., 10c; oz., 15c; ¼ lb., 35c; lb., \$1.25.

Long Green—Excellent. Pkg., 5c; oz., 10c; lb., 75c.

DANDELION—Salzer's French Giant.

Here you have a salad that is *par excellence*. It is one of the very best extremely early salads imaginable. Good for the blood, and in France it is largely grown for this purpose. It is a blood purifier! It is delicious in the extreme, and on account of its extreme earliness is in great demand. Price: Pkg., 15c; oz., 50c; ¼ lb., \$1.00; lb., \$3.50.

BIRD SEEDS.

We do not deliver free, but will do so if 10c per lb. is added to the following prices:

"Fancy Recleaned."

Salzer's Mixed Bird Seed has become famous for its superior quality. We use nothing but freshest high-grade seed, free from mustiness and dust. Our blend of seed is particularly relished by canaries, and other birds. Lb., 10c; 100 lbs., \$6.90.

Canary, Best Sicily, lb., 10c; 100 lbs., \$6.00. **Hemp**, lb., 10c; 100 lbs., \$5.00. **Maw**, lb., 20c; 100 lbs., \$15.00. **Millet**, lb., 10c; 100 lbs., \$4.00.

German Rape for Birds, lb., 10c; 100 lbs., \$6.00.

Vetches for Pigeons, lb., 10c; 100 lbs., \$6.00.

Peas for Pigeons, lb., 6c; 100 lbs., \$3.00. Always add 10c a pound to above if desired postpaid.

Corn Salad or Feticus.

An excellent vegetable, used as a salad; largely grown for market. Sow early in spring, in rows 1 foot apart, and it is fit for use in six weeks. Pkg., 5c; oz., 10c; lb., \$1.00.

CHERVIL.

Well known. Used like Parsley. Pkg., 5c; oz., 15c; ¼ lb., 40c.

CARDOON.

Used blanched like Celery. Pkg., 10c; oz., 50c.

COTTON SEED.

Pkg., 5c; oz., 10c; ¼ lb., 25c; lb., 75c.

MARTINIA.

For pickles. Pkg., 5c; oz., 40c.

NASTURTIUM.

The seeds, while young and succulent, are pickled and used as capers.

Tall—Pkg., 5c; oz., 10c; ¼ lb., 35c.

Dwarf—Pkg., 5c; oz., 15c; ¼ lb., 50c.

WILD RICE.

Splendid for sowing on ponds, lakes, etc., to attract ducks, geese, etc. Lb., 30c, postpaid; 10 lbs., \$1.75 by express.

GARLIC, see page 32.

We cannot too strongly recommend the growing of a few dozen Chives; when once planted they live forever. A few plants taken in the house and placed in the cellar during winter will, as soon as brought to light, sprout and bear an abundance of greens for salads, of strong onion flavor. Per 12, 20c; per 25, 30c; per 100, \$1.00.

2. Horseradish.

This splendid appetizer cannot be overestimated. 25 plants will be sufficient for a small family. The roots grow and increase rapidly in size, and bear abundantly with each succeeding year. Plant in a corner of the yard where you wish it to grow, and it will repay you many times, as you can begin digging the next year. 6 roots for 20c; 12 for 35c; 25 for 70c; 100 for \$2.75, postpaid.

3. Pieplant (Rhubarb) Root.

Nearly everybody is fond of Pieplant pie, or the same prepared in almost any way, as sauce, etc. Well, a dozen or two plants planted in a corner of your garden next to your Chives and Horseradish will give you a great abundance of this delicious plant. It is healthful, an excellent appetizer, a great tonic. 3 for 30c; 6 for 50c; 12 for 75c; postpaid; 100 by express, \$5.00.

PIEPLANT OR RHUBARB SEED.

Salzer's Giant—Very large produces Pieplant the second year after sowing. Pkg., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.50.

Lineas Rhubarb—A variety of Rhubarb that is in great demand, and is largely sold in the East. Pkg., 5c; oz., 15c; ¼ lb., 50c; lb., \$1.50, postpaid.

Earliest Sweet Pieplant—See page 61. **Salzer's Royal Monarch**—see page 61.

RUBARB.

SALZER'S SELF-BLANCHER CELERY.

Come here, my friend, and let me tell you something about this great Celery. There is no Celery equaling it in taste, richness of color, perfection in blanching, and earliness. In our home kitchen garden this variety produced tender, delicious, crisp, brittle Celery, without any hoeing, completely blanching itself. It is pre-eminently the sort to grow and use for home garden, for market or for shipping. The demand for this magnificent Celery has been marvelous. Almost every order seemed to want Salzer's Self-Blancher, until we sold almost every grain of seed, and everybody grew the finest Celery they had ever seen. Now, we are sure that there is no self-blanching Celery ahead of Salzer's Self-Blancher. You will like it. It is early, crisp, tender—absolutely the finest.

**30,000 PER ACRE \$ 900**

have had fields of this in the past containing 10,000 to 20,000 plants, in which there were but a dozen of green stalks, so that we have rooted these out almost entirely. We do not know of any Celery blanching more perfectly, that is better or finer, or will give greater satisfaction than Salzer's Self-Blancher.

If we were to plant two stalk Celery varieties, we would use Salzer's Self-Blancher for early, and Giant Golden Heart for late. One ounce of seed ought to furnish from 3,000 to 5,000 plants. There is nothing more profitable than Salzer's Self-Blancher Celery. If sold for early market, an acre readily brings from \$250 to \$500, as it is so extremely early and fine.

Where the market is near, no crop pays better than Celery, as it is in constant demand from early June throughout fall and winter. Salzer's "Self-Blancher" is a variety that really should be called "All Seasons' Celery," from the fact that it is good in June, it is good in July, and good throughout the year. It keeps well, sells rapidly. It is handsome in the extreme, being remarkably stocky and a wonderfully strong grower, is very heavy, perfectly solid, of a delicious, sweet flavor, and with all these points is a wonderful keeper. One would think that these would be a sufficient number of good qualities, but to all of these is added THE WONDERFUL QUALITY OF SELF-BLANCHING to a very remarkable extent. Without banking up, or any covering to speak of, even the outer ribs become of a yellowish-white color, the heart being large, solid and of a beautiful golden yellow.

PRICE OF SALZER'S SELF-BLANCHER CELERY:

Big pkg., 10c; 3 pkgs., 25c; ½ oz., 25c; oz., 45c; ¼ lb., \$1.25; lb., \$4.00. Small pkg., 100 kernels, 6c.

**CELERY - 4 BEST SORTS.****4. Giant Golden Heart.**

Mr. Robert Purvis found in his Dwarf Golden Heart Celery a few plants of larger growth. These he carefully set aside and grew their product several seasons, planting out for seed only the thickest, tallest plants. The result of this we now have in our Giant Golden Heart, fully equal in quality to the original stock, the stalks are perfectly solid and of best, true Celery.

Another quality is its excellent keeping habit. In this respect we consider it the best Celery for winter storage, for market or for the private planter. Pkg., 10c; ½ oz., 20c; oz., 30c; ¼ lb., 75c; lb., \$2.50.

The great objection to growing Celery for family use has been the trouble experienced in blanching it. Blanch by tying the plant and drawing up a little soil, when the work of blanching is accomplished. Pkg., 10c; oz., 25c; ¼ lb., 70c; lb., \$2.40.

The great favorite in the Boston markets. It is early, very solid, white, of mild, delicious flavor. Pkg., 10c; oz., 20c; ¼ lb., 60c; lb., \$1.90.

WHITE WALNUT.

So called because of its rich, walnut-like flavor. The stalks are solid and heavy, of dwarf, compact growth. Pkg., 10c; oz., 20c; ¼ lb., 75c.

6 WELL-KNOWN CELERIES.

1. Crawford's Half Dwarf—One of the best. Pkg., 3c; oz., 15c.
2. Dwarf White Solid—Excellent variety. Pkg., 3c; oz., 20c; ¼ lb., 60c.
3. Seymour's Superb White—One of the finest large Celery sorts. Pkg., 5c; oz., 20c.
4. Dwarf Golden Heart—Heart waxy golden-yellow, showy and very popular. Pkg., 10c; oz., 20c; ¼ lb., 60c; lb., \$1.90.
5. Salzer's Giant Celery—The largest Celery known. Pkg., 10c; oz., 20c; ¼ lb., 60c; lb., \$1.90.
6. Crimson Celery—Beautiful red color. Pkg., 10c; oz., 35c.

1. New Rose Celery.

A magnificent new Celery. The color is a beautiful shade of rose, of exceptional fine flavor; solid, crisp and tender, and has proven itself entirely free from stringiness. It is a splendid variety for late use; it keeps well and blanches well. It is one of those varieties that will certainly please the private grower. Pkg., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.50.

2. Golden Self-Blanching.

The beautiful appearance of the plant, with its close habit, compact growth, and straight, vigorous stalks, is indescribable. The ribs are perfectly solid, crisp, brittle, and of delicious flavor, surpassed by no other variety, while it has the decided merit of being self-blanching. Without banking up or any covering whatever, even the outer ribs become of a handsome, fresh yellowish-white color. The heart is large, solid, and of a beautiful, rich, golden yellow color, extremely early and of the richest flavor. Pkg., 10c; ½ oz., 20c; oz., 35c; ¼ lb., \$1.00; lb., \$3.50.

Golden Self-Blanching (Paris Strain).

The golden self-blanching Celery originated in Paris and our Paris strain is grown by the introducer specially for us. It is par excellence. Pkg., 12c; ½ oz., 25c; oz., 40c; ¼ lb., \$1.50; lb., \$4.50.

3. New Giant Pascal.

The height is about 2 feet; stalks are very large, thick, solid and not stringy, and unusually tender and crisp, snapping like glass, and when desired can be sliced lengthwise. When fully grown the outer stalks will average 2 inches in width and are fully as thick as a man's finger, which is well shown in the illustration of a stalk of a Giant Pascal reduced in size. It blanches very easily, and after a few days' earthing up, the outer stalks present a beautiful white appearance. Pkg., 10c; oz., 25c; ¼ lb., 60c; lb., \$1.75.

One package each of the 4 best Celeries, 25c.

WHITE PLUME CELERY.

The great objection to growing Celery for family use has been the trouble experienced in blanching it. Blanch by tying the plant and drawing up a little soil, when the work of blanching is accomplished. Pkg., 10c; oz., 25c; ¼ lb., 70c; lb., \$2.40.

BOSTON MARKET.

The great favorite in the Boston markets. It is early, very solid, white, of mild, delicious flavor. Pkg., 10c; oz., 20c; ¼ lb., 60c; lb., \$1.90.

WHITE WALNUT.

So called because of its rich, walnut-like flavor. The stalks are solid and heavy, of dwarf, compact growth. Pkg., 10c; oz., 20c; ¼ lb., 75c.

6 WELL-KNOWN CELERIES.

1. Crawford's Half Dwarf—One of the best. Pkg., 3c; oz., 15c.
2. Dwarf White Solid—Excellent variety. Pkg., 3c; oz., 20c; ¼ lb., 60c.
3. Seymour's Superb White—One of the finest large Celery sorts. Pkg., 5c; oz., 20c.
4. Dwarf Golden Heart—Heart waxy golden-yellow, showy and very popular. Pkg., 10c; oz., 20c; ¼ lb., 60c; lb., \$1.90.
5. Salzer's Giant Celery—The largest Celery known. Pkg., 10c; oz., 20c; ¼ lb., 60c; lb., \$1.90.
6. Crimson Celery—Beautiful red color. Pkg., 10c; oz., 35c.

TURNIP ROOTED CELERY.

Probably the most profitable crop in Celeries is to grow the Turnip-Rooted varieties. These grow well, bring in great crops and great money. We urge all to try a piece with Salzer's Turnip Celery. An ounce of seed will furnish a thousand plants or more, and at La Crosse 1,000 bulbs sell for \$36.00, and are grown on a small strip and with but little care. Nothing is finer for salads, flavoring of soups, etc., than Salzer's Turnip-Rooted Celery.

1. Turnip Rooted—Well known. Pkg., 5c; oz., 15c; lb., \$1.40.
2. Finest German—Elegant and delicious. Pkg., 5c; oz., 20c; lb., \$2.20.
3. New Apple Rooted—A luscious salad Celery. Pkg., 5c; oz., 20c; lb., \$2.00.

4. Salzer's Turnip Celery.

Our Northern-grown Salzer's Turnip Celery tests 99 heavy roots to the 100 planted; all are large, solid, tender, remarkably well flavored bulbs. This is immeasurably superior to the common Turnip-Rooted Celery. This stock is carefully selected, of most excellent quality, delightful flavor and of wondrous yield.

Geo. Theysen says: "From the one ounce Turnip Celery seed I sold \$30.00 worth of roots."

John Bene, Milwaukee: "I bought ¼ lb. Salzer's Turnip Celery, and sold \$80.00 worth. All roots were very fine."

Now we know that there is lots of money to be made by growing Salzer's Turnip Celery. Just try it and be happy. There is no Celery better than Salzer's Turnip-Rooted.

Price of Salzer's Turnip Celery.

Big pkg., 10c; oz., 20c; ¼ lb., 60c; lb., \$2.00. Small pkg., 100 kernels, 6c.

THE EARLIEST**KOHLRABI.**

This delicious vegetable is justly popular. Excellent for soups or cooked as turnips. Full cabbage flavor; earlier than cabbage.

Salzer's Purple Vienna—The finest of all. Early, sweet, tender. Will ripen fit for use in 28 days. It is a delicious cabbage-flavored dish; you will like it. Pkg., 10c; oz., 30c; ¼ lb., \$1.00; lb., \$3.00.

Early White Vienna—Very early, ripening right after Salzer's Purple. It's of fine shape, very early and of delicate cabbage flavor. Pkg., 5c; oz., 15c; ¼ lb., 50c; lb., \$1.50.

Salzer's Mammoth—Grows to large size and of juicy quality. 1 oz. will furnish 1,000 plants. It grows much larger than the Vienna varieties. Will also do well for stock feeding. Pkg., 10c; oz., 25c; ¼ lb., 60c; lb., \$2.00.

SALZER'S MAMMOTH.

Price of Salzer's Purple: Pkg., 10c; oz., 30c.

LEEK.

A splendid vegetable for flavoring soups, etc. Treat same as onions; both leaves and bulbs are used. In fall, plant a few in sand in cellar for winter use.

NEW WINTER.

New Winter Flag—Very fine. Pkg., 5c; oz., 30c; lb., \$2.00.

Salzer's Large Rouen Leek.

The finest, most prolific and profitable of all. Grown in enormous quantities in France and Germany. Splendid for flavoring. Pkg., 15c; oz., 35c; lb., \$2.00.

Broad London Flag—Much used. Pkg., 5c; oz., 15c; ¼ lb., 40c; lb., \$1.15.

**EGG PLANT.**

See
Page 30.

GARLIC.

In great demand among all classes. **Common Garlic Sets**—¼ lb., 15c; lb., 35c. Lb., by express, 20c; 5 lbs., 90c; 10 lb., \$1.70.

Italian—Very prolific. Grown from imported bulbs, very rich and desirable. ¼ lb., 15c; lb., 40c; 5 lbs., by express, \$1.25; 10 lbs., \$2.00.

COMMON GARLIC.

SALZER'S EARLIEST LETTUCE.SALZER'S EARLIEST
THE EARLIEST LETTUCE IN THE WORLD

At the head of our long Lettuce list stands by superlative merit—Salzer's Earliest Lettuce. Now, then, we have learned a thing or two about Lettuce in the 35 years of our gardening experience, and we think we are perfectly safe when we say that Salzer's Earliest Lettuce is the **earliest in the world**, and that we are saying something no man can contradict. It is indeed a remarkable Lettuce, grows quickly, of beautiful color and shape, and will make more money for the market gardener, whether he sows seed in a hotbed or any sheltered position outside, than any other Lettuce we know of. We have unlimited numbers of testimonials from market gardeners, from citizens and farmers, praising the merits of this **Earliest Lettuce**. It is the Lettuce for early; for it is the Lettuce for all summer long.

64,752 LETTUCE PLANTERS SOW IT.

This variety we obtained from one of our customers in Germany, who pronounced it the earliest Lettuce grown in that empire. Then we sent it to the market gardeners in Boston, who reported: "**Earliest ever seen here.**" We then distributed it in Philadelphia, New York and other centers, and all united in calling it the "earliest of all." It is earlier than the Early Simpson or Tennis Ball, or any Lettuce known to us. We believe that there is no

Lettuce anywhere that will equal it in earliness, in quality, in color, in shape, and above all in its rich, nutty flavor. It is a Lettuce that has won its place and is to-day planted by every market gardener and planter desiring a Lettuce for earliness—earlier than any other variety on the globe. We are so positive that you will be pleased with this variety that we have unhesitatingly recommended same. If you once plant it you will never get along without it. It is so fine, so rich, so nutty, so profitable. **Price of Salzer's Earliest Lettuce:** Big pkg., 10c; oz., 20c; ¼ lb., 40c; lb., \$1.50.

LETTUCE, AMERICAN BEAUTY.

American Beauty is the latest Lettuce novelty asking for your favor, and we believe, without a question, this is the finest, choicest, rarest novelty offered in the Lettuce line for many a year. It is a decided, distinct sort, somewhat of the Simpson type, but grows larger and stronger and more rapidly, and its leaves are broader, and thicker, and richer, and darker, although somewhat slightly less curled and frilled at the edge, yet it's beautiful in the extreme and does full credit to the proud name it bears. It is more of a large, loose head, branches well and is of excellent quality indeed: It has a rich, nutty flavor, crisp, juicy, and fine in the extreme.

This sort remains long in condition for use before running to seed and is of very splendid quality. The trials on our own private grounds have proven this Lettuce wonderful in the extreme. It will stand the summer heat, and moisture, and drought, and rough weather in a remarkable degree. It does splendidly for forcing, whether in hotbeds or greenhouses, and is A No. 1 for early planting outdoors. We are positive that it is the very best new sort offered in many a year.

Price: Pkg., 15c; oz., 25c; ¼ lb., 75c; lb., \$2.50.

KAISER WILHELM

KAISER WILHELM LETTUCE—Over in Germany there are some 50,000,000 people who believe that the best Lettuce in the world is grown in that country. We agree with them that Kaiser Wilhelm head Lettuce is a big variety—almost as "big headed" as the present Kaiser appears to some Americans; but, setting all fun aside, this is a magnificent head of creamy white, nutty, deliciously flavored Lettuce, sure to please, both on account of its size and quality.

Price: Pkg., 15c; oz., 40c; ¼ lb., \$1.00, postpaid.

LA CROSSE MARKET LETTUCE

LA CROSSE MARKET LETTUCE.

THE LARGEST HEAD LETTUCE IN THE WORLD—Often 4 to 5 feet in circumference, and as good as it is large. A luxuriant grower, consequently tender, sweet and crisp. It produces immense heads, often 15 and 16 inches across, and weighing enormously. The interior is beautifully

SALZER'S

**"IMMENSITY"
LETTUCE.**

blanched, creamy-white, crisp, tender and delicious, being absolutely free from any trace of bitterness. It is a very large, robust-growing variety, rooting deeply, resisting hot, dry weather, very slow to run to seed, and a sure header under most trying conditions. The outer color is of a distinct apple-green. As a standard main summer crop, hot weather Lettuce it is in every way desirable and has no equal, but is not recommended for forcing.

Pkg., 10c;
oz., 25c; ¼ lb., 65c;
lb., \$2.00.

Salzer's Perfect Blanching Celery Coss.

The Coss Lettuce blanches perfectly and has a rich celery flavor. It is the delight of the epicurean, and we know that every one testing same will be pleased in the extreme with this rich novelty.

Price, pkg., 10c; oz., 30c; ¼ lb., \$1.00; 1 lb., \$3.00 postpaid.

SALZER'S IMMENSITY LETTUCE

Is a gigantic Lettuce, with an enormous, solid head. The plant and head not only attain phenomenal dimensions, but it is also of the finest quality, even the outer leaves being tender. The plant is fully 18 inches in diameter, while the head proper is proportionately large. It is one of the slowest to run to seed that we have ever seen, and maintains that crispness of texture and sweetness of flavor that will surely make it popular. It is an excellent variety for early sowing, as it has good heat-resisting qualities which carry it safely through the most trying seasons.

Price, big pkt., 10c; oz., 30c; ¼ lb., 75c; lb., \$2.50.

SALAMANDER.

A great, giant colossal Lettuce.
Pkg., 15c; oz., 25c; ¼ lb., 60c.

SUNDANCE LETTUCE.

The solid heads are of great size, and the leaves are tender and brittle. The head has a rich, yellow heart, hence suggesting the name, Salzer's Sundance Lettuce. The leaves are thick and glossy, somewhat curled, of a good and attractive green color, variegated with bronze. The illustration gives an idea of its highly attractive appearance. This Lettuce cannot be over-estimated or over-praised for home use in spring and summer, but it is rather too brittle for market. This sounds like saying that it is too good for market, for brittleness or crispness is a virtue rather than a fault. It must have plenty of room in the row, on account of its size. It will everywhere prove to be one of the best Lettuces ever grown, either for hotbed or for open-air culture.

Pkg., 10c; oz., 20c; ¼ lb., 60c; lb., \$2.00.

**SALZER'S

THE QUEEN OF
SUMMER.**

SALZER'S ALL CREAM LETTUCE

BUY SALZER'S NORTHERN GROWN SEEDS

All Cream Lettuce.

This remarkable Lettuce does not head, but makes a loose bunch of leaves of *superlatively fine quality*. It should be in every garden. We have received hundreds of testimonials, all uniting in pronouncing it of extra flavor and remarkable for maintaining its high quality for an unusual length of time. It forms a beautiful plant, 10 to 12 inches high by 9 to 10 inches across; the leaves grow upright, the upper part of the outer leaves turning outward very gracefully, and are handsomely wrinkled. The edges of the outer leaves are of a glossy, reddish bronze, very ornamental and fresh in appearance; within the leaves are almost white and wonderfully crisp and tender. It grows very quickly; is ready to cut early, and remains for weeks. It is the *cream of all sorts*. Big pkg., 10c; oz., 20c; ¼ lb., 40c; lb., \$1.50.

NEW LETTUCE, HEAVY-WEIGHT.

Our New Heavy-Weight Lettuce is of unusual size and solidity of head. We have had it time and again 18 inches in diameter, with heads almost as solid as an early Summer Cabbage; is crisp, tender, and of excellent flavor. The outside color is distinct in shade, the inside is yellowish white. Pkg., 15c; oz., 25c; ¼ lb., 75c.

NEW ICEBERG LETTUCE.

This is a quick-growing, hard-head, handsome, early new Lettuce variety, producing solid heads 8 inches in diameter, very crisp and sweet. Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., \$1.40.

GRAND RAPIDS FORCING.

The Best Sort for Shipping.

This grand new forcing variety stands more neglect in the way of watering and ventilation, will grow greater weight on the same ground and will stand longer after matured than the Black Seeded Simpson. It is of handsome appearance and not apt to rot, and will keep from wilting longer while exposed for sale than any other sort. Pkg., 5c; oz., 15c; ¼ lb., 35c; lb., \$1.10.

Andiven or Endive Lettuce.

SALZER'S ENDIVE!

Endive is one of the best salads for fall and winter use. Blanch by tying up the leaves in a conical form with bast or twine.

Salzer's Moss Curled—Very fine, indeed. The very best for family use. Of excellent flavor and quality. Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50.

Broad Leaved Batavian—Chiefly used in soups and stews; requires to be tied up for blanching. Pkg., 5c; oz., 15c; ¼ lb., 40c; lb., \$1.40.

Green Curled—Very fine. Pkg., 5c; oz., 25c; ¼ lb., 75c.

3 BIG HEAD LETTUCES FOR 20 CENTS.

1. New York Market . . . Lettuce

Is a new and remarkable variety, one which is also unusual for size and solidity of head, often measuring 16 inches in diameter, weighing 5 lbs. It bleaches itself naturally, is crisp, very rich, oily, tender, of excellent flavor and entirely free from bitterness. Pkg., 10c; 3 pkgs., 25c; oz., 20c; ¼ lb., 40c; lb., \$1.25.

2. Salzer's German Butter.

We obtained this strain while in Europe in 1894, and it must not be compared with that offered by other dealers as German Butter. It is Lettuce that we relished and received in almost all restaurants and hotels throughout Germany, and is served there never less than twice a day during the season, which seemed to last all summer. It is indeed a fine, buttery, green Lettuce, and we are sure that everybody growing same will be delighted therewith. Pkg., 10c; oz., 20c; ¼ lb., 40c; lb., \$1.25.

GIANT HEAD LETTUCE NOVELTY—GERMAN BUTTER. PKG., 10c.

3. Salzer's Prize Head.

This is one of the finest Head Lettuce for all-year-round use in cultivation; is splendid for family. Heads large, solid, tender, blanching perfectly, oily and buttery in texture, and of delicious flavor. Must not be confounded with the prize head Lettuce offered by other dealers. This is a giant. Pkg., 5c; oz., 15c; ¼ lb., 30c; ½ lb., 55c; lb., \$1.05.

One package each of above 3 Big Head Lettuces, 20c.

One ounce each above 3 Big Head Lettuces, 50c.

SALZER'S PRIZE HEAD. A GRAND LETTUCE FOR ALL PURPOSES. PKG., 5c; oz., 15c.

3 GREAT LETTUCES FOR 25c.

THE 3 SORTS 25 CTS. SALZER'S IMPROVED HANSON THE 3 SORTS 25 CTS.

One ounce each of these 3 Lettuces costing you but 50 cents, should furnish you at least \$35.00 worth of Lettuce. Try it for 1907 and keep track of your receipts and see if they will not exceed \$35.00.

EARLY SIMPSON

SALZER'S PEER OF ALL

25 CTS. 25 CTS.

A GRAND TRIO.

EARLY MEDIUM LATE

ONLY 25 CTS. FOR THE 3 PACKETS.

3 PACKETS FOR ONLY 25 CTS.

SALZER'S EARLY SIMPSON.

Greatly improved, one of the earliest of all Lettuce sorts, especially good for hotbed or cold-frame forcing, or for extremely early in the garden. Very crisp, yellow and tender. This and Salzer's Earliest we use for very early. Delicious flavor, rich and nutty. Pkg., 10c; oz., 15c; ¼ lb., 30c; lb., \$1.00.

IMPROVED HANSON LETTUCE.

Unquestionably the very best medium late, hard-head Lettuce grown; we do not know of a superior in any respect. It forms a very large head, weight as high as 6 pounds, solid to the core, tender, crisp, and of the most delicious flavor imaginable. It resists summer drouths and heat to a wonderful degree, and is at all times ready for the table, with a nutty flavor, agreeable and pleasant to the taste. Pkg., 10c; oz., 15c; ¼ lb., 30c; lb., \$1.00.

PEER OF ALL SUMMER LETTUCE.

This is a California novelty. The color of outer leaves is a beautiful semi-crimson. The head is enormous in size, and of excellent flavor. It withstands all sorts of dry and hot weather and seems to flourish and produce big heads even under unfavorable circumstances. It is a grand novelty; when once tried will become a standard, as it is the "Peer of All" Summer Lettuces. Pkg., 10c; oz., 25c; ¼ lb., 60c; lb., \$2.00.

1 PACKAGE EACH OF ABOVE—EARLY, MEDIUM AND LATE LETTUCES—FOR ONLY 25c; 1 ounce of each, 50c.

COS LETTUCES.

Sow these in early fall for late fall and winter use.

White Cos—Well known. Oz., 15c; ¼ lb., 50c.

Celery Coss—See Page 33.

Green Winter—Fine winter sort; good header. Pkg., 5c; oz., 20c; ¼ lb., 60c.

WHITE COS.

NEW AND RARE LETTUCE SORTS.

Denver Market—A large head variety. Pkg., 5c; oz., 10c; ¼ lb., 30c; lb., \$1.00.

Chartier—Enormous heads. Pkg., 5c; oz., 10c; ¼ lb., 30c; lb., \$1.00.

Hubbard Market—Very large, early heads. Pkg., 5c; oz., 10c; ¼ lb., 30c; lb., \$1.00.

The Morse—In great demand in the East and West. Pkg., 5c; oz., 10c; ¼ lb., 30c; lb., \$1.00.

Salamander—Compact, enormous heads, summer heat resisting. Pkg., 15c; oz., 25c; ¼ lb., 50c; lb., \$1.50.

Passion or Southern Heart—A splendid Lettuce for the South. Pkg., 5c; oz., 10c; ¼ lb., 30c; lb., \$1.00.

San Francisco Market—A magnificent, beautiful Lettuce; is unsurpassed for family, garden or for market use; very popular. Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., \$1.20.

CHEAP STANDARD LETTUCE SORTS.

The following 7 well-known standard Lettuce sorts we offer at only: Pkg., 3c; oz., 7c; ¼ lb., 19c; ½ lb., 30c; lb., 55c.

1. Goldenstone Head—A new sort which comes to us highly recommended. We have not given it a trial. Pkg., 3c.

2. Boston Market—Early and fine. Pkg., 3c.

3. Ice Drumhead—One of the most popular head varieties.

4. Early Tennis Ball—Early Dwarf, small heads, one of the very best early; much planted in the East. Pkg., 3c.

5. Early Curled Silesia—Very early, sweet and tender; a popular variety for hotbeds. Pkg., 3c.

6. Satisfaction—One of the best Lettuces known for general use.

7. Laccinated Beauregard—This is a fine cutting Lettuce; leaves green, deeply fringed; heads firm. Pkg., 3c.

SALZER'S NEW SUNLIGHT.

SALZER'S SUNLIGHT LETTUCE.

A Great Novelty.

This Lettuce is a great beauty, has handsomely curved and fringed leaves, solid, fine-shaped heads, very attractive; of white, silvery color. The flavor is delicious, nutty and buttery, and of unusual richness. Too slow to run to seed. It is of such excellent quality that it cannot fail to please the most critical. Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50.

MIXED LETTUCE SEED.

Endless sorts and varieties carefully mixed. This is a fine combination. Pkg., 10c; oz., 20c; ¼ lb., 50c; 1 lb., \$1.25.

BARGAIN LETTUCE. (See page 5.)

	Big pkg.	oz.	¼ lb.	lb.

GOLDEN BALL.

GOLDEN BALL.

for eating a long time. Pkg., 10c; oz., 20c; ¼ lb., 35c; lb., \$1.00, postpaid.

This novelty was obtained in Russia. It is of distinct color, a delicate golden yellow, retaining the same beautiful color to the center, which enhances its value. It is very crisp, tender, of excellent flavor, and is recommended for forcing an early spring crop. It is long standing, remaining fit Pkg., 10c; oz., 20c; ¼ lb., 35c; lb., \$1.00, postpaid.

OAK-LEAVED LETTUCE.

OAK LEAF. PKG., 10c.

It is decidedly the most ornamental Lettuce grown, and is particularly adapted to house use, as a few plants supply a family all season, one being able to pick and use the leaves all summer, being oily, crisp, sweet and tender. Pkg., 10c; oz., 30c; ¼ lb., 75c; lb., \$2.50.

MUSKMELON—EARLIEST RIPE.

Our attention was called to this Melon by a market gardener at La Crosse, who, for the past years, has always had Muskmelons from 8 to 15 days ahead of his neighbors. These Melons were of uniform size, of fine shape and appearance, green-fleshed, extremely delicious, and sold readily in our market at from \$1.25 to \$2.00 per dozen, the profit on an acre being something enormous, as all the Melons were usually sold before the other sorts came into the market.

THIS IS THE EARLIEST GREEN-FLESHED MUSKMELON

that we know of, and it will be sure to create a sensation everywhere. It is ahead of the Jenny Lind; in fact, ahead of any Muskmelon that we know of.

It is nearly round, as may be seen by the cut, of good size, frequently weighing 9 to 11 pounds each. Of a dark green color outside, heavily netted, while inside they are of a rich green color, and, we venture to say, with thicker flesh than any other variety in cultivation, there being scarcely room for the seeds. As to flavor, they take the lead of all, and are far ahead of everything else at present cultivated. It can be recommended alike for either home or market use, and has fully demonstrated that it deserves the name of **EARLIEST RIPE**. It surpasses all others in delicious flavor and unusual productiveness, beauty of form and desirable shipping qualities. It has positively demonstrated itself.

AS THE EARLIEST MELON IN THE WORLD.

We sold upwards of 50,000 packages of this earliest Melon, and we know we have just that many thousand pleased, delighted, happy Melon growers, and each and every one who has grown this earliest of all early Muskmelons praised it ahead of other sorts. We know that this Earliest Ripe will please everybody growing same, whether growing one or two hills or whether growing 20 or 30 or 50 acres.

**SALZER'S
EARLIEST
RIPE
MUSKMELON.**

If you want to make money on earliest Melons, there is nothing in the wide world that you can plant that will give quicker returns than Salzer's Earliest Ripe Muskmelon, Salzer's Fourth of July and Salzer's Earliest Watermelon.

PRICE OF SALZER'S EARLIEST RIPE MUSKMELON.

Big pkg., 10c; oz., 20c; ¼ lb., 40c; 1 lb., \$1.25; 3 lbs. (sufficient for 1 acre), \$3.00.

PAUL ROSE (Petoskey).

This is a slight improvement on our Queen of All. It is a cross between the Osage Orange and Netted Gem, and combines the sweetness of the former with the fine netting of the Gem. It is a magnificent Melon for shipping; is a long keeper, and has an unusually small seed cavity; is very firm, of delicious quality; a Melon that sells readily at a fancy price. It is, indeed, one of the most delicious, richest Melons offered.

Originator's Stock. Per lb., 85c; ¼ lb., 50c; ½ lb., 25c; oz., 10c; pkg., 5c, postpaid.

Salzer's Selected Stock: Per lb., \$1.50; ¼ lb., 60c; oz., 20c; big pkg., 10c, postpaid.

Salzer's Fourth of July and

SALZER'S BLUE RIBBON ROCKYFORD MUSKMELON.

This famous variety is still the best extra early small fruited, green-fleshed Melon in cultivation, and in connection with favorable soil and location has made the Rockyford (Colorado) Melons so celebrated. We supplied over a ton of our choice strain of seed to growers the past season and had to refuse many orders after our stock was exhausted. The illustration shows the attractive appearance of this variety, nearly a perfect globe in shape, remarkably uniform in size, weighing from 1¼ to 1½ pounds each. They are thick meated, with thin rind, skin green; regularly ribbed and heavily netted. Flesh, light green in color, melting and of uniformly luscious flavor; strong, healthy growth of vine; very prolific and early ripening. Price, pkg., 10c; oz., 20c; ¼ lb., 35c; ½ lb., \$1.25; 4 lbs., \$4.00 postpaid.

BLUE RIBBON ROCKYFORD MUSKMELON.

COMMON ROCKYFORD (as offered by other seedsmen). Pkg., 5c; oz., 10c; ¼ lb., 20c; ½ lb., 60c; 4 lbs., \$2.25, postpaid.

3 RARE MUSKMELONS, 15c

1. **EARLY HACKENSACK MUSK**—Delicious in flavor, unrivaled in quality; splendid for market, wonderful in yield; perfection in all. Hard to beat for eating, shipping and selling qualities. Extremely early, large and prolific. Pkg., 5c; oz., 10c; ¼ lb., 30c; ½ lb., 80c.

2. **ACME**—This is a splendid Melon, especially for shipping purposes; growing to large size; of excellent flavor; good keeping qualities. Splendid for all purposes. Pkg., 5c; oz., 10c; ¼ lb., 30c; ½ lb., postpaid, 80c.

3. **THE OSAGE MELON**—In 1886 simultaneously appeared in our Western cities a Melon branded "Osage," of a peculiar delicious flavor. Its origin was unknown, its arrival shrouded in mystery, its sale rapid. Men would come and sample a Melon, buy one and return within an hour for more, when the supply was found to have mysteriously disappeared. It's the greatest selling Melon on earth; salmon fleshed. Pkg., 10c; oz., 15c; ¼ lb., 30c; ½ lb., \$1.00.

One package of each, **EARLY HACKENSACK, ACME** and the **OSAGE MELON**, for only 15c.

THREE RARE MUSK MELONS.

ONE PACKAGE EACH 15c.

**SALZER'S QUEEN OF ALL.**

We pronounce Queen of All by all odds the sweetest, most delicious, luscious, richly flavored, delicate but strongly-scented Muskmelon we have ever eaten. The rich, aromatic flavor, its deep, golden salmon flesh, solid but juicy, and general beauty and quality of this Queen of All Melons is simply indescribable. The rind is strong, deep green, slightly netted, while its deep, thick, rich, salmon-colored flesh is luscious, melting and delicious in the extreme. Price of Queen of All: Pkg., 10c; oz., 20c; ¼ lb., 50c; ½ lb., \$1.25.

PERFECTION MUSKMELON.

Equally desirable and profitable to the planter of a dozen hills or the planter of tens of thousands. It has been planted by thousands of Melon growers in all sections of the country, and it has given one and all entire satisfaction. Pkg., 5c; oz., 10c; ¼ lb., 25c; ½ lb., 75c.

PERFECTION MELON.

SALZER'S QUEEN OF ALL

QUEEN OF ALL. Pkg., 10c.

the country, and it has given one and all entire satisfaction. Pkg., 5c; oz., 10c; ¼ lb., 25c; ½ lb., 75c.

**Rich Luscious
SALMON FLESH**

Montreal Market.
The fruit is very deeply and regularly ribbed; skin green, densely netted; flesh remarkably thick, light green, melting, and of a delicious flavor. In every way one of the most desirable of all. Adam F. Subenthaler, Dodge City, Kan., says: "Melons as big as a half bushel, just like big pumpkins—with meat thick, of the most delicious musk flavor; sweet and juicy." Pkg., 10c; oz., 20c; lb., \$1.25.

The Princess.

Color, dark green; the flesh is of a rich salmon color, much thicker than other Muskmelons, and is sweet and luscious beyond description; very early and averages 8 lbs. in weight, often producing from 8 to 12 perfect Melons from a seed. Pkg., 5c; oz., 10c; ¼ lb., 20c; lb., 60c.

MONTREAL MARKET. Pkg., 10c; oz., 20c; ¼ lb., 40c; lb., \$1.25; 3 lbs., \$3.50.

Pineapple Muskmelon.

(A Winter Muskmelon.) The quality is delicious, having a rich, spicy flavor that is not possessed by any other fruit. This and Salzer's Johnson's Christmas Watermelon cannot be excelled. Pkg., 10c; oz., 35c; ¼ lb., \$1.00; lb., \$3.00.

CLIMBING ORANGE.

The fruit is of the size, color and shape of an orange, of delicious scent. Pared and sliced and fried in butter they are delicious, being superior to Parsnips. For preserves and pies they are splendid and for Mangoes are considered superior to Peppers. Directions with each package. Pkg., 10c; 3 pkgs., 25c.

CLIMBING ORANGE. Pkg., 10c; 3 pkgs., 25c.

POMEGRANATE.

Similar to Vegetable Orange; of delicious flavor. Fine for pickling. Pkg., 10c.

PERSIAN MONARCH.

A grand Melon; very large; of delicious quality; flesh almost salmon colored; meat juicy, thick and sweet. Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50.

EMERALD GEM.

Well-Known Muskmelon Sorts.

Price of the 12 sorts unless otherwise noted: Pkg., 5c; oz., 10c; ¼ lb., 20c; lb., 65c, postpaid.

1. **GREEN NUTMEG**—Well known. It is a Melon for everybody; large, green flesh, thick and of luscious quality.
2. **WHITE JAPAN**—Light skin, thick flesh, early and fine.
3. **IMPROVED CASABA**—Pkg., 5c; oz., 10c.
4. **SILVER-NETTED NUTMEG**—Extremely early, nicely ribbed, nearly round and of delicious flavor. Pkg., 5c.
5. **BAYVIEW**—Exquisite flavor, green flesh, spicy and very prolific. Pkg., 5c; oz., 10c.
6. **LONG YELLOW CANTALOUPE**—Pkg., 5c; oz., 10c.
7. **ROUND YELLOW CANTALOUPE**—Pkg., 5c; oz., 10c.
8. **ORANGE CHRISTIANA**—Pkg., 5c; oz., 10c; lb., 75c.
9. **SKILLMAN'S NETTED**—Pkg., 5c; oz., 10c; lb., 75c.
10. **EXTRA EARLY CITRON OR NUTMEG**—This is a very early, profitable variety to grow for market. In shape it is round, medium in size, and heavily netted, a capital shipper, green meated. Pkg., 5c; oz., 10c; lb., 75c.
11. **ARABIAN SWEET MUSKMELON**—One of the finest Muskmelons yet introduced. It is very sweet flavored, oblong in growth, very large and productive.
12. **JENNY LIND**—It is astonishing that this, the most delicious small Melon, is so little known. It is one of the earliest. Pkg., 5c; oz., 10c; ¼ lb., 30c; lb., \$1.00.

VINE PEACH or MANGO MELON.

The Vine Peach, Vegetable Orange or Mango Melon resembles the Climbing Orange in taste and quality. Pkg., 10c; 3 pkgs., 25c.

Don't be afraid to send in orders for only 25 or 50 cents. They are just what we want, for next year you will order \$2 to \$3 worth or more.

Emerald Gem.

A very early and prolific variety, with a skin which, while it is ribbed, is perfectly smooth and of deep, emerald-green color. The flesh, which is thicker than in most other Melons, is of a suffused salmon color, exceedingly sweet and delicious. Pkg., 10c; oz., 20c; ¼ lb., 35c; lb., \$1.00.

Surprise.

Of round shape, cream colored skin, of fair size, quite early, and a good bearer, flesh salmon color, thick, and of fine flavor; a good sort for family use. Oz., 10c; ¼ lb., 20c; lb., 75c.

NO. 12. JENNY LIND.

MELON—SALZER'S MEXICAN BANANA.

This is a Banana Melon of a banana shape, banana flavor, banana color and banana quality; it resembles the banana in many respects, only that it is very much larger. Everybody who is fond of bananas will hail this Melon with delight, particularly so your little boy or girl. Give them the pleasure of growing it. Pkg., 15c; 2 pkgs., 25c; oz., 20c; ¼ lb., 50c; lb., \$1.50.

MEXICAN BANANA MELON.

THE STRAWBERRY MUSKMELON.

Has a decided Strawberry flavor, hence the name. The originator is confident that the bees carried strawberry pollen to the Melon blossoms, and thus introduced the taste of the Melon from which this new variety is descended. It is large ribbed, netted; fine in every respect. Pkg., 15c; oz., 30c; ¼ lb., 70c; lb., \$2.00, postpaid.

MIXED MUSKMELON SEED.

We are sure that we have hit upon a popular method of distributing every known variety of Muskmelon seed. We grew last year a great many varieties and have mixed same, and are offering them at a ridiculously low price, in order to give everybody an opportunity to grow dozens upon dozens of varieties.

Packages of over 200 seeds, 10c; 3 pkgs., 20c; oz., 15c; ¼ lb., 20c; lb., 60c; 5 lbs., \$2.50.

Mixed Watermelon Seed.

The mixed Watermelon seed packages contain almost endless varieties of sorts, in order to give our customers an opportunity to obtain the very best Melon sorts at a small cost. Of course, for a general crop, we would recommend the planting of our Expansion, Salzer's Earliest, Fourth of July, Wisconsin Hybrid, etc. In fact, every Melon on our list is a No. 1. Now, then, this mixture of Melon seed we are sure will please you. Pkg., 10c; 3 pkgs., 20c; oz., 15c; ¼ lb., 20c; lb., 60c.

SALZER'S EARLIEST WATERMELON.

We never tire setting forth the wonderful merits of Salzer's Earliest Watermelon, and we could fill ten pages of this catalogue with heartiest testimonials as to its earliness, quality, yield and splendid selling properties.

Salzer's Earliest is Absolutely the Earliest Watermelon known. Sure to be first in the market. It is of the most delicious flavor, very juicy and sweet. It is pronounced by all who use it "absolutely the earliest," and very salable in the market. It is fit for market ordinarily in 60 days, though customers report some ripe in half the time. Everybody should try this superb Melon. Splendid for family use, as a few vines will give you many early Melons. This is the Melon to plant when you are not sure of ripening. We always plant largely of this on that account. They have never failed us. Earliest on earth!

Now, then, we have nothing to take back from the above, only to add that Salzer's Earliest still holds the proud, enviable, solitary distinction of being absolutely the earliest Watermelon in the world, and its bigger brother, our matchless Fourth of July, is crowding it to the quick, coming in for second prize. We have increased the size of Salzer's Earliest fully one-half, so that it now bears just the size wanted for market—weighing 14 to 20 lbs. Nothing on the wide, wide, wide earth quite so early as Salzer's Earliest, the peer of all earliest Melons!

Price of Salzer's Earliest Watermelon: Big pkg., 10c; oz., 15c; ¼ lb., 35c; 1 lb., \$1.00; 3 lbs., \$2.75; 5 lbs., \$4.00. Small pkg. of 50 kernels, 6c.

SALZER'S NEW FOURTH OF JULY WATERMELON.

"There has been a great deal of speculation among seedsmen and especially among market gardeners, as to whether a Watermelon could be produced that would ripen earlier and at the same time be larger than Salzer's Earliest, as Salzer's Earliest has had the enviable distinction for the past years of being the earliest Watermelon in cultivation. Now, we think that in our new Fourth of July Melon we have solved this problem, and we are giving to lovers of Watermelons a Melon as large again, of the most exquisite flavor and taste imaginable, which ripens nearly as quick as our Earliest. This is a Melon that is bound to be popular at once.

First—On account of its extreme earliness, ripening with Salzer's Earliest

Second—On account of its magnificent quality. There is no Melon, not even the Wisconsin Hybrid, that is superior to it in quality.

Third—On account of its size. It is just the size that will sell readily and quickly at fancy prices during the early season of the Watermelon market."

When we sent forth this Melon under above description in 1895, we did so believing that we had the very best thing in early large Watermelons extant, and the many excellent reports which came in on same during the past seasons fully verify our belief. Just think of large, fine, luscious Melons, weighing all the way from 20 to 30 lbs., being raised in 44, 50, 53, 55, 56, 58, etc., days. That shows that this is one of the grandest and positively the best early large Melons grown. We have paid, the past three years \$300.00 in gold prizes on these two Melons. Salzer's Earliest always being a couple of days earlier, but Fourth of July coming in as big, big second, with large, luscious Melons. We are sure where once planted, no gardener or planter will try to get along without Salzer's Fourth of July and Salzer's Earliest Watermelons!

Price of Fourth of July Melon: Big pkg., 10c; oz., 15c; ¼ lb., 35c; 1 lb., \$1.00; 3 lbs., \$2.75; 5 lbs. (for 1 acre), \$4.00. Pkg., 50 kernels, 6c.

SALZER'S EXPANSION WATERMELON.

We are living in the age of expansion. Our country is rapidly moving to the front as the greatest power on earth; but there are two sides to this question, while there is only one side to Salzer's Expansion Melon, that is, when it comes to debate its quality. We are not going to say much about it, only this, that there is no Melon on earth that can begin to equal it in quality, in richness of flavor, in lusciousness, in deep, juicy, rich core, in fine outward appearance, large giant size and extreme earliness for so large a Melon. We say there is no Melon on earth that can approach it in quality that really goes to make a superb Melon. We really have never seen its equal and we know a thing or two about Melons. Salzer's Expansion will grow Melons from 20 to 90 lbs., and every one of them is sweet and rich and luscious and tender as same can be.

Price: Big pkg., 10c; oz., 20c; ¼ lb., 50c; ½ lb., 85c; 1 lb., \$1.50, postpaid; 5 lbs., by express \$7.00. Pkg., 50 kernels, 6c.

Price of Salzer's New Expansion Watermelon: Pkg., 10c; oz., 20c; ¼ lb., 50c; ½ lb., 85c; 1 lb., \$1.50; 5 lbs., or more, by express, \$1.40 per lb.

The Two Greatest Watermelons on Earth!

1. WISCONSIN HYBRID MELON.

It is safe to say that 3,000,000 people tasted this grandest of all Watermelons during the past season, for we sold enough seed of same to the great Melon growers for the largest markets of America to raise at least 2,000,000 Melons. In addition to this, over 70 000 of our regular customers are ready to attest that this is perfection in Watermelons. Our Wisconsin Hybrid is without a peer in the Watermelon field. It is the finest Melon we have ever grown—delicious flavor, splendid keeper, **PEERLESS**. It grows uniform in size, very heavy and solid, and is without doubt the best shipping Melon known. It brings 40 per cent higher price in our market than any other sort sold here. We have sampled and grown **OVER 100 SORTS** of Watermelons, but Wisconsin Hybrid stands immeasurably ahead of them in all qualities that go to make up a **GOOD MELON**. **WE WANT TO TELL YOU A SECRET**

Lend us your ears that is the ear of the careful, shrewd wide-awake sharp money making Melon growers. The secret is this, that the Wisconsin Hybrid Melon, for quality for richness of flavor, for fine appearance, for uniform big size, leads all other Melons in the market.

H. H. JACOBS, a La Crosse county gardener brought one into our seed house in the early part of August weighing over 40 pounds, and it was positively the most luscious Melon we have ever eaten and he said he had 5 acres more of just such giants. Just figure the profit Mr. Jacobs made at 20c apiece. An acre will produce at least 3,000 of such giants. Now, then, be in the swim. While Salzer's Earliest and Fourth of July will pay you big money for earliest Wisconsin Hybrid will pay you big money for a general crop.

PRICE OF SALZER'S WISCONSIN HYBRID: Pkg., 10c; 3 pkgs., 25c; oz., 20c; ¼ lb., 35c; lb., \$1.00; by express lb., 90c; 5 lbs., \$4.00.

2. SALZER'S OH, MY!

The Greatest Watermelon on Earth.

Salzer's Wisconsin Hybrid, that prince of Watermelons, which has had an unprecedented sale the past years, and whose equal many thought never could again be produced, must give way to our Salzer's "Oh, My!" Melon. This new Melon is a cross between the Wisconsin Hybrid and several other giant sorts, and attains the deliciousness so peculiar to the Wisconsin Hybrid, and which has been commented upon by thousands and thousands of growers of the Wisconsin Hybrid, and adds to same stronger shipping qualities and larger size. The color of the rind is one peculiar of its own—a very dark brownish green, but its great point of merit for the market garden trade is its uniform extreme size.

On Earth To-day!

We believe it to be the uniformly largest early Watermelon in existence to-day. In our latitude, by September 1st, melons of this variety have attained the enormous weight of 50 to 95 lbs., and of a quality so rich that it seems to combine every good quality desirable in a Watermelon. It is extremely prolific; indeed, there is no other Melon, excepting the Wisconsin Hybrid, that begins to approach it in prolificness. An acre will bear several thousand great Melons, weighing all the way from 30 to 90 lbs., and each fit to be set before a king. We believe that in our "Oh, My!" Wisconsin Hybrid and Expansion Melon we have the three greatest Watermelons of the age, and we heartily recommend same to everybody wishing the best that there is in Watermelons for market or shipping trade. These three sorts are simply immense. They are unexcelled, of giant size, of richest quality, while the vines will remain green longer than any other variety known to us.

PRICES OF "OH, MY!" MELON: Big pkg., 10c; oz., 20c; ¼ lb., 35c; lb., \$1.00, postpaid; 5 lbs., by express, \$4.00; package, 50 kernels, 6c.

Salzer's Telegraph Watermelon.

Is there anything quicker than the telegraph? It flashes news around the world quicker than it takes to record same, and hence we have named this Watermelon **Salzer's Telegraph**. By this we mean that it is without question the earliest, the very earliest Watermelon in existence to-day. It came from the northeast portion of Russia, that strange land, from which many of our rarest Melons have come. In Salzer's Telegraph we have now the earliest Watermelon known in the world to-day. It is earlier than the Fourth of July and Salzer's Earliest. It has magnificent red flesh, fine size, and has ripened fruit the past year in North Dakota, Montana, Wyoming, and in the extreme Northern countries. It is the quickest grown, quickest ripening, quickest selling, earliest Melon known to-day.

Price of this Watermelon: Pkg., 10c; oz., 25c; ¼ lb., 70c; ½ lb., \$1.35; 1 lb., \$2.50.

**Salzer's Glory of Asia.**

It is extremely early—ripe in 70 days, with rich, dark red, peculiarly marked flesh (see cut). The kernels are very small; rind only ½ in. thick; average weight 10 lbs. The sweetest, most delicious of all, and we guarantee that you surely will pronounce it the "peer of all" after tasting the delicious juicy richness of **Glory of Asia**. Pkg. of 30 seeds, 25c.

Salzer's Great Johnson Christmas Melon.

Flesh rich, scarlet, solid, delicious. Now, do try this Melon. It will keep for months and furnish a fine Melon for Thanksgiving and Christmas dinners; tastes almost as well as on a hot Fourth of July day. Pkg., 5c; oz., 15c; ¼ lb., 40c; 1 lb., \$1.00.

Odella Watermelon.

This new sort has fairly leaped into popularity, often weighing 50 pounds. Pkg., 5c; oz., 10c; 1 lb., 75c.

SWEET
HEART
WATER-
MELON.

**Sweet Heart Watermelon.**

Vine vigorous and productive, ripening early. Fruit large, oval, very heavy, uniformly mottled light and dark green. Flesh bright red, solid, and very sweet. Immensely popular in hotels, restaurants, and for private table. It is entirely distinct, very sweet, solid, large and early. Pkg., 5c; oz., 10c; ¼ lb., 20c; 1 lb., 75c, postpaid.

Salzer's Giant Sweet—the Giant of All Giant Watermelons.

Truly a wonderful Melon; yes, none that can beat it in size, weight and delicious eating qualities. We have grown them reaching enormous sizes—we will not mention the weight, because we want everybody to try and get the biggest one. It is the giant among Melons—for nothing exceeds it in size, and then the quality is simply delicious, luscious and melting. Pkg., 15c; oz., 80c; ¼ lb., 50c; 1 lb., \$1.75.

ABSOLUTELY NEW!**Salzer's Golden Rind Watermelon.**

This is without question the greatest novelty of the age. There is nothing like it in the vegetable world, nor have we ever seen anything that is so perfect and unique a novelty as this. We paid \$300.00 for a single Melon and were glad to get it, because it has always been our aim to give to our customers the finest of all rare vegetable novelties and we believe that in our Golden Rind Watermelon we have a novelty preeminently distinct. It is a fine round Melon, with a smooth, beautiful golden rind. The flesh is deep crimson, solid, but tender and delicious.

Since 1897 this Unique Watermelon took 1600 First Prizes.

Now, we wish to tell you a secret: There is no Melon that has ever created such a furor among seedsmen, among Melon growers and others, as this, and if you buy seed this year, we are sure you will have a tremendous call for same next season from your neighbors, for everybody seeing this odd, beautiful, unique novelty growing in your garden will want some, no matter what the price. Price of Golden Rind: Pkg., 15c; oz., 25c; ¼ lb., 60c; 1 lb., \$1.75.

Cheap Standard Watermelon Seeds.

We offer here Standard Melon Seeds at a very low price, because we are large growers of same. Gardeners tell us they are better in most cases than the best offered by others, because they are Northern grown.

Price of the following six sorts: Pkg., 3c; oz., 7c; ¼ lb., 15c; 1 lb., 50c.
Phinney's Early—Early, productive, medium size.
Gypsia—Very large, long striped.
Peerless, or Ice Cream—Very sweet and delicious.
Mountain Sweet—The old standard, one of the best.
Black Spanish—An old, well-known variety.
Citron—For preserves.

We can also supply Cole's Early, the Boss, Cuban Queen, Mammoth, Ironclad, Gray Monarch, Dixie and all other standard varieties of Watermelon Seeds at: Pkg., 5c; oz., 10c; ¼ lb., 25c; 1 lb., 60c, postpaid. Larger quantities, special prices.

MIXED WATERMELON SEED (see page 37). Pkg., 10c; oz., 15c; ¼ lb., 20c; 1 lb., 60c, postpaid.

There are millions of people in America who are not so particular as to the name of a seed as they are about the quality and the yield of that variety which they may wish to plant. For these we have adopted the method in offering them bargain seeds at a very, very low price. These seeds will be excellent sorts, such sorts of which we have grown largely and which we are sure will please and sure to give very great satisfaction.

Here you have just what you want. If you wish an early or medium, an oblong, late or long variety, you get same for but 3c a package, 6c an ounce!

Salzer's Honor Bright Watermelon.

For earliness, richness of quality, fine form, beautiful color and great prolificness, there is no Melon extant to-day approaching same. It is extremely early and the fruit has a tendency of setting right near the stalk. The vines freely branch, but are not long, and bloom at once, setting fruit at once and ripening same earlier than any other Melon grown. Fruit is of large size, oblong in form, with dark green skin, very thin rind, which is quite brittle, splitting ahead of the knife when a fully ripe Melon is cut. Flesh bright scarlet, with broad solid heart. Flesh crisp, sugary, and melting in the highest degree; entirely free from any stringiness. The Melons average eighteen to twenty inches in length by ten to twelve inches in diameter; of handsome appearance and most uniformly superior quality. It is a tremendous novelty, and we are sure that everybody planting same will praise this earliest Honor Bright Melon without stint.

Its quality is simply perfection, its earliness marvelous.

PRICE OF SALZER'S HONOR BRIGHT WATERMELON:
 Pkg., 10c; oz., 15c; 2 oz., 25c; ¼ lb., 40c; 1 lb., \$1.50, postpaid.

**City of Mexico Melon.**

It is a remarkably productive Melon, from 10 to 15 large Melons being grown from a single kernel of seed. Its eating quality is superior; it is luscious in the extreme. The flesh is of a rich red, solid to the core. It is of a beautiful appearance, and will stand shipping fully 1,000 miles, and sell like hot cakes on its arrival. Splendid for the North. Pkg., 15c; oz., 25c; ¼ lb., 40c; 1 lb., \$1.40.

Hungarian Honey.

This sweet-flavored Melon came originally from Hungary. Weight from 10 to 15 pounds each, and are almost round. Color of the skin is medium dark green, while the flesh is of a brilliant red color and absolutely stringless. They ripen early; very productive. Pkg., 5c; oz., 10c; ¼ lb., 25c; 1 lb., 75c.

Ironclad.

It is splendid in all respects; flesh solid, firm, and of excellent flavor. It has been grown to weigh 108 pounds. Rind thin and hard. Pkg., 5c; oz., 10c; ¼ lb., 25c; 1 lb., 75c.

Duke Jones.

This is the latest introduction of Mr. Girardeau, the "Melon King" of Florida. It resembles somewhat Kolb's Gem, but attains a much larger size and is a favorite wherever grown. Dark green rind, bright red flesh, early, prolific, very large. Growers and commission men unite in pronouncing **Duke Jones** a perfect, very large Melon. Pkg., 5c; oz., 10c; ¼ lb., 25c; 1 lb., 75c, postpaid.

HUNGARIAN HONEY MELON.

Salzer's White Rind Gem.

Here's a secret—don't tell any one. This is the finest Melon for family use extant! Sweet as honey, solid to the core, very juicy; flesh crimson red. A rare novelty. Pkg., 10c; oz., 20c; ¼ lb., 40c; 1 lb., \$1.50.

McIver's Wonderful Sugar Melon.

No Melon, with the exception of "Oh, My!" has so captured the hearts of the American people as this wonderful Sugar Melon. It's sure to please. A new Watermelon; grows 16 inches long; rind yellowish green; shape, oblong. Very large, heavy, and of the sweetest flavor imaginable, hence the name. Pkg., 5c; oz., 10c; ¼ lb., 25c; 1 lb., 75c.

The price of the following 8 sorts is: Pkg., 5c; oz., 10c; ¼ lb., 20c; 1 lb., 60c, postpaid:

1. **Kentucky Wonder**—This is a Melon of rare quality. Early and sure please. It is a fine Melon; you are sure to like it. See cut, page 37.
2. **The Dixie**—A new Melon, very large, early.
3. **Kolb's Gem**—A splendid shipping Melon; fine quality.
4. **Pride of Georgia**—This stands among Watermelons as did Saul among the children of Israel—head and shoulders above them.
5. **Egyptian Red**—Grows to enormous size. Flesh rich, red and sweet.
6. **Scaly Bark**—A splendid shipping Melon. Possesses an unusually firm and tough rind, which bears a great deal of rough handling. Flesh light crimson, of excellent flavor.
7. **Seminole**—Oblong shape, very productive; extra large; extra quality.
8. **Florida's Favorite**—New; measuring two feet in length and growing very large. Rind thin; color dark and light green alternately; delicious, sweet, very fine.

Green and Gold—A great Melon novelty. Pkg., 5c; oz., 20c.

ONION SEED.

EVERYBODY PLEASE READ THIS.

The Onion is the most important of all crops. If Onions bear well, the profits of the farmer and gardener, as a rule, are assured. We insure your profits, Sir! Our Onion seed grows. It does not lie in the ground until judgment day, as some of our cheap competitors, Onion seed seems to. Ours acts differently. You sow, it sprouts. You cultivate, it grows. You harvest, and it makes you glad with a rousing, prodigious, unheard-of-before, big, big yield. That's the way Salzer's Onion seeds act! Page 42 shows our new four great big cropping specialties.

Now and then a customer writes us that he can get Onion seed cheaper in Chicago, Minneapolis, St. Paul, Milwaukee, Rockford, Philadelphia and other places, often from seedsmen who are not growers, and who buy their seeds in Europe or California, and wants to know whether we can meet these prices. For these we offer the following Bargain Onion Seeds at a very low price, because we are the largest Onion seed growers. But, of course, they are not our Northern-grown Pedigree Stock.

BARGAIN ONION SEED.—(See page 5.)

If you are not particular as to sort, only desire shape and color, then there is nothing so cheap, so fine, so splendid for home garden as Salzer's Bargain Onion Seeds as found below.

If our stock of any variety of Onion seed becomes exhausted we will fill orders at lowest market price if seed is obtainable.

ONION SETS.

The cheapest way to raise onions is from seed, but thousands of our customers plant only for green in early spring. To these we say buy a few sets. A quart or two is sufficient for a small family. Bottom sets are the best. Gardeners make from \$150 to \$400 per acre from Bunch Onions, raised from bottom sets. When one variety is exhausted, unless otherwise ordered, we ship another. Thus, if yellow were all gone, we would fill an order with white or red, etc.

1. Red Onion Sets (Bottom)—Pt., 20c; qt., 35c, postpaid. By freight or express, qt., 20c; pk., 90c; bu., \$3.50.
2. White Onion Sets (Bottom)—Pt. 20c; qt., 30c; by express, qt., 20c; pk., 90c; bu., \$3.50.
3. Yellow Sets (Bottom)—By mail, pt., 20c; qt., 30; by express, qt., 15c; pk., 90c; bu., \$3.00.

MIXED ONION SETS.

White, yellow and red bottom sets mixed, an extremely popular mixture, especially desired by small planters, citizens and gardeners. In enormous demand. Sure to please. Qt., 30c, postpaid; by express or freight, qt., 15c; pk., 75c; bu., \$2.50.

WHITE MULTIPLIER BOTTOM SETS.

Hitherto the price of White Multiplier Onion Sets has almost made the purchase of same prohibitory. We have grown a very large supply this year and are offering them at an extremely low price. We really know of no onion that will please and delight the housewife more than the White Multiplier. It is a gem of the first water. They are a pure, silvery white color, enormously productive, frequently producing as many as 20 bulbs in a single cluster from a single bulb planted; of excellent quality and size for bunching green. Sets always rather large.

Their keeping qualities are remarkable, having kept perfectly sound for a year; but—their most important quality is extreme earliness, being ready for market from 1 to 3 weeks ahead of other Onion Sets. Price, by mail, pt., 20c; qt., 35c; by freight or express, qt., 20c; ½ pk., 60c; pk., \$1.00; bu., \$3.75.

Yellow Multiplier Bottom Sets—Not so large growing as the white. When stock is exhausted we fill with the white. Price, postpaid, pt., 20c; qt., 35c; by express, qt., 20c; ½ pk., 65c; pk., \$1.20; bu., \$4.50.

WHITE OR YELLOW POTATO ONION SETS.

These are a variety of Multiplier Onions, making quite large bulbs from the sets. They are in large demand by gardeners. ½ pk., 70c; pk., \$1.25; bu., \$4.25.

EARLIEST GREEN ONION SETS.

There are thousands of people who wish Green Onions in the earliest spring. These customers can now have their wishes fulfilled by planting a few quarts of Earliest Green Sets. For a market garden there is lots and lots of money in planting this variety. They will give you the finest early Green Onion in the market. We know that you will be pleased and delighted with every planting of these Earliest Green Onion Sets. Buy a few quarts of these for your earliest planting and you will be pleased with the results.

Postpaid, pt., 20c; qt., 30c; 3 qts., 80c; by express, pt., 10c; qt., 15c; 3 qts., 40c; pk., 75c; bu., \$2.90.

NEW ONION—"EARLIEST GREEN EATING."

There has been for years an inquiry for an Onion seed that will produce an extremely early Onion to be sold in the green state as Onion sets, producing green Onions for bunching. Now in our Earliest Green Eating Onion, we have an onion that fills the bill completely. There is no onion seed known that will produce an onion, say 1 inch in diameter or more, just the size you want for green bunching, as quickly as this variety. And the great beauty about it is that, if you do not wish it for green onions it will keep on growing until they reach the size of an ordinary Danvers Yellow Onion, when they will sell quickly in any market, or can be stored away and will keep all winter. Indeed, this Onion will keep better and firmer than any other Onion that we know of except our Brown Globe.

In General Appearance It Resembles Salzer's Brown Globe.

When we were market-gardening, more than 20 years ago, if we could have had an onion like the Early Green Eating, we would have made lots of money therewith, and would urge every market-gardener, every farmer and every planter of Onions to thoroughly test this magnificent sort and we will warrant same to please and to be a great money-maker. We know you will like it. Its extreme earliness, its beautiful shape, its fine grain, its great keeping qualities all commend it, and then, in addition to this, we have placed the price so low, in order to introduce it everywhere. It is of medium size and good quality, very early, rather flattened in shape, of brown color, and wonderfully hard and solid. It begins to form a bulb at an early period of its growth, when only a few inches high, and quickly reaches maturity. Its leading and most valuable feature, aside from appearance and quality, is its long keeping quality. It will literally keep for a year or more.

PRICE OF SALZER'S EARLIEST GREEN EATING ONION SEED.

Pkg., 10c; oz., 15c; ¼ lb., 30c; ½ lb., 55c; 1 lb., \$1.05, postpaid. By express: Pkg., 10c; oz., 15c; ¼ lb., 25c; ½ lb., 50c; 1 lb., 95c.

LEEK—See page 32.

Big Money in Green Onions!

EARLIEST GREEN ONION SETS.

The Egyptian or Perennial Early Top Onion Sets.

They are from 12 to 20 days ahead of all other Onion Sets. Protect slightly in fall and as soon as snow leaves green Onions appear. A few quarts planted in the corner of the garden will furnish sufficient green Onions for years. By mail, pt., 20c; qt., 30c; by express, qt., 15c; pk., 75c; bu., \$2.60.

WHITE MULTIPLIER.

THE FOUR GREAT GLOBE ONIONS.

Within the past years there has been a great inquiry for Globe Onions. They seem to sell better and keep better and bring a higher price than any other sort. We have now grown the four choicest varieties known to the seed trade, and we are sure that they will be great money-makers to everybody planting same. By our New Method of Onion Culture the average yield of these sorts was 751 bushels per acre. Just imagine yourself, Mr. Farmer or Market Gardener, being the possessor of ten such acres this fall, what a magnificent fortune that would make. 7,500 bushels would mean at 60c. \$4,500! We have always urged to plant plenty of Onions. It always pays. When we were market gardeners, no matter what the price of Onions was the year before, we would never dream of planting less than five to ten acres. It always pays when you use Salzer's Culture Directions "How to grow 1,213 Bushels of Onions per Acre." It pays you if Onions are only 30 cents a bushel.

THE FOUR GREATEST GLOBE ONIONS ON EARTH!

1. SALZER'S RED GLOBE ONION.

We are proud of our strain of blood red Globe Onion. There is none on earth better. Our seed is selected with great care, and nothing is planted but which shows the perfect type and rich color. It is a perfect globe shape, with thin neck and clear skin. We have increased our sales of this Red Globe Onion the past three years over 500 per cent., which shows that a really good Onion advertises itself. Now, if you want a Red Globe Onion, we cordially recommend Salzer's Red Globe, knowing that there is no better one in the wide, wide world, no richer, no better keeper, nothing that will sell quicker and at an advanced price than this. The yield last year, using Salzer's New Onion Culture, was 870 bushels per acre. You can increase this for 1907 if you will try. Price by mail: Pkg., 10c; oz., 15c; ¼ lb., 45c; ½ lb., \$1.50; 5 lbs., \$7.25, postpaid. By express, ¼ lb., 40c; ½ lb., \$1.40; 5 lbs., \$6.75.

2. SOUTHPORT YELLOW GLOBE.

Our Globe Onions are great beauties, and cannot be beaten anywhere on earth. We are positive in this statement, and we know whereof we speak, for we have tried every seedsman's Globe Onion, and not one of them can approach our peerless varieties. Now, in our Southport Yellow Globe we have a strain of yellow Onions that takes the cake, or, in the phrase of a Western Onion grower, "Beats the Band." It is a magnificent Onion, large, noble-shaped, almost round, with flesh white and mild and juicy, while the outward appearance is extremely handsome and pleasing to the eye. It is a tremendous cropper. By using Salzer's New Method, which is described on each package, 803 bushels per acre were raised last year, and we know that you, Mr. Gardener, Mr. Trucker or Mr. Farmer, can beat that this year, if you will. Southport Yellow Globe will please you; it is bound to do this on account of its beauty.

Price by mail: Pkg., 5c; oz., 20c; ¼ lb., 60c; ½ lb., \$2.25; 5 lbs., \$11.00. By express: ¼ lb., 55c; ½ lb., \$2.15; 5 lbs., \$10.50.

3. SOUTHPORT WHITE GLOBE.

Here is a beauty of the first water, a regular diamond, clear white, with a pleasing appearance, of a delightful globular shape, and of a quality so mild, yet rich, with flesh firm and fine grained and pleasing to the taste. This Onion cannot be beaten by any White Globe Onion that we know of. It is very large in size, and very fine appearance, and yielded last year 593 bushels per acre, which is something remarkable for a white Onion, because, as a rule, they are not as heavy yielders as their colored brethren. Now, we can heartily endorse the Southport White Globe. Our strain is grown with such great care and is so superlative in quality that no one will miss it if they plant heavily therefrom. The white Onion is a very quick seller, a good keeper and good yielder, and sure to give satisfaction. Price by mail: Pkg., 5c; oz., 20c; ¼ lb., 65c; ½ lb., \$2.50; 5 lbs., \$12.00. By express: Pkg., 5c; oz., 20c; ¼ lb., 60c; ½ lb., \$2.40; 5 lbs., \$11.50.

4. SALZER'S GREAT BROWN GLOBE.

Here is an Onion you have been looking for, Mr. Trucker and Mr. Gardener. It is a large, brown, globular-shaped Onion, a selection of the Australian Brown, but it is larger in size, finer in shape, better in color, a longer keeper and a far bigger yielder. Its fair size, wonderfully hard and solid flesh, most attractive and beautiful form and appearance make it an extremely desirable variety to plant for early market. It is extremely early in ripening and never makes any stiff necks or scallions. Every seed seems to produce a good-sized, hard, solid Onion, and the bulbs begin to form very quickly. On account of its firmness it will keep in good condition longer than any Onion known. The color of the skin is a clear amber brown. You will never get along without same.

John Hauser, the great La Crosse County market gardener, has this to say regarding same: "Your Great Brown Globe Onion is my greatest money-maker. It keeps indefinitely (from 6 to 12 months), and I can always sell same when Onions bring the highest prices in our market. The seed is worth its weight in gold as a money-maker for the market gardener."

Jack Perry, the greatest market gardener of South Dakota, gives it this indorsement: "It is a most profitable Onion to grow on account of its long keeping qualities. Why, I believe I can keep same here for three years as solid and fine as the day when ripened. It allows me to take advantage of the highest market on Onion, hence it is so profitable."

It is an Onion that you can bank on because of its great yield and its fine appearance. It is an Onion of unusual merit. The flesh is firm, finely grained, very rich, yet mild, and will please the most fastidious. Last year, by using our New Method of Onion Culture, it yielded 772 bushels. Now, we know that you can beat this for this season and we urge you to give this Onion a trial. You will be delighted therewith.

Price: Pkg., 10c; oz., 20c; ¼ lb., 40c; ½ lb., \$1.40, postpaid. By express, ¼ lb., 35c; ½ lb., \$1.30; 5 lbs., \$6.00.

SALZER'S GREAT RED WETHERSFIELD ONION.

Now, then, we can do some talking on this Onion. We are not afraid to. It's one of those things that will do more than the most enthusiastic can claim for it. You see this Onion is our great specialty. It is the grandest red Onion for general crop growing. There is no sort equal to it in yield, in keeping qualities, in fine flavor and for market. From every section of America come glowing letters of the success our customers had with this splendid Onion, sweeping every state and county fair before them. One raised 16 bushels from 1 ounce; another 200 bushels from 1 pound; a third, over 1,000 bushels per acre. These glorious yields that gladden the heart, delight the eye and fill the purse, you can have by sowing Salzer's Northern-Grown Onion Seeds. It pays to sow Salzer's Improved Onion Seeds. Salzer's Improved Red Wethersfield is a splendid Onion; it grows large, solid, fine shape, excellent flavor, delightful color, is a remarkable keeper and an enormous yielder; just the Onion for everybody, the great general purpose Onion.

Now, then! This is the Onion for the farmer, the citizen and the gardener to grow, to put in their cellars for the winter. Why? Because Salzer's Improved Red Wethersfield is one of the easiest to grow, is certainly one of the best keeping Onions, and is always of excellent quality. It is the greatest average big cropper among Onions.

1,213 Bushels Salzer's Red Wethersfield Onions Per Acre!

With each one ounce order or more is sent "How I grew 1,213 bushels per acre," worth \$1,000 to each and every Onion grower in America. It is without question that Salzer's Red Wethersfield Onion strain is the greatest cropping red Onion in America today, and we urge everybody to give it a test. The price is so low, and so much money can be made, that we look forward to the largest trade in this variety of Onion that we have ever had. The Onion is sure to please, sure to grow, sure to return a big yield, sure to sell quickly in any market, sure to keep long and sure to please the housewife. When a seedsman tells you that his strain is "just as good," our experience shows that it can be doubted just 50 per cent. Our Wisconsin grown strain beats the world! It would be cheap at three times the price.

It's the Great Money-Making Onion.

No Onion that we know will make you more money and do it easier than Salzer's Great Wethersfield. It's the great money maker because it is so heavy a yielder, and all Onions are so fine that they sell at good prices in all markets.

Thos. H. McCulloch, of Mason City, Iowa, under date of March 27th, writes: "Last season I sowed an acre of Onions with seed I purchased of you—2 lbs. Yellow Globe Danvers and 2 lbs. Red Wethersfield—and although the spring was late, wet and cold, still the seed germinated well and I had a fine stand and good crop, and sold the crop in Chicago in November for \$420 00 net."

PRICE OF SALZER'S GREAT RED WETHERSFIELD ONION.

Price by mail: Pkg., 10c; oz., 20c; ¼ lb., 40c; lb., \$1.35; 5 lbs., \$6.50.
By express: Pkg., 10c; oz., 20c; ¼ lb., 35c; ½ lb., 70c; lb., \$1.25; 5 lbs., \$6.00.

SALZER'S (NECKLESS) YELLOW GLOBE ONION.

The Yellow Globe has been one of our specialties for many, many years. We are partial to it, we have cared for it, we have watched it, we have improved it, we have increased its yield, we have made it more beautiful, we have succeeded in a remarkable measure to work off its neck qualities so that now we have in our Neckless Yellow Globe Onion, the queen of all yellow Onions on earth, and we are not going to take back one single word of above. It is true that our Prize-Taker is a larger Onion, is a finer flavored Onion for raw eating, but for all that goes to make up a good yellow Onion, fine appearance, fine quality, fine shape, fine yield, there is nothing that approaches our matchless Neckless Yellow Globe Onion. This is an Onion that we bank on, it is an Onion that we love, and for this reason we would like to distribute it broadcast over our great land. Our Neckless Yellow Globe Onion is a great cropper, a splendid keeper, and is one of the finest yellow Onions on earth.

PRICE OF SALZER'S NECKLESS YELLOW GLOBE ONION.

Price by mail: Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.90; 5 lbs., \$9.25.
By express: Pkg., 10c; oz., 20c; ¼ lb., 45c; lb., \$1.80; 5 lbs., \$8.75.

YELLOW GLOBE DANVERS ONION.

This is known the world over as the standard yellow globe and considered by many to be superior to the Southport Yellow Globe. Our stock is unusually fine. There is a great scarcity of this seed this year, hence the high price.

Price by mail: Pkg., 6c; oz., 20c; ¼ lb., 60c; lb., \$2.25.
By express: Pkg., 5c; oz., 20c; ¼ lb., 55c; lb., \$2.15; 5 lbs., \$10.50.

FLAT DANVERS YELLOW ONION SEED.

Many growers prefer this to the Globe Danvers, as ordinarily it is a very heavy cropper. It is a fine Onion, one you are sure to be pleased with, and the price is very low. Well known, a heavy yielder, a splendid keeper, of beautiful appearance, and sells readily in all markets.

Pkg., 5c; oz., 15c; ¼ lb., 35c; lb., \$1.35; 4 lbs., \$5.25.

When stock of our Onion seed varieties is exhausted, we fill orders at lowest La Crosse prices.

SALZER'S KING OF THE EARLIEST ONION.

We never tire in chanting the praises of this Onion. We believe we do a kindness to every patron and everybody whom we induce to purchase and plant this Onion, and put them on the track of making money. It was but yesterday that a good, bright gardener walked into our office and sincerely thanked us for advising and inducing him to sow **Salzer's King of the Earliest Onion** last spring, as also for the instruction and advice we gave him. After repeated and impartial trials this Onion has proved superior to all in earliness and excellent qualities, which stamps it absolutely

the very earliest fine grade, fine quality, large red Onion grown in our latitude. It has frequently been seen to sell by July 1st, when Onions invariably bring from \$1.00 to \$2.00 per bushel, and that pays. The Onion matures quickly from seed, is of fine shape, beautiful rich red color, varying from globe to round flat, is of mild flavor, and ripens at a time when Onions command a high price. It is the most profitable Onion in the world to grow. If any Seedsman or Merchant or anybody offers you an

Onion just as early as **Salzer's King of the Earliest**, you can put him down as trifling with the truth. Now, this is strong language indeed, but it is the truth. There is no Onion offered in the world as early, and no seedsman has this type and cannot get it from us for love or money, because we must keep the best in the world for our own customers. We know that last year many seedsman said they had an Onion just as early as our earliest (but they had not) and the result was a great many were defrauded by buying their cheap stock. **Price of King of the Earliest: Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.60; 4 lbs., \$6.00 postpaid; by express, Pkg., 10c; oz., 20c; ¼ lb., 45c; lb., \$1.50; 4 lbs., \$5.60.**

LARGE RED GLOBE ONION.

Many planters prefer this Onion to all others grown. It's globular in form, fine in quality, elegant in appearance, and is known through the United States as the Standard Red Globe Onion. Not as prolific as Salzer's Red Wethershead, but a fine Onion throughout. It is grown in the East in preference to Red Wethershead. Yield is often 800 bushels per acre. There is no Onion grown where the seed is always more scarce than this. There seems to be a constant shortage, but this year we have a fine stock of seed that will surely please you. **Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.60.**

EXTRA EARLY RED GLOBE.

This variety matures early. It yields abundantly, is of mild flavor and a good keeper, of medium size, deep red in color; very close grained, solid and heavy. It's a splendid Onion and does well everywhere. **Pkg., 5c; oz., 20c; ¼ lb., 40c; lb., \$1.40.**

EARLIEST AUSTRALIAN BROWN ONION.

Next to Salzer's King of the Earliest, this is the earliest Onion grown, and will sell at a fancy price in the market during the latter part of July and early part of August, but its tremendous merits come into full play as a keeping Onion. Indeed, there is no Onion that we know of that will beat this for keeping qualities, for fine appearance, for ready sale, for a good eater and a long keeper.

When we first offered this Onion we little thought that it would leap at one bound into popularity, that it would so quickly capture the hearts of all planters, of all gardeners of all farmers and citizens; but it has done it at a bound, and to-day not a wide-awake gardener or farmer will get along without it, and there is reason for this, yes, they are manifold. **Price: Pkg., 5c; oz., 10c; ¼ lb., 35c; lb., \$1.20; 5 lbs., \$5.90, postpaid. By express, lb., \$1.10; 5 lbs., \$5.40.**

ONION MIXTURE - GRANDPA'S CONGLOMERATION.

GRANDPA'S CONGLOMERATION ONION MIXTURE.

Turn back in thought to the days of your youth, when Grandpa and Grandma planted the vegetable garden. There was always a large corner in which a mixture of different kind of Onion seeds were planted on the theory that if one sort did not do well, the other sort would and in that way it happened always that there never was a shortage of Onions. One ounce of "Grandpa's Conglomeration Mixture" will usually give five bushels or more of very fine Onions. If the good housewife wished a mild white for salads, it was always found therein; if she wished a more pungent one, that was taken. If she wished a brown or yellow or red, or no matter what color, there they were, and with this in view we have arranged "Grandpa's Conglomeration Onion Mixture." It contains every known sort, and we are sure will be immensely popular at once. A package of seed is sufficient to grow one or two bushels, an ounce from three to five bushels, and ¼ pound from ten to twenty bushels. A pound is safe for 60 to 100 bushels or more. Now, another advantage is that many do not care to plant four or five different varieties of Onions. When they sow ¼ pound or a pound of Conglomeration Mixture and find that the white Onion is in demand in their market, or that the red or yellow or brown bring better prices, they can sell that variety and keep the others for home use.

OVER 100,000 PLANTERS USED GRANDPA'S CONGLOMERATION ONION MIXTURE.

This is pre-eminently the **Onion Mixture** to grow in the home garden. We know that every planter will be well paid if he puts in a bed of this, even if only a small package or an ounce or ¼ pound, because there is nothing that will pay better and give more pleasure than growing this Conglomeration Mixture. The Sorts contained therein are A No. 1 in every respect and our price is so low that you can well afford to put in ¼ acre or even more, expecting to sell the bulbs in fall at a good price, as Onions always pay, even if as low as 30 cents a bushel. "Grandpa's Conglomeration" is one of these mixtures that give results; the Onions start right out growing, forming fine, beautiful bulbs, keep well and are of superlative quality. We believe that we will sell this year 20,000 lbs. of this mixture, and hence have made the price so extremely low.

PRICE OF GRANDPA'S CONGLOMERATION MIXTURE.

Pkg., 7c; oz., 10c; ¼ lb., 30c; ½ lb., 55c; lb., 90c; 5 lbs., \$4.40.

SALZER'S GREAT PRIZETAKER ONION.

Most wonderful yellow Onion on earth. I have, personally, looked in various parts of Europe and America for an Onion surpassing Prizetaker in beauty, productiveness and general merit, and believe there is nothing better in the whole world, unless it be the Salzer Giant Silver King. It is unexcelled either for home use or as a money maker.

The largest, handsomest, finest flavored, most superior Yellow Globe Onion ever introduced. There has never been an Onion in the United States that could equal it, and we believe it will supplant all other Yellow Globe Onions now in cultivation, as soon as its sterling qualities are known, for it is certainly perfection. Of a clean, bright straw color, it always grows to a uniform shape, which is a perfect globe. It has a very small neck and always ripens up hard and fine, without any stiff necks. In market it attracts decided attention, and although only offered to a limited extent, has always been picked out and selected at three times the price of any other sort on sale, either red, white or yellow. Produces 1,000 and more bushels per acre; keeping qualities are excellent, in spring the bulbs being apparently as firm and solid as when put away in the fall.

YOU CAN GROW ONIONS WEIGHING 5 LBS., 13 OZ.!

Can anything beat that? Farm and Fireside contained the following notice written by JOSEPH: "The King of all Onions. The greatest novelty in years, and the King of all Yellow Globe Onions. It is ahead of any domestic Onion I have ever seen, and finer than anything I ever expected to grow. If you want to see what the Onion looks like, go to the nearest fruit store and behold the Spanish Onion on sale at 5c or more a pound. There is no reason why the 'Prizetaker' should not take the place of the imported bulb, and be sold at a high price. The two varieties cannot be told apart. Here is a chance for the progressive Onion grower that he cannot afford to neglect, for there is money in it. The name 'Prizetaker,' although not very elegant, is, nevertheless, quite appropriately selected. Any fair, average specimen will take the prize at an exhibition against the finest specimens of other sorts. It is seldom, very seldom, that we come across a novelty that marks such a long step in advance in the culture of vegetables. A word to the wise is sufficient."

PRICE OF SALZER'S GREAT PRIZETAKER ONION SEED:

Postpaid, pkg., 10c; oz., 20c; ¼ lb., 50c; 1 lb., \$1.60; 2 lbs., \$3.10; by express, pkg., 10c; oz., 20c; ¼ lb., 45c; 1 lb., \$1.50; 5 lbs., \$7.00

WHITE GLOBE ONION.

A large globe-shaped Onion, firm, fine grained, of mild flavor, keeps well. This is one of the handsomest Onions grown. Of beautiful shape, clear, white skin. Is always in great demand; indeed, it furnishes so little seed per acre that it is always scarce. This and our Prizetaker are two grand sorts for family use. Pkg., 5c; oz., 20c; ¼ lb., 60c; 1 lb., \$2.20.

NEW ONION—WHITE MILDNESS.

This is the Onion to grow for your private garden or for high-grade, high-class city customers, because they will pay you double the price for this handsome, white, mild variety of Onion. It is very prolific, yielding 500 bushels to the acre. We know of no Onion that we can more heartily recommend for the kitchen garden than this.

It's an Onion for the epicure; its fine, rich quality commends itself to every one desiring a rare, deliciously flavored Onion. Its fine shape, beautiful color and delightful flavor stamp it as one of the very best.

Pkg., 10c; oz., 25c; ¼ lb., 50c; 1 lb., \$1.75; 5 lbs., \$8.00, postpaid.

NEW QUEEN.

The earliest, finest of all white Onions. A perfect queen in the Onion field; of delicious flavor. Grows to 2 inches in diameter. It is a splendid Onion, sells well everywhere, well liked by everybody, and does splendidly in all soils and climates. Pkg., 5c; oz., 20c; ¼ lb., 50c; 1 lb., \$1.50; 2 lbs., \$2.50.

PARIS SILVERSKIN.

An extremely popular extremely early white, good selling Onion. Pkg., 5c; oz., 15c; ¼ lb., 50c; 1 lb., \$1.40.

SALZER'S 60 DAY ONION.

A new white, small sized, finely flavored Onion from Italy. We hold all the seed in America of this early novelty. Pkg., 10c; oz., 25c; ¼ lb., 50c; 1 lb., \$1.50.

SALZER'S PICKLING ONION.

This is the finest of all white pickling Onions, growing rapidly, but remaining small, solid and of fine flavor. Three crops can be gathered for pickling in one season. Pkg., 10c; oz., 25c; ¼ lb., 50c; 1 lb., \$1.50.

SALZER'S GIANT SILVER KING ONION.

Each succeeding year the popularity of this Onion increases, and it not only increases, but gardeners, farmers and truckers grow more enthusiastic in its praise, and well they may, for this great Onion deserves every word of praise that can be spoken. Although we offered Silver King for the first time in 1884, we do not believe any other variety of vegetable, excepting possibly our Giant Flat Dutch and Lightning Cabbage, has since been more unanimously indorsed by one and all everywhere. We received thousands of letters and postals the past seasons, all containing words of the highest praise AS TO THE WONDERFUL SIZE, EARLY MATURITY AND QUALITY OF THIS NOW FAMOUS ONION, seed of which we have sold to tens of thousands of our customers. It grows larger than any other white Onion in cultivation. Bulbs are of attractive shape, flattened, but thick through, as shown in illustration. Average diameter of Onions 5 to 7½ inches; bulbs often attain weights of 2½ to 4 lbs. each. No other white Onion attains such mammoth size, nor will any other white variety grow uniformly so large. Skin a beautiful silvery white; flesh of particularly mild, and pleasant flavor; so sweet and tender that it can be eaten raw, like an apple. Every one desiring the largest and handsomest Onions of the finest flavor, will be more than satisfied with the Silver King. Cannot be too highly recommended either for family use, exhibition at fairs or restaurants, or for sale in market, where its size and beauty will prove very striking. If you have not already sown Silver King, you should not neglect to sow it another year. It's the Onion for everybody, but especially for the city garden. Over 125,000 gardeners found it to equal and surpass all the claims herein made. An ounce of Onion Seed with our new method of planting and caring for same would give you 30 bushels Giant Silver King Onions. It's a splendid Onion!

TESTIMONIALS ON GIANT SILVER KING.

"I cannot speak too highly of the Giant Silver King. From one ounce of seed I grew 10 bushels of Onions, the largest measuring 20 inches around." M. G. GARRETT, Michigan.

"Bought 1 pound of Giant Silver King Seed. From it I grew 203 bushels. Took 5 bushels to the fair. The 5 bushels were composed of 63 Onions. Of course I took first premium." B. H. HART, Illinois.

"The 1 pound Giant Silver King yielded 135 bushels; average was 1 pound. Many of them grew much larger." L. H. GOOD, Ohio.

"If I could grow but one Onion it would be Silver King. The one-half pound yielded 95 bushels and it was a bad Onion year. Nothing less than 4 inches in diameter. Received \$1.50 a bushel for same." FRANK BARTEDES, Mo.

"Just received check from Pierce & Barnes for \$400.00 being amount received for 280 bushels of Silver King Onions grown from 2 lbs. of seed. Some of the Onions weighed 3 lbs. Nothing ever paid me better." F. ROBERTS, Ia.

This Giant of all White Onions, this Leviathan, this Monster, is the Onion to grow for profit. By following our new method (sent with each 1 oz. order) 1,200 to 1,500 bushels can positively be grown on each and every acre planted on good onion soil. It is a producer and all Onions are large and of delicious flavor.

PRICE OF THE GREAT GIANT SILVER KING ONION.

By Mail, pkg., 10c; oz., 20c; ¼ lb., 45c; lb., \$1.60; 2 lbs., \$3.00; 5 lbs., \$7.00; 10 lbs., \$13.00 Postpaid.
By Express, pkg., 10c; oz., 20c; ¼ lb., 40c; lb., \$1.50; 2 lbs., \$2.90; 5 lbs., \$6.50; 10 lbs., \$12.25.

SALZER'S GLADIATOR ONION.

It possesses the large size, mild flavor, excellent keeping and all other good qualities of the celebrated Prizetaker, but differs from that variety in its handsome skin, which in contrast with its pure white, fine-grained flesh, attracts decided attention in market. We believe there is a great future here for this Onion, as, instead of the tops dying down or running to seed, as is the case with American varieties, it keeps on growing the entire season, thus attaining enormous weight and dimensions. Some specimens sent us by customers had attained a weight of 6 lbs. Price: Pkg., 10c; oz., 25c; ¼ lb., 50c; lb., \$1.60; 2 lbs., \$3.00; 4 lbs., \$6.75.

ITALIAN ONIONS.

Do well everywhere, attaining the size of 2 lbs. the first season; if replanted, 4-6 lbs. the second season.
Mammoth Pompeii—A wonderful Onion of enormous size and mild flavor. Pkg., 10c; oz., 25c; ¼ lb., 70c; lb., \$2.75.
Giant Roco—A splendid large globular shaped Onion of bright brown color. Pkg., 5c; oz., 25c; ¼ lb., 60c; lb., \$2.00.
Giant White Tripoli—Excellent variety, of mild flavor, rapid growth, attains 2 pounds from seed first year and 4 pounds the second. Pkg., 5c; oz., 25c; ¼ lb., 60c; lb., \$2.00.
Early White Naples—One of the earliest of the white Italian sorts. Pkg., 5c; oz., 25c; ¼ lb., 60c; lb., \$2.25.
Marzajole—A capital keeper, large, beautiful, white, flat-shaped bulb, fine flavor, big cropper. Pkg., 5c; oz., 25c; ¼ lb., 60c; lb., \$2.25.
Giant Red Tripoli—A grand, deep red Italian Onion, of rapid growth, mild flavor. Pkg., 5c; oz., 25c; ¼ lb., 75c; lb., \$2.25.

PARSLEY.

A package of seeds will give enough plants to use all summer for soups, and garnishing for winter. Used in tremendous quantities for garnishing. No dish is quite perfect and artistic unless it contains a few sprigs of Parsley.

Parsley, Dark Green, Triple Curled.

Introduced last year and so enormous has been the inquiry that long before the season closed our stock had become exhausted. Letters received thus far from pleased patrons indicate an enormous demand for 1907 of this distinct and very attractive dwarf Parsley, valuable alike for garnishing and culinary purposes. The leaves are of a bright emerald green color, often used instead of ferns to decorate the dinner table; one of the best varieties for general cultivation. Pkt., 15c; cz., 25c; ¼ lb., 60c; 1 lb., \$2.25, postpaid.

TRIPLE CURLED.

Salzer's Double Moss Curled.

The handsomest of all finely curled sorts. The Parsley for family use on account of its finely curled leaves and luxuriant growth. You will surely like it. It is used in enormous quantities and nearly every order received from a lady customer is sure to call for one or more packages of this peerless Parsley. It is always found in Pkg., 10c; oz., 25c; ¼ lb.,

PLANT OF SALZER'S DOUBLE MOSS CURLED. Mrs. Salzer's kitchen garden. It is unrivaled. 50c; lb. \$1.75.

Moss Curled—Very fine and curled. Pkg., 5c; oz., 10c; ¼ lb., 20c; lb., 60c.

Fern Leaf—Pkg., 5c; oz., 10c; ¼ lb., 25c; lb., 50c.

Plain—Excellent for sheep. Pkg., 5c; lb., 50c.

Turnip-Rooted Parsley—Greatly sought. Roots used to flavor soups, etc. Pkg., 5c; oz., 10c; ¼ lb., 30c; lb., \$1.00.

EARLY VIRGINIA PEANUTS.

Its extreme earliness makes it a paying crop on sandy soils in the North. It ripened for us at La-Crosse to perfection, yielding enormously. Now, it's the thing to let the dear boys and girls try. It will give them peanuts for the long winter months, and lots of fun besides, and an interest in the garden and the farm.

Price of Early Virginia.

Pkg., 15c; pt., 35c; qt., 45c; 2 qts., 75c, postpaid. Q., 30c; 4 qts., \$1.10, by express.

New Spanish Peanut.

This is a splendid Peanut, especially for the far North. The pod is not so large, but it is extremely early. A new, very early and desirable variety, with upright foliage; planted by the end of April they ripen before September 1st. It will pay you to try them everywhere. Plant 2 inches deep, 12 inches in the row.

Pkg., 10c; pt., 25c; qt., 40c, by mail.

NEW SPANISH PEANUT. 4 quarts for \$1.00, by express.

"PEANUT CULTURE," a small booklet, 50c, postpaid.

PARSNIPS.

Sow early in the spring, 15 inches apart, covering half an inch deep. They improve by frost, and can be left in the ground all winter. Sow four to five lbs. seed to the acre.

SALZER'S DELMONICO.

For many years the trade wished for a stump-rooted or half-long variety of Parsnip. We are pleased that our efforts have been crowned with success, and we offer this year our Delmonico Parsnip, believing it will be the most enormous, prolific and most profitable variety to grow. It is in a large measure stump-rooted—just the thing the market gardener desires. It has very large roots, not long, while the flavor is all that can be wished for. They are easily watered, the root being smooth, flesh of very fine grade and excellent flavor. We are sure they will give great satisfaction to everybody who will try same. They are enormously productive, and just the sort to give satisfaction.

HOW THEY LIKE DELMONICO.

FRED KAEPLER, Cook Co., Ill.—"Chicago is a great market for Parsnips. I supply it with the earliest and best always. I use only your Delmonico, that takes the cake everywhere. I frequently get \$1 a bushel or at the rate of \$500 per acre. Delmonico Parsnip is the best paying crop I grow."

JAMES CORGE, Hancock Co., Ill.—"I planted 5 lbs. Salzer's Delmonico Parsnip. I must have sold over \$200.00 worth—they were so exceptionally fine."

WM. H. HORNE, Onondaga Co., N. Y.—"I made a little fortune out of those 4 lbs. Delmonico Parsnip seed purchased from you. I sold \$160.00 worth, and the care was but little."

GEORGE DAVIS, Webster Co., W. Va.—"I bought 10 lbs. of your Delmonico Parsnip and shipped two carloads to New York City, netting me \$300.00. That's the best I ever did, but your Delmonico was the very best Parsnip I ever saw."

There is no doubt about it. Parsnips pay; especially Delmonico and Salzer's Crown. Try them. **PRICE OF DELMONICO PARSNIP.** By mail: Pkg., 10c; oz., 20c; ¼ lb., 35c; lb., \$1.00; 4 lbs., \$3.00. By express ¼ lb., 30c; lb., 90c; 4 lbs., \$2.50; 10 lbs., \$6.00.

SALZER'S CROWN PARSNIP.

This is without doubt the finest, heaviest yielding, best flavored long Parsnip grown. It grows to a large size, is sugary, and is a relished article of food. The yield is from 300 to 600 bu. per acre. Salzer's Crown Parsnip is, next to Delmonico, the best Parsnip in America to-day. It positively pays to plant Salzer's Crown. Sells quickly on account of quality and great beauty. Sow 4 to 5 lbs. of this sort per acre.

By mail: Pkg., 5c; oz., 10c; ¼ lb., 20c; 1 lb., 60c; 4 lbs., \$2.00. By express: ¼ lb., 15c; lb., 60c; 4 lbs., \$1.50; 10 lbs., \$2.75.

LONG SUGAR.—Splendid sort. Price: Pkg., 5c; oz., 10c; ¼ lb., 15c; lb., 45c, postpaid.

STUDENT.—Much liked; excellent flavor. For years this was the Standard Parsnip, but now Delmonico and Salzer's Crown take the lead.

PRICE: By mail: Pkg., 5c; oz., 10c; ¼ lb., 15c; lb., 45c. By express: lb., 35c; 5 lbs., \$1.50; 10 lbs., \$2.50.

Salzer's Delmonico Parsnip—The finest, richest, tenderest Parsnip known to the American people. Price: Pkg., 10c; oz., 20c; ¼ lb., 35c, postpaid.

STUDENT PARSNIP.

600 BUS. PER ACRE AT 60¢ = \$360.

PEPPERS.

Great quantities of Peppers are now used in the United States. We have hit on the plan of mixing all sorts together and selling at but 15c a package. This plan proved immensely popular last season. See below.

Chinese Giant: Pkg., 10c; ½ oz., 60c; oz., \$1.00; ¼ lb., \$2.75; lb., \$10.00.

RUBY KING.

We hope all who grow red Peppers will try this splendid new variety. We recommend same heartily as the most profitable to grow for all purposes. It is unequalled, remarkably mild and pleasant to the taste, enormously productive, all its fruit handsome, frequently 6 inches long, producing from 15 to 25 large Peppers. Color, bright ruby red. Pkg., 10c; oz., 35c; ¼ lb., \$1.00; lb., \$3.00. **PROCOPP'S GIANT.**

A great Pepper. Almost as large as Ruby King, but not so large as Salzer's Giant. Pkg., 10c; ½ oz., 25c; oz., 40c; ¼ lb., \$1.00.

TOBASCO.—A new Pepper novelty of transcendent quality, richness and pungency. Pkg., 10c; oz., 50c; ¼ lb., \$1.25.

SALZER'S GIANT PEPPER.

A fine Pepper of colossal size and delightful, appetizing flavor. It's one of those great Peppers which once planted or used will always remain in your collection.

Nothing quite like it. It's the giant among Peppers!

Splendid for filling, pickling.

yes, for all purposes. Pkg., 10c; ½ oz., 20c; oz., 35c; ¼ lb., \$1.00; lb., \$3.00.

Mixed Pepper Seed.

All sorts carefully mixed. This gives you an opportunity of growing all varieties at a small expense. This mixture is *par excellence*. You will like it. Is immensely popular, as thousands of our customers are ready to attest. Pkg., 15c; oz., 40c; ¼ lb., \$1.00; lb., \$3.00.

NEW CHINESE GIANT PEPPER.

The Finest, Largest and Handsomest Pepper of All.

A magnificent new variety, the largest and finest Pepper in cultivation. The plant is about two feet high, of strong, vigorous growth, stocky in habit, very productive, and ripens its fruit earlier than the Ruby King. The fruit averages four inches in diameter, and is of a bright glossy scarlet when ripe. The flesh is unusually thick and very mild, having none of the pungency of most of the older varieties. The immense size of the fruit and its brilliant color render it very attractive, and will cause it to sell readily in the market.

Wm. Yost, near East St. Louis, grew a Salzer Chinese Giant Pepper weighing 21¾ ounces—a regular giant.

Now, I doubt if this size can be exceeded this year, and yet, why not? Are there not hundreds of bright pepper growers who will try it in 1907?

Chinese Giant is certainly a wonder. The plants are of strong, stocky growth, of bushy, erect habit, growing 18 inches to 2 feet in height, with abundant foliage. The compact plants are very prolific, setting 3 to 4 extra large fruits at the base quite early in the season, which ripen while a second crop is setting on the branches. The fruit is well shown in the illustration herewith, being quite square in appearance, while the flesh is thick and very mild, being entirely free from any fiery flavor.

PRICE:—Pkg., 10c; ½ oz., 60c; oz., \$1.00; ¼ lb., \$2.75; lb., \$10.00.

New Celestial Pepper.

From China. Extremely ornamental. It is wondrously productive, 40 Peppers having been counted on a single branch. Until fully ripe they are of a delicate creamy yellow, then suddenly change to an intense, vivid scarlet. All carried upright. Pkg., 10c; ½ oz., 25c; oz., 40c; ¼ lb., \$1.00.

Coral Gem.

The finest of all ornamental Peppers; of sharp, pungent taste; 1,500 cute little Peppers have been counted on one plant. Fine for pickling. Pkg., 10c; ½ oz., 35c.

Red Cluster Pepper.

A single plant will bear hundreds of coral red colored, handsome little Peppers, which are very hot and pungent in flavor. Pkg., 10c; ½ oz., 20c; oz., 30c; ¼ lb., \$1.00.

CAYENNE.—Long, fine. Pkg., 5c; oz., 30c; lb., \$2.50.

CAYENNE.

LONG YELLOW.—Of excellent flavor; good size and yield. Pkg., 5c; oz., 30c; ¼ lb., 75c.

LARGE BELL.

One of the very best. Pkg., 5c; oz., 30c; lb., \$2.00.

LARGE BELL.

New Golden Dawn.—In shape it resembles the Bull Nose, except that it is a little more pointed on the end; in color, it is a beautiful golden yellow. It is very sweet, not the slightest suspicion of a fiery flavor. Pkg., 10c; oz., 40c; ¼ lb., \$1.00.

Long Red.—Similar to the yellow, only bright red in color. Pkg., 5c; oz., 25c; ¼ lb., 75c.

Red Cranberry.—Grow like red cranberries; very odd and fine. Pkg., 10c.

Red Chili.—For pickling; small. Pkg., 5c; oz., 25c; lb., \$2.00.

RED CLUSTER. PKG., 10c.

NEW GOLDEN DAWN.

MOUNTAIN SWEET PEPPER. OZ., 25c.

Mountain Sweet.—Like above, only much larger. Pkg., 5c; oz., 25c; lb., \$2.50.

Sweet Spanish.—Mild flesh, early. Pkg., 5c; oz., 25c; lb., \$3.00.

SALZER'S SPLENDID PEAS.

The best paying crop for the Market Gardener is early Peas. Salzer's Peas are grown with unusual care on soil adapted to produce the best of Peas, and the result is; there is no earlier Pea in America than Salzer's Scorcher, Salzer's Earliest and Best, and Early May. There is more money in fine early Peas—by early Peas we mean Peas ripe and in the market just 6 to 10 days ahead of your neighbor's—we say there is more money in such early Peas, than in any other early vegetable grown on open land. Why, we have a gardener right here who made \$400.00 last year from 1 acre of our Earliest and Best Peas—because they were just 6 days ahead of every other early sort. When stock is exhausted, we will fill at market prices.

Away! Stand aside! Clear the track for the earliest Pea in the world! This is what the John with this in view every earliest sort obtainable was tested and every improvement through hybridization and crossing was made in order to attain these results, and to-day we are proud and happy to state that our A. Salzer Seed Co. have been after for years, and

Scorcher is Absolutely the Earliest Pea in the World

Now, if you will just stop to think what it really means to plant Peas to-day and have them ready and fit for eating in but 600 hours, or 25 days, you will quickly see the tremendous importance of this great improvement. Why, it is not more than ten years ago when it took Peas from 60 to 75 days to be fit for market. We beat that record with Salzer's Earliest and Best and with Salzer's Early May, the two greatest Early Peas grown in America the past five years, but in Salzer's Scorcher these two above-named magnificent varieties must take a back seat, they must clear the track, for Salzer's Scorcher is ahead of them in earliness. Now, we challenge the world, we challenge any and every seedsmen in America, we challenge every market gardener or private gardener in America to produce a Pea as early as Salzer's Scorcher. We are positive that there is no Pea like it in America to-day. The ripening time of the first and best sorts, such as are offered by Philadelphia, New York, Chicago, St. Paul and Rockford seedsmen, is about 52 days. The average ripening time of Salzer's Scorcher Pea, tested by upward of 500 customers, was a trifle over 34 days, or fully 18 days ahead of the earliest Pea that other seedsmen offer. Now, this is not a dream of fancy, but a fact, a fact that you can demonstrate for yourself by planting a package or more of Salzer's Scorcher Pea.

Now, when you plant Peas for the early market, you want the earliest, the heaviest yielding and biggest podded variety. That is Salzer's Scorcher. It is the earliest big-podded, quickly ripening, earliest Pea on earth, and will make you more money than any other Pea known.

LOOK AT DAVID DANIEL TUCKER'S TRIAL.

Burpee's Best Extra Early Pea.....	pods fit for use in 48 days
Maule's Earliest of All	" " " 47 "
Henderson's First of All	" " " 47 "
May's Earliest	" " " 51 "
Vaughan's Maud S., claimed earliest in the world.....	" " " 47 "
Rockford's Two Early Sorts.....	pods fit for use in 49 and 51 "
Salzer's Scorcher	pods fit for use in 34 "
Salzer's Earliest and Best	41 "

Mr. Tucker says: "Salzer's Scorcher were all sold and vines removed before any of above other seedsmen's earliest were ripe."

Now, this Pea is the earliest in the world. The color is blue, the pod is large, of extremely beautiful appearance, full of fine, large Peas, ripening quickly. You can make more money out of a quart of these Peas than you can out of a peck of such early varieties as other seedsmen sell, because these Peas will come in the market about as soon as the southern Peas.

THE BIG FOUR PODS.

Look at them! Are they not handsome? Do they not appeal to you with all their wonderful productiveness? Salzer's Scorcher Pea is borne so often in clusters of four, and we guarantee that this splendid Pea, this big four podded, this earliest of early, will fill a bushel basket quicker than any of the other seedsmen's Extra Early, First of All, Earliest of All and any other named earliest varieties. Salzer's Peas are the earliest in the world, and Salzer's Scorcher will bear out what we say about them every time. Nothing will fill a bushel basket quicker for extreme early peas.

PRICE OF SALZER'S FAMOUS SCORCHER PEA:

Price by mail: Pkg., 10c; ½ pt., 20c; pt., 30c; qt., 40c. By express, pkg., 10c; pt., 20c; qt., 30c; pk., \$1.15; ½ bu., \$2.20; bu., \$3.80; 2 bu., \$7.50; 10 bu., \$35.00 net.

SALZER'S EARLIEST AND BEST PEA.

I NEVER SAW ANY THING LIKE IT!
THE SALZER PEAS BEAT THE BAND
THEIR EARLIEST AND BEST IS THE FINEST
EARLY PEA IN THE WORLD AND NEARLY AS EARLY
AS THEIR SCORCHER AND SUCH A CROPPER!

SALZER'S EARLIEST AND BEST

This Pea is the **EARLIEST** White Pea on Earth, and Salzer says so, weighing each word—and he repeats it—"It is the Earliest White Pea on Earth;" while Salzer's **Scorcher** is the Earliest Green Pea. It is the Pea for you, Mr. Gardener and Citizen, to plant, whether by the package or by the bushel. It's the greatest Earliest Profit Pea. It's the Pea, combined with Salzer's **Scorcher**, that everybody who wants the "very earliest" on earth, should plant. Plant largely of it and it will make you rich! Pods large, full, sweet, and extremely prolific. It will net \$500 an acre easily. We do not remember, during 25 years, one instance when earlier Peas were ever brought into the La Crosse market than ours. We always offered the first, from the fact that our variety was fully 6 to 10 days ahead of the earliest. We have tried Landreth's Extra Early, Burpee's "Best" Extra Early, Henderson's First of All, etc., but all were behind our Earliest and Best. This Pea is early, growing from 18 to 30 inches high, a fine cropper and of excellent flavor, and all who have tried it are emphatic in pronouncing it the very earliest.

Of Course, Every Seedsman

Claims to have the earliest Pea—but the wide-awake gardener can't be thus fooled. For over 25 years this Pea was the earliest in the La Crosse market, and we keep right on improving it, and we challenge the world to produce an earlier, finer, more productive white sort. (Of course, Salzer's **Scorcher** is earlier.) Frank Coburn, of Iowa, reports the enormous yield of **11,271 perfect pods from one pint of seed**. Now, honestly, would you expect a Pea to be better?

Our Great Seed Trade

Was won and built up on lines of furnishing the earliest and absolutely the best seeds in the world. When we were market gardeners we found that a pea 10 days earlier ripe than that of the neighboring gardeners meant for us hundreds of dollars. For that reason we have always worked to increase the earliness of Peas, and we positively have the earliest Pea on earth to-day. Our Salzer's **Scorcher**, and Earliest and Best, and Dwarf Jumbo, and Early May are noble specimens of the earliest, early ripening Peas.

It is Not Unusual, Mr. Gardener

To take in from \$250 to \$500 from one acre of Salzer's Earliest and Best Peas. The pods are large and fine and are deliciously sweet, and sell quickly in any and every market. In the La Crosse market, alongside of Peas shipped in from Southern States, Salzer's Earliest and Best brought \$3.50 a bu., while Southern Peas fetched only \$2.50 a bu. Every citizen, every hotel, everybody fond of good Peas, will take and pay double the price for Salzer's Earliest and Best than for the common run of seedmen's earliest sorts.

Twenty-four Carloads Seed Peas.

We grow great quantities of Salzer's Earliest and Best Peas, and handle them in carload lots, so also Salzer's **Scorcher**, Early May, and other varieties; indeed, we believe that we grow more Peas and Beans, and sell more Earliest Peas and Beans than any other five large seedmen put together. We have won this great trade on account of the superior excellence and extreme earliness and prodigious yield of our Peas. We have pedigree stock, bred right up to earliness and yield.

We are shipping this Pea to market gardeners in Philadelphia, New York, Chicago, Cleveland, Boston, St. Louis, St. Paul, Minneapolis, Omaha, Kansas City, Detroit, Milwaukee, London, Liverpool, Paris, Berlin, and other large cities, and when once used is grown to the exclusion of all other "earliest" sorts by all market farmers and gardeners.

Market gardeners have told us that they have secured from 250 to 350 bushels of green Peas per acre of this variety, selling them from \$2.00 to \$2.25 per bushel, as they are always earlier than their neighbors. We know it is the Pea you want, if you want to make money.

PRICE OF SALZER'S EARLIEST AND BEST PEA.

By mail, big pkg., 10c; ½ pt., 15c; pt., 25c; qt., 40c. By express, pt., 15c; qt., 25c; pk., \$1.20; ½ bu., \$2.25; bu., \$3.90; 2 bu., \$7.75.

SALZER'S DWARF EARLY MAY PEA.

If you want a Dwarf Pea, something growing less than 1½ feet tall, that covers itself with big, large pods of deliciously rich and tenderly flavored Peas, then try Salzer's Early May, the Prince of Extra Early Dwarf Peas.

This is a grand, new blue dwarf wrinkled Pea. It is extremely dwarf, growing from 10 to 17 inches, and literally fills itself with large pods, ripening evenly and of excellent flavor. It is very early, testing in 46 days.

We know that all who try this Pea will agree with the words of a pleased patron by saying, "I do not exaggerate when I say that this is the very best dwarf Pea to grow in a family garden for the table that I ever saw. I congratulate you in placing a Pea of its remarkable character before the American people."

1,000 Bushels.

Now, that's a great many, but our market gardeners and private planters require Early May Peas. They say there is no other Pea just like it, hence its great demand. It's early, too, and of delicious quality.

The distinct merits of this Pea over any other variety are its extreme earliness combined with its abundant production of fine Peas of delicious flavor. It is extremely early and while the pods are not as large as Salzer's Earliest or Jumbo, they are of great richness and give splendid satisfaction.

Its strong points are its delicious richness of flavor, its extreme earliness, its dwarf habit, needing no brushing, and its large-sized pod. One of its distinctive features is its unusually regular habit of growth. It is of uniform height, so smooth and level in its growth that a row resembles a well-kept hedge. It is also a magnificent variety for market gardeners to grow; as the pods are large, it fills up a bushel quickly, and brings a very fine price in the market.

PRICE OF SALZER'S DWARF EARLY MAY PEA.

By mail, big pkg., 10c; ½ pt., 15c; pt., 30c; qt., 45c. By express, pkg., 10c; pt., 15c; qt., 30c; pk., \$1.40; bu., \$4.90; 2 bu., \$9.00.

SALZER'S 3 GREAT JUMBO PEAS

1 PKG. OF EACH 25¢ POSTPAID

1. Salzer's Earliest Dwarf Jumbo Pea.

A pea fit for the gods. Nothing that we have ever grown has so completely captivated us as our Earliest Dwarf Jumbo Pea. Vines run from 16 to 26 inches, and are literally loaded with great, glorious, rich heavy pods, often 6 inches long, with large, sweet, well-developed Peas, crowding each other in the giant pod. It is earliness itself; indeed, it is remarkable how a so giant-podded variety can produce a crop so quickly as this Dwarf Jumbo. It is vastly superior to the Gradus or Prosperity Pea, outyielding same by almost one-third, is only a few days later than Salzer's Earliest and Best and Scorchers, which pods are much smaller than our noble colossal Dwarf Jumbo. If you wish a great supply of delicious, large, wrinkled pods, pods that will quickly fill a bushel basket, this is the Pea to buy.

IT'S THE GREATEST PEA ON EARTH,

and that means much, but our Dwarf Jumbo will bear us out every time. Now, do try this and the following two Peas. Each one is a gem—a genuine diamond of the clearest water! You will be delighted with them, surely. An English seedsman who tested this variety said: "It is positively the grandest, large giant-podded Pea on earth." Price: Big Pkg., 10c; pt., 30c; qt., 60c, postpaid; by freight, pt., 25c; qt., 40c; ½ pk., \$1.40; pk., \$1.90; bu., \$7.40.

2. Salzer's Dwarf Telephone Pea.

Another new Pea of superlative merit. These pods are large, noble and handsome, with vines dwarf, being filled from bottom up with great pods of Peas of the richest quality. The well-known Telephone Pea has a large pod, but also a long vine. This Pea has all the excellent qualities of the old Telephone, but is dwarf in habit, bears stronger pods, more of them and we believe are far richer in quality. The height under ordinary culture is from 24 to 28 inches, requiring no brush. It comes into full play after the Jumbo has been picked and marketed. The pods are giants, often containing 10 large peas, thick, meaty and rich, and of good lasting quality for market purposes. The Pea is of the largest size imaginable and of delicious flavor; when fit for the table it is light green, and much shrunken and shriveled when dried. We know that this magnificent Pea will be hailed with delight by all market gardeners and city planters, to whom we heartily recommend same.

Price: Big Package, 10c; pt., 30c; qt., 50c; postpaid; by freight, pt., 25c; qt., 40c; ½ pk., \$1.00; pk., \$1.90; bu., \$7.40.

3. Salzer's Rough Rider Pea.

Greatest Pea on earth! A new race, a new creation. We have named same Rough Rider. As the heroes of the late Spanish war in their race up the hills of San Juan carried everything before them by storm, so will this Pea capture the hearts of everybody and ride on a wave of prosperity into the popular esteem of every grower of Peas in the world. It grows but 2½ feet high, while the pods are tremendous in size; much larger than an ordinary Pea, filled full of large, deliciously sweet Peas. So thick and full are the vines that one often fails to see the leaves, but instead finds great, heavy pods, filled almost to bursting with rich, luscious, meaty, exquisitely flavored Peas, whose lusciousness and deliciousness even the most fastidious epicurean must lavishly praise.

Price: Big Package, 10c; pt., 30c; qt., 45c, postpaid; by freight, pt., 20c; qt., 35c; ½ pk., \$1.00; pk., \$1.70; bu., \$5.90.

1 package each above 3 Jumbos, 25c.

Thos. Laxton Pea.

The only rival to the famous Gradus, —as a long-podded, extremely early, wrinkled pea,—and in some respects even better! The growth is identical, but the pods are a deeper, richer green and square at the end. In the judgment of experts, Thos. Laxton is even sweeter and finer in flavor, while the large peas are of a deeper green. Per pkg., 10 cts.; per pint, 30 cts.; postpaid. By express or freight. Per quart, 40 cts.; 2 quarts, 75 cts.; 4 quarts, \$1.40; per peck, \$2.25; per bushel, \$8.00.

SUGAR PEAS.

Over in Germany as well as in England and throughout Europe, no Pea is higher prized than the sugar varieties. They are considered there, and in fact everywhere, as one of the greatest delicacies. In the country districts of England they are served with a tender piece of Southdown mutton, and thus served it is a dish fit for a king! There is no Pea whose flavor equals the exquisiteness of the Sugar Peas.

Dwarf Sugar—One of the very best sugar Peas grown. It is from 6 to 10 days earlier than the Tall or Mammoth Sugar Pea. Very delicate flavor. Pkg., 10c; pt., 25c; qt., 40c, postpaid; by express, qt., 30c; pk., \$1.75; bu., \$6.75.

Tall or Mammoth Sugar Pea—Grows 8 to 5 feet tall and bears innumerable large, juicy pods of sweet, edible Peas. Pkg., 10c; pt., 25c; qt., 40c, postpaid; by express, qt., 30c; pk., \$1.75; bu., \$6.50.

Henderson's Heroine Pea.

The Heroine is a medium early green, wrinkled Pea, grows uniformly about 2½ feet high, and is literally covered with its long, heavy pointed pods. The quality of this Pea is simply perfection—that rich, buttery, marrow-like flavor. Price, by mail, pkg., 10c; pt., 25c; qt., 40c; by express, qt., 30c; pk., \$1.35; bu., \$4.90. **NOTT'S EXCELSIOR.**

A new, extra early, extra dwarf, extra finely flavored, sweetkerneled, large podded Pea, which has fairly taken the market gardeners by storm; it captivates everybody; it's a grand, extra early Pea! Pkg., 10c; pt., 25c; qt., 35c; postpaid; by express, pk., \$1.40; bu., \$4.90.

GRADUS OR PROSPERITY PEA.

Our crop of this greatest of all Dwarf Peas is very short this year; pods often 5 inches long, with 8 to 14 great Peas in a pod. Will average 24 inches tall. It's a prodigy in Peas! Pkg., 10c; pt., 25c; qt., 50c postpaid; by express, pt., 25c; pk., \$2.25; bu., \$7.90.

AMERICAN WONDER PEA.

Best known and mostly planted wrinkled dwarf Pea, very early, very sweet. Price by mail; pkg., 10c; pt., 20c; qt., 35c. By express: pt., 15c; qt., 20c; pk., \$1.35; bu., \$4.50.

THREE EARLY DWARF PEAS.

1. Tom Thumb—Immensely popular; very dwarf and extremely early. Known the world over as the earliest smooth, very dwarf, very early Pea. Pkg., 10c; pt., 20c; qt., 35c, postpaid; by express, qt., 20c; pk., \$1.25; bu., \$4.60.

2. McLean's Little Gem—It is very productive, has large, well filled, thick hanging pods of delicious Peas. Matures a week later than our Peerless Early May. Pkg., 10c; pk., \$1.25; bu., \$4.50.

3. Dwarf Profusion Pea—One of the earliest Peas, with large pods. It grows rapidly, is very dwarf, is full of pods, and every pod is full of Peas, ripening at the same time. Pkg., 10c; pk., \$1.25; bu., \$4.50.

(Above three dwarf sorts mixed: Pkg., 10c; pt., 20c; qt., 35c, postpaid.)

TOM THUMB.

NEW BIG CROPPING PEA, "WIFE'S PIN MONEY."

1171 Bushels Sold Last Season.

This Pea has a history. It's one that every market gardener will like to know, because it brings lots of money to the family. In the eastern part of the State this great variety originated, and is held there in high esteem. Will tell you why. The market gardener originating same named it "Wife's Pin Money." This is his reason: The money obtained from all the early Peas belongs to the market gardener, but he always plants an acre or two of medium late to late Peas. Whatever was made thereon belonged to the wife, that was her pin money. It is a capital idea, and we hope that thousands of market gardeners throughout the country will follow it.

Plant same along the 1st of May and watch the results. Here is one of them:
May 5, planted 2 bushels. Cost.....\$ 5.75
Labor, picking, care, etc.....19.25

Total expense.....\$25.00
RETURNS—Sold 110 bushels Green Peas at 90c.....\$99.00
Leaving a balance of \$74.00 pin money for the good housewife!

Is that not fine? Go thou and do likewise! And that you may plant an acre we have put the price so low that you can afford it, and with each peck or bushel order we will send you a description of "How to Grow Wife's Pin Money Pea to Make Money." There is nothing that we have ever offered with more pleasure than Wife's Pin Money Pea, and we hope there will be thousands of market gardeners that will plant from one to ten bushels of these Peas this year, so that the wife will have lots and lots of pin money. God bless her, she deserves it. Hurrah for "Wife's Pin Money Pea!" Look at our low prices.

By freight or express, pkg., 8c; pt., 12c; qt., 15c; pk., 80c; ½ bu., \$1.50; bu., \$2.90; 2 bu., for one acre, \$5.75.

BLISS EVERBEARING LATE DWARF PEA.

Late dwarf variety, of robust growth, forming sometimes as many as 10 branches from a single stock; pods 3 to 4 inches long, containing from 6 to 8 large wrinkled Peas, often half an inch in diameter, rich and marrowy. Continues remarkably in bearing, producing new blossoms after repeated picking until frost. Picked 2 bushels from ½ pint of seed.

Pkg., 10c; 2 for 15c; pt., 25c; qt., 35c. By express or freight, pk., \$1.15; bu., \$4.00.

STRATAGEM PEA.

Vines about two feet in height, of sturdy growth, bearing great pods from the ground to the tips. Very fine, indeed. Pkg., 10c; pt., 30c; qt., 50c. By express, qt., 25c; pk., \$1.00; bu., \$3.90.

THE GREAT MAIN CROP PEA, SALZER'S IMPROVED TELEPHONE!

Most Popular, Big, Fat, Large Podded, General Crop Pea.

improved through painstaking selection. It is immensely productive, of the finest quality and excellent sugary flavor, vines strong, averaging 18 to 20 pods. The grandest tall Pea grown, test vines holding 2 qts. of fine, full pods from one kernel planted. It is very prolific and very fine for all purposes.

Price of Telephone Pea: Pkg., 10c; pt., 20c; qt., 35c, postpaid. By express, qt., 20c; ½ pk., 70c; pk., \$1.20; ½ bu., \$2.25; bu., \$4.25.

CHEAP—STANDARD PEAS—CHEAP.

The price of the following 9 sorts by mail: Pkg., 5c; pt., 16c; qt., 28c. By express, pkg., 6c; pt., 10c; qt., 15c; pk., \$1.25; bu., \$3.90.

1. Rural New Yorker—Claimed to be the earliest.
2. Improved Kent—Is the finest second early Pea; pods unusually large and full, borne in great abundance; 2½ feet high.
3. Abundance—Vines from 15 to 20 inches in height, sending out 6 or more branches from the root, each one heavily laden, pod long, containing large, wrinkled Peas of delicious flavor.
4. Champion of England—A superior late general crop.
5. Carter's First Crop—One of the earliest.
6. McLean's Advancer—Ripens two weeks earlier than the Champion of England, a magnificent wrinkled sort; 2½ feet high.
7. Prince of Wales—Pea grown for general crop; wrinkled, branching habit.
8. First and Best—Philadelphia, New York, Chicago, Rockford, St. Louis, St. Paul, and other seedsmen's very earliest—about 6 to 15 days later than Salzer's Earliest and Best.
9. Blue Peter—A green wrinkled dwarf variety.

Horsford Market Garden—This new wrinkled Pea grows from 15 to 20 inches high, is very stocky and requires no bushing. It is very sweet and extremely prolific, bearing pods always in pairs. On some plants over 150 pods have been counted. Pkg., 10c; pt., 30c; qt., 50c. By express, qt., 25c; pk., \$1.15; bu., \$4.25.

Black-Eye Marrowfat—Pkg., 5c; qt., postpaid, 35c; by express or freight, qt., 15c; pk., 75c; bu., \$2.60; 2 bu., \$4.75.
White-Eye Marrowfat—Pkg., 5c; qt., postpaid, 35c; by express or freight, qt., 15c; pk., 75c; bu., \$2.60; 2 bu., \$4.75.

NEW PEA, SALZER'S MIDSUMMER.

Like a whirlwind, like wild-fire, like a western cyclone, this grand, glorious Pea has in the first season swept everything before it! Everybody, everybody, everybody wants them! Why? Because over 24,000 planters tested them last year, and their neighbors saw them, their friends saw them, their customers ate them, and their richness, their vigor, their splendid prolificness set everybody, we say it again, set everybody a-talking about our great new Pea, Salzer's Midsummer.

This is a Pea that we have all been looking for, for many years. It is one ripening at times when Peas are scarce. It is a Pea attaining a height of fully 3 feet, with long, well-filled pods of delicious, excellent quality. It is a very healthy variety. Its vines grow robust quickly and are filled with magnificent pods. The beauty about these pods is that they are filled to the end with large Peas and fill a bushel basket remarkably quickly. We believe that Midsummer Pea will be hailed with great delight by all market gardeners and small planters on account of its rare quality and on account of its coming at a time when other Peas are scarce. The vines are literally covered from top to bottom with handsome, well-filled pods.

PRICE: Pkg., 10c; pt., 25c; qt., 50c, postpaid.
By express: Pt., 15c; qt., 30c; ½ pk., 75c; pk., \$1.40; bu., \$4.90.

This is without exception the largest podded Telephone Pea in existence. It is a heavy cropper and of fine quality; the pods are well filled with Peas of the largest size, tender and retain their sweetness well. Undoubtedly one of the best of the tall growing late Peas. Our strain of this great Pea has been greatly

improved through painstaking selection. It is immensely productive, of the finest quality and excellent sugary flavor, vines strong, averaging 18 to 20 pods. The grandest tall Pea grown, test vines holding 2 qts. of fine, full pods from one kernel planted. It is very prolific and very fine for all purposes.

THE FAMOUS EARLY ALASKA PEA.

This famous Early Alaska Pea is known the world over! It's used by most seedmen as the Earliest! With us it comes after Salzer's Scorchers and Salzer's Earliest and Best. It's height is 24 to 29 inches, so it requires no bushing. It's a prodigal producer, and very early.

PRICE OF EARLY ALASKA:

By mail, pkg., 10c; pt., 20c; qt., 35c; by express, pkg., 10c; pt., 15c; qt., 20c; pk., \$1.00; ½ bu., \$1.75; bu., \$3.40.

RADISHES.

One of the most profitable crops to grow for the market gardener and market farmer, as also for the private garden, is Radishes. There is no vegetable that is a better appetizer for breakfast than a fine, juicy Radish. In Europe these are served in restaurants with every meal, and enormous quantities are thus used. All that is required to bring them into constant demand in America is to furnish an early good Radish. Our Northern-grown stock always produces the finest, best eating Radishes.

12 DAYS FROM SEED

SALZER'S EARLY BIRD RADISH.

JUST AS THEY GROW.

Price of Salzer's Early Bird Radish: Big pkg., 10c; 3 for 25c; oz., 20c; $\frac{1}{4}$ lb., 50c; lb., \$1.25; 3 lbs., \$3.00; 10 lbs., \$9.00.

1. SALZER'S EARLY BIRD RADISH.

It is the Early Bird that catches the Worm," goes the saying, and it is the market gardener who brings in the early vegetables to the market who catches the most money, or, in other words, makes the best profit out of his investment. For years in our market gardener trade this was one of the main sources of income to us. In this our Radish, Salzer's Early Bird, we are sure we have the earliest Scarlet Globe Radish grown. The shape is regular, of rich scarlet color. The fruit is unusually tender, crisp and delicious, never becoming hollow or pithy. It is very desirable for forcing, being fit to pull in less time from sowing than any other turnip variety. It is alike valuable for outdoor planting for spring or in autumn, and will always command a good price throughout the year. It will not disappoint a single market gardener who sows it, but will be a source of genuine pleasure and profit. We know of none of our vegetables that will pay the market gardener better, and for the kitchen garden, than Salzer's Early Bird Radish. This is the earliest, the finest, the handsomest in shape of any early turnip Radish known to the trade at present.

READ EXTRACTS FROM LETTERS.

"From all my customers comes but one cry—'More Salzer's Early Bird Radishes!'"—R. P., Pittsburg, Pa.

"Ate fine Early Birds in 14 days after planting. That's good enough."—Mrs. C. G. E., Evanston.

"My wife says the fine Radishes we are now using are 16-day Early Birds."—F. A. H., Nashville.

"Made more money on the 20 lbs. Early Bird Radish than on all others together, as I grow mainly for New York market."—Geo. W., Long Island.

Mr. John Hauser, of La Crosse, a large market gardener, brought into market large Early Bird Radishes grown in 12 days.

Pkg., 10c; oz., 20c.

EARLY BIRD—EARLIEST OF ALL SCARLET RADISHES.

HERE'S A RED-HOT LETTER.

"To JOHN A. SALZER SEED CO., DEAR SIR: That rascal of a seedsmen, in Illinois, advertises that his Radish was as early as your Early Bird. He is a liar! I get excited every time I think of it. The swindler! It is 12 days behind in earliness and 10 years behind in quality of your Early Bird. I bought 5 lbs. because he was so cheap. John, but I lost lots by it. His Radish was no good."—D. T. Wise.

On our grounds at La Crosse we had fine Radishes fit for the table (outdoor grown) in 12 DAYS FROM PLANTING.

Large, tender, delicious! Why, they are actually larger than Radishes used to grow in hotbeds, 10 years ago, in 20 days! Such wonderful improvements have been made in Radishes. We are sure none will be ahead of Salzer's Early Bird.

Now, the substance of the whole matter is this: If you are at all anxious, either as a market gardener or as a grower of Radishes for your own private table, to have Radishes from 6 to 12 days ahead of your neighbor, and if you are anxious to have the finest Radish that seed can produce, even under the most adverse circumstances, then by all means plant Salzer's Early Bird. Its crisp, brittle flavor as well as its remarkably good growth and fine color, alike recommend it. The color of the skin is a rich scarlet, while the flesh is pure white, of such mild flavor, always crisp, juicy, tender and delicious. As it has a very small, short top, it is equally valuable for forcing or open ground, in favorable weather maturing Radishes in about 16 days, and if we ate our Radishes in America as small as they do in France this variety would produce Radishes fit for the table in 10 days.

2. EARLIEST SNOW WHITE ICE.

Here is the Radish that will bring you joy. It's *par excellence* in each and every respect. Its color is pure white, almost crystal, so clear and transparent. Its quality is superlative! It cannot be excelled except, perhaps, by Salzer's famed Early Bird Radish. It has a short top, is very rapid growing, fit for use in but 14 days, and sells at sight at an advanced price in all markets when once known.

Price: Pkg., 10c; oz., 20c; $\frac{1}{4}$ lb., 50c; lb., \$1.25.

3. BLOOD RED, SNOW WHITE TIPPED.

The Radish of your dreams. It is beautiful in the extreme. Its lively scarlet color paints off to a pure white at the tip, giving it a delightful appearance. It's perfection itself when judged by quality and earliness. It's a producer. Each seed produces a fine, large, tender, juicy, delicious, very early Radish! These two new Radishes added to Salzer's famed Early Bird Radishes—are three sorts hard to beat!

Pkg., 10c; oz., 20c; $\frac{1}{4}$ lb., 50c; lb., \$1.25.

PRICE OF SALZER'S 3 GREAT EARLIEST RADISHES.

1 package each of the three, 20c; one ounce each, 40c; $\frac{1}{4}$ pound each, \$1.00; one pound of each, \$2.75.

SALZER'S EARLIEST WHITE RADISH.

When we offered this new, extra early, extra fine, extra tender, extra juicy, extra quick growing White Radish, we had no idea that it would so quickly capture the hearts and make fat the pocketbooks of the market gardener. We knew it was a fine Radish, a quick growing Radish, a quick selling Radish, but we did not dream of its taking hold of the people with such furor, as it is by all odds the finest, sweetest and tenderest of White Radishes. If we devoted ten pages of our catalogue to describing this meritorious Radish we could but begin to tell its splendid qualities.

It is an exceedingly quick growing, olive shaped Radish, pure white in color, yes, white as the new fallen snow. It is well adapted to all soils, and market gardeners have tested same for the markets of Boston, Chicago, Philadelphia, San Francisco, St. Louis, New Orleans, Milwaukee, St. Paul, and, in fact, all the large markets of the United States praise it without stint, claiming that for an extra early, extra fine Radish, there is none that approaches Salzer's Earliest White. Indeed, this new Radish is finding its way into England, Scotland, Germany and France, in fact, into all the markets of the world, and it has won its way simply on its own merits. It proves itself everywhere as the finest White, and absolutely the very earliest White Radish grown.

It is positively earlier than any other Radish grown, with the exception of Salzer's Flashlight and Salzer's Early Bird. These two varieties are of the same earliness. It is, as a market gardener of Philadelphia has well written, ten days earlier than the earliest Radish that he was able to obtain from New York or Philadelphia seedsmen, and that it is the song of all of them. There is not a market gardener in America who has tested Salzer's Earliest White Radish, but what is free to say that it is from 5 to 15 days earlier than other seedsmen's earliest sorts.

You See

For many years our work has been along the line of improving the quality of vegetables and shortening the number of days to make them fit for market. Thus we now have a Radish that is fit for market in 13 days from the day the seed is sown. We have a Cabbage which ripens perfect heads in 55 days. Our 4th of July Corn will produce splendid roasting ears inside of 60 days. Our Scorcher Pea is fit for use in less than 40 days, and we believe that the John A. Salzer Seed Co. has quickened the ripening of Radishes, Peas, Lettuce, Beans, Tomatoes, etc., etc., from 5 to 25 days.

Our seed is grown in the extreme North, where it must grow and produce quickly in order to ripen. That same seed, sown anywhere in the U. S., we warrant and guarantee, will produce the finest Radishes.

(Price: Pkg., 10c; oz., 30c; ¼ lb., 50c; 1 lb., \$1.25; 5 lbs., \$5.00, postpaid.)

NEW RADISH.

Salzer's Juicy "Foot Long."

A great acquisition. A decidedly distinct, long, bright scarlet Radish of unusual juicy quality and length. The brightest and handsomest scarlet Radish grown. It makes roots fit for use in twenty-five days from time of sowing and remains in good condition until full grown when it is large and crisp, yes, a foot long. Tops small.

Pkg., 10c; oz., 20c; ¼ lb., 35c; 1 lb., \$1.00.

EVERY-DAY RADISH.

Here is the Radish you are looking for, the Radish worthy to grace the dining-room of

every king, monarch, president or citizen of the United States and the world. There is nothing quite so rich, luscious, fine, tender, juicy, sweet and crisp as Salzer's Every-Day Radish. It is a large red Radish, shading into white, peerless in quality and beauty and is sure to give great satisfaction. It is one of those Radishes that you want to tie to; that you want to grow in your garden. An ounce or two would furnish you Radishes all summer long, all fall long and all winter long. We know you will be delighted with this Radish.

Price: Pkg., 10c; oz., 25c; ¼ lb., 45c; 1 lb., \$1.20.

RADISH, QUEEN OF ALL.

A gem, a beauty, small, juicy, round, red.

Big pkg., 10c; oz., 20c; ¼ lb., 50c; 1 lb., \$1.30, postpaid.

YANKEE "WAY BACK" RADISH.

NEW RADISH "TRIUMPH."

This novelty is unique. It's early—a "Twenty-Day" Radish, of globular form. The flesh is very crisp and solid and of mild flavor. Its most distinctive feature, however, is the unique color of the skin. The ground color is pure white, suffused horizontally with bright scarlet. It is a most attractive ornament for the table, and market gardeners will find a "double quick" sale at advanced prices for it. Pkg., 10c; 3 pkgs., 25c; oz., 20c; ¼ lb., 45c; 1 lb., \$1.25.

YANKEE "WAY BACK" RADISH.

A hundred years ago in Connecticut and ever since there was grown in some of the best families, a long scarlet Radish with shading towards white at the tip that was always juicy, tender, delicious and free from pith and sharpness so much found in long Radishes today. This Radish we have called Yankee Way Back and we believe that everybody trying same will be delighted and pleased therewith. We know it, otherwise we would not offer same. Price: Pkg., 10c; oz., 20c; ¼ lb., 50c; 1 lb., \$1.25, postpaid.

SALZER'S SPLENDID RADISHES FOR ALL THE YEAR ROUND

ERFURT DARK RED RADISH.

A superb new dark red early Radish for all purposes. At our market Radishes of this sort sold from 25 to 50 per cent. higher than any other sort. Crisp and tender. Pkg., 5c; oz., 15c; lb., \$1.00; 5 lbs., \$4.00.

CHARTIER'S RADISH.

Here is a Radish without a flaw, rich, fine, scarlet at top, shading to pure white at tip; very showy. Somewhat changeable in color and particular as to culture. Good at all stages. Samples grow to the length of 18 inches, crisp and tender. Pkg., 5c; oz., 10c; ¼ lb., 20c; lb., 50c.

SALZER'S 13 DAY.

Pkg., 10c; oz., 20c; ¼ lb., 35c; lb., \$1.10.

Salzer's Earliest Scarlet Globe.

This is one of the earliest, finest, juiciest, tenderest, sweetest, best Radishes for early use grown. From 4 to 6 days ahead of the earliest varieties offered by Eastern seedsmen. Rich red in color. While this variety is not as early as the Early Bird, nor as fine, yet it has been before our customers so long, that we believe it to be earlier than any Turnip variety offered by other dealers. Pkg., 5c; oz., 10c; ¼ lb., 25c; lb., 90c.

many of them prefer this; indeed, we believe it to be earlier than any Turnip variety offered by other dealers.

SALZER'S LONG SCARLET.

Over 50,000 of our customers say this is the finest long Radish on earth. It has a bright red appearance, very brittle, crisp and tender; a splendid sort for market and family use. This is the great family Radish, and is A No. 1 for shipping purposes. The long Radishes, made into bunches, have a very fine appearance and sell readily on account of the quality. Pkg., 10c; oz., 15c; ¼ lb., 30c; lb., \$1.00.

LONG BRIGHTEST SCARLET RADISH.

In shape very regular, smooth and conical; in size it is intermediate between the long and half-long sorts. In color it is quite unique, being the most fiery scarlet; it is slightly tipped with white, the flesh is crisp, tender, and of the finest quality. Ready for use in 25 days. Pkg., 5c; oz., 10c; ¼ lb., 25c; lb., 70c, postpaid.

Long Red White Longfellow.

A queer name the introducer gives to this Radish. He means that it is a real long, red Radish, shading to white. Its quick growth, remaining in the ground a long time and still keeping its sweet, juicy, tender quality, is well worth an extended trial. Pkg., 10c; oz., 20c; ¼ lb., 60c; lb., \$1.25; 3 lbs., \$3.00.

WHITE LADY FINGER.

A magnificent long, white Radish; tender, crisp and delicious. Pkg., 5c; oz., 15c; ¼ lb., 30c; lb., \$1.00.

EARLY SORTS.

Prices of the following 9 sorts, by mail: Pkg., 5c; oz., 10c; ¼ lb., 20c; lb., 50c. By express: Pkg., 5c; oz., 10c; ¼ lb., 15c; lb., 45c.

L. R. W. LONGFELLOW.

Scarlet Turnip—The Standard Early

Scarlet Turnip Radish.

- 1. Wood's Early Frame—One of the very earliest.
- 2. French Breakfast—Olive shaped; red, white tip.
- 3. Scarlet Turnip—White tail. See Cut. Very early.
- 4. Scarlet Olive—Very handsome dark red color.
- 5. Half Long Deep Scarlet—A splendid sort.
- 6. Early White Olive Shaped—Very fine indeed.
- 7. Shepard—Long, very fine indeed.
- 8. 18 Day Forcing—Quite popular.

Any 3
Pkgs.
of these
9 sorts
10c.

SUMMER SORTS.

The following Radishes, except when noted, by mail: Pkg., 5c; oz., 10c; ¼ lb., 15c; lb., 50c.

Golden Summer Globe—Greatly prized for its excellent tender quality.

White Turnip—A grand white sort, largely grown.

Long White Naples—Crisp and tender. Good for summer planting.

GIANT WHITE STUTTGART.

Very large; bulbs fine, firm, juicy. Can be used at any stage. Grows 6 inches in diameter. Splendid for family. Pure white. Pkg., 10c; 2 pkgs., 15c; oz., 20c; lb., \$1.00.

WINTER SORTS.

Alaska—A grand winter radish, round to oblong in shape, dark in appearance, while the flesh is pure white, of delicious flavor. It will keep in a cellar fresh until June. It will pay everybody to give it a trial. A package is sufficient for a family. Pkg., 10c; oz., 15c; ¼ lb., 30c; lb., \$1.00.

Mammoth California—Large tender white Winter Radish. If sown early, it is good for summer use. Pkg., 5c; oz., 15c; ¼ lb., 30c; lb., 75c.

China Rose—A magnificent rose colored, white flesh Winter Radish. Pkg., 5c; oz., 10c; ¼ lb., 15c; lb., 60c.

China White Winter—White color. Pkg., 5c; oz., 10c; ¼ lb., 15c; lb., 60c.

Black Spanish Winter—Round sorts. Pkg., 5c; oz., 10c; lb., 60c.

Black Spanish Winter—Long sorts. Pkg., 5c; oz., 10c; lb., 60c.

Mixed Radish Seeds—All sorts, colors and varieties, very popular. Pkg., 10c; oz., 15c; ¼ lb., 25c; lb., 75c.

SALZER'S EARLIEST OF ALL TOMATO.

The War is on! Salzer's Earliest of All—that great earliest (65 days) Scarlet Conqueror is met on the field of quickness and earliness by Salzer's New Crimson Robe—the earliest CRIMSON PURPLE colored lightning ripener!—Each succeeding season adds thousands of warm friends to Salzer's Earliest; this wonderful novelty has stood the test of thousands of market gardeners and in private gardens the past seasons, and in each case carried off the palm of being absolutely the earliest. With us in the far North it has always been a study to produce extremely early vegetables, such as will ripen and produce perfect fruit in a short time. In our Earliest of All, a beautifully colored, finely flavored Tomato, we have one ripe in 73 days under general conditions, and in 65 days under special care, stamping it the earliest of all sorts known. The size is medium, perfectly smooth, and of delightful color and quality. We could fill ten pages with testimonials on this Earliest of All Tomato. Everybody who has tried it speaks of it only in highest praise. It cannot be excelled for earliness. It is ripe and sold at a high price in the market long before other sorts begin to ripen. This fact alone makes it extremely valuable to market gardeners and private families.

"Didn't I tell you, Jeremiah, we ought to get Salzer's seeds? Neighbor Gage has taken several big loads of Salzer's Earliest of All Tomatoes to town already, netting him over \$60.00 per load. He's just getting the 5th load ready from that small place, and our big patch here is all green and in bloom yet—no sign of a ripe Tomato. We'll have to sell at 40c a bushel because we bought our seed of a seedsman who claimed his Tomatoes were as early as Salzer's. They are not. Look at Gage; he got \$2.00 a bushel."

MRS. GAGE: "That's right, Jane; the only way to make money nowadays is to have the EARLIEST vegetables in the market and Salzer's seeds produce them every time! No others are as early."

Friend Jeremiah's experience repeats itself each season, in spite of the protest of his good wife Jane. Jeremiah insists on experimenting with other seedsmen's earliest sorts, while neighbor Gage knows when he has a good thing and sticks to Salzer's Earliest of All Tomato—the earliest in the world.

Salzer's Earliest of All is Positively the Greatest Tomato Novelty of the Century.

It is the only really first-class scarlet earliest Tomato in America to-day—by earliest we mean 6 to 18 days ahead of any and all other sorts! (We of course except the Fifty Days the Earliest, because that is earlier). We have so wonderfully improved Salzer's Earliest of All Tomato, that it is way ahead in earliness and quality as when first offered. Consequently it is with great pleasure that we offer our customers now a Tomato of such superlative merit in that one feature, viz., earliness (which is really the most important quality of all, not alone to the market gardener, but the home gardener as well). We, of course, anticipate an enormous demand for seed of Salzer's Earliest of All and Crimson Robe, so would advise all of our friends to favor us with early orders.

We have greatly improved it now, both in shape, yield, earliness and quality.

Prices of Earliest of All Tomato: Pkg., 20c; 3 pkgs., 50c; 7 pkgs., \$1.00; ½ oz., 35c; oz., 60c; ¼ lb., \$2.00; 1 lb., \$6.00.

Salzer's Crimson Robe Tomato.

There is a war in the Tomato camp. Salzer's Earliest of All and Salzer's New Crimson Robe novelty are at war. They are rivals. One is bright, shiny, scarlet red; the other deep, crimson purple. One is ready for use, it says, in 65 days, the other is crowding it in 68 days. There are thousands upon thousands of market gardeners who will try these two sorts side by side this year, and there will be war to the knife between the two as to which will ripen the quickest, produce the most salable and highest priced fruit. Salzer's Crimson Robe is ready for the fray. It has got stuff in it. The Tomato is meaty, beefy and solid, of excellent flavor, splendid shipping qualities, and besides this it is magnificent color, crimson purple. Salzer's Earliest of All is equally ready for the battle and believes that it can produce its bright scarlet, round, rich fruit in a shorter space of time.

Crimson Robe is surely the earliest of all crimson, purple colored varieties. Price of Salzer's Crimson Robe: Pkg., 20c; 3 pkgs., 50c; ½ oz., 35c; 1 oz., 60c; ¼ lb., \$2.00; 1 lb., \$6.00.

Price of Crimson Robe Tomato: Package, 20c; ½ oz., 35c; 1 oz., 60c; ¼ lb., \$2.00. 1 pkg. each of these two rivals, 35c; ½ oz., each, 60c; 1 oz., each, \$1.00.

SALZER'S SHIPPER'S DELIGHT.

For years there has been an inquiry for a Deep Purple, large, smooth, finely shaped, meaty Tomato for shipping and canning and market purposes; indeed, we have had gardeners offer to pay us as high as \$25.00 a pound for a Tomato answering this description. In our new Tomato, Salzer's Shipper's Delight, we have the acme of perfection as a solid, deep, Purple Tomato. The fruits hang on in tremendous profusion, growing very large, and are very smooth, of beautiful, regular, uniform shape, extremely solid and meaty, and possess a flavor that is simply superlative. It is one of the finest varieties for shipping purposes that we have ever seen, and we really think that it will at a bound become popular the world over as a deep purple market Tomato. Every market gardener, every trucker, every farmer shipping or selling Tomatoes, will want this magnificent sort. It would be cheap at \$100 a pound. Remember its deep purple color!

Price: Pkg., 20c; ½ oz., 30c; 1 oz., 60c; ¼ lb., \$1.50; 1 lb., \$4.90.

COLOSSAL IN YIELD

\$5,000.000

COLOSSAL IN GROWTH

COLOSSAL IN PROFITS.

SALZER'S FIVE MILLION DOLLAR TOMATO. COLOSSAL IN SIZE

COLOSSAL IN QUALITY

COLOSSAL MONEY MAKER

OUR \$5,000,000 TOMATO.

We are living in times of great things. Colossal fortunes are made and lost in a day; gigantic undertakings assume proportions in a night, and are carried out before the set of sun. Huge ship canals and ocean greyhounds spring up apparently like mushrooms to carry out the great ends of present human advancement. Mergers of railroads and industries are daily occurring, and it seems now as easy for the great financiers to raise a million dollars as it was in the days of our boyhood to raise \$10,000. We feel not like moralizing to-day, but the present condition gives food for much thinking. Right along the line of colossal undertakings and gigantic combinations comes one in the vegetable kingdom that will startle, surprise and wonder you. It is

OUR FIVE MILLION DOLLAR TOMATO.

How is this? Hear the story as given by the introducer: "Come up and see my new Tomato. It's colossal in yield, colossal in vigor, colossal in growth, colossal in size, colossal in earliness, colossal in flavor, colossal in quality, colossal in price. If you want the seed it will cost you \$50.00 a kernel. I have only a few kernels. It's giant in size, sir; giant in earliness, giant in flavor and giant in price." We went, we saw, we bought.

Let's do some figuring. A pound of tomato seed has 100,000 kernels, which, at \$50.00 a kernel, would mean \$5,000,000—\$5,000,000 a reason for the name, but here is another reason—a better one, that appeals more to the grower, more to the gardener, the private individual, the party who plants for his table or for market. There are \$10,000,000 worth of canned and ripe fruit of the Tomato sold annually. They are to-day sent to every clime and country, and everywhere the demand for same is increasing. There are really only three or four good Tomatoes in the trade in use to-day (Salzer's Crimson Whirlwind and Salzer's Earliest of All are two of these four), and when we come with Salzer's New Five Million Dollar Tomato and rap at the door of public favor, we come without fear, knowing that this new sort is so immeasurably superior, so infinitely far in advance of any of the other varieties known to the trade of to-day, that we do not hesitate to offer same as absolutely the peer, the superior, of any, all, yea, any and every sort or kind of Tomato known or grown to-day.

LAUGHS AT DROUGHTS.

This peerless Tomato, that contains more superior richness and flavor and excellence than any new sort introduced for years, has also the tremendous advantage of laughing at droughts and snapping its finger, so to say, at inclement weather. No matter how dry or hot or wet the weather is, this Tomato seems to grow and flourish and produce large, beautiful, thick, juicy-fleshed fruit.

Why, sir, if every Tomato planter and every canning factory would grow exclusively Salzer's \$5,000,000 Tomato, they would grow from one-half to two-thirds more fruit—a finer fruit, a better fruit, a more richly flavored fruit—that thick, juicy fruit, that reminds you of a thick, juicy porterhouse steak—that is the kind of fruit produced by Salzer's \$5,000,000 Tomato; and this Tomato would add to the sales and income of the Tomato growers fully \$5,000,000 annually. That is another reason for naming same the \$5,000,000 Tomato. Price: Pkg., 20c; 3 pkgs., 50c; ¼ oz. seed, 35c; ½ oz., \$1.10; 1 lb., \$4.00; 1 lb., \$15.00.

TOMATOES, EARLIEST PEEP O'DAY.

Here we have the earliest Tomato on earth. Yes, even earlier than Salzer's Earliest of All. Some of our growers, however, claim that there is only a few seconds difference in ripening, but for its uniform size, for beauty of shape, for abundance and richness of fruit, for its meaty, beefy quality, for its delightful color and extreme earliness we know of no Tomato that will compare with it. The nearest approach that we have in earliness is Salzer's Earliest of All, but we believe Peep O'Day ahead of everything else in earliness and in quality. We know that everybody giving same a trial this year will be more than pleased with the results. You can not find its like anywhere on earth.

Pkg., 20c; ¼ oz., 50c; ½ oz., 90c; 1 oz., \$1.75.

SPARKS' EARLIANA.

This Tomato is not only remarkable for its earliness but also for its very large size, handsome shape and bright red color. Its solidity and fine quality are quite equal to the best medium and late sorts. From less than 4,000 hills the originator realized from his first pickings \$725.00 clear of freight and commission, being in the market fully a week before all others.

Pkg., 10c; ¼ oz., 35c; ½ oz., 60c; 2 oz., \$1.00; ¼ lb., \$1.75; 1 lb., \$6.50.

LOGAN'S GIANT SEEDLING

UNEQUALED IN SIZE, UNSUR-
PASSED IN PRODUCTIVENESS,
SOLIDITY, QUALITY AND SWEETNESS.

A GREAT SOLID BALL OF TENDER,
DELICIOUS MEAT, WITH VERY FEW
SEEDS THE BEST EVER PRODUCED.

LOGAN'S GIANT TOMATO.

Logan's Giant is without ques-
tion one of the great Tomatoes of
to-day. Of it a grower says:

The Largest, Most Solid,
Most Productive, Best
Quality Tomato.

These few words describe this
great Tomato. Others claim won-
derful properties, offer prizes to induce
big reports, but our Logan Giant
Seedling comes out victorious every
time. If you think you have tried the
largest Tomato, try this one now, and
you will see that you did not have the
largest and best heretofore. It is not
only a new variety, but we claim for
it in point of productiveness, size of
fruit, exquisite quality and flavor, as
well as early ripening, the best To-
mato extant. They grow to weigh
over 3 pounds each and attain the
enormous circumference of 2 feet.
This Tomato is not like many others,
one-third seeds and water. They are
a great solid ball of tender, delicious
meat, with very few seeds. They have fre-
quently sold at 15c each in competition with
other kinds at 35c per bushel. If the vines are
trained on a support they will grow 5 to 10 feet high
and be loaded with the finest fruit you ever placed
your eyes on.

Price: Pkg., 20c; 3 pkgs., 50c; ½ oz., 75c; oz., \$1.25.

SALZER'S BOUNTIFUL TOMATO.

SALZER'S BOUNTIFUL

The following clipping from a long letter from
Mr. John C. Getnau, of Polk county, Florida, in
which he makes the strong assertion of having
grown

OVER 1,837 BUSHELS PER ACRE
of Salzer's Bountiful Tomatoes, will be of tre-
mendous interest to all market gardeners and
growers of this luscious fruit:

"Dear Mr. Salzer: You want to know how I
originated and how I grew

1,837 BUSHELS

of Salzer's Bountiful Tomato per acre. I will tell
you. You will remember three years ago I bought
one ounce of Salzer's Crimson Whirlwind Tomato
from you. In it I found a chance seedling stand-
ing alone among them, upright, strong, early
blooming, quick bearing, extremely vigorous in
growth, vigorous in bloom and a quick tomato
setter. From that plant I saved seed, and next
spring planted a good acreage. You will remem-
ber that I offered you then this novelty, and that
you purchased same from me at my price; you
also will remember that you wrote me, asking
whether I could grow 1,500 bushels of Salzer's
Bountiful Tomatoes per acre and I answered that
I could, and even better than that, and I am proud
to report that I grew

"1,837 BUSHELS PER ACRE,"

"Now, I will tell you frankly how I did this, because there will be 100,000 of your tomato growers who will want to
know, and they will write me to tell them my secret. Now, to save them these letters, and as I have sold all my seed to
you with my permission to name this new Tomato, and I am glad, Mr. Salzer, you followed my suggestion and called this
Tomato Salzer's Bountiful, for it's the most bountiful producer on earth. Now, this is the way I treated Salzer's Bountiful
Tomato: I sowed the seed early and very thickly in a warm hotbed. In eighteen days I replanted them into a bed, setting
each plant 4 inches apart, and planted them deep, fully covering the first pair of leaves. These plants I kept growing,
but cool, so they produced plants as thick as my little finger, and stalky and very strong.

"In the previous fall I prepared my two-year-old clover soil by hauling on to same twenty loads per acre of horse manure,
plowing this in deep. My soil is a rich loam with about one-third sand, which I find ideal tomato soil. In the spring before
planting I plowed four inches deep, then harrowed carefully and planted my rows, running north and south, placing the
plants three and one-fourth feet apart in the row and the rows fully five feet apart. In this way I placed over some 2,800
plants to the acre. I provided each plant with from four to six strong bamboo stalks six feet high, and kept the plants care-
fully tied up with raffia, and cut out and weeded out the superfluous branches and kept only the bearing stalks. The soil I

cultivated carefully, as my plan is to do intensive cultivation.

"The curious nature of this Tomato is that it will ripen, even if picked quite green, and thus you can ship same for a long distance, and this adds to its
tremendous productiveness. The first picking I made sixty days after planting, and the 2,800 plants netted me a little over three pounds from each stalk; ten days
later four pounds more were picked, ten days after another four pounds, ten days later another four pounds, while the next seventy days gave me twenty-five pounds
more, making in all an average of forty pounds to the plant, or

OVER 1,800 BUSHELS FROM ONE ACRE.

"I am planning to produce during the coming season 2,000 bushels per acre, and I am sure I will succeed."

Now, above from Mr. Getnau's letter seems almost incredible, but I am sure, Mr. Gardener, that you could do the same right here in the North. On our
own private grounds at La Crosse we planted sixteen Salzer's Bountiful Tomatoes on a space six by eighteen feet, and yet during the last season, that is, from
July 25th to October 15th, we picked over 300 pounds of luscious fruit (at a rate of over 2,000 bushels per acre). The last pickings were in a green state, wrapping
them up in paper, where they ripened finely in a warm, dry room.

This Tomato has the remarkable property that it can be picked in almost a green state and shipped and will ripen en route. It is a solid, fine, splendid Tomato,
and will give tremendous satisfaction. Try this great novelty, and you will be the happiest tomato grower on earth.

Price: Pkg., 20c; 3 pkgs., 50c; ½ oz., 45c; ½ oz., 80c; 1 oz., \$1.50; ¼ lb., \$5.50; 1 lb., \$20.

CRIMSON WHIRLWIND TOMATO.

"WELL, WELL!"

Said Father McElroy, a Connecticut Yankee, who emigrated to Wisconsin fifty years ago, "of all the Tomatoes, and I have grown more than 60 different varieties, I like Salzer's Crimson Whirlwind the best!"

A Drouth Resister.

Another remarkable fact regarding this Tomato, in which it differs from any other variety that we know of, is, that it withstands drouth and dry weather in a remarkable degree. It does not seem to care and is indifferent as to rain, as it sinks its roots deeply and draws its nourishment and moisture from below. For this reason, if for no other, it should have a tremendous planting all over the United States, as there are many sections where Tomatoes, on account of the extreme drouth, do not do well, but the 1900 will be a boon to such planters, as drouth does not seem to affect it whatsoever. Thousands of customers praise it without stint. Thousands of planters say that they made five times more money out of this sort than of any other sort planted.

THE 1900 TOMATO
OR
CRIMSON WHIRLWIND

READ

this splendid testimonial from O. G. Bishop, Pontiac, Mich.—"As regards the extreme earliness of the Tomato, on April 18th last my Dwarf Champion and Improved Stone Tomato Plants had already been transplanted when the seed of your 1900 Tomato reached me. I planted same in flats at once and every seed came. Their growth from the first was astonishing. It was so rapid that they were ready to be transplanted in season and received the same care that other varieties did, but with the remarkable result that they fruited 4 days ahead of the Dwarf Champion and 12 days ahead of the Improved Stone. Please bear in mind that these latter were large transplanted plants on the day when the seed of the 1900 was planted. The fruit of the 1900 is of fine color, very large and regular, in fact, all that could be desired. Another quality I wish to mention, which increases its yield, is its ability to resist drouth and not rot. The Improved Stone are now already rotting, but the 1900 is giving me fine, large, delicious fruit. I shall plant it very largely next year."

HON. ROBT. CALVERT,

U. S. Surveyor of Customs—"Combines more superb qualities than any other sort I have ever seen; have never before grown a Tomato of such richness and beefy, meaty quality and of such superior beauty."

PRICE OF THE GREAT CRIMSON WHIRLWIND (1900 TOMATO):
Price: Package, 20c; 10 packages, \$1.50; ½ oz. seed, 50c; 1 oz. seed, 90c; ¼ lb., \$2.50; 1 lb., \$7.50.

SALZER'S GIANT TREE TOMATO.

We wish you could have seen a long trellis of Salzer's Giant Tree Tomato at La Crosse the past summer. It was a sight worth coming miles to see. There they stood, regular giant trees, ten feet tall, with a hundred pounds or more of great, giant, luscious Tomatoes hanging on each vine. That was a sight; and such magnificent Tomatoes, too.

Well, sir, we have seen the Salzer Giant Tree Tomato, grown for exhibition purposes, 15 feet tall! Regular climbing trees. It is really a remarkable Tomato; remarkable in size, remarkable for its excellent quality and remarkable that it should grow like a tree. We have seen fruit on a plant 8 feet tall, way out of reach of chickens, ducks, dogs, wet, soft weather, etc., etc., weighing 3½ pounds, of a most delightful quality, round, rich, luscious. Why, sir, fruit of Salzer's Giant Tree Tomato six inches in diameter and weighing 3½ pounds is not uncommon, and such Tomatoes! Fit for kings. Luscious, meaty in the extreme.

Read this clipping from the Florida Telegraph.

Something New in Tomatoes.

EDITOR TELEGRAPH:—I have a wonder in the shape of Tomatoes of the Salzer Giant Tree variety. They grew in my garden seven feet high, and a tree has tomatoes not yet ripe that are four and one-half inches in diameter. These trees have stood the drouth of this season well and did not have their growth checked; neither dry nor wet weather hurts this tomato. I believe it will grow ten feet high and have fruit six inches in diameter. This variety can be planted four feet apart each way, which will give 2725 plants to the acre, and they will produce one bushel to the plant. Just think of gathering 2725 bushels of tomatoes off of one acre of land. I think you will agree with me when I say it is a wonder. I have no seed to sell or any money to make, but I have the tomato in my garden for all to see. I have the interest of the farmers of the county at heart when I get anything that will benefit them, and I let them know this so that they can profit thereby. Lake Butler, Fla., June 27, 1904. Yours truly, D. O. OHASE, JR.

Directions How to Grow Tree Tomatoes on each package of seed.
Price of Salzer's Giant Tree Tomato: Pkg., 20c; 3 pkgs., 50c; ½ oz., 60c; 1 oz., \$1.00.

MANSFIELD'S TREE TOMATO.

MANSFIELD'S IMPROVED TREE TOMATO.

The first Tree Tomato was introduced by Mr. Mansfield. Since then he has kept on improving and so have other seedsmen, and to-day we offer for the first time Mansfield's Improved Tree Tomato. We have seen this Tomato grow 13 feet high supported by trellises, and bear 150 lbs. of fruit per vine. The fruit is large, meaty, juicy, with but few kernels of seed. It is one of the greatest rarities ever offered.

Price: Pkg., 20c; 3 pkgs., 50c; ½ oz., \$1.00; 1 oz., \$2.00.

Mixed Tomato Seed.

A big package of all Tomato sorts known to us mixed in fine sorts, colors, shapes, etc. Splendid way to try dozens of different kinds.

Price: Pkg., 15c; ½ oz., 50c.

THE MORNING STAR.

The Morning Star is a giant among Tomatoes. Thousands of our patrons say this is the largest Tomato they have ever seen. They praise the quality, which is delicious in the extreme; they marvel at their size, their perfection of form, and their enormous productiveness. Specimen Tomatoes weighed as high as 4½ lbs., while the average weight reported was more than 13 ounces. The fruit ripens evenly, color is brilliant red, with very solid flesh of delicious flavor.

Pkg., 20c; 2 pkgs., 30c; ¼ oz., 40c; ½ oz., 75c; 1 lb., \$2.00; 1 lb., \$7.50.

CRIMSON CUSHION TOMATO.

A new race of Tomatoes, of very large, uniform size, smooth as an apple, very prolific, very long bearing, an excellent keeper and of the finest quality. Has deep red crimson colored flesh, extremely thick and juicy, and but few seeds. It is one of the finest Tomatoes offered for years.

Pkg., 10c; ½ oz., 30c; ¼ lb., \$1.00.

**50-DAY THE EARLIEST TOMATO.**

As long as we can remember, there has never appeared a home-grown Tomato in our market earlier than Salzer's. Indeed, our Tomatoes have always been from 10 to 25 days ahead of other growers, excepting, of course, when they used Salzer's earliest varieties. When market gardening, we always made our money on earliest Tomatoes, Cabbage, Radishes, Onions, Melons, Peas and Corn. Now in this 50-Day the Earliest Tomato, we have something that is always ahead of Earliest of All, and that is saying a great deal. It was purchased from a gardener who demonstrated that his Tomato was earlier than our Earliest of All. Think of paying \$1.00 per kernel for 500 kernels. We distributed a few of these kernels to our customers, who took great delight in same, and without exception praised them as the very earliest known. Our Earliest of All must take a back seat, for this 50-Day the Earliest is really earlier; indeed, it's the earliest Tomato on earth.

Price: Pkg., 25c; ½ oz., 60c; oz., \$1.00; ¼ lb., \$3.00.

**SALZER'S LA CROSSE SEEDLING TOMATO.**

In 1889, on trial grounds (where the year before we had tested many different Tomato Seeds), we discovered standing alone, upright and strong, heavily laden with rich, round reddish tinted fruit, a Tomato hill of unusual appearance and low growing habit. As it was a chance seedling we thought nothing of it that its luscious fruit should ripen by July 15th. But the following year, when on a patch of over two acres the ripening fruit appeared the first week in July, of unusual size, very handsome appearance and delicious flavor, fit for a king, our surprise and pleasure were great. On its extra strong stalks the fruit hangs thickly and closely, and 4,000 plants can be placed to the acre.

Price: Pkg., 15c; ½ oz., 30c; oz., 50c; ¼ lb., \$1.50; 1 lb., \$4.50.

NEW TOMATO—SALZER'S GOLDEN GLORY.

For many years there has been an inquiry for a first-class yellow Tomato, in every respect an equal to the many splendid red varieties that are grown, and in our efforts to produce same we have tested every possible variety known. We now offer in Golden Glory what we believe to be by all odds the finest yellow Tomato grown. We know that it will do credit in every respect to its golden name and that it will at once leap into popularity; for we know that its excellent quality, its fine grain, its lusciousness, its large yield, and its power to withstand rot, will give it a place at once in every market gardener's field and in every city garden.

What Its Friends Say.

Mrs. Russell, Mich. "Golden Glory pleased us very much. They are beauties."

Mrs. Brose, N. Y. "Golden Glory were my constant delight."

It is a variety of Pre-eminent merit, of good substance and especially excellent for slicing; the handsome yellow slices making a beautiful contrast with the red Tomato.

Price of Golden Glory Tomato: Pkg., 20c; 3 pkgs., 50c; ½ oz., 40c; oz., 75c.

SALZER'S GOLDEN GLORY, PKG., 20C.

SALZER'S FERRIS WHEEL TOMATO.

Tomatoes of this monster, this leviathan, this giant, have been grown weighing 5 lbs. and measuring almost 2 feet in circumference. We studied for an appropriate name and finally concluded to name it Ferris Wheel Tomato, in honor of one of the greatest inventions of the age. This Tomato possesses every good quality to be found in a Tomato. The vines are strong and vigorous and easily bear their enormous weight of fruit, and when we come to giant size, weight, solidity, no other Tomato begins to approach it.

I. J. Schaeffer, New Mahoning, Pa., says: "Salzer's Ferris Wheel Tomatoes are immense. I raised them weighing 3½ lbs. I sold them at 40c a basket; other farmers sold their kinds at 20c a basket. Salzer's Tomatoes brought 100 per cent. more."

W. W. Locher, New Castle, Pa., says: "For the past eight years I have been a Tomato specialist. I have tried every known variety, and I want to say that I unhesitatingly and unqualifiedly pronounce Salzer's Ferris Wheel in all particulars the finest Tomato I have ever grown or tested. It is the most prolific, the finest flavored, the most solid and beautiful of them all. It is a very early, a fine medium and a splendid late Tomato. It's an ever-bearer."

Price of Ferris Wheel: Pkg., 20c; 3 for 50c; ½ oz., 60c; oz., \$1.00; ¼ lb., \$3.50; 1 lb., \$10.00.

Price of Ferris Wheel: Pkg., 20c; ½ oz., 60c; oz., \$1.00; ¼ lb., \$3.50.

The Great Ponderosa Tomato.

Mr. Henderson praises this sky-high, and it is a really good, first-class Tomato, of rare quality, beautiful shape, form, size and flavor. Henderson calls it The Grower's Pride, Massive, Ponderous, etc.

Price: Pkg., 10c; oz., 40c; ¼ lb., \$1.50; 1 lb., \$4.00.

Strawberry or Winter Cherry.
In great demand. The delight of the children, who eat this healthy, finely flavored, luscious fruit with great relish. Prepared as preserves, they are unequalled as to delicacy of flavor. Splendid for pies and cakes. Pkg., 10c; ½ oz., 25c; oz., 40c; lb., \$4.00.

Improved Peach Tomato.
Skin and flavor and shape of fruit resemble a peach. It is a beautiful Tomato, of magnificent quality, and is sure to give great satisfaction. Everybody is delighted with same. Pkg., 10c; ½ oz., 25c; 1 oz., 40c; ¼ lb., \$1.00.

Sumatra Fig Tomato.
A great novelty; when dried resembles and tastes like figs. Full directions how to make figs out of this Tomato with each package. Pkg., 20c; oz., 50c.

Perfect Gem Tomato.
Thousands upon thousands of pleased patrons pronounce this the finest and best Tomato ever grown. Color, rich dark red. Remarkably solid, smooth and ripens evenly. It is almost an ever-bearing Tomato, bearing until killed by frost. It is a good shipper, does not crack, an enormous yielder (80 lbs. from one vine) and of the most delicious flavor. Pkg., 10c; ½ oz., 25c; oz., 40c; ¼ lb., \$1.25; lb., \$3.00.

Royal Red—A splendid sort, of fine quality. Pkg., 5c; oz., 20c; ¼ lb., 60c.
Golden Dome—A golden Tomato, fine for slicing. Pkg., 20c; oz., 50c.
Cardinal—Color brilliant cardinal red, ripens uniformly; very heavy and productive. Pkg., 5c; oz., 25c; ¼ lb., 75c.
Dwarf Champion—Well known. Pkg., 5c; oz., 25c; ¼ lb., 75c; lb., \$2.50.

Red Currant.
Very fine for exhibition or to eat raw, as they are as small as a Red Cherry Currant. Pkg., 10c; oz., 25c.
Yellow Pear—Very delicious for pickles or preserves, especially the latter. Pkg., 10c; oz., 25c.
Livingston's Beauty—Color, glaring crimson. Ripens evenly, is smooth, tough and an excellent shipper. Pkg., 5c; oz., 25c; ¼ lb., 75c; lb., \$2.50.

Mixed Tomato Seed.
A big package of all Tomato sorts known to us mixed in fine sorts, colors, shapes, etc. Splendid way to try dozens of different kinds. Price: Pkg., 15c; ½ oz., 50c.

PIEPLANT—Earliest Sweet.
A novelty. Red stems, very juicy and very sweet. Much sweeter than the common kinds. It's a great novelty and the demand for same is very large. Pkg., 10c; oz., 35c; ¼ lb., \$1.25; lb., \$3.75.

Salzer's Giant—Very large, produces Pieplant the second year after sowing. Pkg., 10c; oz., 25c; ¼ lb., 75c; lb., \$2.50.
Linesas Rhubarb—A variety of Rhubarb that is in great demand, and is largely sold in the East. Pkg., 5c; oz., 15c; ¼ lb., 50c; lb., \$1.50, postpaid.

RHUBARB ROOTS—See Page 30.
3 for 30c; 6 for 50c; 12 for 75c, postpaid.

PUMPKINS AND SQUASH.

It is a fact well known to market gardeners, that Northern grown Pumpkin, Squash, Melon, Cucumber, Cabbage and Onion Seed are worth 50 per cent. more for large yields and for earliness than Eastern stock.

Sweet Potato Pumpkin—Dry-grained, white and brittle, and of delicious Sweet Potato taste. Pkg., 10c; oz., 20c; ¼ lb., 30c; ½ lb., 55c; lb., \$1.00.
Large Cheese—This is a magnificent Pumpkin and is a tremendous yielder. Pkg., 5c; oz., 10c; ¼ lb., 20c; lb., 60c, postpaid; 5 lbs. or more by express 40c per lb.
Connecticut Field—A standard well-known field sort to be grown with corn. Pkg., 5c; oz., 10c; ¼ lb., 15c; lb., 40c; by express, 10 lbs. or more, 25c per lb.
Sugar Pumpkin—A splendid Pumpkin: large, handsome; excellent for pies. Pkg., 5c; oz., 10c; ¼ lb., 20c; lb., 60c; by express, 5 lbs. or more, 50c per lb.
Cushaw—Well-known. Oz., 10c; lb., 65c.
Mammoth Potiron—A giant Pumpkin. Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.50.
Golden Oblong—A well-known sort. Pkg., 5c; oz., 10c; ¼ lb., 20c; lb., 60c.

New Japanese Pie Pumpkin.
The flesh is very thick, and of a rich salmon color, nearly solid, the seed cavity being very small in one end of the Pumpkin; unusually fine grained, dry and sweet, having much the same taste and appearance as sweet potatoes, making pies as rich without eggs as other varieties do with. Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., \$1.25.

MIXED PUMPKIN SEED: Pkg., 10c; oz., 15c; ¼ lb., 20c; ½ lb., 35c; lb., 45c; 10 lbs., \$3.50.

7 New Tomatoes.

1. Enormous.
 2. Magnus.
 3. Combination.
 4. Trucker's Favorite.
 5. Burpee's Matchless.
 6. Fordhook.
 7. Honor Bright.
- Price of each sort:
Pkg., 10c; 1 oz., 30c; ¼ lb., \$1.00.

One Hundred Day Tomato—One of the earliest. Pkg., 5c; oz., 25c; ¼ lb., 75c.
Turner's Hybrid—A large Tomato. Pkg., 5c; oz., 25c.
Mikado—Similar to above. Pkg., 5c; oz., 25c.
Lorillard—Very early. Pkg., 10c; oz., 25c.
Atlantic Prize—Early. Pkg., 5c; oz., 25c.
Favorite—Is of fine form, excellent flavor, dark red. Pkg., 5c; oz., 25c; ¼ lb., 75c.
Conqueror—For years the best early variety. Pkg., 5c; oz., 25c; ¼ lb., 75c.
General Grant—Very popular; red color; early. Pkg., 5c; oz., 25c; ¼ lb., 75c.
Volunteer Tomato—Bright red color; weighs from 6 to 10 ounces; flavor is remarkably pleasant; the pulp and side walls are firm. Pkg., 5c; oz., 25c; ¼ lb., 75c; lb., \$2.50.
Early Mayflower—One of the quickest ripening, glossy red Tomatoes. Pkg., 5c; oz., 25c; ¼ lb., 75c.
Trophy—The standard for size, solidity and smoothness; largely grown in the East. Pkg., 5c; oz., 25c; ¼ lb., 75c.
Paragon—One of the largest round Tomatoes in cultivation. Pkg., 5c; oz., 25c; ¼ lb., 75c.
Acme—Purplish red, always smooth and perfect. One of the best Tomatoes for all purposes. Early. Pkg., 5c; oz., 25c; ¼ lb., 75c; lb., \$2.50.

RHUBARB.

SALZER'S ROYAL MONARCH.
Colossal stalks, frequently three to four feet long, and three inches in diameter, and of a superlative quality. No other Rhubarb or Pieplant can equal this Royal Monarch in quality, in yield, in richness and earliness for so giant a sort. It's the greatest Rhubarb we have ever seen, and by all odds the best to grow for home or market use. It's very rich, spicy, juicy and of magnificent quality. The money maker FOR THE MARKET GARDENER! We have gardeners selling \$100.00 worth from less than a quarter of an acre. The stems are so juicy, so heavy, so fine. They are in great demand everywhere.
Price: Pkg., 15c; ½ oz., 25c; oz., 40c; ¼ lb., \$1.50; lb., \$4.00.

A "PRIZE CONTEST."

Here we have a Squash and a Pumpkin that for giant size can't be beat. We would like to see a Squash grown "bigger" than a Pumpkin. Which of the boys will do it and win the prize? \$10.00 to the person growing the largest Pumpkin and \$10.00 to the person growing the largest Squash. That is \$20.00 you can make by growing a big Squash and Pumpkin.

SALZER'S MAMMOTH PUMPKIN.
Pkg., 10c; oz., 20c; lb., \$2.20.

Squash—Great Chili.

This is the Squash that is to beat the Pumpkin and where is the boy who will raise the biggest Squash known? The largest last season weighed but 278 lbs. Boys and girls alike compete for the prizes. Pkg., 10c; oz., 20c; ¼ lb., 75c; lb., \$2.25.

Salzer's Mammoth Pumpkin.

GREAT CHILI SQUASH.
Pkg., 10c; oz., 20c.

The heaviest last year weighed 280 lbs. Just think of a field of these giants! It is the great prize-taker at fairs, etc. Give the boys and girls a chance growing them. \$10.00 to the one growing the largest. Pkg., 10c; oz., 20c; ¼ lb., 75c; lb., \$2.20.

THE YANKEE PIE PUMPKIN.

A splendid Pumpkin. We are sure that no Pumpkin ever introduced has given more genuine pleasure to our customers than this Yankee Pie. The Pumpkin is not large, but it is of a delightful quality, just the quality to make excellent pies, such good, old-fashioned Pumpkin pies as "mother used to make." We know you

will like them and know this variety will give you great satisfaction. It is extremely early, remarkably prolific, yielding 6 to 12 medium-sized Pumpkins to a vine, of great excellence; flesh very thick, fine-grained, sweet, sugary, and of splendid quality for pies. It is the earliest pie Pumpkin we know of, and the best.

Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., \$1.25; 5 lbs., \$5.00.

Winter Luxury.

This we recommend as one of the best pie Pumpkins; an excellent keeper and enormously productive. It is very finely netted, and in color is a golden russet. Pkg., 10c; oz., 25c; ¼ lb., 50c; lb., \$1.50.

Mixed Pumpkin Seed.

Lots and lots of Pumpkin seed. Mixed, all sorts and kinds. Pkg., 10c; oz., 15c; ¼ lb., 20c; ½ lb., 35c; lb., 45c; 10 lbs., \$3.50.

SQUASH SORTS.

SALZER'S HUBBARD. "THE HUBBARD SQUASH OF YOUR DREAMS"

SALZER'S IMPROVED HUBBARD SQUASH.

Clear the track! Here is the winner of every Squash raised for profit and quality. Our Improved Hubbard Squash is the great Winter Squash of the century. It is the Squash that has made several Market Gardeners rich to our knowledge. There is fabulous money in 10 to 20 acres of this grand Squash. Our Improved Hubbard is a careful selection of only the finest, most perfect fruit, and the result is uniform shape and size.

\$150.00 Per Acre.

It's an easy matter, during a good season, to take in \$150.00 an acre from this famous Squash. It's a quick seller the world over. The fine, large, solid, splendid Squash sell or go like hot cakes! The Hubbard is unquestionably the very best Winter Squash grown. Upwards of 16,000 lbs. have been grown on an acre. The fruit is large, dry, fine-grained; flesh of excellent quality, and among all Squash the best keeper. A package furnishes enough for family use.

Price, pkg., 10c; oz., 15c; ¼ lb., 25c; ½ lb., 45c; lb., 80c; 5 lbs. (sufficient for one acre) \$3.75.

PRICE OF THE FOLLOWING NINE SQUASHES: Pkg., 5c; oz., 10c; ¼ lb., 30c; lb., \$1.00.

1. Bay State—Color of skin blue-green; flesh deep bright golden yellow.
2. Mammoth Bush—An excellent large strain. Creamy white and average double size; a prolific bearer. A splendid variety for southern shippers.
3. Fordhook—A bright yellow winter variety. The flesh is dry and sweet. Keeps sound until spring. Rapid, strong grower. Thick meat.
4. Marblehead—Flesh of lighter color than the Hubbard, while its combination of sweetness, dryness and delicious flavor are really remarkable.
5. Essex Hybrid—A fine-grained, sweet, rich-flavored, good-keeping sort.
6. Boston Marrow—Fine, yellow, for fall use. Pkg., 5c; oz., 15c.
7. Golden Custard—Makes pies richer than common custard.
8. Pike's Peak—Splendid keeper. Its flesh is solid, thick, sweet.
9. Perfect Gem—Fine for summer and winter. with fine-grained flesh.

GOLDEN CUSTARD.

Creamy, white color.

Dunlap's Early Prolific.

No variety can compete with it for earliness. Its color is a brilliant orange red, quality excellent; a good keeper. Pkg., 10c; oz., 15c; ¼ lb., 30c; lb., 95c.

The Faxon Squash.

Can be used as very early, as medium and late, as it keeps all winter. Flesh deep orange yellow. Pkg., 10c; oz., 15c; ¼ lb., 40c; lb., \$1.10, postpaid.

THE FAXON.

Price of the following 4 Squash sorts: Pkg., 5c; oz., 10c; ¼ lb., 25c; lb., 90c.

1. White Bush—Scalloped, early summer. The earliest.
2. Yellow Bush—Scalloped, early summer.
3. Yellow Crook Neck—Standard early.
4. Pineapple—This new variety has both skin and flesh of a pure creamy-white color, good quality, flesh very thick.

Mixed Pumpkin Seed.

Lots and lots of Pumpkin seed. Mixed, all sorts and kinds. Pkg., 10c; oz., 15c; ¼ lb., 20c; ½ lb., 35c; lb., 45c; 10 lbs., \$3.50.

MIXED SQUASH SEED.

sorts—growing, you can from these select the sorts best adapted to your soil and climate. Large pkg., 10c; oz., 15c; ¼ lb., 25c; lb., 80c; 5 lbs., \$3.50.

Here we have hit it! All of our Squash varieties and many more sorts we have mixed and put up in large packages. We find this mixture very popular, and after you see the great many sorts in all shapes, varieties, styles, oblong or round, flat or long, green, yellow, creamy, dark—yes, in endless colors and

SPINACH.

SPINACH, SALZER'S SAVOY.

DOUBLE THE YIELD OF OTHER SORTS PER ACRE.

SALZER'S SAVOY SPINACH.

This is the best spring, summer and fall Spinach we know of. It is very hardy, grows quickly and refuses to seed to a remarkable degree. It is grown now by thousands of Spinach growers.

\$140.60 FROM ONE ACRE.

Last September I planted an acre to your Salzer's Savoy Spinach. I covered with coarse straw and this spring sold \$140.60 worth of the finest Spinach you ever saw.

June 24.

E. G. CLUGAS, Kansas City, Mo.

Price by mail; Pkg., 10c; oz., 15c; ¼ lb., 25c; lb., 65c. By express: 1 lb., 50c; 10 lbs., \$4.00.

BARGAIN SPINACH. (See also page 5.)

For early spring crop sow in September and cover with coarse straw in winter: for summer use sow in early spring successively until July

NEW VICTORIA SPINACH.

This new variety is distinguished for its exceedingly dark green color, and also for its very long standing qualities, being from two to three weeks later than the ordinary "long standing." The leaves are thick and spread out flat upon the ground. Pkg., 5c; oz., 10c; ¼ lb., 15c; lb., 35c; by express, lb., 25c.

Round Summer—The finest round summer variety, tender and sweet, largely grown. Pkg., 5c; oz., 10c; ¼ lb., 12c; lb., 30c; by express, 10 lbs., \$2.75.

Winter Prickly—A splendid fall and winter sort. Pkg., 5c; oz., 10c; ¼ lb., 12c; lb., 30c.

Long Standing—Stands long before running to seed, valuable on this account. Tender and sweet. Pkg., 5c; oz., 10c; ¼ lb., 12c; lb., 30c; by express, 10 lbs., \$2.75.

Above sorts in 25 lb. lots, at 15c per lb.

NEW ZEALAND.

(Tetragonia expansa.)

This is not a Spinach of the ordinary type, but a plant of branching growth. The stems and leaves are soft, thick, fleshy and of a crystalline appearance. Started early in the spring, the plants will resist heat and make a strong growth during the summer.

The young branches and leaves can be gathered at any time and prepared like Spinach. Pkg., 10c; oz., 15c; ¼ lb., 30c; lb., \$1.00.

NEW ZEALAND.

MOUNTAIN SPINACH. (Ozark.)

When once sown, this reseeds itself for years and furnishes tremendous quantities of a rich green spinach-like vegetable. Immensely popular in Europe. In Germany it is known as Melden. It is extremely early and very fine. Pkg., 7c; oz., 10c; ¼ lb., 20c; lb., 60c, postpaid.

RUTABAGAS.

Salzer's Rutabaga and Turnip seeds enjoy an enormous sale on account of the sweet, juicy product of their crops. It will pay you to pay 20c to 50c a pound more for our seed than such as you buy in stores. Our seeds produce big crops of fine, sweet, juicy, rich Rutabagas.

MAMMOTH RUSSIAN RUTABAGA.

A new yellow Rutabaga of excellent qualities, enormous cropper, splendid for stock. The finest and largest of all; sweet, juicy, rich. It outyields such sorts as you buy in hardware stores, etc., three to one! It is the best Rutabaga for the farm for big crops of juicy Rutabagas in the world. No mistake, either! A magnificent Rutabaga, either for house use or for feeding to stock. Indeed, it has no superior anywhere in richness, yield and quality.

JOHN FRANCE, Eugene, Oregon: "I sowed one acre to Salzer's Mammoth Russian Rutabaga. I used one pound of seed and cropped 1127 bushels finest Rutabagas I ever saw."

GEORGE ELLIOTT, LeSueur Co., Minn.: "From ¼ lb. Salzer's Mammoth Russian Rutabaga I sold 617 bushels, and had plenty for my own use besides."

JAMES ENGLISH, Washington Co., Idaho: "I sowed ¼ lb. of Salzer's Mammoth Russian Rutabaga seed and sold over \$150.00 worth of the finest Rutabagas. I received \$150.00 for seed which cost me but 25 cents."

PRICE OF MAMMOTH RUSSIAN RUTABAGA.

Pkg., 10c; oz., 15c; ¼ lb., 25c; lb., 65c, postpaid. By express, pkg., 10c; oz., 15c; lb., 55c; 10 lbs., \$5.00; 50 lbs. or more, 30c a lb.

NEW RUTABAGA. All Gold.

Probably the very finest of Turnip Rutabagas for table use. The flesh is of a beautiful golden yellow of the choicest quality, of excellent flavor and remarkable keeping quality. We distributed

10,000 TRIAL PACKAGES

All over the world where our patrons reside; and it is surprising how many hearty recommendations ALL GOLD receives. Of the hundreds, we select at random the following from Rev. David Forsythe, President of Amity College, Iowa: "You sent me a premium package of Rutabaga seed—ALL GOLD—which I planted and grew. I think they are the sweetest and best I ever ate."

PRICE OF ALL GOLD RUTABAGA—Pkg., 10c; oz., 15c; ¼ lb., 25c; lb., 90c; 5 lbs., \$4.00; 10 lbs., \$6.50.

By express, lb., 10 lbs. or more, 50c lb.

STANDARD RUTABAGA VARIETIES.

The following sorts are standard varieties here in America. They are all good, fine sorts for stock and house use, but if you want something really fine for the table, then by all means take either All Gold or our Great Mammoth Russian. These two last-named sorts are the peers of any Rutabaga.

PRICE OF THE FOLLOWING 6 SORTS.

Pkg., 5c; 3 pkgs., 10c; oz., 8c; ¼ lb., 15c; lb., 38c, postpaid. By express, pkg., 5c; ¼ lb., 10c; lb., 30c; 10 lbs., \$2.50; 100 lbs., \$22.00.

1. White Sweet Russian—Best White Rutabaga. Excellent.
2. King's Purple Top—Popular sort; very productive; keeps well.
3. Swirling's Liverpool—A fine sort; firm, productive, splendid.
4. Carter's Imperial—A magnificent Rutabaga; largely used.
5. American Purple Top—Well known; largely used.
6. Sweet German Rutabaga—A splendid sort; well worth a trial.

MIXED RUTABAGA SEED.

There is a demand for mixed seeds, and especially so for Rutabagas. We have therefore gathered together our sorts, and several others we do not list, and made a great mixture. These many sorts give you an opportunity to test each kind and select the best for your next year's use. They are fine and of richest quality. Pkg., 10c; oz., 15c; ¼ lb., 20c; 1 lb., 45c, postpaid; by express, 1 lb., 35c; 10 lbs., \$2.25.

ALL GOLD.

TURNIPS.

A most profitable crop is the Turnip. A few ounces of early, medium and late sorts sown will give you several hundred bushels for food, feed and the market.

BARGAIN TURNIPS.

COW HORN TURNIP.

Let me tell you something, Mr. Farmer! In Cow Horn Turnip you have the best "plougher," best deep cultivator on the farm! It's better than a 12-inch deep plow! Cow Horn tunnels into the soil, often 24 inches deep, and brings up the good qualities and mixes it with the surface! It's a splendid turnip for house use, for the barn, as also as a fertilizer.

By mail, pkg., 5c; oz., 10c; 1/4 lb., 20c; 1 lb., 50c.

By express, pkg., 5c; oz., 10c; 1/4 lb., 15c; 1 lb., 40c; 5 lbs., \$1.75; 10 lbs., \$3.25.

RED LILY.

NEW WHITE EGG TURNIP.

Our seed has been grown with great pains, and we believe it will satisfy the most critical market gardener. The White Egg is one of the best for a private garden, and meets with a ready sale in all large markets. In our estimation it falls a little short of the White Lily in quality. All in all, it is one of the most useful Turnips on the list. Pkg., 5c; oz., 10c; 1/4 lb., 20c; 1 lb., 75c.

WHITE LILY TURNIP.

White Lily—A beautiful, medium large round to oblong, pure white, tender, juicy, sweet, very early turnip. One of the finest early table varieties known. Pkg., 10c; oz., 20c; 1/4 lb., 50c; 1 lb., \$1.25.

RED LILY TURNIP.

An intensely red Turnip, of delicious flesh and splendid table quality. Pkg., 10c; oz., 15c; 1/4 lb., 35c; 1 lb., \$1.25.

EARLY PURPLE TOP MILAN.

The bulb is flat and of medium size, very tender, sweet and white. It is an excellent keeper and sells rapidly in the market. Pkg., 5c; oz., 10c; 1/4 lb., 15c; 1 lb., 55c, postpaid; by express, 1 lb., 45c.

EARLY LA CROSSE.

Unquestionably the very earliest Turnip grown; a fine, pure white sort; purplish top, few leaves, of excellent flavor. This sort has taken every prize where exhibited for very early. Our Early La Crosse is justly popular. It has won its place by sheer merit. Its quality is superb, its earliness remarkable. You are bound to like it. Pkg., 5c; oz., 10c; 1/4 lb., 20c; 1 lb., 75c; 1 lb. by express, 65c.

MIXED TURNIP SEED.

Just the thing when you want but a package or an ounce of seed. All sorts and varieties: long, round, oblong, etc., of Turnip Seed in this mixture! Gives you an opportunity to test them all. Pkg., 10c; oz., 15c; 1/4 lb., 20c; 1 lb., 45c, postpaid.

PRICE OF FOLLOWING 10 TURNIP SORTS:

By mail: Pkg., 5c; oz., 8c; 1/4 lb., 15c; 1 lb., 38c. By express, 1/4 lb., 10c; 1 lb., 30c.

1. Early Six Weeks—About a week later than Early La Crosse. It is a very popular variety.

2. Early Flat White Dutch—Of rapid growth, tender and sweet.

3. Purple Top Strap Leaf—This is the standard purple top Turnip, growing to good size, excellent quality, sweet, juicy and tender; good for the kitchen or for stock.

4. Purple Top Globe—A superior variety much grown. It's splendid for stock and kitchen use.

5. YELLOW ABERDEEN—A sweet yellow Turnip, being particularly

SALZER'S MILK TURNIP.

Well, there are upward of 50,000 people who have grown this great Globe Turnip the past ten years, and never a complaint and nothing but words of praise. You surely will join the procession if you but try this grand, juicy, tender Turnip.

Hear This in Regard to Salzer's Milk Globe Turnip.

S. McLaughy, Randolph, Mich., says: "I sowed an oz. package of your Turnip May 24th. There will be about 100 bushels. They are all very large, regular size and of excellent quality. One weighed 9 lbs., another 11 lbs., the largest was 36 inches in circumference."

800 BUS. PER ACRE.

In Salzer's Milk Globe you have the best white Turnip for winter use grown. It is globe-shaped, grows very large, of delicious flavor, sweet, juicy, white flesh, solid texture—in a word, it is perfection. Just the Turnip to grow for stock and to store for your kitchen. It is an enormous cropper, and sells well in the market.

TESTIMONIAL.

Geo. W. Phelps, Netarts, Ore., says—"I sowed a half pound of Salzer's Milk Globe Turnip seed, July 1, and gathered 560 bushels from the half pound of seed. One turnip weighed 20 pounds and measured 44 inches in circumference. I can recommend Salzer's Milk Turnip as being by far the best Turnip I have ever grown."

Pkg., 10c; oz., 15c; 1/4 lb., 25c; 1 lb., 75c, postpaid.

By express, pkg., 10c; oz., 15c; 1/4 lb., 20c; 1 lb., 65c; 10 lbs., \$5.00.

adapted to table use. It is in many places used in place of a Rutabaga, and sells quickly when its excellent qualities are known.

6. Large White Globe—The standard large Globe for house or stock. More seed is sold of this variety than any other sort except Salzer's Milk Globe. It's a great turnip and is in demand everywhere; sure to give satisfaction.

7. White Stone—A superior early sort; very fine.

8. Orange Sweet—Excellent variety.

9. Yellowstone—Much prized, fine appearance and sweet.

10. "7 Tops" (for Greens)—Usually sown for lots and lots and lots of rich greens.

SALZER'S EARLY.

Salzer's Early—Extremely early, rich flavored and large. Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.60.
Common Salsify—Pkg., 5c; oz., 15c; ¼ lb., 35c; lb., \$1.25.

SALSIFY, OR VEGETABLE OYSTER.

"Thou Vegetable fit for the Gods," and truly no vegetable is more rich and delicious than Salsify, the Oyster Plant. The soup and salad made therefrom have a delicious oyster flavor. No vegetable excels this for soups; that is, if you are fond of oysters. Of all sorts, Salzer's Early and Salzer's Giant easily take the lead.

SALZER'S GIANT SALSIFY.

Scorzonera or Black Oyster—Pkg., 10c; oz., 25c; lb., \$2.25.
Sandwich Island—Very large, growing double the size of other sorts. Pkg., 10c; oz., 20c; ¼ lb., 50c; lb., \$1.60.

This is what we have been looking for—a real large, finely oyster flavored, Giant Salsify. Here you have it. You will like it. "Fit for the Gods." Rich and rarely flavored. Price: Pkg., 10c; oz., 25c; ¼ lb., 60c; lb., \$1.75; 2 lbs., \$3.00.

SALZER'S JUMBO SUNFLOWER.

SALZER'S JUMBO SUNFLOWER.

top flower, is ripe, and let them lie on the ground two or three days. In that time I cut off all the seed heads, which are put into an open shed with floor in it, the same as a corncrib. The stalks are then hauled home and packed in a common shed with a good roof on it."

Price of Jumbo: By mail, pkg., 10c; oz., 15c; ¼ lb., 20c; lb., 45c; by express, oz., 15c; lb., 35c; 5 lbs. (for one acre), \$1.50.
MAMMOTH RUSSIAN—Fine, large sort. Oz., 10c; lb., 35c; 10 lbs., by express, \$1.50.

AFRICAN BLACK GIANT SUNFLOWER NOVELTY.

Specimens have been grown measuring 9 feet in circumference. It is something wonderful. An acre is good to let hogs and cattle run in during summer for shade and nourishment, if not wanted for feed. If you have a dozen chickens you will find it profitable to plant a package; if you have more, plant an ounce or a pound, as it is the healthiest food in the world for fowls! One grower in Nebraska writes: "We are all right. Have 10 acres of your sunflower. This furnishes fuel, and food for lots of chickens, cattle, swine, horses and sheep." Pkg., 10c; oz., 15c; ¼ lb., 25c; lb., 50c; postpaid, 5 lbs. (for one acre), \$1.75, by express.

WHITE BEAUTY SUNFLOWER.

After years of careful selection we are rewarded with a purely-bred Mammoth Single-head Sunflower with pure snow-white seeds, which, on account of the deficiency of strong coloring matter in the outer covering of their hulls, are much superior to the darker sorts for stock and poultry food. Pkg., 10c; oz., 15c; lb., 65c; postpaid.

For Parrots, Birds, Etc., Sunflower Seed, 3 lbs., by express, 25c; by mail, 52c.

TOBACCO.

Wisconsin is taking the lead as a grower of fine Tobacco. Indeed, tobaccoists from all over America buy here and pay fancy prices.

The following 6 sorts find great sale everywhere:

1. **Zwicker**—A rare, popular variety. Pkg., 10c; oz., 50c; ¼ lb., \$1.75.
2. **Spanish**—Used in enormous quantities. Pkg., 10c; oz., 40c; ¼ lb., \$1.50.
3. **Wisconsin Hybrid**—Is extremely early and of fine leaf. This Tobacco has taken many first prizes. It is very fine, early and the leaf is much sought. Pkg., 10c; oz., 40c; ¼ lb., \$1.00; lb., \$3.00.
4. **Wisconsin Comstock Spanish**—It's a fact acknowledged by all Tobacco experts, that Wisconsin Tobacco is the equal, if not the superior, to many Cuba growths. Surrounding La Crosse millions of pounds are grown annually. Our Wisconsin Spanish takes the cake, beats the band, is superior to many of the Cuba grown sorts, and brings higher prices. Pkg., 10c; ½ oz., 30c; oz., 50c; ¼ lb., \$1.75; lb., \$6.00.
5. **Salzer's Improved Havana**—Our importation. Very fine, early. Pkg., 10c; oz., 30c; ¼ lb., 50c; lb., \$2.00.
6. **Sumatra Wrapper**—The great Tobacco for wrappers. Grows to perfection. Pkg., 10c; oz., 35c; ¼ lb., \$1.00.

GENERAL GRANT.

The earliest of all Tobacco sorts. Pkg., 10c; oz., 30c;

¼ lb., 75c; lb., \$2.75.

Cinnamon Scented—A fine Tobacco, having the delightful cinnamon flavor. Pkg., 10c; oz., 35c; ¼ lb., 85c; lb., \$3.00.

Connecticut Seed Leaf—Pkg., 5c; oz., 20c; lb., \$2.00.

Kentucky Home—Pkg., 5c; oz., 20c; ¼ lb., 50c; lb., \$1.75.

TOBACCO MIXTURE.

It would take four pages of this catalogue to half tell you how popular our Tobacco Mixture is! You know that right about La Crosse is grown the best Tobacco in the United States—tobacco rich in flavor, delicate in taste, powerful in its superiority. In fact, no Tobacco brings a better price than ours. Thus we have hit on this popular plan—to mix all these sorts, and then the customer selects the sort or sorts doing best with him, and from these plants he saves his seed! This mixture is immensely popular and sure to please you.

Pkg., 10c; ½ oz., 25c; oz., 40c; ¼ lb., \$1.00; lb., \$3.50.

Missouri Leaf—Pkg., 5c; oz., 20c; ¼ lb., 50c; lb., \$1.75.

Yellow Oronoco—A splendid leaf Tobacco. Pkg., 10c; oz., 30c; lb., \$2.50.

Yellow Prior—A sterling sort; early. Pkg., 10c;

oz., 30c; lb., \$2.50.

White Burley—Greatly sought; early; large leaf.

Pkg., 10c; oz., 35c.

Hycó—Has a great sale in the East. Pkg., 10c; oz., 35c;

lb., \$2.50.

PRINCE BISMARCK.

(See cut.)

While in Germany we obtained Tobacco which was the favorite variety smoked by the great Chancellor. It is early and of excellent quality. (Stock scarce.) This sort did splendidly during the past summer in Wisconsin, Indiana, Illinois and the great West. It cures easily and is very fine. Pkg., 15c; ½ oz., 65c; oz., \$1.00.

CHOICE FLOWER SEEDS.

Nine-tenths of the failures in the flower garden come from poor seed and from improper sowing and treatment. We believe our seed for 1907 is the best ever offered. Our 25c, 30c, 50c, 75c, and \$1.00 Collections are the acme of beauty and color glory.

For 25 Cents.

Here is a fine complete Flower Garden Collection; it is composed of one package each of the following:

1. Acroclinium,
2. Ageratum,
3. Calliopsis,
4. Convolvulus,

GIANT PETUNIA.

New Fancy Hybrida.

A strain of incomparable beauty, size and luxuriance. Most of the flowers are ruffled or fringed, and are of enormous dimensions, often six inches in diameter; but their great merit lies in the tremendous colorings, markings, veining, blotchings and stripings in the most wonderful arrangement. A bed of our new Fancy Hybridas will attract as much attention as anything else in your garden. Price: Pkg., 25c; 5 pkgs., \$1.00.

PHLOX.

Salzer's Giant Star.

These are distinct and striking flowers with a star-like appearance, their attractiveness being extremely enhanced by the heavy white margin which borders the edge of the petals, while with some the markings run the other way. It is an extremely brilliant class of Phlox, and is gaining in popularity with each year. Pkg., 15c each.

GIANT PETUNIA. NEW FANCY HYBRIDA. PKG., 25c.

PANSIES.

Wisconsin's soil and climate are especially adapted to the growing of splendid blossoms, and hence our strain is recognized among florists as the finest by all odds in America. It is grown on the new process of growing enormous blossoms for seed, with experience, soil, climate, etc., all in our favor of producing the best Pansy seed in the world.

It is safe to say that more than three million people residing in every state and territory of the Union were made glad and happy by seeing Salzer's Eternal Pansies bloom during the past season, for we sold enough seed of this wonderful pansy to grow enough plants to regale and make happy millions of people.

SALZER'S GIANT ETERNAL PANSIES.

For years it has been known among Seedsmen and Florists, that the greatest Pansies, the rarest blooms, the most colossal in size, are grown and produced on Wisconsin soil. There is no other place in America, nor Europe, for that matter, where Pansies of such giant size, and such wonderful colorings, are produced as in Wisconsin, and for years Salzer's Pansies have easily led any offered by Seedsmen in America, and for that matter in the world.

In Salzer's Giant Eternal Pansy we have a new race of Pansies, so to say. We call them Eternal, because with a little care the bed of Pansies will perpetuate itself for years and years. Full description of this, as also culture directions, is sent with each package of the seed.

We are particularly proud of Salzer's Giant Eternal Pansies; we are proud of their Colossal Giant size, proud of the thick, velvety substance of the flower, proud of its extreme hardness, proud of its great variety of coloring and shading, and above all, proud of the fact that no other Pansy mixture in the world can equal it in beauty of appearance, freedom of bloom, wonderful coloring and markings of its massive flowers.

We are positive that no Pansy ever offered in America approaches our Giant Eternal Pansy in its velvety texture and wonderful harmonious markings of colors, and we bespeak for them a kindly trial. We know that a customer once sowing our Giant Eternal Pansies will never be without them from one end of the year to the other. Their tremendous variety of colorings, markings, veinings, blotches and stripings are indescribable, forming often the most grotesque and beautiful combinations, so rare and wonderful, making a description of same almost impossible.

PRICE OF SALZER'S GIANT ETERNAL PANSIES:

Package of 100 kernels, 20c; 200 kernels, 30c; 400 kernels, 50c; 600 kernels, 75c; 1,000 kernels, \$1.00.

HOME SWEET HOME PANSY MIXTURE.

No bed in your garden will be more sought by husband and child than Home Sweet Home Pansies. It is without question the rarest, choicest mixture of giant, sweetly fragrant blossoms. It would be folly to attempt to describe them, for no pen can do same justice and no artist's brush would attempt to imitate their marvelous colorings. They blend, in perfect forms of monstrous size, all the colorings known or dreamed of in art or nature.

Price: Pkg., 25c; 2 for 40c; ¼ oz., \$1.00; ½ oz., \$1.75; oz., \$3.00.

SALZER'S SUPERB PANSY.

This strain is gathered from mammoth flowers only, and is made up to accommodate many of our customers who want great, great, glorious, giant flowers regardless of price. Pkg., 50c.

GIANT PEACOCK PANSIES.

Salzer's new race of colossal Pansies. Blossoms giant size, thick, full texture, single blossoms attaining the past season the enormous size of over five inches.

Price: Pkg., 30c; 2 pkgs., 50c; 6 pkgs., \$1.00; ¼ oz. seed, \$2.00.

PANSIES IN SEPARATE COLORS.

These separate colors contain all known varieties and shades of each. Pkg., 10c.

Blue Shades,	Bronze Shades,	Mahogany Shades,
Brown Shades,	Black Shades,	Margined Shades,
White Shades,	Yellow Shades,	
Black (King of the Black—See Cut), pkg., 10c.		
Each pkg., 10c; any two pkgs. of above, 15c.		

PANSY MIXTURES.

No. 1—Choice Mixed Pansies; very choice. This is the most popular Pansy mixture we sell. Everybody is delighted and pleased therewith. Grand colors, beautiful shades, immense sizes, contains some Peacock seed. Pkg., 10c; ¼ oz., 40c; ½ oz., 75c; oz., \$1.25.

No. 2—Mixed Pansies. This mixture is as fine as many seedsmen's 10c mixtures. Pkg., 5c; ¼ oz., 30c; ½ oz., 50c; oz., 90c.

No. 3—Good Mixed. This mixture is really fine. Pkg., 3c; ¼ oz., 40c.

Louis Odier—Beautiful blotched, extra large. Pkg., 15c.
Trimardeau—The giant race of Pansies. Pkg., 20c.
Lord Beaconsfield—Large, deep, purple velvet. Pkg., 15c.

ANGEL'S ROBE.
Especially adapted for cemetery planting or edging in the garden. It's the sweetest of all white Pansies. Pkg., 15c; 2 pkgs., 25c.

SALZER'S SPLENDID SWEET PEAS.

the brilliant tints. For personal wear during the summer and autumn it is the most fashionable flower grown, as this strain retains its freshness for hours. We control the entire stock of Ever-Blooming Sweet Peas in America. Don't be misled by some seedsmen offering you a substitute for same, as "just as good." Pkg., 10c; oz., 15c; ¼ lb., 40c; 1 lb., 90c.

Salzer's New Long-Stemmed "Big Four" Sweet Peas.

We are breeding up to four blossoms on a long, long stem; just the thing that everybody is looking for. Now Salzer's Big Four Mixture contains upward of 100 sorts, and is sold only in half-ounces and larger packages. Of this every purchaser of Sweet Peas can be doubly assured, that Salzer's Big Four is the finest collection of Sweet Peas on earth. For great, large, giant blossoms, sweetly, powerfully fragrant, for big, long stems with from two to four glorious blossoms, for vigorous, healthy growth and a prodigious profusion of enormously large blossoms, there is no collection anywhere that will equal Salzer's Big Four. PRICE: ½ oz. package contains about 150 seeds; price 12c. 1 oz. package contains about 400 seeds; price 18c. ¼ lb. package contains about 1,200 to 1,600 seeds; price 40c. Price, ½ lb., 65c; 1 lb., \$1.25, postpaid. ½ oz. will plant a row 12 feet long.

Sweet Peas, Special Mixtures in Separate Shades.

Most seedsmen sell separate sorts of Sweet Peas, but our trade demands all the different splendid sorts mixed according to shades. Thus our white shades are composed of all known white sorts. Our striped sorts contain the full list of these beautiful varieties. In our blue sorts you will find all the bluest blues, the lightest blue, yes, every kind of blues known in Sweet Peas, and so on through the full list; hence, Salzer's Special Mixture of splendid Sweet Peas in Separate Shades are immensely, wonderfully popular.

White Sorts, mixed. Pkg., 5c | Pink Sorts, mixed. Pkg., 5c | Blue Sorts, mixed. Pkg., 5c | Black Sorts, mixed. Pkg., 5c
Striped Sorts, mixed. Pkg., 5c | Blush Sorts, mixed. Pkg., 5c | Carmine Sorts, mixed. Pkg., 5c
These special sorts by weight: Oz., 10c; ¼ lb., 20c; 1 lb., 60c.

Fine Mixed Sweet Peas.

This mixture, for the price, challenges an equal. It is composed of many sorts and colors, and will surely please. It's really elegant. Said by gardeners and experts to be finer than any other seedsmen's high-priced mixture.

Pkg., 5c; oz., 10c; ¼ lb., 20c; ½ lb., 30c; 1 lb., 50c, postpaid.

Salzer's Cupid, the Dwarf Sweet Pea.

The famed Dwarf Sweet Pea. These dwarf varieties are growing more beautiful and choice and brilliant in colorings with each year. Our mixture contains every known sort and color in Dwarf Sweet Peas and is sure to please you. Pkg., 10c; oz., 20c; ¼ lb., 50c; 1 lb., \$1.25.

Perennial Sweet Peas.

The demand for these is on the increase. The flowers are not so large and not nearly so finely colored as the annual Sweet Peas. Perfectly hardy; climber. Pkg., 5c; oz., 15c; ¼ lb., 50c.

Flowers of Paradise, 25c.

Here is what you want—a great big package of every known annual, mixed—containing an endless amount of colors, varieties and sorts—all free flowering, beautiful in the extreme. One 25c package should furnish 60 BUSHEL BASKETS full of flowers.

Pkg., 25c, postpaid.

30 Named Nasturtiums.

We have a call for Named Nasturtiums—both tall and dwarf—so to meet this demand we have arranged a package containing 30 named sorts—the choicest of the choice—a really elite collection numbering only the very finest. This mixture we have in both tall and dwarf.

Named Tall Sorts—Pkg., 15c; oz., 25c; ¼ lb., 60c. Named Dwarf Sorts—Pkg., 15c; oz., 25c; ¼ lb., 60c; ½ lb., \$1.00; 1 lb., \$1.50.

Named Tall and Dwarf Sorts, mixed—Same price as Tall Sorts.

America's Best Loved Climber —Nasturtiums.

No annual gives more and finer blossoms and is so serviceable, cut and placed on the table in vases; while for wearing as corsage or neck bouquets they are extremely fashionable and valuable on account of their rich color and their property of retaining their freshness so long. Price of these 8—each, oz., 15c; ¼ lb., 35c.

1. Empress of India

—The plants of a very dwarf habit, while the flowers are of the most brilliant crimson color and freely produced. Pkg., 10c.

2. Minus—Dwarf,

Nasturtiums are very brilliant and attractive. Mixed, pkg., 5c.

3. Black Egg—

Dwarf. Very dark; choice. Pkg., 5c.

4. Majus—Elegant,

profuse flowering plants, growing 12 feet in one season. Tall sorts mixed. Pkg., 5c.

5. Tall Yellow— EMPRESS OF INDIA, 10c.

Beautiful golden yellow, 5c; oz., 15c.

6. Tall White—Elegant pearly white. Pkg., 5c.

7. Tall Rose—Beautiful in the extreme. Pkg., 5c.

8. Tall Crimson—Extremely beautiful. Pkg., 5c.

Salzer's Perpetual Blooming.

Salzer's Perpetual Blooming Nasturtiums—We control all the seed of this wonderfully free-blooming Nasturtium. It blooms early and continually throughout the season. This mixture contains many brilliant and fashionable colors that are particularly adapted for dress bouquets.

10 BUSHEL BASKETS

full of beautiful flowers were grown from one ounce of seed. The flowers are large, proud, beautifully and exquisitely colored, borne on long stems. The endless variety contained in the Perpetual Blossoms popularize them as the most beautiful of all the Nasturtiums, and thousands of ladies who have grown them extol their great beauty and peerless colorings.

Pkg., 10c; oz., 20c; ¼ lb., 50c; 1 lb., \$1.25.

Fine Mixed Colors.

No other seedsmen in America has a mixture of tall sorts anywhere near approaching it in brilliancy and variety. We warrant this! The colors, size, gorgeousness of flower, rapid growth of plants are unapproachable. The price is dirt cheap. All tall growing sorts. Salzer's Nasturtiums can not be excelled the world over. Pkg., 5c; oz., 15c; ¼ lb., 30c; 1 lb., 80c.

ABUTILON—Large, bell-like flowers, flowering continually; elegant mixture, rare sorts and colors, 20c; finest mixed, 10c.
ABOOBRA—Climber, scarlet fruits, 10c.

PLANTS.

Our list comprises the cream of all flowering and ornamental House and Garden Plants, small Fruits and rare Berry novelties. The list is not as long and large as that of many dealers, but it contains the very choicest, the very rarest, the very best sorts, that will grow and flourish with care in any kitchen or parlor or sitting room or garden.

TYPES OF SALZER'S CHARMING REX BEGONIAS.

10 BLOOMING BEGONIAS

low price we cannot allow the selection of sorts, hence all are strictly our selection, but all are different. This splendid collection is bound to give unbounded satisfaction.

10 SPLENDID BLOOMING BEGONIAS, POSTPAID, \$1.00.
5 SPLENDID BLOOMERS, POSTPAID, 60c.

CHARMING REX BEGONIAS.

Among the rarest, choicest Plants that grow are found the Rex and Blooming Begonias. Indeed, to-day no collection is complete without these exquisite beauties. The leaves of the Rex varieties are massive and grand, while the foliage and blossoms of the Blooming sorts are unrivaled.

Countess Louise Erdody—See Cut No. 1.—The striking peculiarity which distinguishes it from all other Begonias consists in the fact that the two lobes at the base of the leaf do not grow side by side, but one of them winds in a spiral-like way until in a full grown leaf there are four of these twists lying on the top of the leaf. Each, 35c.

Drops of Blood—This is a superb new variety recently imported. The leaf is dark, with center blotched with red of a blood hue. It is without question the finest Begonia grown. Each, 25c.

Queen of Hanover—Leaves silvery white, sometimes greenish white; border veined; very fine. Each, 25c.

Scepter—One of the finest dark leaved varieties. Each, 25c.

Silverstate—A bright, silvery leaf; rapid growth. Each, 25c.

American Beauty—The grandest of all new Begonia Rex. It is simply perfect, both in growth and appearance. Each, 30c.

Our Jewel Collection.

Composed of our selection of rare Rex Begonia sorts, we offer postpaid

3 Charming Sorts, postpaid, 60c.

6 Charming Sorts, postpaid, \$1.00.

Common Rex Begonia Sorts, 20c each; 3 for 50c.

RARE BLOOMING BEGONIAS.

Bertha—Resembles 12; flowers bright red. Each, 20c.

Incarname—1. Dark leaves and silver dots; pink flower. Each, 20c.

Ingrami—Resembles 8; great winter bloomer; flowers carmine. Each, 20c.

Dregil—Resembles 6; never out of bloom. Each, 20c.

Weltoniensis—A great bloomer; pink flower, resembles 10. Each, 20c.

Sanguinea—12. Top of leaf deep green and bottom rich crimson. Each, 20c.

Metallica—3. A great novelty; fine foliage; rose blossoms. Each, 25c.

Schmidtii—5. Flowers white, tinged with pink; extremely floriferous. 15c.

Palm Leaf—9. Named from its tropical shaped leaves; always rare, 15c.

Alba Picta—2. A splendid Begonia; leaves spotted, flowers white, 15c.

Rubra—8. Grandest of all Begonias; erect growers; flowers pink. Each, 25c.

Tuberous Begonias.

The tubers rest in the winter, like the Gloxinia, but start early in the spring. They thrive magnificently either treated as a pot or garden plant, when the massive, brilliantly colored blossoms will both please and astonish you. For garden culture plant May 15th.

SINGLE SORTS.

Alba—Very large white blossoms, 15c.

Rosea—Pink; immense blossoms, 15c.

Red—Finest quality; brilliant, 15c.

Yellow—Very fine indeed. Each, 15c.

Above 4 single, 35c.

DOUBLE SORTS.

Victoria—Mammoth, double white; very rare. Each, 15c.

Prince Albert—Very large, double yellow. Each, 20c.

Gladstone—Immense blossoms of brightest red. Each, 15c.

Above 3 double sorts, 40c.

CACTUS.

Gasteria—One of the rarest of rare plants. Grows rapidly and bears odd blossoms on long stems. Each, 40c; large, \$1.00.

Lobster—A wonderfully free bloomer; frequently blooming three to four times a season. Of drooping, weeping habit; also called "Bleeding Cactus." Each, 20c.

Candle Cactus (Opuntia)—This is the Candle Cactus of New Mexico. Wonderfully beautiful flowers; yellow and purple. Each, 35c.

Texas Fence Cacti—Massive, broad leaves; rapid grower; very beautiful; in great demand. 20c.

OLD MAN CACTUS.

This is grandly beautiful; the long white hair, so thickly grown, resembles the hoary head of an aged man. (See collection.) Each, 50c; second size, \$1.00.

YUCCA.

Grows more beautiful and blossoms more freely each succeeding year. It grows and lives forever, bearing great quantities of white blossoms; very desirable for a lawn ornament. 20c. Yucca seed, pkg., 10c.

PEONY SEED.

Grows easily from seed. In this way you get many new, rare sorts. Package, 15c.

CACTUS SEED.

There is much pleasure derived from growing Cacti from seed. Our mixture of seed is very fine. You will be surprised at the odd looks of Cacti just sprouting from the earth. Sow in flat boxes filled with coarse sand. Keep moderately moist. Choice mixed pkg., 10c. Wonder Mixture Cacti Seed, pkg., 25c.

NIGHT BLOOMING CEREUS.

(See cut).

Glorious beyond description is the Night Blooming Cereus, and the best of all is you need not coax it to bloom; it will do that freely and gorgeously annually. This gorgeous Cactus usually opens at 7 o'clock in the evening, attaining its greatest beauty at 12. Blossoms measuring 12 inches in diameter. The sort we offer is very free blooming and of easy culture, requiring little care. Is in the Old Man collection. Each, 25c.

Phyllocactus—

The most brilliantly beautiful blossom among Cacti is found on this plant, often bearing 250 blossoms annually. Each, 20c; large, \$1.

Stapelia—Very odd indeed, bearing beautiful buff yellow colored blossoms, with deep maroon markings, and of wonderful construction. Each, 20c.

Rhipsalis Mesquites (most bloom) Cacti. Each, 15c.

Rainbow Cactus—The plant is covered with a network of spines, which range in color from creamy white to deep crimson, hence its name "Rainbow." When in bloom its grandeur is unsurpassed, having flowers 4 inches across, bright crimson with a white center. Each, 50c.

PHYLLOCACTUS. Grand. Each, 20c.

OLD MAN CACTUS AND HIS FAMILY.

OLD MAN CACTUS COLLECTION.

Now, then, do you want a lot of pleasure for but little money? Then you will want our "Old Man Cactus and His Family" collection. They are fine for summer; fine for winter; indeed, they seem to come into best use in winter, when their curious growth and magnificent blossoms come into full play.

12 Cacti Beauties for Only \$1.00.

These will all be different, curious shapes and will be strictly our selection of 12 fine varieties.

Our selection of 12 sorts, \$1.00; including Old Man, \$1.00.

Our selection of 6 sorts, 60c; including Old Man, 95c.

Our selection of 3 sorts, 45c; including Old Man, 70c.

Salzer's Royal Giant Carnations.

(See front cover.)

The sweetest flower that blooms is the Carnation—perfect in form, fragrance and growth.

No. 1. Harlowarden, rich crimson long stems, giant blossoms. Each, 15c.
No. 2. Enchantress, giant blossoms, superb, rosy blush pink. Each, 15c.

No. 3. Cardinal, peculiar rich scarlet, giant blossoms. Each, 15c.

No. 4. The Bride, colossal pure white blossoms, very sweet. Each, 15c.

No. 5. Mrs. Thomas Lawson, purest, largest rose pink Carnation grown; original brought thousands of dollars. Each, 15c.

One each above 5 novelties, 50c.
Package of seed of above, mixed, 20c.

Choice Carnation Sorts.

1. Mrs. Bradt—Beautifully variegated, red and white. Each plant, 25c; 3 for 50c; seed, 25 kernels, 15c.
 2. Morning Glory, the prince of all light pink varieties. Each, 15c; seed, 25 kernels, 15c.
 3. Golden Beauty, the grandest yellow. Each plant, 20c; seed, 25 kernels, 15c.
 4. Gov. Roosevelt, the darkest red imaginable. Each, 15c; seed, pkg., 15c.
 5. Flora Hill, the giant blossom among the whites. Each, 15c; seed, pkg., 15c.
 6. Queen Louise, the great snowstorm. Each, 15c; seed, pkg., 15c.
 7. Daybreak delicate light pink. Each, 20c; seed, pkg., 15c.
 8. Evanston, grandest, most glorious of all pink. Each, 20c; seed, pkg., 15c.
 9. Estella, intense dark red, 20c.
- Any 3 of above, 40c; any 5, 60c; the 9, 80c.

The Banana Plant.

It is a stately, a noble, a gorgeous and rapidly growing plant, with great giant, colossal, magnificently shaped leaves. A few plants placed upon your lawn will be the most ornamental and gorgeous ornament thereon.

It is one of those plants every one will ask, "Oh, what is it?" and no plant will be more frequently visited by the children than the Banana, as ninety-nine out of a hundred children love Bananas and will wish to see the plant on which they grow. Price each, 40c; 3 for \$1.00; 5 for \$1.50; 7 for \$2.00. Banana seed, 5 kernels, 20c.

SUPERB CHRYSANTHEMUMS.

The following eight giant colossal bloomers contain absolutely the cream of "Mums." None finer, none grander, none more glorious, none larger, none stronger, none surer to please than the following eight sorts:

One each above 5 illustrated Mums 60c.

CONVENTION HALL. Color, white, of an exceedingly pure tone. Very broad center petals; incurving closely; tubular ray florets. Winner of the \$200 prize at Kansas City, 1901. It is unquestionably the finest white that has been produced for many years, none excepted. Price, each, 30c.
F. J. TAGGART.—The most striking novelty of recent years. The best of all the hairy or plumed sorts. A great advance over all the yellows in this class, being perfectly double, and the hair-like filaments are more pronounced. Color, light yellow. Flowers, 8 inches in diameter. Each, 30c.
Above new 2 novelties, 40c, postpaid.

TWO CHRYSANTHEMUM NOVELTIES, 40 CENTS.

4 BIBLE PLANTS, 75c, POSTPAID.

1. CROWN OF THORNS, OR EUPHORBIA.

On the wild, rocky hills of Judea, and in the immediate neighborhood of Jerusalem, this emblematic plant is found.

It is a peculiar plant, thorny, with a few bright green leaves, and an abundance of light rose blossoms, of the easiest possible culture, and can be trained to assume any shape, as a crown, anchor, harp, wreath, cross, etc. "The Crown of Thorns," worn by our Savior, was made out of this plant. Indeed, some sacred historians assert that the drink given to our Savior before his death was made from the juice of this plant. Each, 25c; large size, 60c.

2. THE FIG.

The fig is of the easiest culture, can be placed in cellar during winter and started early in spring. Bears abundantly. Each, 25c, 2d size, 50c.

3. THE RESURRECTION PLANT.

Among the pines and cedars of Palestine, this singular plant is found. Imagine, a bunch of withered looking shoots, brown, stiff and apparently dead; place it in water, and within an hour it is transformed from a withered-looking bunch into a lovely patch of green moss. Each, 15c; 2 for 25c.

4. STAR OF BETHLEHEM.

In the valleys of Jezreel and Hebron, at the foot of Mount Tabor and the Lebanon Mountains, also throughout the planes and valleys watered by the Jordan, this pale blue, almost white, star-like, bulbous plant grows wild. Each, 15c, 3 for 40c. 1 Plant each above 4 Bible Plants, postpaid, 75c

CANNAS.

THE WISCONSIN CANNA. 15c

1. Wisconsin—Grand. An almost everblooming Canna, its flowers being borne in great compact panicles, often as large as a man's hat, and of intense deep scarlet color. Each, 15c.
2. Mad. Crozy—Dazzling crimson scarlet, distinctly bordered with yellow. Each, 15c.
3. The Tiger Canna—Deep foliage; dwarf habit. Flowers extra large, yellow color, thickly spotted with crimson. The most striking novelty of recent years. Each, 15c.
4. Flamingo—Intense light blood red. 20c.
5. Austria—Orchid flowers, enormous trusses; clear yellow, crimson center. 20c.
6. Chicago—Grand sort; great blossoms, finest red. Each, 20c.
7. America—Rich, large, deep blood red, gorgeous leaves, with deep flashing red blossoms. It's a great beauty. Each, 20c.
8. Black Beauty—A majestic, stately variety with large, massive bronzy purple leaves. Especially adapted for massing. Each, 25c; 3 for 60c.
9. Minnesota—It is a giant in growth, throwing forth massive colossal leaves. Grows 6 feet tall and covers itself with giant flowers often 9 inches long. Foliage green. Minnesota will bear more flowers than any sort known. Each, 20c; 3 for 50c.
10. Iowa—Another noble name; another noble Canna. Everybody is looking for a giant deep pink blooming Canna, one bearing enormous trusses of the richest pink. It's a rose-colored Canna, blooming in glorious profusion! Each, 25c; 3 for 60c.

The above 10 special price only \$1.20 Any 8 of above for 50c 5 for 45c.

BRUGMANSIA ABOREA.

BRUGMANSIA-ANGEL'S TRUMPET. Each, 25c.

This is one of those plants of which words fail to convey a true idea of its magnificence, and people who see it for the first time are bewildered. It blooms freely at all times of the year, both winter and summer, in a window or conservatory, or it can be cultivated in the garden during the summer and wintered in a cellar or pit. The flowers are over a foot long, and 8 or 9 inches wide, of creamy white color, and very sweet. The striking beauty of these gigantic, enormous, glorious flowers cannot be described. They make magnificent lawn plants when plunged in the ground during the summer. Each, 25c.

7 Canna Novelties.

Queen Charlotte—Brilliant orange with crimson tone, distinct golden bell. Each, 20c.

Italy—Rich golden yellow with brilliant reddish crimson spots. Each, 20c.

Canary Bird—Beautiful canary yellow. Each, 20c.

Burbank—Orchid shaped, giant blossoms, brilliant yellow with purplish reddish brown center dots and splashes. Each, 30c.

King Humbert—Grandest of all bronze foliage Cannas. Flowers measuring 6 in. in diameter. Brilliant orange scarlet. Each, 40c.

Mt. Blanc—Almost pure white. A grand flower. Each, 30c.

Louisiana—A giant vivid scarlet crimson Canna. Flowers 7 in. across. Each, 30c.

Above collection of 7 for \$1.40. Any 3 for 75c

CALLAS.

Salzer's Ever Blooming Calla.

With a little care this grand Calla blooms continuous. It is from Egypt; very healthy; large blossoms; fine. It is universally popular on account of its great freedom of bloom, its magnificent blossoms and noble foliage. Each, 20c; large, 35c; very large, 75c.

Common Ethiopian Calla. Each, 15c.
Little Gem-Dwarf, fine. Each, 25c.

CALLA, EVER BLOOMING. EACH, 20C.

Black Calla.

The immense popularity of this is attested by the fact that one year we sold over 6,000 bulbs. Flowers immense; often 15 inches long and of a velvety purplish black. Always rare. Each, 30c; large bulbs, 50c to \$1.00.

THE SPOTTED CALLA

Spotted Calla.

Flowers small, but exquisite, leaves covered with transparent whitespots. Effective window plant. Distinct. Each, 20c.

GLADIOLI.

Salzer's French Hybrid Gladioli.

Go where you will the world over and you will find nothing more brilliantly beautiful than our French Hybrid Gladioli. They are simply unsurpassable. This mixture is taken from upwards of 500 charming varieties, and is grand.

Salzer's French Hybrid—Per 3, 15c; per doz., postpaid, 50c; 50 for \$1.75.

By express, per 50, \$1.50; per 100, \$2.75.

Any of above 12, each, 20c; 3 for 50c; 6 for 85c; 12 for \$1.25.
MONSTER BULBS—Each, 35c; 3 for \$1.00; 6 for \$1.75; 12 for \$3.00.
One Bulb each of 20 different Dahlias, new and rare sorts, all carefully labeled, \$2.50.
Single blooming Dahlia Bulbs, each, 20c; 3 for 50c; 6 for 80c.

MIKADO FERN BALL.

Fern Ball

Balls, each, 75c; 3 for \$2.00; 1 doz., \$7.00, all prepaid.

These balls consist of Fern roots about the size of a pencil, woven outside and around a ball of moss. These roots produce beautiful sprays of Ferns from eyes or buds at nearly every inch of their length. Thus the whole surface of the ball soon becomes covered with Fernsprays. They may be suspended in any part of the room or grown on a stand or table.

Price: Dormant

THE BOSTON FERN.

BOSTON FERN. EACH, 20c.

THE BOSTON FERN. Each, 20c.

In it we have the most satisfactory of all Ferns. It does exceedingly well everywhere. Its charming, graceful, magnificent, healthy fronds are inimitable. No picture, no illustration, no description can do justice to this most magnificent of all graceful, hardly, easily kept Ferns. Its great fronds are often 6 feet long, and the very essence of beauty and grace—"spending constant gladness."

Price: 20c each; 3 for 60c; large, 50c to \$1.00.

3 RARE

FUCHSIAS, 50c.

1. STORM CLOUD—We have a bed of several hundred large plants that is, at the time of writing, one solid mass of great, glorious, snow-white balls, a sight worth coming miles to see, and hundreds of city visitors have been here daily, admiring this grandeur. It is the largest, finest double white Fuchsia, and its great snow-white balls, borne in such prodigal profusion, almost completely hide the foliage of the plant. Each, 20c; 5 for \$1.00.

2. MIDNIGHT—Grows somewhat taller than its companion, Storm Cloud, but for genuine beauty its deep, big midnight blossoms are hard to beat. Its blossoms are of great, giant size. Each, 20c; 5 for \$1.00.

3. RED DRAGON—While Storm Cloud and Midnight are great balls of Fuchsia blossoms, Red Dragon assumes an elongated shape, the blossoms often measuring 3 to 4 inches in length, and of an original new crimson-red hue. It is exceedingly floriferous, the original seedling, when 9 months old, bore at one time 167 large, long, lovely buds and blossoms of a peculiar, indescribable variegated velvety crimson color. Each, 20c.

Above 3 incomparable Fuchsias 50c

MIDNIGHT

STORM CLOUD

Sword Fern—Well known. Each, 15c; large plants, 40c.

Silver Fern—An exquisite silvery foliage, 25c.

Lycopodium—Runs 20 feet; fine. Each, 25c.

Tremula—Trembles easily. Each, 25c.

Petris Fern—A handsome foliage. Each, 25c.

Nephrolepis Witboldii—Noblest of all the Sword Fern varieties, with large, gorgeous fronds. Each, 30c.

Ostrich Plume Fern—Most graceful, most charming of all Fern varieties. Each, 40c; large plants, \$1.00.

COLLECTION

OF FERNS.

Our selection of 5 ferns 60c. Our selection of 3 ferns, 48c, 35c; 5 ferns, including Boston Fern, for 75c.

HELEN SALZER GERANIUM.

A seedling of an entirely new type. The upper petals are crystal white, margined with rosy carmine, which shades to a peach-blossom pink. The lower petals are a deep coral color, with a blotch of pure white in the center. This gradually merges into the coral, producing again the peach-blossom pink, as on the upper petals, the whole forming a charming combination, so unique as to compel admiration at first sight. Each, 20c.

Six New Geraniums for \$1.00.

Among this lot are Geraniums which cost originally \$5.00 a piece. They are extremely rare, of exquisite coloring, beautiful form and size. These 6 will surely please.

The 6 postpaid, \$1.00.

NEW IVY GERANIUMS.

Mrs. J. G. Day—Intense shade of rosy crimson, rich and glowing. Each, 15c.

Colonel Powell—Flowers enormous size, giant among Ivy Geraniums. Color white soft blush, something immense. Each, 15c.

Leopard—Single florets measure 2½ inches across. Semi-double. Colorings so brilliant and distinct as to resemble an orchid; a remarkable Geranium. Each, 25c; 2 for 40c.

One each above 3 Ivy Geraniums, 45c.

GERANIUMS.

This list contains the cream of old and new sorts; no poor variety finds a place in this list.

1. SOUTHEY.

Grandest of all Single Geraniums, bright vermillion, with white blotch in center of flower and running up into the two upper petals, which are suffused with crimson; flowers of medium size and fine form, the gorgeous coloring more than making up for its loss in size. Price each, 25c.

2. DAYBREAK.

Great double trusses of soft pink, the very color of the famous Daybreak carnation. Exquisitely beautiful. Each, 20c.

3. BELLEROPHON.

One of the grandest of recent introductions; will rank with the best. It is a single scarlet, with colossal, giant, round florets (often 3 inches) combined into immense trusses, which are held high above the plant. It is very free in bloom, the habit and foliage especially fine for this type. Price, each, 25c.

4. NEW GERANIUM TRAGO.

Giant among the intense brilliant, scarlet, semi-double Geraniums. Single florets often measuring 7½ inches in circumference, or nearly 3 inches in diameter. The trusses are of colossal size, borne on long, stiff stems, a great rarity. Price, each, 25c; 2 for 40c.

5. S. A. NUTT.

The very best of the dark double crimson scarlet bedders, always in heavy demand. We have a very large stock of it; stands the sun perfectly, and is always a mass of bloom. Size, 2x2½ inches. Price, each, 25c.

6. COLUMBIA.

A splendid single bedder; light high scarlet, of dazzling brightness, two upper petals white, shading to scarlet on the edges; extremely showy; light green foliage. Of the general type of the Mirande section, but of distinct and flaming color, and very valuable on account of its bedding qualities. Does not lose its color in sunshine. Size often 2½x3 inches. Price, each, 25c.

Any 3 of above Glories, only 60c. The 6 of above Glories, only 90c.

MRS. POLLOCK. 20c.

NEW SWEET-SCENTED
ROSE GERANIUM
"ANGELUS". 20c.

TRI-COLOR GERANIUM.

Mrs. Pollock—(See cut.) The ground color of leaf is deep green; next comes a zone of dark crimson, the margin of which is tinted with scarlet, then a belt of green, the margin of leaf being a clear yellow. As an ornament for the parlor, nothing yet excels Mrs. Pollock. Each, 20c.

NEW ROSE GERANIUM, ANGELUS.

It has the nature of Mrs. Taylor, with the exception that it is a more vigorous grower, a free bloomer, while the blossoms are large and of a brighter red, resembling a small Pelargonium in colorings; its scent is a delicious rose. Nothing exceeds this in beauty and fragrance. Each, 20c.

SALLEROI.

Salleroi is the greatest acquisition in silver variegated Geraniums for bedding; and pot purposes that has ever been introduced. Each, 15c; 2 for 25c.

SALLEROI, 15c.

HARDY OUT-DOOR CLIMBERS.

Ampelopsis Veitchii.

It clings firmly to any wall or tree; needs no support. The leaves at first are of an olive green color, then brown, changing to bright scarlet in the autumn. Indescribably grand. Would not part with a two-year-old plant (20 feet tall) covering the north side of our house, for \$25.00. No climber just like it. It's handsome. Try it! Each, 20c; 3 for 50c; 7 for \$1.00. Extra size, each, 40c; 3 for \$1.00.

Ampelopsis Virginia.

A vine well known; climbing in one season to the height of 20 feet. It is as hardy as oak; does well anywhere. Each, 20c.

Honeysuckles.

For real home vines, to be near you, climbing over your windows and doorways, there is nothing prettier than the sweet-scented honeysuckles.

1. Royal Scarlet.

The prince of all Honeysuckles; climbs rapidly, attaining the height of 20 feet and bears innumerable bright scarlet, fragrant blossoms. The Royal Scarlet is extremely hardy and floriferous. A three-year-old plant is known to have had by actual count over 2,000 great scarlet clusters of bloom in one season. Each 20c; 3 for 50c.

2. Happy Childhood.

Our new, pure white seedling. Grows very rapidly and bears great quantities of flowers. Hardy. Each, 20c; 3 for 50c.

3. Golden Beauty.

Bears very long golden yellow blossoms in great

ROYAL
SCARLET
HONEYSUCKLE

AMPELOPSIS
VEITCHII. 20c.

3 Golden Beauty—Bears very long golden yellow blossoms in great quantities. Each, 20c; 3 for 50c.

CLEMATIS.

The royal glory of this splendid, everblooming flower may well be said to mark it as a prince among all hardy flowering vines. We presume every one of our customers who sees it bloom each Summer promises to plant it in his own yard or garden at the next opportunity. It is especially adapted to open lawns or house fronts in the city or country. Perfectly hardy; blooms the entire season, bearing beautiful and lasting flowers.

1. Clematis Jackmannii.—This Clematis, with its royal purple giant blooms, is easily the Prince of all Clematis. It begins blooming usually the same season, and then forever thereafter it is lavish with its floral glory. On a 3-year old plant it is not unusual to see from 100 to 200 blossoms at one time. The Jackmannii blooms early and continually. The blossoms are very large, thick in texture, and of rich, deep purple. The 75c sizes are strong and will with ordinary care bloom freely this summer. Price, 1st sizes, 75c each, 2nd size, 40c.

2. Claret—Wine color, always rare, gorgeous blooms, 1st, 75c; 2nd, 40c.

3. Snowflake—Very fine white variety, blooming freely, bearing hundreds of blossoms. 1st size, 75c; 2nd size, 40c.

4. Sky Blue—Exquisitely beautiful, large blossoms, very rare. 1st size, 75c; 2nd size, 40c.

PRICE OF CLEMATIS.

1 each above 4 large flowering Clematis, 1st size, \$2.50; 1 each above, 2nd size, \$1.50. Any 2, 1st size, \$1.40; any 2, 2nd size, 75c.

CLEMATIS PANICULATA.

A vine of very rapid growth, quickly covering trellises and arbors with handsome, clean, glossy green foliage. The flowers are of medium size, pure white, borne in immense sheets and of a most delicious and penetrating fragrance. The flowers appear in September, at a season when few other vines are in bloom. The extreme rapidity of growth, the showy foliage, beautiful and fragrant flowers and hardiness, serve to make this one of the very choicest of recent introductions. Each, 25c; 3 for 60c.

Extra large field grown plants each 40c; 3 for \$1.10.

JACKMANNII CLEMATIS

2 HARDY CLIMBERS, 20 CENTS.

CINNAMON VINE, EACH 10c.

Moon Flower.—Greatest Climber. See page 83. Seed pkg., 10c. Each, 15c.

1. **The Great Cinnamon Vine.**—It is safe to say that there are millions more of this vine distributed than any other. It's "THE GRANDEST VINE," with beautiful, shiny, heart shaped leaves. The vine cannot be described, so beautiful is its rapid growth, a single 10c plant making vines and laterals in one season fully 3,000 feet long. The blossoms are fine, of a rich cinnamon fragrance. They die down in fall but spring up in early spring with greater energy than before and are sure to please. Mr. Salzer urges you to plant these two hardy vines—both Cinnamon and Apios are beauties of a rare order! Each, 10c; 3 for 20c; 10 for 60c, postpaid.

2. **Apios Tuberousus**—A matchless beauty, hardy as oak, having clusters of rich deep purple flowers, of delicious violet fragrance. Grows stronger each year. Each, 15c; 3 for 35c.

(One each above 2, 20c;
3 plants of each, 40c.)

Cobea Scandens.—Climbs 50 feet in one year. See page 83. Each, 15c. Seed pkg., 10c.

Coreopsis.

The most popular, single blooming flashy yellow flower extant. It is perfectly hardy and most exquisite in beauty. Price, each, 10c; 6 for 50c; 12 for 90c. Seed, 15c a pkg.

Stokesia Cyanea.

A giant double white hardy Cornflower, flowers often 10 inches in circumference. Seed, 15c a pkg.

Hardy Scarlet Lobelia.

Intense scarlet flower, brilliantly beautiful. Each, 15c; 6 for 75c. Seed, pkg., 15c.

Hardy Poppy.

This plant is thoroughly hardy and bears in the early spring a great mass of giant, scarlet colored Poppies of a wonderful brilliant hue. Price, 15c each; 6 for 75c. Seed, 15c a pkg.

Winter and Spring Flowering Bulbs.

See Fall Catalog, ready Aug. 1, 1907.

Crocuses, all colors, 10 for 20c; 50 for 60c; 100 for 90c.

Freesia, 6 for 15c; 25 for 50c.
Snowdrop, 10 for 20c; 50 for 60c; 100 for 90c.
Double Narcissus, 8c each; 5 for 35c; 25 for \$1.25.
Single Narcissus, 6c each; 5 for 25c; 25 for \$1.00.
Named Hyacinths, all colors, double or single, 10c each; 6 for 55c; 12 for \$1.00.
Tulips, either single or double, in gorgeous mixtures, all colors, 4c each; 10 for 30c; 50 for \$1.50; 100 for \$2.25. If by mail add ½ c each for postage.
Lilies, Liliun Harrisii, Liliun Candidum, Liliun Auratum, 25c each; 3 for 65c. Send for List of Bulbs, ready Aug. 1, 1907.

3 FROST PROOF BLOOMERS, POSTPAID, 40c.

1. Rudbeckia Golden Glow.

The most distinct large flowering hardy plant. A magnificent grower, very branching, and each branch bears from 6 to 20 great shining golden yellow blossoms. A plant is literally covered with bloom. Hardy as oak. Increases rapidly. Each, 20c; 4 for 50c.

2. Bleeding Heart

Is an old fashioned hardy flower, but one that deserves a place everywhere. Of it can truly be said, "A thing of beauty is a joy forever," for no plant is more satisfactory, more liberal and free in bloom than this. It will stand the coldest winters and flourish, and a single plant will bear from 100 to 500 long spikes of blood red, heart-shaped drooping flowers, hence the name, Bleeding Heart. Price, postpaid, each, 20c; 2 for 30c; 10 for \$1.00.

3. ACHILLEA—Salzer's Giant. Each, 15c.

Queen of all hardy, free flowering, constantly blooming, pure white flowers. We cannot too strongly urge you to plant a few of our Achilleas, hardy as oak, a profuse bloomer, and will do well everywhere. It is a hardy perennial, the top dying down to the ground every winter. Its many branches grow to the length of 1 or 2 feet, holding their great mass of pure white feverfew-like flowers about a foot above the soil. For cemetery planting, it is the most valuable of all WHITE flowers. If there was but one white flower in our garden, the Achillea Alba would be the one. Its 5,000 pure snow-white perfect blossoms would accord it the place. It is hardy as oak and blooms from May until snow flies. Giant Achillea, each 15c; 2 for 25c; 5 for 50c; 10 for 75c.

RUDBECKIA, 20c.

BLEEDING HEART—Each 20c; 2 for 30c.

GIANT ACHILLEA—The 5,000 Blossom Plant.

One each of above 3 Frost Proof Bloomers, Postpaid, 40c.

Hydrangea Grandiflora.

Its equal has yet to be found. Indeed, it is the finest hardy shrub in cultivation; flowers are formed in large white trusses 6 to 10 inches in length, remaining in bloom until killed by frost. The flowers turn to rosy pink in the fall. It is as hardy as oak and a profuse bloomer; grows 6 feet high. Had a bush on our grounds 4 years old, in bloom last fall, and there were on it over 300 great trusses of flowers. It is by all means the best hardy shrub we know of, and we cheerfully recommend it. Splendid for cemetery. As shown in the engraving, the plant is of compact and sturdy habit, and when laden with its great masses of bloom is exceedingly striking and attractive. This noble shrub adorns alike with its superb presence the cottage, farmyard, large lawns, extensive grounds, parks, etc., and is especially desirable when grown as single specimen plants, as shown in our illustration. A universal favorite. Stands 60 degrees below zero.

A grand shrub, which is a mass of fine bell-shaped pink blossoms during June. It is one of the most popular and beautiful of all shrubs. Each, 25c. Express size, large, each, 30c.

6. Philadelphia.

The blossoms are large, pure white, waxy, of delicious orange fragrance, and borne in prodigious profusion; absolutely hardy. Each, 20c; 3 for 50c. Express size, large, each, 30c.

7. Forsythia or Golden Bell.

Robes itself, during April and May, the length of its branches, in pendulous bells of a bright yellow color. Immensely brilliant. Each, 20c. Large, 30c.

WISTERIA

PÆONIES.

The Pæony is with right the noblest and at the same time the most popular and beautiful and serviceable hardy outdoor flower. We have frequently seen the LaCrosse and Goethe and other varieties bearing flowers from 14 to 20 inches in circumference. They increase in beauty and size each succeeding year. Three or four plants when well established will give from 200 to 300 great gorgeous blossoms.

1. **La Crosse**—A glorious, fragrant, very double pink Pæony of giant, colossal, magnificent size. Each, 30c; 3 for 85c.

2. **Goethe**—Magnificent dark red variety; blossoms intense in coloring and large in size. Each, 30c; 3 for 80c.

3. **Snowdrift**—A Pure white, very large and finely formed blossom. Each, 25c; 3 for 70c.

4. **Givale**—A rich deep pink; of great beauty. Each, 25c; 3 for 70c.

One each of the above 4 for 75c, postpaid. Any 2 of above for 45c.

Pæony Seed, pkg., 15c.

SNOWDRIFT—Each 25c; 3 for 70c.

SALZER'S RADIANT COLLECTION OF HARDY PHLOX.

Above five, \$1.00. Above five, two year old, \$1.50.

A bed of Salzer's Radiant Phlox.

SALZER'S HAPPY HOME COLLECTION OF 21 PLANTS \$1.00 POSTPAID.

This great plant collection, composed of the best the greenhouses of America or Europe can furnish, a rainbow of colors, we offer at a price so completely within the reach of everybody, whether rich or poor, that we predict it will take

1,000,000 PLANTS

to fill our orders for 1907. Well, no matter; we have them. To meet the demand of our large plant trade we are obliged to grow enormous stocks of all kinds of roses, plants and bulbs—often more than necessary—to make sure that we have enough; so, after the heavy spring business is about over, in May, we take this stock of various rare and good things and make it into a Happy Home Collection, and offer them to our customers at 21 plants for \$1.00, giving them 3 to 4 times the value of their money. They will be sent free by mail. All collection orders are booked and will be shipped as early in the season as our stock permits.

This collection is immensely popular among our customers, and we append hereto a letter from Mrs. Jane Russell Ayres, of Ohio, who obtained a collection from us:

"JOHN A. SALZER SEED CO.—Gentlemen: I have purchased plants for twenty years. It's safe to say that I have spent over \$200 during this time, but never before have I really felt that I got more than my money's worth until I bought of you. All the plants I obtained from you were A No. 1. Yes, I got five times more than my money's worth. These twenty-two plants (you threw in one extra) contain Caladiums, Cannas, Achanias and Begonias, Palms, Roses, Azalias and Geraniums, Carnations and Chrysanthemums, Gloxinias and Salvias, Oranges and Callas; yes, all of them choice, well grown, rare plants. It's the greatest surprise I ever had. You are positively too generous. My neighbors, Mrs. Wilson, also Mrs. Medary and Murray, each when they saw my plants, ordered a collection."

What is the Happy Home Surprise Collection?

It is composed of everything we have a surplus of, our selection, consisting of rich, rare, beautiful plants and bulbs. We send such fine plants that you are sure to be pleased with them. These we sell,

11 plants, postpaid, for 60c.
21 plants, postpaid, for \$1.00.

If you send 70 cts., we add to above collection of 11 plants 1 Wis. Hybrid Tuberose, 15c.

If you send \$1.10 we add to above collection of 21 plants 1 Wis. Hybrid Tuberose 15c.

Cycas Revoluta, The True Sago Palm.

Anyone having seen this most magnificent Cycas will admit that no other plant can equal it in grandeur.

Indeed, it is the noblest of all palms, yes, of all plants and is easily by noble right the king of the plant kingdom, easy to grow.

TUBEROSES.

Indeed, they will average 99 bloomers out of every 100 bulbs. They should be planted early in 5-inch pots, in rich sandy loam, watered moderately, beginning to bloom as early as July or August, and continuing for some months. A good way to have succession of bloom would be to plant bulbs every second week.

Pearl—Dwarf habit, free blooming; extra. Each, 8c; 3 for 15c; 10 for 50c; 25 for \$1.00.

Double: Each, 5c, 3 for 15c; 10 for 25c.

BELLE OF SOUTH CAROLINA—A novelty; very double and free blooming. Each, 10c; 2 for 15c; 10 for 60c.

WISCONSIN HYBRID.

Each, 15 cts.

This is a grand new Hybrid Tuberose, blooming early and furnishing a great abundance of pure white, very double, very large fragrant flowers. It is the acme of perfection. We add same to the Happy Home Collection. Price, each, 15c; 2 for 25c; 6 for 60c.

WISCONSIN HYBRID,
EACH 15c.

THE ROSE.

Hundreds of new Roses are being offered to the people of America at present by florists, and of the long list but few are really of lasting merit, or such that will reward the ordinary grower with anything like "paying buds." One or two buds a year from a new Rose with a high, commanding title is certainly not as good as 100 or more buds from a trusted, tried and standard Rose; hence our list this year contains only the cream of free bloomers.

EVERBLOOMING ROSES.

Four Perpetual Bloomers, 50c.

Of these four extremely free flowering Roses we sold the past four years upward of 100,000 plants, and no Roses on earth bloom more freely than these.

1. **Bella**—The sweetest, freest bloomer, of pure snowy white. Each, 15c.
2. **Louis Philip**—The grandest, freest blooming crimson red Rose known. 15c.
3. **Isabella Sprunt**—No breed so fine, no yellow Rose so free of bloom. 15c.
4. **Sofrano**—Grand saffron or coffee colored; exquisite buds; free bloomer. 15c.

They never fail you.

Price of the four, 50c, postpaid.

Two New Magnificent Ever-bloomers.

Agrippina—A magnificent Rose, blooming almost continuously; color, intense dark red. Makes a magnificent bud for buttonhole purposes. Each, 20c; 3 for 50c.

Hermosa—The freest blooming, glorious pink Rose in cultivation; an everbloomer; magnificent in every respect. Each, 20c; 3 for 50c.

One each of above two, postpaid, 35c.

THESE TWO EVERBLOOMERS 35c

Five Everblooming Roses, 60c.

1. **The Bride**—Flowers giant size, pure white, long stems, magnificent buds. Each, 15c.
2. **Woutton**—This is a remarkably striking and brilliant violet crimson everblooming Rose, richly shaded; flowers are large, full and regular. Each, 25c.
3. **Clothilde Souper**—Flowers very double and sweet. The color is pearl white, deepening to carmine in the center, and it certainly surpasses all other varieties as an everblooming pot rose. Each, 20c.

4. **Perle des Jardins**—A magnificent Rose, color, clear golden yellow. Its proud buds are of colossal size. Each, 15c.
5. **Catherine Mermet**—A glorious everblooming Tea Rose; bright flesh color; large, full, of beautiful form, of easy cultivation; buds of mammoth size. Each, 15c.

Above 5 everblooming Roses, 60c, postpaid.

AMERICAN BEAUTY ROSE.

Proudest and noblest of all Roses, that's what the American Beauty can truly claim. It has the true hybrid fragrance, and this, with a large size (blossoms often 7 inches in diameter), rich, deep crimson color and free blooming properties, makes it the finest Rose in America today. Can be planted out of doors. Each, 30c; large plants, 50c each.

Liberty—A brilliant, deep red, monthly Rose, of gorgeous buds. 30c; large, each, 50c.

Golden Gate—White, tinged with intense orange. Each, 30c; 2d size, 50c.

Marshal Niel—A Glorious Rose—Great giant, sulphur yellow, ball-shaped, fragrant blossoms. Hardy south of St. Louis. Each, 20c; 2d size, 50c.

One each above 4, 90c; 4 large, \$1.50.

SALZER'S EIGHT HARDY HYBRID GARDEN ROSES.

Go the world over, and nowhere will you find a more magnificent collection of ironclad, hardy, everblooming Roses than the eight below. This Hardy Collection will bring sunshine and smiles and happiness and good cheer and gladness to every one planting them. They are as hardy as oak, and bloom so freely that the next year you will get bushels of flowers from these hardy beauties.

We are offering this year hardy roses grown in 4 in. pots, as a great improvement over field grown stock. They are finer rooted, and should begin blooming almost immediately after being planted and established.

The 4 in. pot Roses will become immensely popular. Our large field grown stock at 40c each, the 8 for \$2.50, stand unrivaled as strong, large garden Roses!

1. **Ulrich Brunner**—A beautiful hardy Rose in flower and foliage. The former is large and cupped, bright cherry-red and very fragrant. The flowers are borne on long flower stalks almost devoid of thorns. Price by mail, 20c; by express, 4 in. 30c; field grown, 40c each.

2. **Gen. Jacqueminot**—Now known everywhere. The most popular of all Roses of the Hybrid Perpetual class. Color, rich crimson; of fine shape and exquisite fragrance. No words can adequately describe its charms. Price by mail, 20c; by express, 4 in. 30c; field grown, 40c each.

3. **Coquette des Alps**—The best and freest blooming of all hardy white Roses. Occasionally shows light blush which enhances its beauty. Price by mail, 20c; by express, 4 in. 30c; field grown, 40c each.

4. **Mrs. John Laing**—Rich satiny pink. Colossal in size, very full, delicious fragrance. Very hardy. Almost as free blooming as a monthly Rose. Price by mail, 20c; by express, 4 in. 30c; field grown, 40c each.

5. **Magna Charta**—Bright deep pink, very large and fragrant. A grand popular hardy garden Rose. Price by mail, 20c; by express, 4 in. 30c; field grown, 40c each.

6. **Mad. Plantier**—It is perfectly hardy and withstands the cold winters of Wisconsin without protection. It has pure white, perfect flowers, fine buds, very fragrant; especially suitable for cemetery planting. A two-year-old plant will bear 300 beautiful blossoms. Price by mail, 20c; by express, 4 in. 30c; field grown, 40c each.

7. **Paul Neyron**—The flowers are immense; probably the largest and finest Rose; bright, shining pink, clear and beautiful; very double and full, finely scented; blooms the first season and all summer; no collection is complete without this magnificent variety. Price by mail, 20c; by express, 4 in. 30c; field grown, 40c each.

8. **Vick's Caprice**—A very capricious Rose, variegated, oddly beautiful, very hardy, very free flowering. A delightful addition to the hardy Rose garden. Price by mail, 20c; by express, 4 in. 30c; field grown, 40c each.

PRICE OF SALZER'S EIGHT HARDY ROSES.

Price of above 8 Hardy Roses, fine plants, postpaid, \$1.00. Price of above 8 Hardy Roses, strong 4 in. pots, will bloom at once, by express, \$2.00. Price of above 8 Hardy Roses, strong field grown, will bloom at once, by express, \$2.50.

15 hardy roses two-year old, all different in bloom color etc. A grand grand collection by express, for only \$3.25; 25, all different \$6.00.

SALZER'S RARE GARDEN ROSES.

1. **Gruss aus Teplitz**—One of the very brightest colored Roses extant, of peculiar lasting qualities, retaining its magnificent vivid, rich, fiery red coloring even during the hottest summer weather. It blooms more freely than the monthly rose. It's great, it's a blooming wonder. Strong plants, each, 35c; 3 for \$1.00, by express. By mail, small plants each, 20c.

2. **Frau Karl Druschki**—It is unquestionably the ideal hardy white Rose. Its flowers, which are very large, are perfect in form and snow-white in color, with large shell-shaped petals, forming a beautiful flower. The plant is a strong, vigorous, healthy grower, and remarkably free-flowering. Strong plants, 50c each; 3 for \$1.25. By mail, small plants each, 25c.

3. **John Hopper**—Bright rose, carmine centre; flowers large, cupped and well formed. Strong plants, each, 35c; 3 for \$1.00. By mail, small plants, each, 20c.

4. **Souvenir de Pierre Notting**—The ideal yellow bedding Rose; has exceptionally large flowers, which in form and beauty surpass almost everything in the rose garden. In color it is a deep, apricot-yellow shaded with orange; rich and beautiful. Strong plants, 50c each; 3 for \$1.25. By mail, small plants, each, 25c.

One each above 4 Rare Roses, by mail, 75c.
One 4 inch pots, large, by express, \$1.50.

The above 4 Rare Garden Roses are without question the most wonderful creations in the hardy rose garden produced in recent years. No. 1 is positively an everbloomer. On my own grounds during 1906, a 4 inch pot Rose planted May 1 was never out of bloom until frost in October the same with No. 2. All are A No. 1. A rare rose collection of hardy Roses.

With each order, we send directions how to grow!

THREE HARDY MOSS ROSES.

The Moss Roses are known in poetry and song. The graceful bud and mossy stem are sought everywhere. Our varieties are hardy and very floriferous.

The Pink—Beautiful shade of pink. Each, 25c.
The White—Pure white; large bud. Each, 25c.
The Red—Deep color; fine form. Each, 25c.

One each of these 3 glorious Moss Roses, postpaid, 65c; one each large plants, by express, 90c.

**HOW TO DESTROY
INSECTS ON ROSES AND FLOWERS**
A Timely Little Book
Postpaid, 30c.

The Three Belle Roses,
50c, Postpaid.

Here we have 3 hardy, ironclad, climbing Roses of different form and color, that can not be beat where abundance of blossoms, delightful fragrance and hardy vigor are desired. The price is so low—only 50c, postpaid, for the three—that every farmhouse, every city home, every cottage and every palace should be graced by them.

1. **Prairie Belle or Prairie Queen**—Grows to 50 feet high. Clear, bright pink, sometimes with a white stripe; large, compact and globular; very double and full; blossoms in clusters; one of the finest. Each, 20c; 2-year-old, each, 30c. By express.

2. **Baltimore Belle**—A large pale blush Rose of good growth, bearing its beautiful, almost white blossoms in such profusion as to resemble a snow-storm in blast. It is a splendid climber. Each, 20c; 2-year-old, each, 30c.

3. **Tennessee Belle**—Deep rosy pink; shoots slender, and flowers in clusters prodigally. Each, 15c; 2-year-old, each, 30c. By express.

4. **The Martha Washington Rose**—Over one hundred years ago George Washington planted this Rose in honor of this bride at Mount Vernon. Color, pure white; perfectly double to the center, and of unsurpassed fragrance; buds beautiful and long, pointed. It is a rapid grower, especially the second season, when it attains a height of from 8 to 12 feet, and is so literally covered with pure white, fragrant flowers as to completely hide the foliage. Each, 20c; 2 for 30c; 2-year-old, each, 30c.

1 each Three Belles, postpaid, 50c.
1 each Three Belles and Martha Washington, 65c.
1 each Three Belles, 2-year-old, 75c; 1 each Three Belles and Martha Washington, 2-year-old, \$1.25.

THE RAMBLER ROSES.

1. **Crimson Rambler**—The greatest Rose of the Century. It is said to be hardy as oak, to withstand every manner of climate, to grow rapidly, to remain outdoors, even in Wisconsin's cold climate, and to bloom, and bloom all season long. A one-year-old plant from which our stock was propagated had over 3,000 blossoms during the first year. A plant under favorable conditions grows 15 feet the first season. Everybody growing same pronounces it the Rose wonder of the century. Each, 20c; 3 for 50c, postpaid; 7 for \$1.00. By express, strong 2-year-old, each, 35c; 3 for \$1.00; 3-year-old, 75c each; 3 for \$2.00 by express.

2. **Yellow Rambler**—What is said of the Crimson Rambler applies equally to the Yellow, only that the color is rich yellow. Each, 20c; 3 for 50c, postpaid. 2-year-old, each, 35c; 3 for \$1.00 by express.

3. **Dorothy Perkins**—The famous hardy Pink Rambler. A 3-year-old plant bore for us 2,700 shining pink blossoms last season. Each, 20c; 3 for 50c, postpaid. By express, 2-year-old, each, 35c; 3 for \$1.00; by express, 3-year-old, 60c; 3 for \$1.50.

(Above three Ramblers, small Plants, postpaid, 55c.)

Above 3 Ramblers, one-year-old, by express for 75c; above 3, two-year-old, by express for \$1.00; above 3, three-year-old, by express for \$2.00.

THE WONDERFUL BABY RAMBLER ROSE.

A dwarf Rose, continuously in bloom. By this we mean 365 days of each and every year. Color, Crimson. It's a free grower, easy to take care of and is always, always in bloom. Price by mail, each, 25c; 3 for 50c; large plants each 35c; 3 for \$1.00

MISCELLANEOUS.

In this list are found such plants and flowers as are popular and well known by everybody.

Asparagus (Climbing).

The finest of all plants for floral decorations. The foliage is so fine, so fairy-like, so graceful, so much like a soft vapory fern, that as a climbing decorative vine it cannot be compared with anything we know of. Each, 20c.

Asparagus Sprengeri.

Grandest, bright glistening green, drooping pot plant grown. Its grace and beauty are indescribable. Each, 20c. Pkg. seed of Sprengeri, 15c.

Acalypha Sanderi.

Also advertised as Chenille Plant. It is a handsome thing for the window. Growth erect, with long fluffy drooping spikes of glowing crimson, resembling chenille cords, from between the leaves. 20c each.

Acalypha Tricolor.

Brilliantly, gorgeously beautiful. A great, glorious foliage wonder, growing more charming with each day. Price, 25c each.

MOON FLOWER. Great white night-blooming climber. Seed pkg., 10c. Each, 15c, 2 for 25c. One of each above two, 25c.

3 RARE PALMS FOR 60c, POSTPAID.

Many persons have an idea that Palms are hard to grow. This is entirely wrong. There is no decorative plant that will stand such varied and rough usage as the Palm. Ordinary moisture, partial shade and moderate warmth are its requisites.

1. Phoenix—Graceful and charming in the extreme. Each, 25c; seed, per 5 kernels, 10c.

2. Latania—The most popular Palm known. Each, 25c; seed, per 5 kernels, 10c.

3. Kentia—A charming Palm, graceful, hardy, popular. Each, 25c; seed, per 5 kernels, 10c.

Above 3 for 60c, postpaid.

Above, second size, each, 50c; 3 for \$1.40.

Above, third size, each, \$1.00; 3 for \$2.50.

The second and third sizes are noble specimens for the price.

PALM SEEDS.

Palms are of easy growth from seed. Full directions "How to grow Palms" with each package. Palm seed mixed, 10 kernels, 15c. 10 kernels of Palm, Dracaena, Pandanus and Banana seeds mixed in one package, 20c.

Otaheite Orange—Everbearing. Price, 20c.

Pepino—A rare plant. Each, 20c.

Passiflora Colville—Passion vine. Each, 20c.

Primroses—Known favorites. Each, 15c.

Petunias—Double, pure white, bright red or variegated. Each, 25c; 3 for 50c.

Philodendron—Grand. Each, \$1.00.

Sanseveria—A rare plant. Each, 20c.

Swainsonia—Always in bloom. Each, 20c.

Salvia—Well known. Each, 10c; 4 for 25c.

Verbena—All colors. Each, 8c; 12 for 60c.

Violets—Single blue or double blue. Each, 15c; double white, 15c.

Water Hyacinth—A beautiful purple blossom. Each, 20c.

The Alamo Oleander.

On one of our trips through Texas, we found growing near the Alamo, the birthplace of Texas liberty, a magnificent group of Oleanders. The glorious plants were in full bloom, and we obtained the finest of them all, and have named same "The Alamo." It is a large, semi-double, pink bloomer, very free and of unusual vigor. No matter how badly the Oleander is treated, whether it is put in the cellar during the winter, or in a cold room, it rewards the grower in the summer and fall with a great abundance of blossoms, so that one almost feels guilty in storing the plant away in the cellar during the winter.

Price: Pink Alamo, each, 25c; Double, Semi-White, each, 25c.

CYCLAMEN.

A bulbous plant; a continuous winter bloomer. Each, 15c.

GLOXINIA.

The handsomest summer-blooming house plants, a single plant having as high as 40 great, glorious blossoms of exquisite coloring. Each, 20c.

Hyacinth Candicus—Produces pure white, bell-shaped flowers on long stalks. Bloom in fall. Each, 15c; 3 for 35c.

Auratum Lily—Grandest of all hardy outdoor Lilies. Each, according to size, 25c, 40c, 60c.

LILY OF THE VALLEY

The Lily-of-the-Valley is the sweetest, most delicate flower. Spreads rapidly, being perfectly hardy, and each succeeding year rewards the grower with a greater abundance of deliciously fragrant, snow-white blossoms. Each, 5c; 10 for 40c; imported, each, 10c; 10 for 60c; 100 for \$5.00.

CYCAS REVOLUTA, THE TRUE SAGO PALM.

Anyone having seen this most magnificent Cycas will admit that no other plant can equal it in grandeur.

TRUE CYCAS PALM

1st size, 60c | 3d size, \$1.25
2nd " 75c 4th " 2.00

Filifera—Known as the Weeping Palm the world over. Each, 25c. Seed, per 5 kernels, 10c.

ARAUCARIA EXCELSA.

The grandest of all evergreen house plants; a regular beauty; very graceful, fine, and rare. Easily taken care of. The joy and delight of everyone. It's a continuous joy to have the Araucaria in your collection. Nothing will please you more, it's a chaste plant.

Small plants, 60c each; larger, \$1.20 to \$2.00 each.

PANDANUS VETCHII.

The handsomest of all variegated plants. In every respect like P. Utilis, only handsomer. It's a stately plant. (See cut.) Each, 60c; large plants, \$1.00 to \$2.00.

Pandanus Utilis—Called Screw Pine from arrangement of leaves on stem. A stately plant similar to P. Vetchii, well adapted for centers of vases or baskets. Easy to keep. 1st size, 30c each; 2nd size, 75c each; 4 kernels of seed, 10c.

P. VETCHII.

Small plants, 60c each; larger, \$1.20 to \$2.00 each.

DRACAENA—An elegant decorative plant. Splendid grown alone or as the center of vases, jardinières, etc. Each, 60c; 10 for \$5.00.

Tree Seeds for the Dakotas, Iowa, Nebraska, Etc.

Repeatedly the inquiry comes to us: Which tree seeds shall we plant in order to get quick returns from same for our prairie soil? This inquiry comes to us from the Dakotas, Iowa, Nebraska, Kansas, Missouri, and other states, and invariably we answer: If you want the quickest growing tree, take the Locust, next the Box Elder, and then the White Ash; indeed, these three varieties rival each other as to which can grow the fastest. They are just the trees to plant in the West, and are trees whose wood in less than 25 years will be greatly sought. An acre planted now will, in 50 years, be worth \$1,000 or more.

Seeds Required per Acre—Of Box Elder and White Ash we usually plant 4 pounds of each per acre; of Black Locust, 5 pounds per acre.

White Ash.

Pkg., 5c; ¼ lb., 10c; lb., 30c; postpaid; by express, lb., 20c; 5 lbs., 75c; 10 lbs. or more at 14c per lb.

The American Linden.

It grows rapidly, leaves large size, extremely handsome; a special favorite for large lawns. Pkg., 5c; oz., 10c; lb., 60c; postpaid; by express, 5 lbs., \$2.00; 10 lbs. or more, 40c per lb.

Black Locust.

Pkg., 5c; ¼ lb., 15c; lb., 40c; postpaid; by express, lb., 30c; 5 lbs., \$1.20.

Box Elder.

Pkg., 5c; ¼ lb., 10c; lb., 30c; postpaid; by express, lb., 20c; 5 lbs., 75c; 10 lbs. or more at 14c per lb.

Small Fruit Seeds.

Many families would like to experiment with growing small fruits, apple and hardy pear trees. The seeds of these are the choicest obtainable and are indeed fine. We offer these at a low price:

Apple Seed—Pkg., 10c; oz., 15c; ¼ lb., 50c; lb., \$1.00; 3 lbs. for \$2.00.

Pear Seed—Pkg., 10c; oz., 20c; ¼ lb., 60c; lb., \$1.50.

Crab Apples—Mixed Varieties. Pkg., 10c; oz., 25c; lb., \$1.25; 3 lbs. for \$3.00.

2 Great Hedge Plants.

Osage Orange and Buckthorn are the two great hedge plants for America, the Buckthorn being perfectly hardy here in Wisconsin, doing splendidly in Iowa, Minnesota, Nebraska, etc.

1. Osage Orange—The great hedge tree of America, grows to the height of 15 to 20 feet, forming a very dense hedge. Pkg., 5c; 1 oz., 10c; ¼ lb., 20c; 1 lb., 40c; postpaid; by express, 1 oz., 10c; 1 lb., 35c; 3 lbs., \$1.00; 25 lbs., \$5.50.

2. Buckthorn (*Rhamnus Catharticus*)—A fine, hardy, popular hedge plant, with dark green foliage, white flowers and small black fruit. Hardy as far north as Minnesota, where our seed is grown. Pkg., 5c; 1 oz., 15c; ¼ lb., 45c; lb., \$1.50.

1. NEW JAPANESE CATALPA.

The most wonderfully luxuriant foliage imaginable adorns the Catalpa, but not only is the foliage grand, large and majestic, but the whole growth and appearance of the tree is massive.

Giant Leaves Often 50 Inches in Circumference.

It is a wonderful grower; a seedling plant grows to 7 feet the first summer and a five-year-old tree attains the height of 25 feet; grows symmetrical and is loaded with 300 to 500 immense panicles of massive white dotted with purple blossoms. It is truly a regal tree, and its appearance reminds one of the luxuriance of the tropics. It is hardy in Wisconsin—yes, everywhere. It is a grand tree.

By mail, postpaid: Each, 15c; 2 for 25c; 10 for \$1.00; 25 for \$2.00.

By express: Large trees, 5 to 7 feet tall, each, 40c; 3 for \$1.00; 9 to 12 feet, 60c; 3 for \$1.40.

2. New Mulberry, Czar of Russia.

It grows as freely here as any forest tree, and can be planted anywhere. It bears when but two or three years old, according to size, from 1 to 10 bushels of fruit, which, when ripe, falls to the ground and is eagerly eaten by fowls and pigs, which thrive on same remarkably. A few trees will sustain a large flock of fowls and a drove of pigs for two or three months, as they bear and ripen their fruit for a long period. The Mulberry, especially this sort, makes delicious pies and preserves. The fruit has a subacid, sweet taste, and is used for dessert as we use Blackberries or Raspberries. Price small mailing size, each, 25c; 3 for 60c; 6 for \$1.00, postpaid.

NEW JAPANESE HYBRID CATALPA

Russian Mulberry, each, 15c; 3 for 30c; 10 for 75c. Large trees, 5 to 7 feet, each, 40c; 3 for \$1.00; 9 to 12 feet, 60c; 3 for \$1.40, by express.

3. Allanthus.

Its wealth of massive leaves gives to it the name Tree of Heaven! It is "majesty" itself. Seed, pkg., 15c; oz., 50c; small mailing size, postpaid, each, 15c; 8 for \$1.00; large, 5 to 7 feet, each, 50c; 3 for \$1.25, by express.

5. Cut Leaf Birch.

Without question one of the most elegant of all pendulous trees. Its tall, slender, vigorous growth, graceful, drooping habit, silvery-white bark and delicately cut foliage present a combination of attractive characteristics rarely met with in a single tree.

Price: Large trees, 5 to 7 feet, 90c each, 3 for \$2.50; 9 to 12 feet, \$1.10 each, 3 for \$3.00.

6. Cut Leaf Maple.

A silver maple with remarkable and beautifully dissected foliage; of rapid growth; shoots slender and drooping, giving it a very graceful appearance; magnificent in every respect. A noble tree. Will give tremendous satisfaction. One on my lawn could not be had for \$100.00, only 10 years old! It's as hardy as the hardest oak!

Price: Large trees, 5 to 7 feet tall, 75c each; 3 for \$2.00, 9 to 12 feet tall, \$1.00, 3 for \$2.50.

One each above 6 Noble Lawn Trees, 5 to 7 feet.....Price, \$2.60
One each above 5 Noble Lawn Trees, 9 to 12 feet..... " 3.75

TULIP TREE

4. Tulip Tree.

This is a most magnificent tree of rapid and beautiful growth, and bearing in May and June thousands of yellowish-white flowers, the size and shape of tulips, from which it derives its name. Plant one or two by all means. Each, mailing size, 25c; 3 for 60c; 10 for \$1.25, postpaid.

Large trees, 5 to 7 feet, 50c each; 3 for \$1.15; 9 to 12 feet, \$1.00 each; 3 for \$2.50.

Seed, pkg., 10c; oz., 15c; ¼ lb., 50c

CZAR OF RUSSIA MULBERRY TREE, 5 YRS. OLD.

SALZER'S PROLIFIC HOPS.

SALZER'S PROLIFIC HOPS.

This is a rapid and beautiful climbing vine, bearing great clusters of golden Hops, which are not only beautiful and fragrant, but useful for medicinal purposes, for yeast, tea, etc. Six plants suffice for large family. Hop vines are in great demand, make splendid vines for covering fences, outhouses, barns, etc. Each, 15c; 6 for 50c; 25 for \$1.75

Salzer's Hardy Ironclad Fruit Trees. The 15 for \$1.65, Postpaid.

There is a tremendous demand for Apples, Crabapples, Cherries and Plums. Of these four varieties there are annually planted millions of trees throughout the U. S. The one year stock which we send by mail measures from 2 to 3½ ft. It is just the stock to plant by you, either for your garden or orchard, on account of its hardy, vigorous growth and of its doing so well and growing so rapidly, and usually bearing the second or third year after planting. Our northern grown stock is elegant, well-rooted, will grow rapidly and make fine established trees very quickly.

Apples and Crabs.

1. **Hyslop Crab**—Fruit large, produced in clusters, deep crimson covered with blue bloom. Very popular on account of its large size, beauty and hardness. Each, 20c; 3 for 50, postpaid.
2. **Transcendent Crab**—Immensely productive. Fruit from 1½ to 2 inches in diameter; excellent for sauce and pies, both green and dried; skin yellow, striped with red. Each, 20c; 3 for 50c, postpaid.
3. **Duchess of Oldenburg**—Fruit large, yellow, streaked red, rich sub-acid flavor, juicy and good. The best known Russian sort, valuable in all sections for both market and home use. Each, 20c; 3 for 50c, postpaid.

4. The Bismarck Apple.

Since 1896 when we obtained this apple on a visit to Europe, it has completely captured all hearts. The most remarkable fact about this Apple is that you do not have to wait until you are gray before it bears. Plants set out this year will give you fruit the next, while the second year following you will have lots of it. The Apples are very large in size, of excellent quality, and will keep well until January. Its great point of merit is that it will bear at once.

On a 4-Year-Old Bismarck Tree

On Mr. Salzer's private grounds at La Crosse were gathered 1½ bushels of the finest apples imaginable the past season! We consider it the greatest novelty ever offered in America.

Price of Salzer's Bismarck Apple.

First size.....	30c each,	3 for \$0.80
Second size.....	60c "	3 " 1.50
Third size (bear in 1908).....	75c "	3 " 2.00

5. **Wealthy**—Healthy, hardy and very productive. Fruit medium to late, skin smooth, whitish yellow, shaded with deep red in the sun, splashed and spotted in the shade. Flesh white, fine, tender, juicy, lively sub-acid; very good. Price, 20c; 3 for 50c, postpaid.
6. **Ben Davis**—Large, handsome, striped, productive; a late keeper; highly esteemed as a market variety. Tree remarkably healthy and vigorous. Price, 20c; 3 for 50c, postpaid.
7. **Northwestern Greening**—Hardy, yellow, smooth, rich, of good quality, long keeper. Golden color. Each, 25c; 3 for 60c, postpaid.

Plums.

8. **Milton**—Large, roundish oblong, dark red; skin thin, flesh firm, good quality, the earliest plum in the world. Ripens in La Crosse three weeks earlier than Wild Goose. A great boon to fruit growers. A strong grower and very productive. Each, 30c; 3 for 75c.
9. **De Soto**—Very hardy and productive; bears young; fruit medium size, yellow marbled with red, good quality. The best to plant near other varieties requiring fertilization. Each, 30c; 3 for 75c.

Cherries.

10. **Early Richmond**—Medium size, dark red, melting, juicy, sprightly acid flavor. The most valuable and popular of the acid cherries, is unsurpassed and exceedingly productive. Each, 30c; 3 for 75c.
11. **English Morello Cherry**—Medium to large; blackish red, rich acid, juicy and good; very productive. Each, 30c; 3 for 75c.

12. Apricot, Mammoth Russian.

Is extremely hardy, having flourished as far north as Siberia, during a temperature of forty degrees below zero. Each, 30c; 3 for 75c.

13. Peach, Hardy La Crosse.

This is a seedling of the celebrated Elberta. The fruit is large and yellow, with bluish cheeks, flesh firm, juicy, of highest quality; exceedingly prolific and extremely hardy. Each, 25c; 3 for 60c.

14. Champion Peach.

The flavor is delicious, sweet, rich and juicy, surpassing all other early varieties; skin creamy white with red cheeks; strikingly handsome. Each, 25c; 3 for 65c.

15. Wisconsin Pear.

This is a seedling of the celebrated Lawson Pear, and has demonstrated its adaptability to Wisconsin soils. The fruit is very large, of fine shape, of beautiful brownish-carmine color and most excellent quality, very fine grained and tender. Each, 40c; 3 for \$1.00.

PRICE OF ABOVE HARDY IRONCLAD FRUIT TREES.

The 15 Trees by mail, postpaid, \$1.65.

The 15 Trees, extra size large, strong, vigorous stock, should bear in 1908, by express or freight, \$3 00

WE CAN SAVE YOU MONEY.

Persons wishing to buy Small Fruit, Apples, Cherries, etc., etc., in large quantities, please make out an itemized list of you wants and we will quote you our lowest cash prices. Above prices are by express or freight.

The above 42 varieties, 3 to 4 foot size, are found by successful planters to be the best size to plant and by all odds the choicest hardiest varieties.

1 each of the above 42 Trees, 3 to 4 foot, carefully labeled and packed, for \$6.50.

SHRUBS, NURSERY STOCK, STRAWBERRIES, ETC., ETC.

The safest and best time to ship apples, shrubs, nursery stock, etc., etc., is during the Month of April. As far as possible our shipments will be made at that time. Should you desire them earlier or later please state so when placing your kind order. Our stocks for 1907 are unusually fine, vigorous and healthy.

BLACKBERRIES.

This fruit has fairly leaped into popularity the past years. All over the country acres of same are being planted for market. When such excellent sorts are planted as Salzer's Colossal, The Governor, and the like, the profit is very large, often reaching \$500 per acre after all expenses are paid. Of course, it depends upon your market.

12,000 Quarts
per Acre.

1. Salzer's Colossal Blackberry.

Its strong growth, its freedom from disease, its enormous large berries, solid and delicious, especially adapt it for shipping; its extreme hardness particularly adapts it to all manner of climates. It stood our severe Wisconsin winters for years without losing a score of plants on a large acreage. The berry is very large, sweet, juicy, and of delicious flavor. Then, as to productiveness—it is simply productiveness itself; indeed, so early does it begin and so long does it remain bearing its giant fruit, that some have suggested the name "Salzer's Everbearer." It is the Blackberry for the city garden and for the market. Each, 20c; 3 for 35c; 10 for \$1.00, postpaid; 50 by express, \$3.00.

2. The Governor. (Salzer's.)

The berries are very large, round to oblong, ripen early, and continue to bear so late that many who have seen the patch pronounce them everbearing. It is hardy, rich in flavor, constant, and enormously productive. A 3-year old vine yielded 23 quarts of fine, luscious berries. Each, 20c; 3 for 35c; 10 for \$1.00; 50 for \$3.00. Ex.

3. Minnesota King. (New.)

Perfectly hardy, originated in Minnesota. As a chance seedling it is without fault. It is an excellent berry for family use, for market garden use, and for shipping. It grows large, of delicious flavor, is hardy, keeps well after being picked, and can be shipped a long distance. Each, 20c; 3 for 35c; 10 for \$1.00, postpaid; 50, by express, \$3.00.

ONE EACH ABOVE 3, 35c.

5 each of above 3, or 15 plants, by express, \$1.25; 10 each, or 30 plants, \$2.50, 100 each, or 300 plants, \$15.00.

Early Wilson Blackberry.

A very early sort; hardy and prolific. Is largely grown in the East. Each, 15c; 5 for 50c; 10 for 90c; by express, 100 for \$2.50.

The Snyder Blackberry.

This is the standard, iron-clad sort; very productive, delicious and profitable. Each, 15c; 10 for 50c by express; 100 for \$2.25.

White Blackberry.

A real novelty that has lots of genuine merit. It's a grand berry and hardy. Each, 15c; 10 for \$1.00.

Mixed Blackberry Seed—Pkg., 10c; oz., 30c.

The New Logan Berry.

That wizard Burbank gave to the world this splendid novelty: a thornless blackberry-raspberry; the hardest of all berries known. Most remarkable fruit ever offered. Hardy as a rock; stands driest weather; fruits in poorest soil and where all other fruit fails. A hybrid between a raspberry and blackberry; as large as largest blackberry. (See Page 89 for further description.) Price of the Great Logan Berry: Each, 25c; 3 for 50c, postpaid; 10, by express, \$1.25.

Lucretia Dewberry.

The fruit, which ripens early, is often 1½ inches long by 1 inch in diameter; soft, sweet and luscious. Each, 15c; 10 for 75c.

Salzer's Mammoth Dewberry.

In the early spring it produces great masses of large, pure white, sweet-scented flowers, which are followed by enormous clusters of delicious fruit, larger, richer, and more prolific than the Blackberry. It is perfectly hardy. Each, 15c; 4 for 50c; 10 for \$1.00, postpaid.

CURRENTS.

Our Northern-grown stock of Currants is valuable above Eastern and Southern, on account of its hardness and vigor to withstand cold winters.

We can always send larger plants by express than by mail.

Salzer's Red Cherry—Large, very prolific, excellent flavor; cannot be too strongly recommended for general crop; is splendid for all purposes. 3 for 25c; 10 for 60c, postpaid; by express, 25 for \$1.20; 50 for \$2.10; 100 for \$4.00.

White Cherry, or Grape—Large, white, sweet variety; unusually fine for table use. 3 for 25c; 10 for 60c, postpaid; by express, 25 for \$1.20; 50 for \$2.10; 100 for \$4.00.

Black Cherry—Fine black sort, very large. 3 for 30c; 10 for 75c; 25, by express, \$1.50.

Fay's Prolific—Remarkably prolific, berries often as large as cherries; 3 for 30c; 10 for 90c, postpaid; by express, 25 for \$1.75; 50 for \$3.00; 100 for \$5.75.

Currant Seed—Mixed sorts. Pkg., 10c; oz., 40c.

Crandall Tree Currant.

In size, it ranges from the very largest Cherry Currants to the size of Concord Grapes, berries ¾ of an inch in diameter being very common. It attains a height of 5 to 6 feet, forming an enormous bush. Fruit the size of grapes, jet black in color; and very fine in flavor. Plants, each, 25c; 4 for 75c.

Currant Novelty—Salzer's Red Wine.

For years there has been a call for an extra large fruiting, healthy, vigorous-growing Currant. This demand, we believe, can now be met fully in each and every particular in our magnificent new variety, Red Wine Currant. This has been carefully tested for several years and not found wanting. The berry is borne in large, long clusters of enormous size, bright red color. The fruit is singularly free from acid, and is bound to give great satisfaction. It is enormously productive, and withstands our coldest winters. It is positively the rarest, greatest Currant of the day. On our private place, it bore fruit the past summer often 1-2 to 4-7 of an inch in diameter; bore same in great clusters and singularly free from every objectionable feature. It's positively the greatest RED CURRANT of the age! If we had to pay \$5.00 a plant we'd have the Red Wine every time! Each, 20c; 3 for 50c; 10 for \$1.50, postpaid; by express, 10 for \$1.25; 25 for \$3.00; 50 for \$5.50; 100 for \$10.00.

SALZER'S ERFURT GIANT GOOSEBERRY.

The Great Erfurt Giant Gooseberry.

The berry itself is enormous in size, and of the most delicious flavor. The color is green to red. It is singularly free from mildew, either in leaf or fruit, and is creating a sensation among Gooseberry growers. It will bring almost double the price of others in market. It is perfectly hardy. The berries are of a remarkable size, often 1½ inches in diameter. Has produced 60 berries on a twig 15 inches long. We consider it the rarest Gooseberry variety ever introduced into America. In order to give it a widespread introduction, we have placed the price at but one-quarter what its merits demand. We truly believe there is no better Gooseberry in the world to-day than the Erfurt Giant. It is of enormous size—that is, the berry—the growth is vigorous, while the fruit is peculiarly luscious. Each, 25c; 3 for 50c; 7 for \$1.00, postpaid; 25 for \$3.00; 100 for \$20.00, by express.

Downing Gooseberry.

Large and fine. Probably the best known American variety; fruit very large, and the plant is enormously productive, bearing great quantities of excellent berries, fine, juicy, perfectly hardy. Each, 15c; 3 for 35c; 10 for \$1.10, postpaid; 100 for \$8.50; 25 for \$2.25; 10 for \$1.00, by express.

The Houghton Gooseberry.

A magnificent sort, enormously prolific, of strong growth, vigorous and healthy. Fruit medium size, fine and juicy. Each, 15c; 2 for 25c; 10 for \$1.10, postpaid; 10, by express, \$1.00; 25 for \$2.25; 100 for \$8.50, by express.

Industry Gooseberry.

The best English Gooseberry yet introduced, of vigorous, upright growth; greatest cropper and freest from mildew of any of the English varieties; berries of the largest size—1½ inches in diameter—and of the most excellent flavor; both pleasant and rich; color, when fully ripe, dark red. Each, 20c; 10 for \$1.65, postpaid; 10, by express, \$1.40; 100 for \$13.00.

Mixed Gooseberry Seed—Pkg., 10c; oz., 75c.

GRAPES.

Our Grape varieties are the cream, the best, the hardest and most fruitful, selected out of over 300 American varieties. These sorts stood 40° below zero, and bore heavily in our latitude last season. There is no fruit more delicious than Grapes, and none that yields a more prompt and generous return. Everybody who has a few feet of vacant ground, a bare wall, fence or out building, can plant a few grape vines and have annual returns of the most delicious and noble fruit under the sun.

SALZER'S CONCORD.

Salzer's Concord produces about twice the amount of fruit found on the common Concord Grape. It is very prolific, hardy as oak, and has never failed to ripen at La Crosse. With each succeeding year it gains new friends; indeed, there is no dark colored Grape except Salzer's Earliest that is its peer. It is so early, so luscious, so large, and so hardy that it ought to find a place in every garden in America. Postpaid, each, 20c; 5, 60c; 10, 90c; by express, 50, \$3.00; 100, \$5.50.

SALZER'S Golden Pocklington.

J. L. Case, of Marion County, Kan., writes us in July: "Last spring I purchased a 2-year-old Pocklington Grape vine from you. It is now ripe and has 231 full grown bunches! They are the richest novelty ever seen here."

Salzer's Pocklington must not be compared with the ones sold by other seedsmen. No golden-white Grape exceeds this in yield, lusciousness, and earliness. Bears large fruit and is perfectly hardy. Price of Salzer's Golden Pocklington—Each, 20c; 3, 50c; 10, \$1.50, postpaid; by express, 100, \$10.00.

Salzer's Strain of Moore's Early.

This is positively the finest dark extra early, extra sweet, extra luscious, extra fine, extra hardy—standing 40° below at La Crosse without covering—we say this is the finest strain extant of this popular Grape. We have greatly improved same, hence the small additional price: Each, 25c; 5 for \$1.00; 10 for \$1.75; 100 for \$12.50.

231 Great Bunches Grown by J. L. Case, Marion County, Kansas.

They are the richest novelty ever seen here."

TWO GRAPE NOVELTIES.

1. Salzer's Earliest.

It is a splendid Grape throughout, large, full, luscious, and of a decidedly better quality than the Concord, which it resembles in type. It is very hardy, very prolific, bearing great bunches of deliciously flavored fruit, which is very large, very luscious, very sweet, and will surely please. It's the earliest black Grape we know! Each, 25c; 5, \$1.00; 10, \$1.75; 100 for \$12.50.

One each, Salzer's Earliest

2. Salzer's Sunbeam.

The clusters are unusually large and compact, sometimes shouldered with a greenish-white, turning to a pure amber berry; the flesh is slightly pulpy, sweet and good. We do not believe that there is an earlier white Grape superior in quality, that bears younger, is more productive and of finer quality than this rare novelty. Each, 25c; 5, \$1.00; 10, \$1.75; 100 for \$12.50.

and Sunbeam, 40c, postpaid.

FIVE IRONCLAD GRAPES, 75c.

Salzer's Grapes are known for giant size of the fruit, hardness of the vine and lusciousness of the rich, colossal grapes.

No. 1. Wyoming (Red).

Red; vine very hardy, healthy and robust, with thick, leathery foliage; color of berry similar to Delaware, but brighter, being one of the most beautiful of the amber red Grapes, and in size nearly double Delaware; flesh tender, juicy, sweet; one of the earliest to ripen. Each, 25c; 10 for \$1.50.

No. 2. Brownsville (White).

It has many points of merit; among these, earliness, solidity, very large berries and very large clusters. It is very hardy and very prolific, outyielding almost all other white varieties. Each, 25c.

No. 3. Ambrosia (Black).

It is one of the finest Grapes that has ever come under our notice. The bunch is very large, the fruit delicious, almost melting in one's mouth. It is extremely early, which lends to it great value. Each, 25c; 3 for 40c.

No. 4. American Beauty (Red).

As the American Beauty is by all odds the finest, grandest, most glorious Rose in cultivation, so will this great seedling Grape at once take its place at the front of all red varieties. The berry and bunch are very large, of excellent flavor and quality. Each, 25c; 3 for 50c.

No. 5. Wisconsin Early (Purple).

A magnificent new, early and extremely hardy Grape. Berries larger, fuller, juicier, richer and finer flavored than the Concord at its best! That says lots! But Wisconsin Early will do that and more. Color a beautiful rich dark purple. Each, 25c; 10 for \$1.50.

Above 5 Hardy Grapes 75c. postpaid: any 10 for \$1.50

RASPBERRIES.

4 GREAT RASPBERRIES, 50 CENTS.

1. **WINEBERRY.**—It is perfectly hardy and is, without question, one of the best red Raspberries yet introduced. Bears enormously. Each, 15c; 3, 40c; 10, 75c; 100, \$4.00.

2. **SALZER'S EVERBEARING.**—The fruit is of large size, a beautiful rich red color. So long does this excellent fruit remain that it has received the name Everbearing. It has withstood the severest winters of Wisconsin. Each, 15c; 3, 40c; 10, 75c; 100, \$5.00.

3. **THE ARCTIC (Black).**—Extremely productive, and of excellent quality, the berry for general culture, bearing more delicious fruit and lasting longer than any black variety we know of. Each, 15c; 10, 75c; 100, \$5.00.

4. **GOLDEN ALASKA (Yellow).** It is a golden yellow berry of great size, extremely productive and fine quality; rich, juicy and delicious. The vine is a strong, rank grower;

fruit extremely large and beautiful. Each, 15c; 3, 40c; 10, 75c; 100, \$5.00.
1 EACH ABOVE 4 RASPBERRIES, 50c.

THE DAZEL RASPBERRY COLLECTION FOR 65 CENTS.

Twenty to forty Raspberries—say ten of each of these five sorts—will furnish a good-sized family a great plenty of rare, rich, luscious fruit a long while during the fruit season. They are hardy.

These five new, hardy, heavily bearing, delicately flavored, giant—yes, colossal sized—Raspberries are the cream of the 500 varieties before the American people to-day. They are as hardy as oak.

1. **IMMACULATE.**—This is positively the greatest crimson Raspberry in cultivation. The berries are giant in size, measuring 3 in. around, rich crimson, elegant, and can be shipped a great distance. Flavor is delicious; is extremely rich and luscious. Price: 20c each; 3 for 50c; 10 for \$1.00.

2. **HAYMAKER.**—An enormous producer, excelling Salzer's Everbearing Raspberry, improbable as this may seem, the Haymaker has for several seasons, in different localities, under same conditions, produced more fruit, and we offer it as the most productive Raspberry on earth. Price: 15c each; 3 for 35c; 10 for 75c.

3. **GOLD COIN.**—A glorious variety, brilliant yellow, giant size, of delicious fragrance and flavor. Price: 20c each; 3 for 50c; 10 for \$1.00.

4. **CUMBERLAND RASPBERRY.**—A black Raspberry of enormous size, the berries measuring $\frac{1}{4}$ to $\frac{1}{2}$ in. in diameter; but in spite of this, the fruit is possessed of unusual firmness, and is thus well adapted for standing long shipments. Price: 15c; 3 for 35c; 10 for 75c.

5. **RAZEL DAZEL.**—The berry of your dreams, dazzling scarlet, colossal in size, with rich, melting fruits and delightful flavor. One of the greatest berries known, yielding as high as 8,000 quarts per acre with ease. It's rich in quality, superb in flavor, wonderful in yield! Price: 25c; 3 for 60c; 10 for \$1.25.

One each above 5 grand Raspberries, 65c; any 3 for 40c.

STRAWBERRY RASPBERRY.

THE STRAWBERRY RASPBERRY.

Foliage like a rose bush. Very early in the season the plants are covered with the purest white, single rose-like flowers, in so large a number as to present a very ornamental appearance. The fruit sets very early. They are of a very bright red color, in the shape of a strawberry, standing upright and well above the foliage, thereby being easily gathered. Price of Strawberry Raspberry: Each, 20c; 4 for 60c; 10 for \$1.00.

RASPBERRIES.

Childs Japanese Raspberry.

A great novelty. From 50 to 100 berries are borne on a branch. These are enclosed in a burr and when ripe open. Color, deepest, glossiest scarlet. Price: Each, 20c; 3 for 50c; 10 for \$1.00.

The New Logan Berry.

That wizard Burbank gave to the world this splendid novelty: a thornless Blackberry-Raspberry; the hardiest of all berries known. Most remarkable fruit ever offered. Hardy as a rock; stands driest weather; fruits in poorest soil and where all other fruit fails. A hybrid between a raspberry and blackberry; as large as largest blackberry; rich dark purplish red; of most delightful new flavor of surprising quality. In the East it ripens its fruits in June, before all other raspberries; brings four times the price of other berries. Bears fruit the first year planted; thornless and insect-proof.

While in Portland visiting the fair we saw great quantities of this splendid fruit. It's a great novelty and will please you 865 days a year. Our plants are very hardy. Price: Each 25c; 3 for 50c; 10 by express \$1.25.

Golden Japanese Mayberry.

A great fruit novelty, ripens in May. Very large berry. Extremely delicious. Each, 25c; 5 for \$1.00, postpaid.

LOGAN BLACKBERRY RASPBERRY—The greatest fruit novelty of the century. Each 25c; 3 for 50c; 10 for \$1.25.

THE GOVERNOR VAN SANT STRAWBERRY.

Do you know Governor Van Sant? Well, sir, your life would be richer to have met and talked with this whole-souled Governor, who called the railroads to halt. Everybody admires him, while the railroads hate him. That is the reason the farmers love him. No matter whether you are a Republican or a Democrat, you believe in the man who has honest convictions and is not afraid to tackle the millions of corporate money who are over-riding the people.

This new seedling Strawberry has proved to be one of the finest varieties ever introduced, and we predict that it will become a popular favorite among all growers and consumers of strawberries, particularly among those who desire the most uniformly handsome and large, richly colored, delightfully flavored Strawberry for the home table. Salzer's Governor Van Sant fills all of these requirements in a superlative degree. In our 35 years of experience in testing, growing and hybridizing strawberries, there has been no variety that we could send out with the abiding confidence that we have in Governor Van Sant, proving highly satisfactory to all purchasers. The healthy, vigorous growth, remarkable productiveness, immense size, handsome, uniform shape, deep lustrous crimson color, and, above all, the rich, luscious flavor, combined with the delightful aroma, render Governor Van Sant peerless among strawberries. It commences to ripen soon after the early varieties, and bears until nearly all others are gone. The luxuriant growth of the plant and its remarkable deep-rooting qualities enable it to produce beautiful large berries even during a dry season when other varieties are withered and fruitless.

Yielded 13,326 Quarts, or Over 400 Bushels per Acre.

It is perfectly hardy, withstanding our cold winters.

PRICE OF PLANTS: Each, 20c; per 4, 30c; per 10, 60c; per 25, \$1.00; per 50, \$1.75; per 100, \$3.20; per 500, \$15.00; 1,000 for \$22.50.

SALZER'S LATE MASTODON.

The latest Strawberry known. Fruit of enormous size; delicious; fine quality. Grows rank and is perfectly hardy. 3, 20c; 10, 50c; 25, \$1.00; 50, \$1.75; 100, \$3.00; 1,000, \$17.50.

SPECIAL OFFER ON STRAWBERRIES.

10 Perfection......40
10 Late Mastodon......50
10 Gov. Van Sant......60

The 50—(Catalogue price, \$2.40)—our special price, \$1.35, postpaid.

20 each of above 5, or 100 plants, for \$2.50;
40 each, or 200, \$4.75; 100 each, or 500, \$11.50.

It Is a Perfect Berry.

That makes it worth \$100.00 more a year for each and every acre you plant. It needs no other strawberry to stand near it to fertilize and help along its yield. It is perfect in itself, perfect in every respect. The two-year-old plant from which the illustration was drawn proudly bore 163 berries on strong, healthy stalks. The yield of this berry is colossal.

SALZER'S EARLIEST STRAWBERRY.

The earliest Strawberry in cultivation. Bears enormously. Very hardy. Luscious fruit. A splendid variety for family use and early market. Has proven itself enormously productive and very popular as the greatest, earliest berry in the United States. Seems to adapt itself to all soils, conditions and climes. Price: 3, 20c; 10, 40c; 50, \$1.75; 100, \$3.00; 1,000, \$17.50.

SALZER'S GREAT PONDEROSA.

Of this giant novelty, 16,000 quarts have been gathered per acre of rarest quality, excellent for all purposes. It's a berry of unusual hardness, doing well all over our great United States. Here at La Crosse it always brings advanced prices in the market. It is liked here on account of its hardness and extremely fine fruit. Price: 3 plants, 25c; 10 for 50c; 100 for \$3.50.

PERFECTION STRAWBERRY.

It is the perfection in Strawberries. It cannot be improved upon as a family berry. It is very hardy and prolific. This wonderful novelty can be had only of us. Yields over 8,000 quarts per acre! Per 3, 20c; per 10, 40c; per 25, \$1.00; per 100, \$3.00.

Salzer's Superior Northern-Grown Farm Seeds.

We are American Headquarters for Farm Seeds, growing more Barley, Buckwheat, Corn, Oats, Wheat, Flax, Potatoes, Grass and Clover Seeds, etc., than all Western seedsmen combined. This we do in the extreme North, owning and controlling large farms in Wisconsin, the Dakotas and other Northern points.

We have, by actual test, learned that our Seed Wheat, Barley, Corn, Grasses and Clovers, Oats and Potatoes, etc., taken from our farms and removed to Iowa, Ohio, New York, Nebraska, Kansas, Illinois and other states, increased the yield fully 50 per cent.—yes, oftentimes more than doubled the yields!

With the liberal support and hearty co-operation of the farmer, we shall in the future, as in the past, urge onward in the fields of new seed tests and experiments, believing that if we can get a new sort to produce two bushels where one formerly grew, we are doing the farmer a great good. Our success in this line has been signal, and the farmer stands by us, for our seeds are recognized for their superior quality the world over. We have introduced new Oats, Barley, Corn, Potatoes, Buckwheat, Rutabagas, etc., that have increased the average yield largely; yes, often doubled it!

HOW DO WE SHIP FARM SEEDS?

CHEAP FREIGHT.

(The freight charges at the time of writing)

Iowa, Minnesota, Wisconsin, Illinois, Michigan, Indiana.....	\$0.25—\$0.50
Missouri, Ohio, Kansas, Nebraska, the Dakotas, about.....	.40— .75
New York, New Jersey, Pennsylvania, Connecticut, Georgia and Eastern States, about.....	.50— .90
Texas, Louisiana, Florida, New Mexico, about.....	.80— 1.40
California, Washington and Oregon.....	1.50— 3.00

At such low rates it will pay you to order our Northern-grown, heavy-cropping seeds. They double yields and give glorious crops.

BY EXPRESS.

It often happens that we can send by express at a slight advance of 10c to 20c on a 25-lb. package, instead of by freight. In doing this the customer gets goods quicker. In all cases we use our judgment in forwarding.

BY FREIGHT.

All Farm Seeds, Potatoes and Tools, from this page on, are sent by cheap freight, customers paying charges. In all cases we get the lowest obtainable freight rates for our customers, but we will use our judgment in forwarding seeds, etc., at lowest cost to our patrons.

"PREMIUMS."

The price of Farm Seeds is strictly net and yet in order to induce you to see your neighbors and make your orders for farm seeds large we give premiums, as are found on pages 144 and 145 of this catalogue.

These premiums are given on farm seeds found from pages 91 to 114 inclusive and Potatoes on pages 126 to 134 inclusive, but not on Clovers, Grasses nor Tools.

No premiums are given on figured bills or special estimates, nor on Clovers, Timothy, Grasses and Tools. In other words, no premium will be allowed on Clovers, and Grasses from pages 115 to 125 inclusive and Tools on pages 134 and 143 inclusive, but all other farm seeds will entitle you to the premiums found on pages 144 and 145. That is when your order amounts to \$7.50 or more. See page 143.

Please remember, Farm Seeds from pages 91 to 114 and 126 to 134 only are the ones entitled to premiums found on pages 144 and 145.

The Seed Premiums offered on page 4 are for Flower, Vegetable and Garden Seeds and Plants and Nursery Stock from pages 1 to 90 only and not on Farm Seeds.

BUCKWHEAT—BROOM CORN—FLAX—TURNIPS.

NEW CALCUTTA BUCKWHEAT.

This variety comes from India, and rivals the celebrated Japanese Buckwheat in productive-ness yielding 74 bushels per acre. Its kernels are smooth and fine, and it is in great demand as a milling Buckwheat. Pkg., 5c; lb., postpaid, 30c; by express or freight, pk., 45c; bu., \$1.40; 2½ bu., \$3.30.

NEW JAPANESE BUCKWHEAT.

This is the most wondrously prolific, hardy Buckwheat known. A yield of 60 bushels per acre is common, while it frequently yields as high as 80 and even 100 bushels. It is a long bloomer, the kernel more than double the size of other varieties; splendid for Buckwheat flour. It is tremendously popular among millers.

Pkg., 5c; lb., postpaid, 30c; by freight, pk., 50c; bu., \$1.35; 2½ bu., \$3.20.

Silver Hull Buckwheat—Its advantage is, it blooms longer, matures sooner. Grain of a beautiful light gray color, while hull is thin. Exceptionally fine for bees. Flour of unusual richness. Pkg., 5c; lb., 25c; pk., 40c; bu., \$1.40; 2½ bu., \$3.35.

Common Buckwheat—Pk., 35c; bu., \$1.25.

When Buckwheat stocks are exhausted we fill at La Crosse Market prices.

COW HORN TURNIP.

Let me tell you something, Mr. Farmer! In Cow Horn Turnip you have the best "plougher," best deep cultivator on the farm! It's better than a 12-inch deep plow! Cow Horn tunnels into the soil, often 24 inches deep, and brings up the good qualities and mixes it with the surface! It's a splendid turnip for house use, for the barn, as also as a fertilizer.

By mail, pkg., 5c; oz., 10c; ¼ lb., 20c; lb., 50c. By express, pkg., 5c; oz., 10c; ¼ lb., 15c; lb., 40c; 5 lbs., \$1.75; 10 lbs., \$3.25.

Turnips and Rutabagas as a Fertilizer.

Have you a piece of poor, sandy, worn-out soil that you would like to enrich? Or Oats, Wheat, Rye and Barley stubble? Just try an acre or two of this by sowing at the rate of only 1½ lbs. of the Rutabaga and Turnip mixture thereon. These 1½ lbs. will give you tremendous amount of roots, which, plowed under, will be a revelation, a surprise to you. Not only can the Turnips and Rutabagas be used as stock food while growing, if you are short of food, but as a green fertilizer, to be plowed under, it forms one of the greatest foods for your soil known. This mixture contains a small percentage of Salzer's world-famous deep soil plow—Salzer's Cow Horn Turnip. Price, postpaid, 23c per lb.; 1½ lb., 40c; by express or freight, lb., 20c; 10 lbs., \$1.75.

BROOM CORN.

There is a great demand for Broom Corn Straw, and we heartily recommend farmers to plant some, even if no more than one acre. It is a paying crop, as big prices are paid for straw. Plant in drills.

Wisconsin Evergreen—Our Wisconsin Evergreen seed produces heads 20 to 26 inches long. Broom makers claim it's the finest they ever saw. One farmer of our acquaintance sold \$1,500 worth of Broom Corn from 10 acres planted. Our seed is fine. Get the book, "Broom Corn and Brooms," only 50c postpaid.

Pkg., 5c; oz., 10c; lb., by mail, 25c; by express, lb., 15c; 10 lbs., 75c; 25 lbs., \$1.60; 50 lbs., \$2.75; 100 lbs., \$4.50.

California Golden—Pkg., 5c; lb., 35c; by express, lb., 25c; 10 lbs., \$2.00.

Early Japanese—This a novelty, earlier than Evergreen, while the straw is strong and of great value as a market sort. Price by mail, pkg., 5c; oz., 10c; lb., 35c; by express, lb., 25c; 10 lbs., \$1.50; 100 lbs., \$10.00.

RUSSIAN FLAX.

Growing Flax pays! It pays big even if you plant but one to ten acres. Our new Russian Flax is immense for big, big yields, often returning 30 to 40 bu., per acre! Pkg., 5c; lb., 30c, postpaid; by freight, pk., 70c; bu., \$1.50; 2½ bu., \$3.65; sacks, 18c.

The plant is perennial; if intended for a grazing pasture, it is better not to cut it the first year, but let the seed fall and thus form a sod.
Price: Pkg., 10c; oz., 20c; 4 oz., 60c; ½ lb., 90c; 1 lb., sufficient for one acre. \$1.50; 10 lbs., \$13.50, postpaid.

AUSTRALIAN SALT BUSH.

(Atriplex Semibaccatum.)

Come here, my friend, you, who live in Montana, Idaho, Wyoming, Nebraska, Colorado, Minnesota, Kansas, and in every state in the Union, but particularly in those first named, and listen, while I tell you of the tremendous possibilities that lie slumbering in the Australian Salt Bush seed. It is a plant above all other plants for alkali soils, as it seems to eat out of the soil that salty substance which is so detrimental to the growth of vegetation.

This forage plant, which was introduced a few years ago from Australia, has already been grown here with the very best of results, and we are continually hearing farmers speak of it in the highest terms, and the fact that a great many intend planting it very extensively this season, speaks well for it.

The plants have a diffuse habit of growth, each one, when fully developed, covering an area of 3 to 4 feet in diameter. It is much relished by stock, and supplies the salt so necessary to their well-being. Its greatest recommendation, however, in the estimation of many farmers, is the fact that it will thrive better on alkali land than on any other. We have seen specimens raised on alkali land, and cannot imagine anything more healthy-looking or abundant. It is proved by analysis to be very nutritious and contains, when dried, from 8 to 10 per cent. of salty matter. The yield is about 20 tons of green fodder per acre, which will make 5 tons of hay.

SALZER'S EARLIEST KAFFIR CORN.

Out on our Dakota farms, upon our Red Wing properties, down in the town of Holland, in our county, there has grown the past few seasons a fodder plant known as Salzer's Earliest Kaffir Corn. Startling reports the farmers would bring in regarding this tremendous fodder producer. They would go and look at it, drive home and come again in company with their neighbors to see again this marvel. Farmers would come for miles to see this magnificent, this luxuriant, this prodigious producer. There it stood and grew and grew. Look at the illustration. See the sight. Is it not marvelous? Is it not wonderful? Taken from a photograph. Produced by sowing 15 pounds per acre, in rows, on rich, sandy land. Can anything beat it on earth? Almost as good as Salzer's Superior Fodder Corn.

RESISTS AND LAUGHS AT DROUTHS.

Drouths cannot touch this; at least, that is our experience. It snaps its fingers at dryness. It mocks the hot, withering sun. It is there to grow, rain or shine. It grows and grows, and it matters not whether it rains or whether the sun is hot or not. Salzer's Earliest Kaffir Corn is there to grow. Will you try it this season? Sow in rows 3 feet apart, planting about 6 inches in the row, using from 6 to 15 pounds of seed per acre. It does well as far north as Dakota. It is enormously, prodigiously productive, does so well everywhere that, if you have hogs or sheep, and if you are proud of your horses and love your cattle, you should plant a few acres. Another good thing about it is this, that it will produce tons and tons of seed, which is equally as rich and nutritious and fattening as corn. This seed will fatten your hogs, and do it so cheaply and so well that you will be surprised at the results.

(Price by mail, pkg., 10c; lb., 20c. By freight, 5 lbs., 40c; 10 lbs., 60c; 15 lbs., 75c; 100 lbs., \$3.00.)

MIL0 MAIZE CORN.

The farmer is fairly wild over this. It will produce more rich, green fodder than any other sort, except

The seed is an excellent fattener, and is relished by all cattle, hogs, etc. Price by mail, pkg., 10c; lb., 25c; by freight, 5 lbs., 50c; 10 lbs., 75c; 100 lbs., \$4.50.

THE JERUSALEM CORN.

Belongs to the non-saccharine sorghums, and was brought a few years ago from the arid plains of Palestine. It is pronounced the best and surest grain crop for dry countries and seasons; even better than Kaffir Corn or Milo Maize. It grows several smaller heads on side shoots, often as many as 8 heads on a stalk. Price by mail, pkg., 10c; lb., 25c. By freight, 10 lbs., 75c; 25 lbs., \$1.50; 100 lbs., \$4.50.

BRANCHING DOURA CORN.

Yields from 6 to 16 stalks from one seed. Being allied to Sugar Cane, cattle, horses and hogs will eat it ravenously. The *Rural New Yorker* says: "Though, during the severe drought, Corn dried up within a few feet of it, the Branching Doura suffered but very little, producing from four to twelve branches, and grew sturdily from 6 to 10 feet high. If cut down it starts again with renewed strength. It yielded at first cutting at the rate of 68 tons to the acre."

By mail, pkg., 10c; lb., 30c; by freight, 5 lbs., 50c; 10 lbs., 75c; 50 lbs., \$2.50; 100 lbs., \$4.50.

Should you wish any of above in large lots, write us for special prices, stating quantity.

TEOSINTE AND BILLION DOLLAR GRASS.

On pages 111 to 113 you will find these great Hay and Fodder plants fully described. Nothing in the wide, wide world can exceed them in food value.

SALZER'S GREAT BRAZILIAN FLOUR CORN.

Ha, ha, my farmer friend, here's just the thing for you if you are looking for fodder. On page 94 we give you two varieties of fodder corn, but here's another one that caps the climax. The Brazilian Flour Corn is the marvel of the age. It is a tremendous cropper, yielding often as high as six or seven well-developed, snow-white ears per stock that do splendidly for roasting ears, or to sell in the green state or to allow to ripen and make flour out of same. It makes snow-white flour, and the biscuits or gems baked therefrom are exquisitely flavored, rich and sure to please the most fastidious. It is a tremendous yielder, and will be sure to give satisfaction everywhere.

One of the greatest novelties ever introduced. Originated in Brazil, where it constitutes the principal food of the inhabitants. It is truly a marvelous plant. For more than six years our seed was always exhausted before the season ended, so great was the demand. You are sure to like it. It grows 8 feet high, and from one kernel sends enough stools to produce 100 ears. Its strong points are:

1. Twenty-five barrels of flour can be grown from 1 acre (and this flour is of as fine a grade as is made of Dakota hard wheat), which is five times as much as wheat produces per acre.
2. The bread and biscuits baked therefrom are fully as palatable as from any flour known.
3. When boiled in a green state it has no superior among Sweet Corn, while its yield is thrice that of Sweet Corn.

Can be ground with our Family Grist Mill.

PRICE OF BRAZILIAN FLOUR CORN.

(For flour, plant 5 quarts per acre; for fodder, 10 quarts.) By mail, pkg., 10c; pt., 30c; qt., 60c. By express or freight, qt., 25c; pk., 90c; ½ bu., \$1.60; bu., \$2.90; 2½ bu., \$6.50.

SALZER'S EARLIEST CANE.

Several years ago we had a small field of this Earliest Cane growing. It was about 40 days old, had attained the height of 2 feet, when a large drove of hogs got into it and we thought ruined it entirely. They had eaten off the stalks in great shape. We were ready to plow same under when our farm manager suggested to let the field stand and see what the result would be. We are glad we did it, for it has proven a revelation to us. It has been an eye-opener. It has shown us the great value of cane as a fodder plant. It has proven to us that next to Teosinte, there is no fodder plant which will produce as easily and as quickly, rich, luscious fodder for the milk cow, for sheep and cattle as Salzer's Earliest Cane. The next year we made various trials, which have shown, as below illustrated, what it does at the different stages. Only Teosinte (see page 113) can beat it in yield.

We often wonder how it comes that this magnificent plant is so greatly neglected as a fodder plant. Have you ever tried it? It can be profitably grown everywhere. It will do well in Texas and Manitoba, do splendidly in Maine, and better in California. It can be used as a pasture or a fodder plant. It is readily eaten by cattle and horses, by mules, sheep, swine and fowl, and, in fact, by every animal you need fodder for.

AS A PASTURE AND FODDER PLANT

it beats everything. Almost as good as our Teosinte or Earliest Kafir Corn or Earliest Ripe Fodder Corn. It is extremely profitable for this purpose, as the cane can be cut and partly cured, and in this way will yield from 4) to 50 tons of magnificent fodder to the acre. For fodder, cut as soon as the blossom comes out of the head. Leave for two or three days on the ground, and then put up in shocks of about one load each. It can be cut repeatedly, and springs up quickly again. As a food supply it seems to be magnificent. Cattle and swine eat it with great relish. Treat in feeding like clover.

Wm. E. Roberts, of Davenport, Iowa, reports from same a yield of 60 tons of half cured fodder, while other Nebraska farmers report yields, despite drought and dry weather and rainless sky and hot scorching suns, of from 30 to 40 tons per acre. There is nothing quite as good in the Amber and Sorghum Cane line as our Earliest Cane for quick fodder. Sheep relish it, hogs grunt for pleasure and grow fat, cattle glory in it, horses will jump a wire fence to get into it, while poultry and chickens, in fact, everything living whose home is upon the farm is fond of it. It makes sweeter syrup; in fact, it is A No. 1 in each and every respect.

IN LA CROSSE COUNTY

on rich, sandy, quick acting soil, it was cut three times and pastured for weeks. The estimated yield of green food was 83 tons or 166,000 pounds per acre.

Dexter Hyde, Ashland Co., O., says: "Your Cut and Come Again or Salzer's Earliest Cane is one of the greatest fodder novelties of the 20th Century and should be raised by every up-to-date farmer."

W. J. Buckner, Crockett Co., Tenn., subscribes to the following: "A half a pound of seed planted of Salzer's Earliest Cane or Cut and Come Again Fodder Corn will bountifully supply one cow and her calf until frost."

Jacob Troutman, Clarion Co., Pa.: "There is no fodder plant in the world that can approach Cut and Come Again or Salzer's Earliest Cane in yields and quality and in great excellency as a fodder. The astonishing and wonderful weather-resisting quality is due to its stooling, and only Teosinte can beat it in that. From my first cutting from one kernel of seed I had 27 healthy, vigorous shoots. The second cutting 58 stems, and the third cutting even more. It surely is a bonanza to every farmer."

A. J. Likkett, Ransom Co., N. D.: "We believe your Earliest Cane to be away ahead of any other Fodder Plant we have ever tried."

H. E. Nye, St. Louis Co., Mo.: "Your Cut and Come Again Fodder Plant or Salzer's Earliest Cane sprouted quickly. From 1 ounce of seed I had enough to feed a cow giving 3 to 4 gallons of milk daily until late in fall. Our repeated cutting of this plant only increased its phenomenal growth. This is the most remarkable fodder plant ever introduced around here, where its wondrously luxuriant foliage attracted no end of attention."

N. Wiltamuth, Pike Co., Mo.: "Salzer's Earliest Cane stood the great flood on the night of June 8, 1903. After the 7 feet of water which covered it receded, it sprouted quickly again. I cut part of it for cattle and hogs and let the balance go to seed."

CULTURE OF SORGHUM AND EARLIEST CANE.

About 30 pounds of seed is required per acre. Use a wheat drill set to a bushel, stopping every other hole. When plants are about 8 inches high, harrow them with a two-horse harrow. When about 2½ feet high, the first crop can be cut, if desired, for green fodder. They will spring up quickly again, and repeated cuttings can be made.

PRICE OF SALZER'S EARLIEST CANE.

Lb., postpaid, 20c; by express or freight, lb., 12c; 10 lbs., 70c; 30 lbs. (sufficient for 1 acre), \$1.50; 100 lbs., \$3.80; 250 lbs., \$9.00.

MINNESOTA EARLY AMBER SUGAR CANE.

Produces from 130 to 280 gallons of syrup, or from 700 to 1,200 pounds of sugar from an acre. Lb., postpaid, 25c; by express, 1 lb., 8c; 10 lbs., 50c; 50 lbs., \$2.00; 100 lbs., \$2.90.

EARLY ORANGE CANE.

This is a Sorghum of unusual merit. It is very early and produces stalks of great sweetness and abundance of juice in great profusion. Lb., by mail, 30c; by express or freight, lb., 15c; 10 lbs., 80c; 50 lbs., \$3.00; 100 lbs., \$4.50.

EARLY FODDER CORNS.

SALZER'S FLINT FODDER CORN.

Flint Corns are coming into great usage as Fodder Corns. It is right. They are worthy of this distinction. They are early, sucker heavily, quick growth, not too tall, long ears, and often two good ears to the stalk. The corn ripens quickly, and makes not only rich fodder, but rich corn food long before the late Fodder Corns are ripe.

We offer for this year an elegant lot of Flint Corn for fodder. Of course this corn is not so early as Salzer's Earliest Ripe Fodder corn, the greatest and best of all early Fodder Corns, which you will find fully described on page 94. Price: Pkg., 5c; pk., 50c; bu., \$1.50; 2½ bu., \$3.20; 10 bu., \$12.00.

DAKOTA EARLIEST DENT.

½ SIZE

DENT FODDER CORNS.

We have a quick growing Dent variety of corn for fodder. Farmers are inquiring for a corn like this, and it is well that they should, for quick growing early varieties of Dent Corn are just the thing for fodder, for they make strong, rich ears, very early and lots of fodder, rich as Jersey cream besides.

We have the Dent Corn for you, for Fodder, just the thing, just the kind to plant, just the sort to grow. It will please you immensely. The ears are large, the cobs small, the kernels rich, the fodder bountiful, just what you are looking for. Of this we would plant from 12 to 16 quarts per acre.

Price: Pkg., 5c; pk., 50c; bu., \$1.45; 2½ bu., \$3.10; 10 bu., \$11.75.

DAKOTA EARLIEST DENT FIELD CORN.

This remarkable, yes, wonderfully early Dent Corn is more fully described on page 95 of this catalogue. It is the corn you want. It was thoroughly ripe at La Crosse Aug. 20th, and we believe had we planted same early enough it would have ripened by Aug. 1st.

Now that is worth sowing to the farmer, and he can have the corn ready for early fattening of his hogs and stock. It's a corn that will bear planting from Montana to Texas, from Mississippi to Maine.

Price: Big pkg., 15c; qt., 50c, postpaid. By freight, ¼ pk., 60c; pk., 90c; bu., \$2.25; 2½ bu., \$5.50.

SALZER'S SUPERIOR FODDER CORN

We have been in the seed business many years; we have spent the greater portion of our lives in improving and helping to better the conditions of the farmer, and in all these years we have never offered anything that has given such tremendous satisfaction near and far as Salzer's Superior Fodder Corn. For years our fodder corn has stood at the head of all varieties of fodder corns. There is reason for this. We grow our fodder corn for seed purposes. We keep sorting and weeding out, improving the type, improving its earliness and at the same time increasing its leafy, bushy, vigorous growth so that we have to-day, without any question, the very best heavy yielding, large growing, early, rich, nutritious fodder corn on earth! This statement may seem keen and strong, but more than 100,000 farmers scattered all over the U. S. will back every word that we have said regards same.

SALZER'S SUPERIOR FODDER CORN

as good." They are not. That's the way they will talk. Don't believe it; there is only one high grade, high quality, big yielding, nutritious sort, one that beats them all 50 per cent., yes, 100 per cent., and even more! That's the kind you want to plant, and that kind is Salzer's Fodder or Ensilage Corn.

Price of Salzer's Superior Fodder Corn: Pkg., 10c; by freight, pk., 50c; bu., \$1.15; 2 bu., \$2.25; 10 bu., \$11.00, net.

For years we have been experimenting with corn for fodder and ensilage purposes, growing every obtainable sort, and carefully testing its real value as a food producer, believing right along that rich quality is more important than large yield, but, at the same time, looking for a sort combining both, that is, big yield and rich, nutritive quality. For this purpose we wanted a rapid-growing, early, short-jointed, tall corn with a great abundance of leaves and tender stalks, rich, juicy, sweet, sugary flesh in the stalks, with a tendency to mature several ears, as a Corn of this nature furnishes more tons of green fodder per acre, and almost double the nourishment that common Corn gives. This is what we were after, a Corn maturing even in the North; good ears, fine, short-jointed stalk and a prodigious supply of leaves, and this we obtained, by careful selection, in Salzer's Fodder or Ensilage Corn. It is immeasurably ahead of the B. & W. Corn—indeed, it outstrips that sort in yield and twice in quality!

SEE THIS, OH FRIEND OF GOOD FODDER!

Chas. E. Brande, Truesdell, Kenosha county, Wis., says: "The Salzer's Superior Fodder Corn that I got from you last spring is truly a great and wonderful Corn. I planted it the latter part of June and some of it nearly ripened before the early frosts. There are two big ears on almost every stalk, and if it had been planted earlier, there would have been magnificent Corn, thoroughly ripened."

"Racine, Wis., Sept. 14—Out on my farms we planted nearly five acres of your Salzer's Superior Fodder Corn, and it is a sight. From one square rod we cut 450 lbs., and this is at the rate of 36 tons (72,000 lbs.) per acre.—C. C. BEEBE."

Mr. Frank Riley, Iowa county, reports the following test:

1. Red Cob Fodder Corn from Chicago.....	23,600 lbs. per acre
2. B. & W. (obtained from Philadelphia).....	31,302 " "
3. Giant Fodder (from Iowa).....	32,307 " "
4. Salzer's Superior Fodder Corn.....	54,608 " "

He says: "Salzer's Superior Fodder is certainly worth three times as much as B. & W., when big ears, full ears, and lots of them, together with the enormous quantity of leafy fodder is considered. Salzer's Superior Fodder Corn is positively worth double the nutritious value of any corn I ever saw! Your Earliest Ripe Fodder Corn is simply peerless for very, very early."

TEN THOUSAND MORE LIKE IT!

Mr. Riley's experiment is only one of ten thousand. Wherever our Salzer's Fodder Corn was tested, astonishing reports came of its excellent yield and nutritive quality. It is a fact, that if the farmers of our great and glorious United States would each plant 5 acres of Salzer's Fodder Corn, 5 acres to Billion Dollar Grass, 5 acres Superior Sand Vetch and 10 acres to Salzer's Extra Grass Mixture, they could market over \$300,000,000 worth more cattle than they are now doing! Why not have these 25 acres net you \$1,000 a year? How nicely the \$1,000 would make the changes in your house you and your good wife have long contemplated! Why not try it?

Don't be Fooled by Seedsmen and others offering you B. & W. or other sorts as "just

SALZER'S EARLIEST RIPE FODDER CORN.

Good morning, Mr. Farmer. How do you do? What is the condition of your herd of cattle and horses and swine and sheep? Have you plenty of fodder? If not, just lend me your ears for a few moments while I recant to you the tremendous advantages gained by planting a few acres of Salzer's Earliest Ripe Fodder Corn. While in Europe we found that the fame of this corn had even crossed the ocean and was being planted in large quantities in France, Germany, Holland, Denmark and throughout Europe and in all of these countries, where great stress and value is placed upon a really good article. Now, if fodder corn can be grown in these countries at a profit, it surely can be grown here in America with ten times the profit as it can be grown there, but the beauty about Salzer's Earliest Ripe Fodder Corn is, that it is the earliest on earth, that it comes at the time when fodder is always scarce on the farm, during those hot weeks and months, when an acre of corn, with 20 to 30 tons of rich, nutritious food, is worth to every wide-awake farmer lots of money.

This Corn has leaped with one wild bound into popularity, and nothing that we have ever sold has given such great satisfaction. Everywhere throughout the United States where Salzer's Earliest Ripe Fodder Corn was planted, it surprised and delighted and pleased and astonished the grower.

IT WAS RIPE IN 60 DAYS,

and furnished magnificent feeding corn just at a time when farmers' were short of Fodder. If you plant this early, you will have fine feeding corn by July, when you can replant same and have good Fodder Corn in September. This is the most wonderful corn in the world. It would take all of Webster's Dictionary to fully describe its many merits, that is, if you are in the stock business, and if you are in the business to make money.

Our customers would be surprised if we told them how many thousand bushels of Salzer's Superior and Earliest Ripe Fodder Corn are annually planted by our farmer friends. It has gotten to be so that no first-class farmer—that is, a farmer up to the times, wide-awake—allows a season to go by without planting from 3 to 10 acres in Fodder Corn. Fodder Corn is one of the cheapest things that can be grown on the farm, and one of the very best paying things. We ourselves grow very largely of Fodder Corn, using same in preference to hay, and when the hay market is reasonably high, we dispose of our hay and use fodder, because fodder corn can be grown for about one-fifth what hay can; and, another thing, if you get such rich, luxuriant fodder corn as we offer, it is almost as good, yes, many farmers say better, than the very best hay, that is, for cattle.

The Most Perfect, Earliest, Rich Fodder Corn in Existence.

This Corn will ripen out ears inside of 60 days after planting, and usually from 2 to 3 ears on a stalk. The foliage is generally 6 feet high, very leafy and bushy, and contains a tremendous amount of nutritious matter. Of course, this is not as prolific as our Salzer's Superior Fodder Corn, but it has the advantage over any and every other Fodder Corn in the world to-day by its being 30 days earlier. The farmer can easily figure out the great profit in having a fodder corn extremely early, having it come at the time when pasture is short, and he can then feed this rich, Earliest Ripe Fodder Corn.

PRICE OF SALZER'S EARLIEST RIPE FODDER CORN:

Pkg., 10c; qt., 40c; by freight, pk., 50c; bu., \$1.65; 2 bu., \$3.00; 10 bu., \$14.00.

FIELD CORN (FLINT SORTS).

Good Seed Corn is a scarce article this year, and we urge our customers to place orders early in order not to be disappointed. We believe our varieties and our stock are superior to the great bulk that is being offered, and we shall be glad to be favored with your early orders. On the next few pages, you will find some of our superb varieties, such as have given great results wherever planted. Always, please remember, always sow 1 to 2 lbs. Victoria Rape, or 1 lb. Thousand Headed Kale in the last cultivation of Corn, for lots and lots of fall food.

SALZER'S SOUTH DAKOTA FLINT CORN.

SALZER'S SOUTH DAKOTA YELLOW FLINT CORN.

Ears large, long, of bright yellow color, kernels fair size, thickly set rows from 8 to 12 to a cob, very productive, yielding 160 bushel baskets per acre. It is not uncommon to find 3 to 4 ears, 10 to 15 inches long, on a stalk. It matures early and will be hailed with delight by our thousands of Dakota friends. A great point in its favor is, that it has ripened at La Crosse August 10th, fully 16 days ahead of the first slight frost. It is a magnificent sort, wonderfully prolific and very early; or, as a practical farmer said to us: "Salzer, your South Dakota Yellow Flint is not 'GET there, ELI,' but IS THERE EARLY AND RIPE, waiting for Eli to get there!"

Price: Pkg., 10c; qt., postpaid, 35c; qt., by express, 20c; pk., 60c; bu., \$1.75; 2½ bu., \$4.00.

SALZER'S NORTH DAKOTA WHITE FLINT CORN.

A magnificent variety of early White Flint Corn with large ears, often 14 inches in length, solid kernels, with 8 to 12 rows to the cob, of a dark silver color. Price: Pk., 60c; bu., \$1.75; 2½ bu., \$2.00.

PRICE OF THE FOLLOWING 7 FLINT CORN SORTS:

Pkg., 10c; qt., 35c, postpaid; by freight, qt., 20c; pk., 60c; bu., \$1.75; 2½ bu., \$4.00.

1. Houghton's Silver White Flint.

This is a well-established variety, with uniform characteristics, including early maturity, medium size, both of stalk and ear.

2. Rideout or Mercer Flint.

Very early Yellow Flint.

3. Longfellow Field Flint.

Here is an 8-rowed Yellow Flint variety, the result of careful selection. The ears are from 10 to 15 inches long, 1½ to 1¾ inches in diameter. The cob is small, kernels large and broad. This corn is adapted to the Northwest, and is said to have produced 200 bushels of ears to the acre in Massachusetts.

4. Angel of Midnight Flint.

Begins to ripen August 5th, and is the earliest we have ever tried. Longest ears 14 inches, 8 rows, over 60 kernels in a row; kernels, large, broad, yellow, flat.

5. King Philip Flint Corn.

This Red Flint Corn is so well known that it needs no special description. It is an 8-rowed ear, 8 to 12 inches long, and with good cultivation will yield 75 bushels per acre.

6. Washakum Yellow Flint Corn.

Early; about 9 inches long; the kernel is long and deep; the color rich and glossy.

7. Turtle Mountain Flint.

This is the earliest Flint Corn in existence. The ears are not so large as Salzer's South Dakota Flint nor as handsome as our North Dakota Flint, but they are nevertheless healthy, full of fine kernels, and the extreme earliness of this variety will delight and please every planter.

DENT CORN SORTS.

DAKOTA EARLIEST DENT CORN.

You will be pleased with this earliest Dent Corn, for we believe our Dakota Earliest Dent is the earliest Dent Corn in existence. The ears measure from 7 to 9 and 10 inches long, are extremely healthy, and the kernels seem to be set in as tightly as though they were wedged. It is eagerly eaten by all cattle, swine, horses, poultry, etc. The kernel is quite large, but the cob is small, while the Corn is extremely early. It has ripened without trouble in South and North Dakota, Montana and other western states. **AUGUST 25th, 1906.**—Ripe and fine on Aug. 25th, 1906—that's what our farm manager reports—and such big ears, too; why it proved itself earlier and finer and heavier yielding than the Flint Varieties, with big ears, often ten inches long. It's immense for very, very, very early. If you want the earliest Dent Corn there is, we heartily recommend this variety. Although the ears are not over large, yet it will produce without trouble 40 to 80 bu. of as nice corn per acre as you can expect of so early a sort. Price: Big pkg., 15c; qt., 50c, postpaid; by freight, ½ pk., 50c; pk., 90c; bu., \$2.25; 2½ bu., \$5.50.

HICKORY KING.

Smallest Cob, Largest Grain, Pure White Dent Corn.

So large are the grains and so extremely small the cob, that on an ear broken in half a single grain will almost completely cover the cob section, as shown in the illustration here-with. The stalks generally bear two good ears each, and occasionally three. The ears are uniformly well filled out, and it will make more shelled corn to a given bulk of ears than any other variety. Especially adapted for Southern corn states. It

will not be amiss for Northern planters to test a package, as, when once acclimated, it would be a great acquisition. By mail, pkg., 10c; qt., 35c; by express or freight, qt., 25c; pk., 60c; bu., \$2.25; 2 bu., \$4.00.

REID'S YELLOW DENT.

We have only 1,500 bu. of this corn. It was grown with the view of breeding it up to an average size of ear, eliminating barren and inferior stalks which produce only nubbins, and increasing the amount of OIL and PROTEIN in the corn for feed purposes. We believe in this corn we have a corn in which two bushels will do as much towards developing farm animals as with an ordinary corn 2½ bu. will do. This corn grows best on rich corn soil in the corn belt states. It is here that it attains its greatest perfection, producing the largest yields and richest quality. It ripens in 120 days easily.

Price: Pkg., 10c; pt., 30c; qt., 45c, postpaid. By freight, pk., 60c; ½ bu., \$1.00; bu., \$1.75; 2½ bu., \$3.90.

EARLIEST QUEEN OF THE NORTH DENT CORN.

This Corn has been before the public more than 20 years, but within the last years we have made tremendous improvements in same. We have bred out all the barren and weakly and sickly stalks and now have a Corn that for quick growth, for fine, bright, heavy ears and for extreme earliness, seeks an equal the world over. In fact, we know of no early Corn that will return more bushels to the acre than our Queen of the North. It makes one of the finest shelled corns that we have ever seen. 70 lbs. of corn will shell out 61 to 63 lbs. of the brightest, finest, most solid kernels that you have ever seen, leaving cobs to weigh from 7 to 9 lbs. This Corn is very early. It has repeatedly ripened for us in Dakota, even as far north as Ellendale. The ears are from 7 to 9 in. in length, and are well filled to the butts and exceedingly well developed. The kernels are long, bright and heavy. The very small cob, the deep kernel and the perfect shape make this variety one of the finest to grow for extreme early. We have had same ripen in 80 days, though we call it 80 to 100 days. It is especially desirable for northern latitudes, as it grows well on almost any soil. It stands high with feeders, because of the small cob. It is easily and readily masticated by the steer. It matures thoroughly. It is sweet and palatable, making the very best grain feed. The foliage is abundant. The well developed and wiry stalk enables it to stand up well even during windy seasons. Considering the size of the ear, it is a surprisingly good yielder, due to the fact that a great many of the stalks bear 2 or 3 ears each. Every stockman, every farmer, every planter should have at least a small acreage of Salzer's Queen of the North Corn for early feed, as in this respect it has no peer.

One Hundred Bushels Shelled Corn per Acre.

Weights more than any other Corn we know of. Seventy pounds of Corn on cobs when shelled weighed 61 to 63 pounds, leaving the cobs to weigh only 9 pounds.

PRICE OF SALZER'S QUEEN OF THE NORTH CORN.

By mail, pkg., 10c; qt., 35c. By freight, qt., 20c; pk., 60c; bu., \$2.00; 2½ bu., \$4.50.

NEW LEARNING.

The very best all around heavy yielding, heavy feeding Dent Corn of the century. Known the world over as a heavy yellow Corn. Has yielded 1,238 bushels on 10 acres. It will take you a long while and a good deal of seeking to find a finer eared, larger, heavier, earlier, handsomer grained, better shaped Corn than our New Learning. On our own lands it has repeatedly returned 100 bushels per acre, and Mr. Lovejoy, of Minnesota, had 3,106 bushels from 25 acres. Among all the varieties of Corn known, none has attained a greater reputation than Salzer's New Learning. This is bred from the original J. S. Learning Corn. We have increased the size of the ear and its earliness and also the percentage of grain by careful breeding. We have also increased the depth and roughness of the kernel and the feeding value by increasing the protein and fat. Our stock has repeatedly ripened as far north as the Dakota lines.

PRICE OF NEW LEARNING CORN.

MINNESOTA KING CORN.

(Half Flint and Dent.) Minnesota Grown Seed (Yellow Half Dent).

We regard this corn as one of the most valuable early corns ever sent out. There are varieties that under favorable circumstances will yield as much, but year in and year out, through fat years and lean years, there is, we believe, no sort that will do as well. It seems to possess a faculty of growing right along and making a crop during weather and under conditions that would ruin other varieties. We do not know of any good reason why this should be so unless it be that it roots more deeply, but not only is this our own experience, but we have received like testimony from hundreds to whom we have sold it; the universal expression being that, for ability to endure extremes of heat and cold, flood and drouth, it has no equal. In appearance the Minnesota King is remarkably distinct, being a half yellow dent, the kernels are very broad and of an extremely rich, golden color. Average height of stalk 7 ft., average distance base of ear from ground, 3 ft. The ear is of good size, 8 rowed, cob small.

120 Bushels Per Acre.

On our lands in Minnesota--fully 100 miles north of La Crosse, Salzer's strain of heavy yielding Minnesota King Corn was ripe and away from all danger of frost or cold on August 25th, 1906. From careful estimate of our Minnesota farm manager the 100 acres we had planted to Minnesota King would yield fully 12,000 bushels of the handsomest, finest big ears we ever saw!

Now then Mr. Farmer, what can we say to you to induce you to try

Minnesota King Corn!

This Corn has become immensely popular owing to its extreme earliness, fine ears, beautiful kernels and great yield. It has ripened for us at Mellette, S.D., repeatedly. It's a fine yellow dent Corn, doing well everywhere. Not only does it shine in the Dakotas on account of its extreme earliness, but right here in Wisconsin it makes glad the farmer with a yield equal to 80-120 bushels of as fine corn as you ever saw! It is splendid for fattening hogs and they will run over each other in getting at it.

Pkg., 10c; qt., 35c, postpaid; by freight, pk., 60c; bu., \$2.25; 2½ bu., \$4.75.

ELEVEN WELL-KNOWN DENT CORN SORTS.

Price of each: Pkg., 5c; qt., postpaid, 30c; by freight, qt., 20c; pk., 60c; bu., \$1.75; 2½ bu., \$3.90.

1. Clark's Mastodon--A very early Corn, winning a \$500 prize by yielding 213 bu. per acre.
2. Iowa Gold Mine--Well-known yellow dent; splendid.
3. Iowa Silver Mine--A medium early silver white dent Corn; fine.
4. Chester County Mammoth--A great yellow dent Corn; late, large.
5. Mammoth White Dent--A large, late, white dent, not so early as Salzer's Giant White.
6. Champion White Pearl--Has a great many friends. It is large; medium early.
7. Wisconsin Earliest White Dent--A yellowish-white dent, of extreme earliness. 100 bu. per acre.
8. Salzer's King of Earliest--An extremely early yellow dent Corn; fine.
9. Early Huron--A very early yellow dent Corn; splendid for Dakota.
10. White Cap Yellow Dent--Well known, early; good yielder.
11. Reid's Yellow Dent--Good for 100 bushels per acre--a wonderful Corn!

SALZER'S NEW LEARNING.

MINNESOTA KING CORN

SALZER'S TRIPLE INCOME CORN.

When Pharaoh looked upon his vast cornfields, superintended by Joseph the Good, and the great famine stared him in the face, we think he would have shouted for joy for a Corn that would have trebled his yields for the seven fruitful years. In our new Corn, the "Triple Income," or 3-Eared Corn, we believe we have something that is destined at once to completely revolutionize Corn growing, and we may well say, "Stand Aside! Clear the Track! Here comes the Monarch of all he surveys!" His right none dare to dispute—in the cornfield. Truly the world moves! Progress, Aye! Improvement are the watchwords of the day. Well do we remember when we were boys, how one ear of any kind of dent corn to a stalk was considered good. Then we pushed on to an occasional two ears to many stalks. Now we have reached three ears, and the farmer is led to say: Where will it end? We believe it will end when each kernel of corn will produce five ears to the stalk, as the corn stalk has that many developed joints to grow ears on.

How the Triple Income Corn Came to the Front.

K. B. Lovejoy, Goodhue Co., Minn., says: "Regarding the Corn I sold to you, would say: Some years ago on one of my acreages of Salzer's White Cap Yellow Dent Corn, I noticed numerous stalks of two well developed and many with a third partially developed ear. This stock I took as my start to work on, and after several years of careful selection I have succeeded in getting a Corn ripening generally three well-developed, large, heavy ears of Corn that will shell more weight per measured bushel (having such a small cob) than any variety of Corn I have yet seen. I am satisfied that planting this new Corn will completely revolutionize Corn growing, for where formerly one ear grew, now two or three grow to perfection, and it will mean double and treble the yield of ordinary sorts."

This glorious Corn combines more solid merit than any Corn ever catalogued, being suitable for all climates and soils. The ear grows as large as the Leaming Corn, and is from 7 to 10 days earlier, and on poor, thin soil will yield 90 per cent more Corn. It will outyield and outshell the Leaming. Its great merit lies in the fact that it is as natural a yielder as weeds, grows strong, rank and quick, and will produce more Corn even on poor, thin soils than any kind now in cultivation.

This Corn will be appreciated by those living in drought sections, and by those farmers who have poor, thin soil; while on strong, rich soil it has no superior. The tip ends of the grain are white, the inside yellow to whitish yellow, making it a beautiful color—though the shelled corn looks homely, the ear is handsome! Large growers in the great Corn belt, as well as those out of it, will be pleased with this Corn, because:—

First—It is as natural a yielder as weeds.

Second—It generally produces three well-developed ears on every stalk.

Third—The ears are large, handsome and well filled.

Fourth—It is sure to mature in from 90 to 95 days.

Fifth—It husks easily and shells easily.

Sixth—It commands the highest market price.

Seventh—It will grow more bushels on poor, thin land than any other kind in the world.

Eighth—It stands the drought better than 60 other varieties grown in the same country.

Ninth—It has a large number of rows on the cob, making it a great yielder.

Tenth—It will outshell and outyield Leaming Corn.

Eleventh—It grows its fodder strong, rank and rapidly from 7 to 8 feet high.

NOW, MR. FARMER,
this is the Corn for you to try. It's dirt cheap too! It's new, it's grand, it's a tremendous yielder and scoffs at droughts or rain or bad weather! It defies the elements and returns yields that please, profit and astonish you.
Price: By mail, pkg., 10c; pt., 25c; by freight, pk., 55c; 1/2 bu., \$1.25; bu., \$2.00; 2 1/2 bu., \$4.50; 5 bu., or more, \$1.75 a bu.

400 BIG BUSHEL BASKETS PER ACRE

Last year Mr. Lovejoy had 400 big baskets full of this Corn per acre. This year he writes us that, without doubt, it will go 425 baskets, and with the steady improvement we are making on this Corn, we believe that our customers next year will report all the way from 300 to 500 great, big heaping bushel baskets full per acre. We hope that every farmer will try this great Corn. It is bound to revolutionize Corn growing, bound to make you rich and fatten your bank account if you will plant a plenty.

"The 10 acres that I planted to Salzer's Triple Income Corn is taking the lead of all other kinds in this section. Some people have driven over 20 miles and asked to see the field of Corn that they had heard of, and after they looked at it, said they were well paid for their trip, for it beat any Corn that they had ever seen. The Corn was taken care of by two boys aged 13 and 15 years. GILBERT W. ALLEN, Cattaraugus Co., N. Y."

Price of Triple Income Corn: By mail, pkg., 10c; pt., 25c. By freight, qt., 20c; pk., 55c; 1/2 bu., \$1.25; bu., \$2.00; 2 1/2 bu., \$4.50; 5 bu., \$9.00.

SALZER'S EARLY GIANT WHITE DENT CORN.

Stand back! Here's the Corn for you, Mr. Farmer, if a good, big-sized, long, fine ear is what you want, an ear that is fine and sells well! White Dent Corn is in great demand. This sort, now and then, has a tinge of cream color, but it is a tremendous yield, a grand sort, and then is earliness itself.

What Queen of the North Corn is among the earliest varieties of Yellow Dent Corn, namely, head and shoulders above them all, Salzer's Early Giant White Dent Corn is among the white sorts. It is the most natural producing corn we have ever seen. By this we mean that it must produce and ripen Corn. It grows as easily and as naturally as a weed, and it produces without fail from one to three great big ears of corn to each kernel planted. In addition to this, it is always ahead of frost, no matter how early same seems to come. This past season our Salzer's Early Giant White Dent Corn ripened for us at La Crosse 80 days ahead of the frost, and frost came the middle of September last year.

Salzer's Early White Dent Corn is a magnificent corn to plant for a general crop; indeed, we have farmers who plant no other. The Hon. J. C. Easton, who owns several score of farms, pronounces this the very best white corn in existence. Ex-Gov. Hoffman thinks there is nothing like it for heavy yields, fine quality and for sure ripening. Out in Dakota it ripened perfectly during the past cool season, and, wherever tried, our Early Giant White Dent Corn has proven the victor.

Here in La Crosse a 6-Acre Patch the Past Summer Yielded 930 Bu. of Magnificent Ears.

It is really a Corn to "tie to," as the farmer says, and we earnestly urge everybody to give it a trial, no matter where you plant, whether in Dakota or down in Texas, as it is a corn that will do magnificently everywhere. The ears are large, handsome, with well shaped, large grains of white to satin white color (our artist, we think, has kernels too narrow and deep), borne on stalks growing to medium size, very heavy, with few suckers, producing from one to three splendid, heavy ears to each stalk.

The highest report of yield that we have had comes from a customer in Iowa, who reports 236 bushels of shelled Corn from one single measured acre. We recommend this Corn, because it grows as naturally as a weed. It must produce. That's its mission, and for this reason we unhesitatingly endorse the same. It has never failed us. We close this description with a letter from Mr. Layton Yancy.

Mr. Layton Yancy, Lafayette Co., Mo. (we don't give his full address; we did a year or so ago, and he was flooded with 1,800 letters or more to answer inquiries about this great Corn), writes regarding this Corn: "Your Early Giant White Dent Corn made a splendid yield, considering the unfavorable season. Was ready to crib almost 60 days before our home-grown seed. It has—most all of it—been spoken of for seed." Now, then, the way to make money is to follow Mr. L. Yancy's example. Plant new varieties of Seed Corn, Oats, Potatoes, Grasses, etc., and sell them to your neighbors for seed.

Pkg., 10c; lb. 35c; postpaid; by freight, pk., 60c; ½ bu., \$1.25; bu., \$2.00; 2½ bu., \$4.75; 10 bu., 18.00.

Salzer's Golden Triumph Corn.

Here is the Corn for you, Mr. Wide-Awake, the Corn you have been looking for and hoping would soon come. Here it is. This great Corn is the result of a series of crosses, and subsequently by a continuous systematic selection.

Golden Triumph is Extremely Early.

This Corn ripened thoroughly in Wisconsin, Kansas, Nebraska, Iowa and Illinois inside of 100 days. Now, this is very early for this very large, very deepkerneled, very fine Corn, and stamps it as one of the very earliest sorts. We believe that this corn, in a year or two, will thoroughly ripen in the Dakotas inside of 80 days, as through selection and cultivation we hope to ripen this remarkable Corn inside of that time; but when you think of its ripening in about 100 days in these great corn-growing states, you will readily see that it is an extremely early sort.

Mr. Emil Walters, LeRaysville, Pa., an enthusiastic grower of this Corn, sent us a photograph of Golden Triumph Corn six feet high in 45 days, already showing fine ears. Among others he says:

"Your Golden Triumph ought to be advertised extensively. A Corn that will grow six feet in 45 days and 11½ feet in 75 days, showing two ears to each stalk, ought to satisfy even the old sputterheads from Granktown. The pictures in your Catalogue are not exaggerated in the least. It pays to plant Salzer's Seeds."

Average Ears of Giant White Corn are 10 to 12 inches long—930 bushels from 6 acres! That's enough!

Just Read this Affidavit from Mr. Walters.

State of Pennsylvania, } ss. On this 9th
County of Bradford, } Day of October,
A. D. 1897, before me, one of the Justices of the Peace in and for said county, personally appeared Emil Walters, and by me duly sworn according to law, says the following is the result of ¼ acre of ground planted in Salzer's Golden Triumph Corn; 56 shocks, which averaged 2½ bushels each shock, whole amount 126 bushels, or 252 bushels per acre. EMIL WALTERS.
Sworn and subscribed before me this 9th day of October, 1897. LEROY COLE,
Justice of the Peace.

PRICE OF GOLDEN TRIUMPH CORN.

Salzer's Great Golden Triumph Corn. Sworn to yield 252 Bu. per Acre (Write for Special Corn Prices—in 3-Bu. lots or more.)

All Gold Corn.

The world does move and new crosses and hybridizations have in the last ten years called forth the applause of thousands and the wonder of every farmer who has taken pains to look into the matter. From a small yield of 30 bushels per acre we have steadily progressed until the acre is now made to produce all the way from 80 to 363 bushels. Yes, sir! we say deliberately 363 bushels, for with Salzer's **ALL GOLD YELLOW DENT CORN**, it is possible for you, Mr. Farmer, to grow 363 bushels per acre. We know it. We are positive you can. There is no doubt about it. The vigor of this Corn, the great size of its ears, the sureness of two big ears and often three or four from each and every kernel planted makes this possible. Salzer's **ALL GOLD** Corn stands ready to completely revolutionize corn growing.

363 BUSHELS PER ACRE

This is positively the greatest Yellow Dent corn on earth which the following clearly demonstrates:

State of Missouri, } This 28th day
County of Platte, } of September,
1899, John Martin, of Parkville, being duly sworn, says and deposes as follows:

I planted Salzer's All Gold corn this year and received wonderful results. In preparing my ground I put 200 pounds of Bone Meal and seven loads of hen manure to the acre. I gathered and weighed the corn in the presence of the Justice of Peace and Dan Myers, and it made Three Hundred and Sixty-three bushels and thirty pounds per acre. I weighed six of the largest ears in the presence of the above witnesses and the six weighed twenty pounds. I measured six of the longest ears, and they measured ninety inches. Twenty-five ears just made a bushel basket full.

JOHN MARTIN.

Subscribed and sworn to before me this 28th day of September, 1899.
ANDREW D. GRESHAM, Justice of the Peace, Waldron, Mo.
Is not this wonderful, startling, marvelous? Who would have thought ten years ago that corn could be made to produce 363 bushels per acre, but that is what Salzer's All Gold does, and Salzer's Three-Eared Corn, described on page 97, beats that; but Salzer's seeds are made to produce. We grow them for that purpose. We constantly improve, and hence these prodigal yields. There are thousands of farmers scattered all over America who had bountiful yields from this variety.

SALZER'S ALL GOLD

GOLDEN COMBINATION CORN.

A new corn of tremendous yielding proclivities! It is a golden combination, growing as a weed, sinking its roots deeply after nourishment and moisture, and returning crops that will astonish and gladden you.

Golden Combination Corn

YIELD 150 BUS PER ACRE

Here, in La Crosse, it was ripe September 20th, way ahead of Jack Frost. Ongoing farm land, with good care and careful cultivation and a fair season, it ought to yield 100 bushels, nay, 160 bushels per acre—yes, even more.

LISTEN TO WHAT THESE EXPERTS HAVE TO SAY:

J. C. Robinson, of Douglas County, Nebraska, writes of our Golden Combination Corn: "I am delighted with Salzer's Golden Combination Corn. Its large ears, extreme earliness and tremendous yield make it a very valuable acquisition to the Dent Corn sorts."

The Western Seed & Irrigation Company, of Platte County, Nebraska, who are large growers of field corn, have this to say regarding our corn: "Salzer's Golden Combination Corn is a great beauty. Ears are very large, very fine, very uniform, very early and extremely prolific."

WHY NOT TRY IT FOR 1907?

It costs less to purchase new seed for the cornfield than any other grain, and yet there are thousands upon thousands of farmers who never think to invest a dollar in new varieties of corn. These farmers usually get from 18 to 30 bushels per acre, while their land, if they invested in any of Salzer's new varieties of corn, would produce double as much. Just pause a moment and think. Suppose your land brings you 30 bushels per acre and you have 50 acres in corn, that is 1,500 bushels; put in Salzer's Golden Combination on the 50 acres, the seed, all told, would cost but \$20.00; and what would be the result? Suppose you only doubled your yield and got 60 bushels per acre, you would have 3,000 bushels of corn at the small cost of the seed, \$20.00. Why not try it for 1907? Why not get these extra 1,500 bushels? It will give you just enough money to make that change in your house which your good wife has been wanting and ought to have had long ago. John A. Salzer's Seed Company stands by the farmer's wife. She is the noblest woman in the country. She is the first lady of the land, and to her is due much of the credit of the great success that the American farmer has. We know that if you will consult your good wife, she will say, by all means try a few acres of Salzer's New Golden Combination Corn.

PRICE OF SALZER'S GREAT GOLDEN COMBINATION CORN.

Price: Pkg., 10c; pt., 30c; qt., 45c, postpaid. By freight, pk., 65c; 1/2 bu., \$1.20; bu., \$2.00; 2 1/2 bu., \$4.75. Write for special prices on corn—in 8 Bushel Lots or more.

SALZER'S ALL PURPOSE YELLOW DENT CORN.

Here's a splendid corn tapping at the door of every farm in America for admittance and well it may, for as a new yellow dent variety, early, large eared, of strong and rich quality, it surely stands peer to any and every sort grown on the American continent to-day. This seems a sweeping statement and yet one that we are sure this great corn will fully bear out.

SALZER'S ALL PURPOSE CORN.

THE BEST FEEDING CORN ON EARTH.

We are not going to say very much of this new Yellow Dent Corn this year, because we only have 2,000 bu. of same to distribute among our thousands upon thousands of customers, and yet we should like to see that every farmer in America would test at least a quart, or a peck or a bushel of this new corn.

Our reason for this great wish is that we are sure if you will try the corn that it will require 50,000 bu. of seed for 1908; not only will you need more, but your neighbors, and their neighbors, and their neighbors will come for this corn, for we honestly believe that there is no other corn quite like it, quite so good, quite so rich in quality, quite so heavy in yield, quite so strong in growth as Salzer's New General Purpose Corn.

Last spring we sent out a number of samples of this corn to fifty farmers, widely scattered, with a request to plant carefully and watch for the following results: First: The shortest number of days it took to ripen the corn. Second: The weight of ears received from the five kernels. Third: The longest ear received from the five kernels. Fourth: The greatest number of ears received from the five kernels.

And here are some of their reports:

	No. Days To Ripen.	No. Ears From 5 Ker.	Length Longest Ear,	Weight Of All Ears.	Test Yield Per Acre.
John King, Goodhue Co., Minn.....	67	10	14 3/4	10 lbs.	311 bu.

Geo. Robberts, DeKalb Co., Ill.....	101	10	14	13 "	404 "
Carl Franz, Clay Co., Kan.....	116	13	14 1/4	18 "	566 "
D. Clark, Hartford Co., Conn.....	127	10	13 1/4	22 1/2 "	690 "
Ralph C. Wobeman, Del. Co., N. Y.....	126	12	14	14 "	430 "
H. L. Thompson, Washington Co., N. Y.....	120	16	12 1/2	13 "	404 "
Wm. Dultman, Wayne Co., Mich.....	114	10	13	10 "	311 "
G. Siegling, Cascade Co., Mont.....	117	24	12	26 "	808 "
G. G. DelPlaine, Okla. Co., Okla.....	122	25	15	27 "	544 "
G. Marshall, Chau. Co., N. Y.....	105	8	21	97% "	308 "
Alex. McWilliam, Shawnee Co., Kan.....	110	12	22	16 "	498 "

Gus. Siegling, of Cascade Co., Mont., with Jerry Powell and a prominent Notary Public of Cascade Co., Mont., has the following to say regards this magnificent corn:

"I exhibited this corn last week at the Cascade County Fair and it is on exhibition this week at the Montana State Fair in Helena. I took the premium at the County Fair and I expect to take the premium at the State Fair."

"The Corn is immense. It was planted on the 27th day of May, 1905, and was ripe on the 21st day of September; 26 lbs. of ears were taken from 5 stalks. There were 24 matured ears on the 5 stalks. 12 inches was the length of the longest ear."

From Connecticut comes this voice, from Daniel Clark, Hartford Co.:

"It was the finest corn in this part of the country and bore better than any that I ever saw and was a surprise to a great many of the farmers around here." This was signed in addition to Daniel Clark by two well-known farmers. It yielded for Mr. Clark at the rate of 566 bu. per acre.

Louis Stahle of Huron Co., Mich., grew this corn in 58 days at the rate of 437 bu. per acre, and yet he reports if the ground had not been so very wet it would have done much better. Do you not think 4:7 bu. is good enough? While Salzer's All Purpose Corn is not the earliest Yellow Dent corn yet it was early enough right here at La-Crosse the past two seasons to be ahead of Jack Frost by 15 days.

We ourselves do not see how Messrs. King, Will, Witt, Stone, Arnsboj, Svedk, Beron and Kumpf ripened this corn in less than 95 days and yet the conditions were so on their farms, bringing about results. We here at La-Crosse ought to have 110 to 120 days to make the corn "ripen as hard as a rock." Of course for seed purposes this same corn could have been picked with 95 days and "fire dried" and in that way hurry along the earliness of the crop grown from this "fire dried" corn.

We believe this corn will soon become acclimated to Wisconsin, Minnesota and the Dakotas and other northern states; and that it will ripen in 100 days.

Now the transcendent merits of this corn lie in its being an "All Purpose Corn." It is preeminently the corn to plant for all purposes on the farm. It is splendid for feeding horses; it is unsurpassed for fattening hogs; it has no equal for cattle while sheep delight to eat it and it makes poultry healthy and well and fat if desired.

Our plan, Mr. Farmer, would be, buy a bushel for 4 to 5 acres or a peck for 1 acre. Plant same 1 ft. apart in row and the rows 4 ft. apart. This will give you over 10,000 stalks to the acre.

Cultivate carefully, cultivate more, keep on cultivating! In this way this corn will produce for you the greatest crop that you have ever seen. Greater than you have ever dreamed of. It will become acclimated to your soil and climate and then, sir, when once acclimated, you would not part with this wonderful corn for \$100.00 in gold! That is saying a great deal, my friend, but the John A. Salzer Seed Co. are ready to back it. We know whereof we speak. Try 1 acre, or 2 1/2 or 5 or 10 and you will get a corn at which you will never cease to wonder and marvel.

BE
DONE!

THIS HOUSE
BUILT WITH
THE PRODUCT
OF 50 ACRES
OF SALZER'S
HOME BUILDER

276 BUSHELS
TO THE ACRE

Hon. H. F. Hunter:

I planted one acre to your new corn novelty — Salzer's Home builder. I put it on my Missouri River bottom farm southwest of Pierre (the capital of South Dakota). There, on Dakota soil it produced at the rate of 276 bu. hand-some yellow corn per acre.

SALZER'S HOME BUILDER CORN

400 BUSHELS PER ACRE.

999 farmers out of each thousand will look incredulous when they read this—but hold on a moment, let us do a little figuring. Salzer's Homebuilder corn is none of your weakly, sickly corns. It is pedigree stock grown to produce. All barren stalks have been carefully eliminated and the moment the kernel touches the ground it is ready for strenuous work. It sprouts quickly. It sinks its roots deeply and firmly into the soil after moisture and nourishment. Then it shoots up and produces corn weighing from 1 TO 1½ LBS. PER EAR, and often produces 2 and 3 golden ears per stalk. Planting same 11 inches apart in the row, and the rows 4 feet you can get 11,250 stalks per acre, and give to each stalk but 2½ lbs. of ears and you have the tremendous yield of over 400 bushels per acre. We hope, Mr. Farmer, you will try this in 1907. You have just as good soil as we have, and we would not be a bit surprised if you would come next fall and tell us that you raised over 400 bushels per acre. We know you can do it if you will only try. The corn to raise such big crops with is Salzer's New Homebuilder. At La Crosse it ripened by Sept. 15th big yellow Ears, which stamps it an extremely early corn for so large and heavy ears.

(John A. Salzer Seed Co.)

PRICE BY MAIL: Big package, 15c; pint, 30c; quart, 45c.

PRICE BY FREIGHT: Pint, 20c; quart, 30c; peck, 90c; half bushel, \$1.60; 1 bushel, \$2.75; 2½ bushels, \$6.00; 10 bushels \$22.00.

BISMARCK HOG FOOD AND HAY PEA.

FEEDING ON THE GREAT BISMARCK HOG FOOD PEA—THE RICHEST FOOD KNOWN.

past five years. Two crops have been grown from the same field the same year. It is extremely early, very bushy, very leafy, and a great fodder pea. We know it will please. We know that every feeder of Peas will bless us for having called his attention to this excellent early Field Pea. Salzer advises you to try this variety. Price: Pkg., 10c; pt., 25c; qt., 40c, postpaid. By freight: Pk., 75c; bu., \$2.50; 2½ bu., \$5.00.

WHITE HUNDREDFOLD FIELD PEA.

This remarkable white field Pea is the result of careful selection, and is probably the heaviest yielding white field Pea, next to Bismarck Hog Food Pea, known in the world to-day. It will yield all the way from 20 to 40 bushels per acre. Price: Pk., 50c; bu., \$1.45; 2½ bu., \$3.60; sack, 18c.

CANADA FIELD PEA.

Well known. Price: Bu., \$1.40; 2½ bu., \$3.50; 10 bu., \$13.75; sack, 18c.
When stock is exhausted will fill at La Crosse market prices.

SALZER'S PROLIFIC COW PEA.

The Cow Pea has proven to be one of the greatest fertilizers of the age, and we doubt not—if we make the statement, that it is richer in fertilizing matter, more lasting, more beneficial, a greater soil improver, and a better soil enricher than the fertilizer drawn out from the barnyard—that many of our farmer friends will feel like challenging this statement; but nevertheless, gentlemen, it is a fact. It will take longer to enrich a thoroughly worn-out piece of land by fertilizer from the barnyard than by sowing a plenty of Cow Peas and plowing them under. You can get two very creditable crops of Cow Peas on the same piece of land in one season by sowing them quite early in the spring, after frosts are over, broadcast, at the rate of 50 lbs. per acre, or in drills 12 inches apart, and when these have attained the height of 30 inches plow them under and sow a second crop at the same rate. This latter crop is ready either to plow under the first of October, or to cut for food, or to let the cattle graze upon same and then replot the field before frost. The next season this land is fit for a Corn, Potato, Oat or Wheat crop.

The Cow Pea is called by many an agricultural wonder, on account of its great prolificness, its wonderful vigor of growth, its adaptability to all climates and soils, and its enormous yield of green forage. The respects superior to Mammoth Red Clover. As a fertilizer it is ordinarily can be sown and plowed under three times, and is large a quantity of forage as does the Cow Pea. The Cow Pea ties of nitrogen from the atmosphere. The ripe Peas contain no cured, are a most valuable fodder for cattle and sheep, being exactly a Pea, but belongs more properly to the Bean family. It and fertilizing crop. It requires a full season to mature in—that crop after wheat in the North. If desired, the pods may be harvested. The seed or grain is ground and used for cattle fodder; the leaves and stalks also make excellent fodder, fed green. Poor, sandy land may be greatly improved by plowing under a crop of Cow Peas, and thus made into a fertile loam. Plant in a thoroughly pulverized soil. If wanted to plow under for manure, sow with a grain drill, in drills a foot apart. If grown for the seed, plant 3½ feet apart and 1 foot in the row, and cultivate thoroughly, using 25 lbs. seed. We heartily urge farmers to give Salzer's Prolific Cow Peas a thorough trial this season. The very finest, most prolific, and at the same time one of the very earliest, is Salzer's Prolific Cow Pea. It's a great plant, and well worth the extra price charged for same. The yield of Peas in a dry state is from 40 to 60 bushels per acre of this sort.

PRICE OF SALZER'S PROLIFIC COW PEAS.

Pkg., 10c; lb., postpaid, 25c; by freight, 15 lbs., 80c; 25 lbs., \$1.35; 50 lbs., \$2.50; 100 lbs., \$4.50.

its
Weight in
Gold.

SOJA BEAN.

The Soja Bean is coming right to the front as a great soil enricher, as a food for hogs and cattle, both in the green and dry state. In some parts of the South it is extensively grown only for feeding pigs, and the Agricultural Bulletins throughout the Southern States praise same without stint. It will draw from the sun and return to the earth just the nourishment and properties that you are looking for.

Price: Pkg., 10c; qt., 40c, postpaid; by express or freight, pk., \$1.10; bu., \$3.75.

VELVET BEAN.

This Bean is creating a great sensation in the South and Middle States. It is going to be one of the great green manure or fertilizing plants. It is tremendously prolific, vines running from 12 to 18 feet long. It is the Bean to try everywhere. It, no doubt, will make as much green herbage as any plant grown. Pkg., 10c; pt., 35c; qt., 50c, postpaid; by freight, pk. of 15 lbs., \$2.00; bu., \$6.00.

LUPINE.

Succeeds well in the poorest soil and is exceedingly valuable for plowing under. It makes a good fodder in either the green state or as hay. The seeds are very fattening when used with hay. Sow in the early spring at the rate of 60 to 90 lbs. per acre. Price: By freight or express, lb., 10c; 10 lbs., 80c; 100 lbs., \$7.50.

GIANT MUSTARD.

This is the large, coarse kernalled Mustard, furnishing a tremendous amount of coarse herbage that is particularly relished and very advantageously fed to sheep. It would not be amiss to sow ½ lb. mixed in with Rape seed in connection with every acre of Rape sown. Price: Pkg., 10c; ½ lb., 15c; lb., 28c, postpaid; by express, 5 lbs., 75c; 10 lbs., \$1.40.

LATHYRUS SYLV.

Lathyrus Sylvestris Wagneri (Flat Pea).

This plant is creating great excitement as a forage plant, especially in sandy, dry soils, as it sinks its roots 30 feet, and furnishes a great quantity of fodder, yielding as high as 16,000 lbs. per acre. It is a variety of Pea, found wild in Europe, and carefully cultivated and crossed. Thousands of acres have been planted in Europe, and here in America there are fully 10,000 farmers to whom we furnish the seed, and all who have tried it report good prospects and are sure it will prove a great acquisition as a fodder.

PLEASE READ THIS LETTER ON LATHYRUS:

Regarding Lathyrus, Conrad Doering, Cowlitz County, Washington, who has given it a thorough test here in America, says: "The Lathyrus is the earliest forage plant in spring, earlier than any grass we have, and all cattle eat it with great eagerness as soon as it springs from the ground. In the fall of the year, when all other fodder is dead, Lathyrus is green and keeps on sending forth new shoots. Cattle cannot be driven from the patch. They have to leave the strength-giving, nourishing Lathyrus. It grows from 3½ to 4 feet tall, and does well on any kind of soil, even on very poor, sandy soil."

Pkg., 10c; oz., 20c; ¼ lb., 50c; ½ lb., 80c; lb., \$1.50; 10 lbs., \$14.00.

Nitro Culture per acre for Lathyrus, \$1.50.

SOJA BEAN.

STANDARD OATS.

SALZER'S SILVER MINE OATS.

It no doubt was the greatest Oats ever introduced up to this time, but must now give way to our 2 Foot and National Oats. We have for years made Oats a great specialty of our business, and to show you what Silver Mine Oats can do for you, we introduce here a testimonial on same. It is a White Oats, strong, stiff straw, and we are sure you will be delighted with same.

Mr. F. U. Sinnott, Kandalia, Iowa, among others, writes: "Salzer's Silver Mine are the most wonderful Oats I have ever seen. I purchased of you 2 1/2 bushels, which I sowed on 1 measured acre, and harvested 196 bushels and 15 pounds, only lacking 3 bushels and 17 pounds of the coveted 200 bushels. I am sure I would have gotten 200 bushels, yes, much more, but the season was so dry. People came for miles to see my beautiful Oats."

THE PRICE OF SALZER'S SILVER MINE OATS is: Pkg., 10c; 1b., 30c; 4 lbs., \$1.00, postpaid. By freight: Pk., 50c; bu., \$1.10; 2 1/2 bu., \$2.50; 10 bu., \$9.00; 20 bu., \$17.50; 100 bu., \$75.00.

WHITE BONANZA OATS.

Our first creation in Oats. Introduced some 20 years ago. Took the American Agriculturist prize of \$500 for biggest yielding Oats. Price: Pk., 50c; bu., \$1.20; 2 1/2 bu., \$2.75; 10 bu., \$10.00.

SALZER'S GREAT NORTHERN OATS.

It has very strong, stiff straw, does not lodge easily, with a comparatively soft shell, large kernels, and is relished by horses. We introduce herewith one letter to show you what our customers think of this Oat.

Hon. I. D. O'Donnell, General Manager M. & M. Land Co., Montana, under date of July 15: "I took the precaution at threshing, and had plenty of witnesses as to yield. I had 162 1/2 bushels of Oats from the 2 1/2 bushels of Great Northern Oats." That tells the story; 162 1/2 bu. per acre on 100 acres, 16,250 bu. at 20c, would net \$3,250. Price: Pkg., 5c; pk., 50c; bu., \$1.25; 2 1/2 bu., \$3.00.

BLACK PROLIFIC OATS.

A grand Oats, which is, with us, absolutely rust-proof, of great vigor and health. Our stock, like all black Oats, runs into light shades. Pkg., 5c; pk., 50c; bu., \$1.40; 2 1/2 bu., \$3.25; 10 bu., \$12.00.

IMPROVED WHITE RUSSIAN OATS.

It is a wonderful stooler; 2,268 grains have been counted from one grain, yielding fully one-third more than common white Oats. Seed this year is light. Pkg., 5c; pk., 50c; bu., \$1.00; 2 1/2 bu., \$2.25; 10 bu., \$8.50.

SALZER'S TWENTIETH CENTURY OATS.

This Oat seems to know what is expected of it. It seems to have sense, for when a farmer expects a big yield from it, it never disappoints him. Trials of this Oat have been made throughout all states and territories of the Union, in Canada and Mexico and foreign climes, and without exception, everywhere it has conducted itself nobly. It has yielded enormously, and it has demonstrated that the new blood contained therein means to the farmer additional yield and additional wealth. Pkg., 10c; pk., 60c; bu., \$1.40; 2 1/2 bu., \$3.25; 10 bu., \$12.50; 20 bu., \$24.00.

SALZER'S 60 DAY OATS.

This is the earliest White Oat grown. We have testimonials according to which this Oat ripens in from 60 to 80 days.

James Heal, Genessee County, Mich., says: "I sowed Salzer's 60 Day Oats May 8, harvested July 28, yielding at the rate of over 250 bushels per acre."

We are sure that anybody desiring an extremely early White Oat, one that will get ahead of anything in earliness now in trade to-day, will find that the variety to plant is Salzer's 60 Day Oats. Price: Pkg., 10c; 1b., 35c, postpaid. By freight: Pk., 75c; bu., \$1.75; 2 1/2 bu., \$4.00.

Write for special prices if you desire Oats in larger quantities than 10 bu

THE SWEDISH OR No. 74 OATS.

Introduced by the Wisconsin Department of Agriculture. Stiff straw, stands up like a stone wall, very prolific, and is bound to become popular. Price, 2 lbs., 50c, postpaid. By freight: Pk., 75c; bu., \$1.50; 2 1/2 bu., \$3.60.

SALZER'S BIG FOUR OATS.

Named on account of the peculiar whorl, making long heads of Oats with usually a dozen side shoots. Ten acres of Big Four, under good conditions, ought to give you 1,000 bushels easily. That would mean \$400 per 10 acres. That pays. Why not try it for 1907? Why not let Salzer's seeds sprout and grow and produce great big crops for you? They lie in waiting to do this if you will only order them and sow them and give them a chance. You will be astonished at their healthfulness, vigor and fine quality.

250 BUSHELS PER ACRE.

Mahlon M. Luther, East Troy, Pa., Sept. 26, 1898, under oath deposes: "I planted 2 1/2 bushels of your Nameless or Big Four Oats on one acre of ground, and harvested 250 bu. of 32 lbs. per bu. It is positively the greatest Oats I have ever grown; has very strong, stiff straw, and long heads filled to the tip with very plump, heavy kernels, and is a great stooler. That is one important reason for such an enormous yield."

Price of Big Four Oats: Pkg., 10c; 1 lb., 30c, postpaid. By freight: Pk., 60c; bu., \$1.30; 2 1/2 bu., \$3.25.

See the whorl! Those 12 long side shoots mean additional yield.

SALZER'S TWO FOOT LONG OATS.

This is positively the greatest wonder in Oats on earth, a single head measuring 24 1/2 inches, or over two feet long, as affirmed to by the following honorable gentlemen: To whom it may concern:

This certifies that we were this day, October 11, shown several heads of SALZER'S NEW TWO FOOT LONG OATS by the JOHN A. SALZER SEED COMPANY, La Crosse, Wis., measuring respectively 23, 23 1/2 and 24 1/2 inches long—more than two feet in length, surely entitling it to the name "Salzer's Two Foot Long Oats."

C. L. V. Craft, Agt. C. M. & St. P. Ry., La Crosse, Wis. Edw. Case, former Agt. C. & N. W. Ry., La Crosse. W. L. Klett, formerly Agt. C. B. & Q. Ry., " A. Oakes, Agt. G. B. W. & St. P. Ry. T. B. Lawrence, Agt. Am. Express, " Geo. H. Merman, Agt. U. S. Express, C. F. Hoffma, Farmer. Hon. Chas. Linse. Mr. Aug. Prahle, Farmer.

Above gentlemen could hardly believe their eyes when they saw heads of Oats over two feet long, and it is remarkable, and we wonder not if the average farmer will read the statement with a little degree of credulity. Of course, you will look at it with great suspicion. That is only natural. Everybody will do that because no one has ever seen so remarkable an oat, so wonderful an oat. You look at it. You touch it. You handle it. You find it's real. There it is. Heads 24 1/2 in. long. Again you examine it. You see you believe, you buy. Think of it, only just imagine what a tremendous yield such an oat will produce. Heads 24 1/2 in. long. The John A. Salzer Seed Co. has said right along that an oat some day would be created, would be produced, that would yield 300 bu. per acre, year in, year out and we believe that Salzer's Two Foot Long Oat Novelty is going to reach this mark or we should want to know why.

It is a fact that the John A. Salzer Seed Co. has introduced more new varieties of Oats that have become national than all other Seedsmen put together.

Salzer's White Bonanza Oat, Salzer's National Oat, Silvermine, Great Northern Oats, Big Four Oats and other varieties have taken the prize at hundreds of Fairs, and are today grown by millions of farmers, so that when we urge upon you to try this new novelty, Salzer's Two Foot Long, you can rest assured that you are getting something of superlative merit, far above the average offered by other Seedsmen.

The Possibility of Salzer's Two Foot Long Oat

Is simply unlimited. Salzer's first creation of Oat, named Salzer's White Bonanza Oat, produced 134 bu. under sworn statement, and Salzer's Great Northern, 131, Salzer's Silvermine, 209 and Salzer's National, 220 bu. If above Oats could turn out yields as above where will be the possibility of Salzer's Two Foot Long Oats of which we believe there is no other Oat like it?

Its long heads, its great stooling qualities, its tremendous vigor and its strong, stiff straw make it the peer of the Oat field, and we bespeak for it a yield unknown to other Oats.

Greatest White Oat Novelty of the Century.

We believe Salzer's Two Foot Long Oats is positively the greatest White Oat Novelty of the century. It is a vigorous, healthy oat, a strong grower, standing up like a stone wall bearing and holding its long, long heads with ease.

Price: Big pkg., 15c; 1b., postpaid, 50c; 3 lbs. \$1.00; by freight: pk., \$1.00; 1/2 bu., \$1.50; bu., \$2.25; 2 1/2 bu. \$5.00; 10 bu., \$17.50 net.

SALZER'S 2 FOOT OATS.

It's a prodigy, a marvel, a monstrosity, unlike anything you have ever seen in Oats. Its great length and colossal size startles you. You pause, gaze, hold your breath and think someone is fooling you, playing you a trick. You cannot grasp it. You doubt, like Thomas. It's too marvelous. It's too much of a monstrosity. It's extraordinary. Your mind needs expansion before taking in this Oat novelty.

Just stop to think a moment, Mr. Farmer.

HEADS OF OATS $24\frac{1}{2}$ IN. LONG.

Get out your rule, hunt up your tape and measure off $24\frac{1}{2}$ inches and see what a wonderful impression it will make upon your mind. $24\frac{1}{2}$ inches! Shades of Egypt! Who ever dreamed of such a thing? An Oat head $24\frac{1}{2}$ inches long!

What do you think of this proposition, Mr. Farmer?

When we were over in France a few years ago, we called on the greatest Oat Farmer in the world to learn his method and obtained information that would be of value to us and to the American farmer. What did we find there? He had among others a field of oats five acres in extent which he had planted one foot apart in the row, and the rows but a foot apart, getting on to each acre over 40,000 plants. When this was up 10 inches he ran a mower over it. When we saw it, it was in full head, and we are positive that there was not a plant but what had stooped out and carried from five to fifteen great heads of oats.

Let us bring this home to Salzer's Two Foot Long Oats. Let us try this experiment in America. Do you know what it would mean? Take 40,000 heavy stooling separate plants of Oats and average each one with ten big heads. That would mean 400,000 heads. Let each head bear but ten ounces of seed, and it would mean the colossal figures of

781 bushels to the acre.

Is this not marvelous, but does it not look reasonable? Will you try it this year?

Of course the American Farmer is too busy. He has too large an acreage as a rule, and he cannot confine himself to intensive farming as they do in France, so we make this suggestion. Buy $2\frac{1}{2}$ bushels of seed, costing you but \$5.00. Sow same carefully on one acre and watch the results. If you do not crop 200 bushels we will miss our guess. We believe it is possible, and we should be glad to have you order this Oat and report your success upon same next fall. We know it will be a grand success.

781 bushels per acre over in France.

Farmers, that is intensive farming! They plant Oats as you would Corn, and the yield is so startling, so large, so wonderful, so astonishing, that nothing would please us better than if you did the same here in America. You plant an acre or one-half acre and see what you would thresh! 40,000 big stooling Oat plants with ten Two Foot Long heads would give you a yield far beyond your fondest dreams! Now, of course, this is impossible in general cultivation, but we believe it to be possible in intensive farming, that is planting the Oats, making it stool and bear from five to ten, yes fifteen heads from each grain.

PRICE OF SALZER'S TWO FOOT LONG OATS:

Big pkg., 15c; lb., postpaid, 50c; 3 lbs., \$1.00.

By freight: Pk., \$1.00; $\frac{1}{2}$ bu., \$1.50; bu., \$2.25; $2\frac{1}{2}$ bu., \$5.00;

10 bu., \$17.50.

SALZER'S NATIONAL OATS.

Clear the Track! Here's the Monarch! The Dan Patch of the Oat Field! Nothing like it on Earth!—As Dan Patch captured the world's pacer record, so Salzer's New National Oats takes the cake; carries off first prize as the biggest yielder everywhere. One of the rare qualities of this Oats is the peculiar, remarkable heavy heads and branches produced by each stalk. Another thing that occurs to us to-day as we write: It is the sixth of our really great Oats that the John A. Salzer Seed Co. introduced. First came Salzer's White Bonanza with 134 bushels per acre; then came our Great Northern Oats with 131 bushels, Salzer's Silver Mine Oats with 209 bushels, followed by Salzer's Big Four

Oats with 200 bushels, then our 20th Century Oats with its big yield; and now, to complete the sextette, comes our NATIONAL OATS, with a yield so large, so satisfactory, so profitable, so generally good, yielding here, there, and everywhere, great, healthy, prodigal crops, that we feel we may well shout Eureka, for in our NATIONAL OATS we believe we have introduced an Oat that combines every good quality that one seeks in Oats.

Good, heavy yielding Oats have long been our hobby. We reasoned, what's the use of growing only 25 to 35, or even 40 bushels White Oats per acre, when, with an improved sort, that same acre can be made to yield 60, 80 or 100 bushels, and more! We admit that twelve years ago, on our own farms we seldom had over 35 bushels per acre; but my, how things have changed since then! We would honestly be ashamed to have a yield of less than 80 bushels per acre now. We can have 80 bushels every time, and often much more. The acre on your farm that will produce 35 bushels per acre of common Oats, will produce 60 to 100 bushels of Salzer's New National Oats, and that with ease. We have seen heads of National Oats twenty-two inches long. Just think of the great results that a field of Oats with such long heads must produce. The heads of Salzer's NATIONAL OATS, are always large, long, and filled with big, plump kernels that weigh out a bushel very fast. We are accused by some parties that we exaggerate on yields. We claim right here that we do not. There is not a single yield given in our catalogue that some wide-awake farmer did not have, and that you, yourself, could have, right on your own soil, under your own eyes and under your own supervision, if you but will. There is no question about this. You are just as good a farmer as any one else, if you wish to be, and if you wish these big yields you can have them every time. You must live up to the conditions: The ground must be ploughed thoroughly, seed must be sown carefully, soil must be tilled constantly and kept free from weeds. Get Salzer's big yielding seed, and they will astonish you with big, big, big yields. Those long heads of National Oats, filled with heavy Oats, mean something; they mean heavier yields; they mean, if you, Mr. Farmer, will plant Salzer's NEW NATIONAL OATS, that the chances are all in your favor for an increased yield, big enough to pay you a handsome profit; and now, why not have that profit this season? You can have it, and at the same time have the great pleasure of producing the biggest crop of Oats in your county.

20 BIG POINTS!

1st.—It is national in character, growing, sprouting, stooling, producing enormously in every state and territory of the U. S.

2nd.—A Novelty. This National Oats originated in crossing two of our healthiest, biggest yielding, strongest varieties; hence its quality, to produce such tremendous yields.

3rd.—New Blood. It contains more new blood, hence more vigor and producing qualities than any other Oat we know of.

4th.—Stood the test on 15,000 farms, scattered all over America, in the remotest corners and obscurities of each state and territory—everywhere it did well, despite unfavorable seasons and produced heavily.

5th.—Earliness. Nothing like it in earliness that we know of. Our crop was ripe and cut and stacked 8 days before other sorts were ripe, which stamps this variety as absolutely the earliest in existence.

6th.—Money. That's what the earliest Oats always bring in the market, and especially on the farm, for many farmers are short of Oats in the summer when this ripens.

7th.—Profit. Now, then, here is an Oat that makes profitable farming absolutely certain in any state from Maine to California, and south to the Gulf, and north through Canada. It will certainly yield from 20 to 100 bushels more per acre than any of the common varieties, which will ten times pay the cost of the seed.

8th.—Oat Meal. Large millers and manufacturers of Oat Meal will gladly pay from 3 to 10 cents more for a bushel of this pure, healthy kernel, rich meal variety.

9th.—Ten thousand planters, that is the number of farmers who will grow in a large or small way, Salzer's National Oats and not one of them will crop less than 100 bus. per acre.

10th.—Yield. This is simply enormous, some say from 60 to 100, 150, yes, 200 bushels or more per acre, and we honestly believe that 140, yes, up to 200 bushels or more can be grown per acre under careful cultivation.

11th.—It is Bug-Proof. This Oat, more than any other variety, laughs at bugs and scoffs at insects, and stands up, growing vigorously, while other varieties succumb to the ravages of insects.

12th.—Withstands Drought. No sort that we have ever tested so thoroughly and completely withstands dry weather—yes, long continued hot droughts—as Salzer's National; indeed, it seems to be proof against every element in the shape of weather, withstanding all and yielding heavily.

13th.—Strong Straw. Now, then, Salzer's National Oats has wonderful stiff straw, withstanding severe winds to a marked degree and coming forth after storms standing straight, erect—a pleasurable sight to behold. When other sorts lodge badly this stands up like a strong stone wall.

14th.—Color. The color is beautiful in the extreme, aids it to sell quickly and rapidly at an advanced price in almost every market on the globe. The color alone makes it a great seller.

15th.—Quality. No Oats exceeds this in excellent quality, and it has that advantage that it will make more and better oat meal than any other known Oat at the present day, while all horses will fight for it for food. All millers who have seen it pronounce it excellent in the extreme.

16th.—Quick Returns. That's what you get by sowing this Oat, for the crop will go like wildfire! Every neighbor ought to buy it for seed.

17th.—Insurance. You have heard of fire insurance, life insurance, of hail insurance, but here you have a positive, safe, sure CROP INSURANCE. Salzer's National, this beautiful WHITE OAT, insures you against a failure of a crop every time.

18th.—Cost. The price of this Oat is ridiculously low, but that's the way the Salzer Seed Company do when they have a good thing; they sell at a low price, so that all farmers can make money out of it.

19th.—The Last Forty Bushels. It is the last 40 bushels per acre that makes farming profitable. If the common sorts yield 30 bushels per acre, and this gave you 70 bushels, the last 40 bushels would be the profit; but if this gave you 150 bushels, it is very easy to figure out great profits on 100 acres.

20th.—Mr. Farmer. The substance of the whole matter is this: If you want a new Oat novelty, one that was tested the past year on over 15,000 farms through trial packages, and everywhere promised the greatest yields, the healthiest, heavy stooling variety, try Salzer's New National.

Price: Big pkg.. 15c; pk.. 75c; bu., \$1.50; 2½ bu., \$3.50; 10 bu., \$12 55, 50 bu., \$50.00.

SALZER'S NATIONAL OATS

This NATIONAL OATS stool measured 49 inches tall; it contained over 80 stalks filled to the tip with big, heavy kernels.

is without a blemish, without fault or flaw, and we predict for it the most wonderful run that any Oat has ever had in the past century. Now, we know that this is a strong statement, but we know also that this Oat will back up anything and everything that we can say in its favor. To our mind, it is the only absolutely perfect Oat of to-day—perfect in all respects—perfect in growth, in vigor, in yield and quality. This is certainly the greatest Oat that we have ever seen, and we think the many years we have spent in originating and producing farm seeds entitle us to this opinion.

We think we are doing the farmer a great kindness in offering and urging him to plant for the coming season a large quantity of this faultless Oats, as it is so heavy a yielder, and the most profitable Oat for all to grow in the world, because it will make money for him.

LET'S REASON TOGETHER, MR. FARMER.

If we can demonstrate to you, Mr. Farmer, that you can make lots of money sowing this Oat; if we can show you that for a new Oat it's almost worth its weight in gold, wouldn't you sow it? Here is our hand—and here is our say.

Now, we don't feel backward in pushing Salzer's National Oats, because we have had such hearty endorsements from thousands of farmers planting same the past summer. On our own lands it stood up like a stone wall, laughed at storms and wind, bearing itself erect and yielded as no other oats has ever done for us. Its great vigor, extreme healthfulness and superb quality make it the great oat to plant for general crop.

A Great Stooler!

The wonderful yield of this Oat, its strong, weather, storms and elements-resisting quality, is very largely due to its remarkable stooling habits. We have seen one single kernel produce over 100 strong, stiff, healthy, vigorous stems, each laden with a full head of big heavy kernels. Now, that is the great secret of the Salzer's New National Oat. It is a stooler, and when an Oat stools, everybody knows that its yield will be increased. That is only natural. Take an Oat that does not stool, and it can not produce as much as one that stools heavily. Now, we have unlimited faith in Salzer's New National Oat, and pronounce it, to our way of thinking, as the grandest, heaviest yielding, healthiest, surest cropping, heaviest stooling variety of Oats known to the trade to-day. Just glance at this tremendous sheaf of Oats—all the product of one kernel!

Tremendous Yields!

We sent out a number of bushels of Salzer's National Oats as a trial and here are some of the great results. We could give you a great many more. (We have the full address of these gentlemen in our office.)

We do not publish the full address, to save these men being flooded by letters and the time and expense answering same.

156 BUSHELS PER ACRE.

Severt Knutson, Juneau County, Wis. "Your National Oats can not be beat. It yielded for me at the rate of 156 bushels per acre."

187 BUSHELS PER ACRE.

Dexter Hyde, Ashland County, O. "Your Oat novelty, Salzer's National, yielded for me at the rate of 187 bushels per acre. I call that grand."

310 BUSHELS PER ACRE.

M. E. Ursner, Ransom County, N. D. "Your Oat Novelty, Salzer's National, is great. It made the astonishing yield of 310 bushels per acre."

312 BUSHELS PER ACRE.

James Heal, Genesee County, Mich. "Never saw anything like Salzer's National Oats. It yielded 312 bushels per acre."

375 BUSHELS PER ACRE.

Anton Burda, Stark County, N. D. "If anyone told me that you had an Oat yielding 375 bushels per acre, I would not have believed it, but the Oat novelty you sent me to try, yielded, on my grounds, at the rate of 375 bushels per acre."

380 BUSHELS PER ACRE.

Herman Michler, Taylor County, Wis. "Your Oat Novelty, Salzer's National, is the biggest

yielder I ever saw, or heard or dreamed of. It went 380 bushels per acre."

231 BUSHELS PER ACRE.

Lawrence Schiestel, Osceola County, Mich. "I never saw anything like your Salzer's National Oats. It yielded for me at the rate of 231 bu. per acre."

255 BUSHELS PER ACRE.

H. E. Nye, St. Louis County, Mo. "Your Oat Novelty, Salzer's National, was a sight, standing nearly four feet tall, a solid mass, owing to its great stooling quality. The straw is so stiff. Not a stem lodged. It yielded a trifle more than 255 bu. of 32 lbs. each, per acre! I congratulate you heartily on your remarkable success in producing farm seeds of superlative merit."

261 BUSHELS PER ACRE.

Hon. H. F. Hunter, South Dakota, has this glorious talk: "I tried an acre of Salzer's New National Oats this summer. What a revolution! What do you think it did? You can't guess! Well, every kernel came up and it stooped and stooped and stooped until the whole field looked like a dense lawn. Then it sent out stalk after stalk and yielded 261 bushels by weight! My! my! if I had only sown 200 acres—I'd been happy with 52,200 bushels finest oats in Dakota then."

IT'S A SURE CURE FOR HARD TIMES.

The farmer reading the above description, together with the strong points in favor of Salzer's National White Oats, must see in it a solution for the hard times. No hard times can exist when the farmer gets two and three times as much from an acre as ordinarily. Thus, if your Oats produced but 30 bushels per acre, and Salzer's National White Oats would give you 90 to 150 bushels per acre, on 100 ACRES THERE WOULD BE A DIFFERENCE OF 6,000 to 12,000 BUSHELS, which would kill hard times in a hurry. Why not try it for 1907 by seeding heavily to Salzer's National White Oats? It is the most wonderful Oat in the world, and we believe as high as 80, 120, 150, YES, WE KNOW, AS MUCH AS 250 BUSHELS PER ACRE CAN BE GROWN FROM THIS OAT WITH CAREFUL CULTIVATION. It is possible. We are moving with the speed of electricity everywhere; why not in the field of agriculture?

An Agricultural Wonder

Think of Salzer's National Oats as the biggest yielder on earth! It gave Mr. Knutson a yield of 156 bu., Mr. Hyde 187 bu., Mr. Schiestel 231 bu., Mr. Nye 255 bu., Mr. Ursner 310 bu., Mr. Heal 312 bu., Mr. Burda 375 bu., and Mr. Michler 380 bu. per acre. That's immense.

PRICE OF SALZER'S NEW NATIONAL WHITE OATS:

Big pkg., 15c; lb., 50c, postpaid; by freight, pk., 75c; ½ bu., \$1.00; bu., \$1.50; 2½ bu., \$3.50; 5 bu., \$6.50; 10 bu., \$12.50; 20 bu., \$24.00; 50 bu., \$50.00.

1. MORAVIAN BARLEY.

The United States Department of Agriculture, in bringing forth this Barley, says: "Owing to its heavy yielding capacity, earliness and high grade as a brewing grain, this variety is driving out all other sorts in Austria, and every year large quantities of this seed are imported into Hungary. So far as we can ascertain, this is the first importation of this variety ever made into America." In Europe this is considered the best, no, the very, very, and only best Barley for brewing purposes.

Ordinarily the kernels of this great Barley are from one-third to one-half larger than shown in this illustration.—Salzer.

SEVENTY-FIVE BUSHELS PER ACRE.

On dry, hot land in Montana, it yielded at the rate of 60 bushels per acre. In Idaho, with but one rain, it yielded 62 bushels per acre. In Utah, with but little moisture, 56 bushels per acre. In North Dakota and South Dakota it yielded from 40 to 60 bushels per acre. On our own farms our test yield was 72 bushels per acre. We are

sure that this new Barley will please and delight and satisfy every farmer testing same.

FOR DRY, BURN'T, HOT SOILS AND CLIMES.

No cereals pay better than Moravian Barley, Salzer's Speltz, Salzer's Sixty Day Oats, Macaroni Wheat, Earliest Cane and Bromus Inermis Grass on soils and in climates described.

PRICE OF SALZER'S MORAVIAN OR HANNA BARLEY.

Pkg., 10c; lb., 35c, postpaid. By freight: Pk., 60c; ¼ bu., \$1.00; bu., \$1.75; 2½ bu., \$4.00; 10 bu., \$15.00.

2. HIGHLAND CHIEF BARLEY.

A splendid, healthy, two-rowed sort, yielding 60 bushels per acre. Pkg., 10c; pk., 50c; bu., \$1.50; 2½ bu., \$3.00.

3. SALZER'S MANSHURY.

It's immensely prolific, and sells well everywhere. Our biggest yield was 69 bushels per acre. Prof. Henry, of the Wisconsin State Agricultural College, is a great admirer of this Barley. Price: Pkg., 10c; pk., 50c; bu., \$1.25; 2½ bu., \$2.75; 10 bu., \$10.75.

4. SUCCESS BEARDLESS BARLEY.

A beardless variety offered by quite a number of firms. It is fine in every respect, but we do not consider it so strong, healthy and prolific as our Salzer's Beardless Barley. Pkg., 10c; pk., 50c; bu., \$1.25; 2½ bu., \$3.00; 10 bu., \$12.00.

5. NEW BARLEY, UNIVERSITY No. 105.

For several years the Minnesota State Experiment Station has been breeding and testing many varieties of Barley with a view to producing an improved sort that would lead all other kinds in the matter of yield. This ambition has been realized in the new six rowed variety here offered under the name of **University No. 105**. In comparative tests covering a period of several years and made side by side with the best known and most popular varieties, it has proven to be the heaviest yielder, and from any standpoint, a most valuable acquisition. It is early, uniform in maturing and pure. Quantity limited. Bu., \$1.75; 2 bu., \$3.25; 10 bu., \$15.00.

6. Salzer's Great Beardless Barley.

It is positively the greatest Barley on earth.—No, we must modify this. It's the greatest Barley novelty on earth!—for a Barley without a beard is a novelty; and then when you can get such a Barley as this, beardless, easy to harvest, fine to thresh, tremendous in yield, what more do you want? Now, while Salzer's Silver King Barley has the proud distinction of being the greatest yielder, the finest, plumpest six-rowed Bearded Barley on earth, we claim for Salzer's New Beardless Barley the same distinction under the beardless varieties. When we first introduced the Beardless Barley it was quickly taken up by a number of seedsmen and sent out under high-sounding names. We did not then push this Barley because we had it not perfected; but today in our Salzer's Beardless Barley we have positively the greatest Barley on earth. It is just the Barley that you have been looking for, Mr. Farmer. We know it because we have farmed for so many years, and how often were we annoyed and vexed in harvest that were covered with long, sharp, sticky and thousands of farmers who tried Sal-time were more than delighted and they astonished at the great yields and fine sance of "the sticky old beards" was done you have been looking for, Mr. Farmer, growing Barley the past years. Now honor less Barley you have a heavy yielding, ety, a variety that will yield all the way when you can grow from 35 to 60 bushels you can grow that will pay better. Brew-less Barley last year offered us 5c a bushel and earliest they had ever seen, way ahead of Manshury or Scotch Barley, which shows how very highly they value Salzer's Beardless Barley. Indeed, there is no finer Barley in the country than this Beardless Barley, and of such feeding value. We feed it to our horses, cattle, hogs and sheep, and they flourish, grow fat and keep healthy and happy. It is a positive fact that your horses and cattle will thrive faster and better on a change of food than on corn only, and we know of nothing that will make a better change than Salzer's Beardless Barley.

Hogs Fatten and are Healthy and Happy on Beardless Barley.

IN 1900, 1901, 1902, 1903, 1904, 1905 AND 1906

Salzer's Great Beardless Barley again covered itself with glory! On every farm where planted, in every state where tried, Salzer's Beardless was not found wanting and returned a yield large enough to astonish the natives, as the saying goes. We introduce only two testimonials on the bottom of this description, which shows how the wind blows. It tells you what you may expect of Beardless Barley. There is Mr. Wells. He has grown same two years, and just read his happy tale, the first year 121 bushels, the second year 109 bushels per acre. Now, then, when you remember that the average yield of Barley throughout America is about 23 bushels per acre, and you can get of this Barley 100 bushels per acre, you can easily figure the profits. It is a Barley that pays to grow; it is easily harvested, it is vigorous in growth, it is wonderful in yield, it is marvelous in health qualities. Now, despite the bad weather, it yielded on thousands upon thousands of farms at from 40 to 100 bushels per acre, which is good enough for a year as the past was.

121 AND 109 BUSHELS PER ACRE.

Here is just one testimonial; J. E. WELLS, Orleans County, N. Y., says: "Your Beardless Barley beats anything I ever saw. People came from far and near to see it. It grew 3½ feet high and yielded 121 BUSHELS Barley per acre. That is good enough for me."

THE NEXT SEASON HE WROTE US:

"Don't you want some fine Salzer's Beardless Barley? It was wet this year here, and I only got 109 bushels per acre, but I think I will have to stand that. It's fine, the best barley I ever had."

MR. G. J. COSS.

Last September Mr. G. J. Coss of Goodhue Co., Minn., walked into our office and asked to see Mr. Salzer. We were glad to meet him and show him through our great buildings, gardens, etc., etc. "What do you suppose I stopped off to see you for, Mr. Salzer? Just to tell you 'you are a crackerjack, a genius, a success. You induced me among others, last spring to sow 10 bushels Salzer's Great Beardless Barley and the result was unusual, it was great, Mr. Salzer! Nothing ever like it in our county. I am afraid to say it because it sounds like a fish story'—but the 10 bushels gave me 527½ bushels of the finest barley I ever saw; that machine measure and it will outweigh that 15 to 20 bushels. Your Minnesota King Corn is splendidly named; it is the KING of all Early Corns and your potatoes I expect to begin digging Oct. 2 and I know I'll get 400 bushels per acre!"

PRICE OF SALZER'S GREAT BEARDLESS BARLEY.

Pkg., 10c; by freight, pk., 50c; bu., \$1.30; 2½ bu., \$3.20; 10 bu., \$12.00; 25 bu., \$25.00.

SALZER'S SILVER KING BARLEY.

Look here, Mr. Farmer; here is a bold word. It is this: Salzer's Silver King Barley is the greatest, heaviest yielding, finest appearing, biggest stooling, longest eared, bearded, tremendously healthy, remarkably prolific, wonderously heavy-threshing out six-rowed Barley on earth today. Do you hear? On earth today! We have skirmished through Russia, the mysterious land, we have scoured Japan and China, we have sought Egypt, we have culled from Europe, we have investigated Australia, Scotland and other great Barley regions, but all stand agast, are startled, astonished, amazed when we tell them of Salzer's Silver King Barley producing 173 bushels of 50 lbs. each from one acre. Since 1898 the yield of Silver King Barley throughout America was simply astonishing—almost fabulous. Here are five out of 47,000 growers:

1. Wm. Powell, Linton, Ind.: "Your new Barley is very fine. It will yield 100 bushels per acre."
2. P. A. Stiver, Eaton, Ohio: "Your 'Barley is a hummer; 150 bushels per acre can be raised from same.'"
3. W. E. Peterson, Boscobel, Wis.: "Your Barley did splendidly. It is all right. It will yield 90 bushels per acre."
4. Nick Kutcheit, Arcadia, Wis.: "I raised 118 bushels and 3 pecks from one acre of your Silver King Barley the past season. It is the finest Barley I ever saw."

173 BUSHELS, OF 50 LBS. PER ACRE.

Can anything be more startling, more wonderful, more marvelous in Barley growing than to get 173 bushels of 50 lbs. from one single acre of ground; but just read the sworn statement of Mr. Breider, a wide awake Manitowoc Co., Wisconsin, Farmer.

READ THIS SWORN STATEMENT OF MR. JOHN BREIDER.

5. John Breider, Peter Wenner, Mike Casper and Christian Casper do each and severally solemnly swear that John Breider, living at Mishicot, Manitowoc County, Wisconsin, grew on one measured acre, containing 43,560 square feet, 173 bushels, of 50 lbs. per bushel, of Salzer's Silver King Barley the past season; that same was threshed by Princler & Roniller, whose oath as to the correctness of above is hereunto appended. Subscribed and sworn to by John Breider, Christian Casper, Mike Casper, Peter Wenner.

"We, Mathias Princel, Frank Roniller, owners of the threshing machine, do solemnly swear that we threshed for John Breider, of Mishicot, Manitowoc County, Wisconsin, 173 bushels of 50 pounds to the bushel of Salzer's Silver King Barley, grown from one acre.—Mathias Princel, Frank Roniller. Subscribed and sworn to before me this 19th day of October, A. D. 1896.—Burno Miller, J. P."

Let us tell you this, Mr. Farmer, Salzer's Silver King is the greatest Barley known on earth today. If there was a better sort we would know it, for Salzer "scours the earth" for novelties. We have agricultural detectives out constantly. No Barley is so heavy and plump as ordinarily this year, on account of bad weather.

PRICE OF SALZER'S GREAT SILVER KING BARLEY.

Pkg., 10c; lb., 30c, postpaid; by freight, pk., 60c; ½ bu., 90c; bu., \$1.25; 2½ bu., \$3.00; 10 bu., \$11.50; 20 bu., \$21.00.

SPRING WHEAT.

1. Salzer's Famous Marvel Spring Wheat.

This variety of Spring Wheat is the result of long and careful experimenting, obtained through crossing and careful selection. We consider it the most prolific, heaviest stooling, strongest-growing variety of Spring Wheat with which we are acquainted. The ear is very long and filled up to the point with fine, plump, reddish kernels.

TAKE WISCONSIN.

Its 1,012,579 acres yielded 12,346,030 bushels of Wheat. Had its farmers sown SALZER'S MARVEL SPRING WHEAT, its 1,012,579 acres, at only 30 bushels per acre, would have yielded 30,037,738, a difference of about 17,000,000 bushels in Wisconsin alone. Add to this Iowa, Minnesota, and the Dakotas, the increase of the Wheat yield would have been 75,000,000 bushels, or about \$55,000,000! We do not claim this Wheat to be absolutely pure, because it is a hybrid—all hybrid Wheats often show parent Wheats—but we do claim it to be the most marvelous, prolific, heavy yielding, quick-selling Spring Wheat that has ever come under our notice, and we have tested every sort known to the trade. It has proven to be hardy and insect-proof. Over 15,000 farmers ordered this Wheat and everyone praises it. Having been grown in the extreme North assures this variety extreme hardiness—yes, it withstood all kinds of climates, whether storms, warmth, drouths or rains, during the growing season and came forth the victor over every known sort and kind. Not one farmer out of 15,000 reports a failure. We believe with this Wheat we can make Spring Wheat grow in every state in the Union. It ripens early and thus far has never failed to return kernels unusually plump, large and of fine color. As the average yield in Iowa and Nebraska is but 12 bushels per acre, and of Minnesota and the Dakotas but 18 bushels per acre, it is not difficult to imagine what our Marvel Wheat would do in these localities. Why, it would thresh out yields like 20, 30 and 40 bushels per acre with ease. It gladdens the heart of the farmer and fills his purse. It is a great stooler; 1,213 kernels have been grown from a single grain. Now, that means something. It means that, with ordinary care and ordinary fair weather and fair soil, you can have a crop of Wheat that will remind you of the days of your childhood or young manhood, when Wheat yielded 40 to 50 bushels per acre right along.

Hon. H. F. Hunter, South Dakota, says: "In the spring of 1905 I tried 40 acres of Salzer's Famous Marvel Spring Wheat. It took 80 bushels to do it and I paid you \$100 without sacks! Shall I tell you what it did for me? Well, I threshed 1,566 bushels or nearly 40 bushels per acre! I am sure your Famous Marvel will yet yield for me 50 bushels to the acre!"

Price of Famous Marvel Spring Wheat: By mail, pkg., 10c; lb., 35c; 3 lbs., \$1.00. By freight or express, pk., 60c; ½ bu., 80c; bu., \$1.40; 2½ bu., \$3.35; 5 bu., \$6.25; 10 bu., \$12.25; 20 bu., \$24.00; 100 bu., \$117.50 net; 2½ bu., sacks, 18c each.

MINNESOTA GROWN MARVEL: This carload of Marvel Wheat we purchased from a Minnesota seedsman as grown by him. It lacks the plumpness, purity and fine quality of Salzer's Famous Marvel, but it is much cheaper. Bu., \$1.20; 2½ bu., \$2.90; 10 bu., \$11.00; 2½ bu., sacks, 18c each.

SPRING WHEAT.

U. S. AGRICULTURAL DEPT. MACARONI WHEAT.

Great is Macaroni Wheat, and the U. S. Department of Agriculture has done the farmers of this country a real benefit in calling attention to and urging the sowing of Macaroni Wheat. Our own observations of this Wheat in Europe convinced us that if the American people once knew the great value of this Wheat, millions upon millions of bushels would be grown and used, especially for bread purposes. While the Wheat is hard, and apparently flinty, yet it makes bread of the richest quality and most delicate flavor imaginable.

While in Europe, we invariably would ask for bread made of Macaroni Wheat, and we found same rich in taste, remaining fresh and palatable much longer than bread made from spring and winter Wheats. Not only is the Macaroni Wheat the chief Wheat used for making Macaroni, but in these foreign countries it is used very largely for making the best bread furnished.

Say, John, these 320 acres of Macaroni Wheat are turning out over 80 bushels per acre.

A GREAT DROUGHT RESISTER.

But more especially does this Wheat come into play in this country in the dry, arid, alkali, hot regions of the United States. Take the Dakotas and Western Nebraska and Kansas and Colorado and Montana and Arizona, Wyoming and Texas—in fact, in any of these states and every other state of the Union this Wheat can be grown and will return yields far beyond the average spring or winter Wheat known today. On our own lands in Dakota we have repeatedly had from 40 to 80 bushels per acre. It does magnificently in Texas, and a large list of our customers have grown same in that state, using it mainly for food purposes. In Dakota and other states, where it has been grown in Russian settlements for the past years, it is ground in the local custom mills for flour, and no other will be used when once tried. It is a wheat that gets along with less moisture than any that we know of, and the yield is always very good. The straw is strong and healthy, and seldom troubled with any of the insects that affect other Wheats. Rust is also unknown on Macaroni Wheat. It will do well, we think, in any State or Territory of the Union, though it is best adapted to soils rich in humus and containing a good portion of potash, phosphate and lime. The U. S. Department of Agriculture says that the Macaroni Wheat stands foremost among all Wheat groups in its excellent adaptation to regions of intense heat and drought. It is a Wheat well worth a trial everywhere, and we urge upon our farmer friends to get 2½ bushels and plant an acre.

RUST PROOF.

Grand Macaroni Wheat! Noble Macaroni Wheat! You are the only Wheat that defies the black rust, that fearful scourge that did untold damage to the Wheat fields of Minnesota, Dakota and the great Northwest. Marvelous Wheat, Macaroni! You are the wonderful Wheat defying all climates and climatical conditions and sickness, disease, insects and rust; yes, you defied everything and brought easily a yield that astonished everybody, bordering on to marvelous. You made acre after acre produce throughout Minnesota and Dakota, throughout Kansas and Iowa, 30, 40, 50, 60, 70, yea, 80 bu. per acre! You did it with such ease, all on account of your wonderful stooling quality, your great vigor, your marvelous health and freedom from all disease. Great, Marvelous, Macaroni Wheat!

FOR MIXING.

Millers in great centers and elsewhere are buying this Wheat and are using it for mixing it with Fife and the Blue Stem Wheats. They are doing this largely, although they are keeping it quiet, because in this way the price of Macaroni Wheat is kept below the No. 1 Fife and Blue Stem Wheats. Before long Macaroni Wheat will be more largely grown than any other variety on account of its absolutely sure yield, its big yield and its fine wheat.

In Russia, hogs, cattle and poultry are kept in a healthy growing condition and fattened on Macaroni Wheat. Indeed it takes the place of corn, and furnishes food of superlative value. It positively makes the growing of hogs possible in almost any state in the Union especially in the hot, dry, arid regions and far north, where corn will not grow. Take Montana, Wyoming and Idaho, and a dozen other states and territories can now grow thousands upon thousands of hogs and sheep and poultry and fatten cattle, at a cost as cheaply as the corn-favored farmer of Iowa, Nebraska, Kansas, Illinois and other states. We hope you will give this a thorough trial.

PRICE OF SALZER'S STRAIN OF MACARONI SPRING WHEAT.

Pkg., 10c; lb., 25c, postpaid. By freight, pk., 60c; ½ bu., \$1.00; bu., \$1.35; 2½ bu., \$3.30; 10 bu., \$12.50; Sacks, for each 2½ bu., 18c each.

SALZER'S ASSINIBOIA FIFE SPRING WHEAT.

Here is the wheat for you, Mr. Farmer. Next to your unapproachable, vigorous, hardy, high grade, remarkably heavy yielding Salzer's Marvel Wheat, comes Salzer's Assiniboia Fife. This sort comes from the Assiniboia Valley, where it has been grown for years, always ripening and returning heavy yields. Indeed, the party from whom our seed stock was purchased assured us that his yield NEVER WAS LESS THAN 30 TO 40 BUSHELS PER ACRE, often reaching 50.

Price of Salzer's Assiniboia Fife: Pkg., 5c; pk., 50c; 1 bu., \$1.50; 2½ bu., \$3.50; 10 bu., \$13.50.

HAYNES' PEDIGREE BLUE STEM WHEAT.

Mr. Haynes took first prize at the World's Fair on this Wheat. So much has this Wheat been improved that it has increased the number of kernels abreast in the spikelet from three to four, with the fifth kernel commencing to make its appearance. The length of the head has increased one-third, and the berry much improved in uniformity of color and hardness. This Wheat we know is A No. 1, and our farmer friends will do well to give it a thorough trial the coming season. Pkg., 10c; lb., 30c, postpaid; by freight, pk., 50c; ½ bu., 75c; bu., \$1.50; 2½ bu., \$3.50; 10 bu., \$13.50.

New Spring Wheat. Minnesota No. 163.

For twelve years Professor Hays of the Minnesota Experimental Station has been engaged in the scientific breeding of Wheat, the object being to secure a perfectly healthy variety that would give an increased yield. Of the many crosses obtained within the past twelve years, the one sent out by the Station as Minnesota No. 163, takes high rank.

Average for six years.
Haynes' Blue Stem.....24.4
Minnesota No. 163.....29.2

By freight or express, at purchaser's expense, pk., 50c; bu., \$1.75; 2 bu., \$3.25; 10 bu., \$15.00.

Write for special prices on any wheat desired; state quantity wished.

New Spring Wheat. "Minnesota No. 169."

In this we offer the second new Wheat originated at the Experiment Station. It is a progeny of Haynes' Blue Stem. Its yield, as compared with the parent variety, is:

Average for four years.
Hayne's Blue Stem.....22.5
Minnesota No. 169.....28.3

This comparison with its parent, which is a superior variety, tells the whole story as to yield. In quality it proved in milling tests equal to the best. Pk., 50c; bu., \$1.60; 2 bu., \$3.00; 10 bu., \$14.50.

Hogs and Cattle Fatten and are healthy and happy on Macaroni Wheat and Teosinte for Green Food.

EMMER OR SPELTZ.

Ye Sons of Man, lend me your ears while I relate a narrative of thrilling interest. In a little province in Austria, there are found fat cattle, fat poultry, geese, horses, sheep, pigs, yes, every animal seems fat, happy and healthy. Over in Germany, in one of the biggest farming districts, we found the same thing. So conspicuous did this appear that we sought the cause. What is it? we queried.

SPELTZ OR EMMER.

That funny cereal; no, that grand, glorious, magnificent cereal. It is not oat, nor wheat, nor barley, nor rye, nor corn, nor spurry, nor hog peas, nor timothy hay, but a golden combination of all of them. How we wish at this moment we had the eloquence of a Henry Clay, the matchless word-painting of Carlyle, the brilliancy of Chauncey Depew, to depict to you, Mr. Farmer, the untold value of Speltz, this great combination of food.

A. E. Steen, S. Dak.—"God bless Salzer Seed Co. The 40 acres Speltz I sowed on your urgent request has saved me from ruin! The drought ruined everything here, but I have enough Speltz food to keep all my cattle, hogs, horses, etc., until another year. Salzer, I thank you from the bottom of my heart."

Jacob Pfugfelder, Maple Park, Ill., says, "What is it (Speltz) grew enormously. I never saw anything like it. It yielded at the rate of 90 bushels of seed and nearly 8 tons of hay per acre."

Blanchard Brothers, Chaffee Co., Colo.—These boys are bright farmers, and they write under date of Oct. 7: "We have just threshed 162 bushels of Salzer's Speltz from the 100 lbs. of seed you sent us last spring. We are highly pleased with it. The neighbors all think it marvelously wonderful. Nearly all of the 162 bushels sold at \$2.00 for seed. Speltz and Alfalfa are our money-makers. We expect to order several barrels of potatoes from you."

Frank A. Woodfill, Jefferson Co., Ind., says: "I grew on ordinary soil 55 bushels of Speltz to the acre."

Fred Wolf, Chadsworth, Ill.: "Speltz has been the wonderment of the neighborhood, as well as the farmers who passed our place, as I planted the seed right along the fence. It is enormously prolific."

Hon. H. F. Hunter, S. D.: "Speltz, Salzer, is Speltz, and Speltz, Salzer, beats the band; in other words, Speltz, to my mind, is the most profitable hay and grain food combined on earth. Your Bromus is immense, your Victoria Rape is marvelous as a green food, but Speltz, Salzer, beats them all!"

"TEN THOUSAND POINTS.

Why? you ask. I'll tell you. Speltz is good for pasture; Speltz fattens in the green state; Speltz, as a green grass hay food, gives often 100 leafy stalks from one seed, so heavy a stooler; but that is not all; Speltz as a hay—dry—is immense. First, you thresh

50 to 80 bushels of grain, equal to corn, or barley, or oats, or rye, or peas, or wheat as a food; and then comes four to six tons of straw hay, equal to timothy. Speltz, Salzer, beats the band. It's the perfection of food for cattle; hogs yell for the food, cows jump a six-foot fence to get at the straw hay, horses fight for it, sheep delight and fatten on it, poultry relish the grain—I tell you, Salzer, Speltz is the greatest dry food on earth! I shall sow 100 acres next year for my stock. If I sow Speltz for two years I can wear diamonds and silk underwear." (He's wearing them now on one year's Speltz and Bromus crop!—Salzer.)

JOHN A. SALZER SEED CO. SAYS:

Speltz is a cereal to sow. We recommend same heartily. We endorse same without qualifications. When we tell the farmer it's safe to sow Speltz anywhere in the United States, he believes it. We never fool the farmer. We know whereof we talk. We farm in five different states ourselves. To make farming pay one must be alert and awake. We try every seed under the sun. Speltz surprised us in Europe. It astonished us. We brought it to America. Here it completely captured us. Now, if you have an acre of land upon which you wish to grow 40 to 80 bushels of rich cereal food and four tons of rich straw hay, then order without fear, in full confidence, 50 to 60 pounds of our Speltz.

IT'S THE RICHEST FOOD THAT'S OUT.

How Nature takes care of man! Just look at it! Several years ago the fattening of hogs in Dakotas, Montana and the North was thought impossible. Then came Salzer's Beardless Barley, Hog Pea and Speltz; these are three things which make it possible to fatten hogs anywhere on earth, and do it as cheaply, if not cheaper and better than with corn! Speltz is a richer food than corn. For fattening cattle and swine it is unapproachable. It cannot be beat. It fattens. It does this easily and well, and makes the best kind of pork and beef, and so cheaply! You can grow it anywhere, where wheat or oats grow. Speltz will also thrive. Try it this year, Mr. Farmer, and be happy. Everything eats it and grows strong and healthy and fat. Try it this season. It will surprise and please you. Try Speltz, Rape, Bromus, Billion Dollar Grass and Amber Cane, and you have the greatest foods on earth!

CULTURE OF SPELTZ (EMMER).

The culture of Speltz is simplicity itself. It's just as easy as the growing of oats or corn. Prepare your land as you would for wheat or oats, and sow at the rate of 50 to 62½ lbs. per acre. In the green state it makes an excellent pasture. Cut when grain is past the middle stages of milk, when it will make splendid grain and lots of straw hay of excellent quality. Thresh like wheat, only not so closely. The hull and kernel can then be fed or first ground. We know what we are doing when we urge you to try it heavily, sowing from one to ten acres. It is a grain to sow for profit. Your chickens and geese, your horses and colts, your cows and calves, your sheep and swine, all will eat it eagerly and flourish. It's as easily grown as Oats. It's as profitable as anything we know of in the grain line. The hull and all can be ground into food so rich, so nourishing, so appetizing, that your stock will fight for it. Every state in the Union will raise it during this year. Speltz is one of those things we love to endorse, delight in urging you to plant, because we know it will satisfy you fully and completely. Have you noticed the price of Speltz? Only \$3.00 for 125 lbs., sufficient to fully sow two acres. That's the way we do. We place the price so low that you can afford to try it abundantly. We know trying it will make you a steady planter of Speltz and you will, like happy Harry Hunter, "wear diamonds and silk underwear," because Speltz will bring your stock into fine, fat, healthy condition.

PRICE OF SPELTZ (Emmer):

Price: 1 lb., 25c; 3 lbs., 60c, postpaid; by freight, 50 lbs., \$1.30; 62½ lbs., \$1.50; 125 lbs., for 2 acres, \$3.00; 500 lbs., \$10.00.

SALZER'S PROLIFIC SPRING RYE.

This magnificent Rye is of recent introduction, and it has proved to many of our farmer customers a better money-maker, a surer money-maker, a bigger money-maker, and an easier money-maker than any other cereal planted, as good Spring Rye brought as good a price as Wheat and yielded from 10 to 30 bushels per acre more. It is a magnificent sort. It can be used as a catch crop in case other crops fail. The price is seldom below 60c per bushel, while the yield rarely falls below 40 bushels per acre. We have but 3,800 bushels of this Rye, and we request all our farmer customers who want the best thing in the cereal line to be had, to order early, as it is the early bird that catches the Rye, as later on in the season it will surely be sold, and you cannot get any unless you order early. Some of our stock was grown on oat stubble, and a few oats are occasionally seen in the seed. This is no detriment to the yield. We are sure it will please you. It can be sown at the same time when Spring Wheat is sown, at the rate of about one and one-half bushels per acre.

AS A CATCH CROP.

We sowed some of our Sure-Cropping Prolific Spring Rye on Winter Wheat that had died out, waiting until almost May, and found it did splendidly. It gave us a yield of over 40 bushels per acre. It is one of the very best things to sow for a catch crop, as it always gives good yields. When Rye is cut we sow either 2 lbs. Victoria Rape or 1½ lbs. Turnip Rutabaga seed per acre, or Thousand Headed Kale, and run a harrow over it. That pays 50 fold.

PRICE OF OUR PROLIFIC SPRING RYE: Pkg., 10c; 1 lb., postpaid, 30c; by express or freight, pk., 60c; bu., \$1.50; 2½ bu., \$3.50.

ST. JOHN'S RYE.

In Germany this is a spring Rye, sown in April; soon it stools and produces a great crop of magnificent Rye, often yielding as high as 60 bushels per acre. Sown in the fall of the year it quickly stools out, furnishing fall pasturage, and then again as soon as the snow leaves in the spring it comes into fine play as a pasture, and after that it would be ashamed with anything less than 40 bushels fine Rye per acre!

Price: Pk., 60c; bu., \$1.65; 2½ bu., \$4.00.

BILLION DOLLAR GRASS. (Panicum Crussgalli.)

From Japan, that mysterious country, which is furnishing (and has furnished in the past) many rare fruits and vegetable and farm seeds, comes this remarkable grass—remarkable in a hundred different ways, for there is nothing known to man to-day that is more luxuriant, more wondrously prolific, more marvelously rich and vigorous in growth than the **Billion Dollar Grass**. A number of years ago we obtained a small supply of seed, and for trial sent out a bushel to Mr. Hoffma, one of the most careful farmers in the country. When we say that he is a Hollander, it means that he is fond of cattle, horses, poultry, swine and sheep, and that he, being a Hollander, is accustomed to having the very best that earth can produce on the farm. He, himself, is a long giant, measuring over six feet, but this **Billion Dollar Grass** towers head and shoulders above him. We think it was he who suggested the name "**Billion Dollar Grass**." It was his idea that if the farmers of America would all sow from 5 to 10 acres of this remarkable Grass, they would be worth

ONE BILLION DOLLARS MORE

SALZER'S
BILLION DOLLAR GRASS

every year they so sowed. This seems a startling statement, and when you read this you may think we are trifling with the truth, but hold on a minute, let us explain; let us get at the bottom of the facts; let us see whether this is not the truth, whether the farmers would not be worth **one billion dollars** more if they sowed from 5 to 10 acres of this remarkable Grass. Prof. Brooks, of the Massachusetts Experimental Station, says: "At our station it produced 67 bushels of seed, 11,297 pounds of straw, 36,000 pounds of green fodder, 12,000 pounds of hay per acre, being superior to good corn fodder in feeding for milk, and in combination with the Soja Bean (or Cow Pea or Pea) makes very superior ensilage." Prof. Brooks found by alternating the **BILLION DOLLAR GRASS** cut from day to day and fed green to cows with well-eared Flint Corn Fodder, that the cows invariably increased in milk when put upon it, and fell off when changed to corn alone.

Is not this a remarkable statement, as everybody gives to well-eared Flint Corn Fodder the right-of-way? But here the **Billion Dollar Grass** surpasses it at every point.

A REMARKABLE GROWER.

It is truly the most marvelous grower, the most luxuriant stooler that we have ever seen. Just imagine a field sown to **Billion Dollar Grass** with every spear of it over 6 feet tall, yielding—depending upon the soil—from 26,000 pounds to 50,000 of as rich, green fodder as the world has ever seen. Men talk about hard times, but positively hard times must vanish on every farm where **Billion Dollar Grass** is sown. There is reason for it; you can get two or three rich crops from the same annually; and then a big lot of fodder besides. If you sow early, you will get from 26,000 to 50,000 pounds of fodder, which you can put in your silo or cure for hay and the **Billion Dollar Grass** will quickly spring up again and give you another yield that will astonish the country. This can be cut again for hay; then the field will give you pasture all fall long, and horses and hogs and sheep and cattle and poultry will eat it greedily.

FEEDING VALUE.

Here is where the **Billion Dollar Grass** comes into grand play, and should be fed principally as a hay or as ensilage, as it ranks well with other Grasses in the nutritive contents and palatability, while for digestibility it compares favorably with that of other coarse grasses. Prof. Williams, of the United States Department of Agriculture, says: "Already widely grown as a hay crop, it deserves more general use for soiling, as this Grass is of particular value for feeding to dairy cattle

young stock and sheep. The **Billion Dollar Grass** (*Panicum Crussgalli*) in many sections of the country can be made a supplement for pasture in such a way as to allow a material increase in the number of stock that can be kept on the farm. On account of the extra heavy yield of forage and good quality of product, the **Billion Dollar Grass** is most excellent for silo use, as frequently a good crop can be raised under conditions which would not admit the growing of corn for ensilage. The **Billion Dollar Grass**, if compared with seed and forage, will run ahead of Timothy. The seed contains almost as much fat and extract matter as shelled corn, a little more protein and about four times as much crude cellulose."

POULTRY, GESE AND TURKEYS all relish the **Billion Dollar Grass** in the green state, and keep healthy and happy and fresh on the seed thereof when fed during the fall and winter months.

HOGS AND THEIR FAMILIES—Well, well, how the hogs grunt and give that contented swag of the tail when they can pasture on the **Billion Dollar Grass**, and then if you wish to fatten them, give them daily rations of the seed. Remember, this Grass will produce from 40 to 100 bushels of seed per acre. This fed either ground or coarse makes excellent food, although it is inclined to be slightly laxative.

COWS, CALVES AND HEIFERS look with pleasure on the **Billion Dollar Grass** pasture and feed in happy contentment upon its luxuriant swath and glory in the **Billion Dollar** hay, especially if fed along with Cow Pea hay or Pea hay or grain. Try it this season, and if you do not wish to make hay out of it, fill your silos therewith and watch the cattle eat same.

HORSES, MULES AND THE LIKE jump over a 4-foot fence to get at the **Billion Dollar Grass**, and they will fatten and keep healthy thereon. They will eat the hay, although not as eagerly as cattle.

A QUICK PRODUCER.

It will produce a hay crop in from six to ten weeks, anywhere; and if sown the latter part of April will be ready to cut the middle of July for hay, attaining the height of (according to the richness of the soil) from 5 to 7½ feet. It is pre-eminently the grass to sow if you are going to be short on hay for your cattle and sheep. Indeed, the hay crop of the United States in the past year amounted in round numbers to \$700,000,000. Now, if each farmer will sow only 5 acres of the **Billion Dollar Grass**, they could raise enough more cattle and hogs and sheep and horses and poultry to be worth more than a **billion dollars** to the farmers of America. On our own grounds, a rich black sand, it was fit to cut

TESTIMONIALS.

Jacob Baer, Faulkner Co., Ark.: "Billion Dollar Grass is immense. Seed came up 3d day. When 6 feet high I counted one stalk that had 69 sprouts. It is a tremendous stooler. I cut it and immediately it began to grow again, and is now 2 feet high. It would easily have made 6 tons of hay per acre."

Jas. A. Leppo, Carroll Co., Md.: "I am greatly pleased with the **Billion Dollar Grass**. I believe it will be a good thing in this country. It was from 5 to 6 feet high when I cut it the first time."

George A. Wright, Orleans Co., Vt.: "Billion Dollar Grass is a great grass for yield, easily making 6 tons of hay per acre. It is a quick growing grass. Stock like it very much. I wish every farmer would try it."

J. E. Park, Marshall Co., Tenn.: "I planted Billion Dollar Grass June 15th; July 20th, in 35 days, it was ready to cut—5 feet high. It is a splendid grass. I want enough for 5 acres."

George Merchant, Iron Co., Wis.: "The **Billion Dollar Grass** is something immense. I sowed it in June and cut it two times, and it was 5 feet high each time; and now, Sept. 13th, it is again 5½ ft. tall, which I will cut for the third crop of hay. Now it makes 15½ feet that it has grown since early June. At that rate it will make 12 tons of magnificent hay per acre."

A. C. Atwood, Holt Co., Neb.: "Billion Dollar Grass is a grand grass, a quick grower and a tremendous cropper. I like it."

H. Belaski, Champaign Co., Ill.: "I was well pleased with the **Billion Dollar Grass**. It grew to a height of 6 feet and made excellent hay. It is just O. K."

David Daniel Tucker: "Consider it the greatest grass of the century. Of course, Bromus Inermis is miles ahead on account of its permanency and annual increase in richness; but for an annual—one to sow in May and reap in July and cut again in August, and mow another time in September and then feed all fall long, sir—for such a grass there is nothing like **The Billion Dollar Grass**. It is great in stooling properties, quick in growth, abundant in leaves, and rich in quality. I sowed at the rate of 20 pounds per acre, which amount proved very satisfactory. It is truly the greatest, quickest-growing grass of the century."

Houchin Bros., Spink Co., S. Dak.: "Billion Dollar Grass takes the cake. It will yield easily under irrigation, 8 tons of hay and \$20.00 worth of pasture besides."

H. H. Dossel, Cass Co., N. Dak.: "I like the **Billion Dollar Grass**. Its growth was detained on account of the early summer drought; however, it is to-day 5 feet high, of excellent hay. Three acres of such Grass would be worth \$50.00 to any diversifying farmer."

"Good luck is with each planter of Salzer's seeds."

for hay inside of six weeks—that is, it was 5 feet tall. We prefer to cut same when about that height, as it is easier handled. Just stop and read George Merchant's letter, found above.

CULTURE OF THE BILLION DOLLAR GRASS.

Everybody reading the above regarding this wonderful Grass, will wish to know its best method of cultivation. If you wish very fine leafy hay, and have strong, rich ground, sow at the rate of 20 pounds per acre; but if your soil is but moderately rich, then sow at the rate of 12 pounds per acre. This latter is the amount we ourselves sow, and find same very satisfactory. It can be sown at different times of the year, especially if you wish same for pasture, or if you are short of hay. It can be sown in April, in May, in June, in July, and even in August, and will return glorious, heavy crops.

FOR SEED—Let the **Billion Dollar Grass** get thoroughly ripe; cut and thresh as you would Timothy. The fool value of the seed is remarkable—that is, it is as rich and nutritious as any of the other Panicum family.

FOR FOOD—All rich, luxuriant growing grasses and forage plants must be fed in the green state moderately at first. The **Billion Dollar Grass** (or *Panicum Crussgalli*) is one of those rich, magnificently luxuriant growing grasses, therefore you should turn in hogs and cattle and sheep and horses at first moderately, after they have had a good feed somewhere else, and then gradually accustom them to this. It is on the same plan as hungry stock turned into rich clover would find harm—yes, possibly death; so they might in the **Billion Dollar Grass**, or any other rapidly growing food. Turn them in at first moderately, and you can soon permanently.

FOR HAY—Cut just when in bloom—rather sooner than later, as it makes better hay without the seed heads than with them. The hay is then healthier and of finer quality. We prefer to cut **Billion Dollar Grass** when but 5 feet high; and in curing, we treat as we would a rich field of clover.

PRICE: Big pkgs., 10c; ¼ lb., 20c; 1 lb., 25c, postpaid; by freight, pkg., 10c; 1 lb., 15c; 12 lbs. for \$1.20; 20 lbs. for \$1.75; 50 lbs. for \$3.00; 100 lbs., \$5.00; 250 lbs., \$12.00.

5. SALZER'S EARLIEST RUSSIAN MILLET.

Go to the ends of the world in search of a Millet that is superior, that is earlier, that is finer, that is richer in quality, that will make better hay, that will do better on a farm, that will give you handsomer results and more pleasure—we say, go to the ends of the world in search of such a one and you must come back to us, because nowhere will you find one that is superior to our Earliest Russian Millet. Now, we have scoured the world for fodder plants, for millets, for grasses; we know whereof we speak, when we say that Salzer's Earliest Russian Millet beats anything and everything that we have ever seen in the millet line.

Its strong points are these: It is about three weeks earlier than German or Common Millet, wondrously prolific, has great stooling habits, is very leafy and bushy and full of rich green blades; one kernel has been known to produce fifty fine, strong stalks, just the size that are in great demand and eagerly eaten by cattle. On our own grounds a thirty-acre piece, under irrigation, produced 100,000 pounds of seed and it is not an uncommon thing to cut six tons of hay per acre.

This Millet, like no other Millet, stands the hot, dry winds of the Dakotas, the burning prairies of Kansas, and flourishes on the heated soils of Western Nebraska and Colorado. Sow from 10 to 25 lbs. per acre.

Price of Earliest Russian Millet:

1 lb., by mail, 25c; by freight, 10 lbs., 60c; 50 lbs., \$1.90; 100 lbs., \$3.00; 2½ bu., \$3.50. Sack, 18c.

5 GOOD MILLETS.

1. German Millet.

Cows, horses and other farm stock are exceedingly fond of it, eating it with much relish. Makes a magnificent hay, and is very cheap, as it yields from 3 to 5 tons per acre. Salzer's Superior: by mail, pkg., 5c; lb., 20c; by express, lb., 10c; bu., \$1.25; 2½ bu., \$2.95; 5 bu., \$5.50. Prime to Choice, bu., \$1.10; 2½ bu., \$2.50; 100 lbs., \$2.50; sack, 18c.

2. Hungarian Grass.

Luxuriant, vigorous and leafy to an extreme barely imaginable. Unexcelled as a hay producer; all cattle relish it; Grown in enormous quantities in all States where grass is short. Can be sown as late as July. Pkg., 5c; by freight, pk., 50c; bu., \$1.35; ½ bu., \$3.25; 100 lbs., \$2.75; sack, 18c.

3. Salzer's Dakota Grown Common Millet.

We hold letters as follows:

"MR. SALZER: Last spring I sowed 5 bushels of your Dakota-grown Common Millet, 6 bushels I received from St. Louis and 6 bushels from an Illinois seedsman. I did this to test the value of the different lots. I was a trifle prejudiced against you, because I thought you talked loud in your catalogue about yield, etc., but I confess here, that every word you say about yield is true. The 5 bushels from you gave me more fodder and hay by fully one-third than I received from any of the others, although I planted an acre more of each of the other kinds." Price of Salzer's Superior Common Millet: By freight, pk., 50c; bu., \$1.20; 2½ bu., \$2.90; 100 lbs., \$2.50; sack, 18c.

4. Broom Corn or Hog Millet.

A magnificent Millet, splendid for bird seed, but grander still for hog fattening. Hon. F. H. Smith, among others, says: "I had 31 hogs which I raised and fattened on Millet Seed. They made an average weight of 524 lbs. on this food, and I fattened one hog that weighed 931 lbs. Price, bu., \$1.10; 2½ bu., \$2.50. Sack, 18c.

SAND OR HAIRY VETCH

15 TONS GREEN FORAGE PER ACRE

50 DAYS FROM PLANTING

SALZER'S SUPERIOR SAND VETCH.

There was no patch more eagerly sought and more carefully noticed by thousands of farmers who visited our Dakota farms than our Superior Sand Vetch. It was worth coming miles and miles to see. It was sown in May, but soon covered the ground and kept on growing and blooming and growing, surprising everybody. The yield must have been something like 7 tons per acre. To show how rapidly it grows—we put a sample in our green house in pure sand, and in 7 days after sowing it was 10 inches tall, without a drop of moisture either in the sand or applied to it after sowing.

James M. Stone, Forestville, N. Y., October 9, has this magnificent testimonial on Salzer's Superior Sand Vetch: "Your Sand Vetch is immense. Took two plants to the Dunkirk Fair. It excited great curiosity. Standing on a chair and holding it by the roots as high as I could reach, the tops still dragged on the ground."

R. Walburger, Camden County, Mo., says: "Wonderful is Salzer's Sand Vetch. Planted in May and only two little rains, yet it grew 7 to 8 feet tall. Everybody came to see it and praise it. Other grasses and forage plants were too small to cut, but Salzer's Sand Vetch is immense. The Department of Agriculture at Washington estimates the value of a plowed-under crop of this Vetch as equivalent to putting into the ground \$16 to \$45 worth of commercial fertilizer to the acre. It is one of the first plants to start into growth in spring, covering the ground with a heavy crop early in May."

PRICE OF SALZER'S SUPERIOR SAND VETCH (Quick Growing):

Pound, 25c, postpaid; by freight, 1 lb., 15c; 10 lbs., \$1.25; 30 lbs., \$3.00; 50 lbs., \$4.50; 100 lbs., \$8.50.

SPRING VETCH—An annual not so prolific as our Superior Sand Vetch. By freight, lb., 10c; 10 lbs., 75c; 20 lbs., \$1.25; 100 lbs., \$5.00.

it or not and kept right on growing. It did not have any rain for 10 weeks, but the 26th of July we had a good rain. Now, you think it is not growing, but it is. One stalk of it grew 11 inches in 36 hours. On one plant, raised from 1 kernel of seed, I got 64 strong, bushy stalks."

RICH PASTURE IN FOUR WEEKS.

"JOHN A. SALZER SEED CO., La Crosse, Wis.—Gentlemen: The 15th of May I noticed that I would be short on fodder, and I looked about anxiously what to do. I came across one of your catalogues. I read your description of Salzer's Teosinte and Billion Dollar Grass. I felt that in these two I saw the solution of my fodder question. I immediately ordered 6 lbs. of Teosinte, sufficient for three acres, and enough Billion Dollar Grass for seven acres. I sowed the 6 lbs. of Teosinte June 4th on a piece of thoroughly cultivated, warm, rich sandy land. My surprise knows no bounds, and my pleasure at that fodder cannot be expressed. In less than four weeks, I had more fodder than I could possibly use. Each kernel came up and seemed to produce 50 heads of the richest, most succulent food I ever saw, and no matter how I would cut it or the cattle would pasture it, it would come, and come, and come again. It has given me endless pleasure this year. The seven acres of Billion Dollar Grass I simply let go to hay, as I got sufficient fodder on the three acres of Teosinte."

"Long live Salzer and his splendid Fodder Plants!"—Joseph Merten, Alexander Co., Ill.

IN 26 DAYS.

"I read your description of the marvelous Teosinte, so on June 20th, I ordered ¼ lb. seed. In just 26 days from sowing it was 16 inches tall. Hereafter I'll believe anything your catalogue says."—G. O. Ousey, Hamilton County, Ohio.

CULTURE OF TEOSINTE.

We would advise sowing same in rows 2 feet apart, and the hills far enough apart to work. It wants plenty of sunshine and cultivation, and then it will grow so rapidly that it will soon cover a whole acre and look like a dense forest. It can be cut with a reaper and fed in the green state, or it can be dried and makes a magnificent fodder for cattle during the long winter months. There are unlimited possibilities for our annual fodder plant, Teosinte, and we know if you will give it a trial, that it will more than pay you another year. Just try and grow this for your cattle and hogs. You will be surprised how they will relish it, and what a tremendous amount of fodder and food you will get out of an acre for them.

PRICE OF SALZER'S LUXURANT TEOSINTE:

Price: Pkg., 10c; oz., 15c; ¼ lb., 35c; ½ lb., 65c; 1 lb., \$1.00; 2 lbs., sufficient for 1 acre, \$1.90; 10 lbs., \$9.00

PENCILARIA.

This plant has been heralded from one end of the earth to the other as the greatest forage plant, as the most wonderful fodder plant, as a marvelous hay producer this side of the stars, indeed, several salesmen have lauded the merits of this plant until one stands bewildered and asks, what next? On our own farms it has done exceedingly well, and we recommend for same a thorough trial, as it requires but very little seed. We know farmers who have planted several acres, and who would not part with this wonderful forage plant. It is a tremendous stooler and in its quality resembles our marvelously prolific forage plant, Teosinte, though by no means so prodigally prolific, so rich in nutrition, so fabulous a yielder both in quantity and quality of net food matter. In this matter Teosinte stands alone, but alongside of Billion Dollar Grass our Pencilaria makes a fair showing.

It should be planted two or three feet apart in the row and the rows about 3½ feet apart. Cultivate two or three times if possible, and by that time the sight will astonish the beholder, and you will marvel at its luxuriance and you will dream that you are in the tropics, but your wonder will but then begin. As you watch it grow until it has reached 12 or 14 feet and densely covered your land, you will surely believe that you are finding your way through Central America tropical bottoms! It will average 40 rich, juicy, leafy stalks to the plant, which will be covered with seed heads 12 to 24 inches long. The seed makes good food for poultry, and ground for cattle cannot be beat. Sow same as early as you would Indian Corn. The usual way of growing it, however, is to mow the crop when 3 to 6 feet high, and it will immediately start again and can be mowed four to six times during the season. It is greatly relished by all kinds of stock, either in its green or dry state. Sow seed very thinly in drills 24 to 36 inches apart. Every farmer, and in fact, every one who keeps cows, horses, and hogs, should try it if they wish to grow an immense crop of fodder cheaply on a small amount of ground.

SALZER'S MARVELOUSLY PROLIFIC PENCILARIA

PRICE OF SALZER'S PENCILARIA:

Pkg., 10c; oz., 15c; ¼ lb., 20c; ½ lb., 26c; 1 lb., 45c, postpaid. By express: 1 lb., 35c; 5 lbs., \$1.25; 10 lbs., \$2.00; 50 lbs., \$8.50.

PENCILARIA—THE WONDER!

SALZER'S TEOSINTE.

Come here, my friend of rich, quickly produced fodder, and listen with me: "Shades of Egypt!" we hear some one ejaculating while he is looking at the illustration of this most marvelous plant, and magnificent it is in every respect. It comes to us from the rich, fertile plains of the Nile, where travelers tell us, the enormous yield of 300 tons of green fodder per acre is not uncommon. This is what it does in Egypt. What does it do in America? Almost equally as well. Give it a rich, warm, balmy soil and it will yield from 100 to 150 tons of green fodder per acre. It is simply marvelous. Down in Georgia, in Florida and North Carolina its yield is all the way from 100 to 200 tons of green fodder per acre. It grows to a height in those states of 18 feet, while a single kernel will produce from 60 to 100 stalks of the most nourishing green fodder imaginable. Our test in the North gives it an average yield of about 50 tons of green fodder per acre. On our own grounds at La Crosse, where the soil is sandy and warm it yielded at the rate of fully 60 tons per acre, sending forth from 20 to 60 shoots from one kernel of seed. We will call up a few farmers as witnesses:

Joe A. Noble, Caddo, Ky., says: "I am well pleased with Teosinte as a fodder plant. I grew from 1 kernel of seed 113 stalks, 14 feet high. That is immense."

Merritt Daniels, Arborville, Neb.: "Your Teosinte is grand. I have a great growth, 30 to 50 stalks from 1 kernel. Some hills planted to 2 kernels have 50 to 100 stalks. Horses, cattle and hogs eat it greedily and will leave any other green fodder for it."

11 Inches in 36 Hours.

John Uhrin, Coesfield, Texas, says:

"Your Teosinte is simply immense. It did not seem to care whether the drought struck or not, but the 26th of July we had a good rain. Now, you think it is not growing, but it is. One stalk of it grew 11 inches in 36 hours. On one plant, raised from 1

RAPE—DWARF VICTORIA.

Glory enough! Sound the trumpet, clash the cymbals! Shout for joy, clap your hands, break forth in loud hurrahs! Sheep raising right here in Wisconsin is now just as possible and just as profitable as in any state in the Union—yes, as in any place on earth. "What do you say?" I hear a doubting farmer remark; yes, we repeat it again, so you may surely get the full importance of this grand truth: Sheep and swine raising can now be as profitably conducted in Wisconsin, Dakota, Michigan, Minnesota, etc., as in any place on earth! How? Four things have done it, and the Salzer Seed Co. did it! 1st, Dwarf Victoria Rape; 2d, Bromus Inermis; 3d, Salzer's Speltz, the great grain food; 4th, Bismarck Hog Food Pea. These are the four plants that make it absolutely sure and possible to grow sheep as successfully in Wisconsin or any other state as anywhere on earth, and the Salzer Seed Co. are the introducers of all four of these great plants.

Rape as a Pasture.

Rape is unequalled as a pasture for sheep in the autumn; as a fattening food in the field it is without a rival in point of cheapness or effectiveness.

The sheep that pasture upon it do the harvesting in the most effective manner and with but little cost to the owner. When Rape is established as a pasture, the necessity for sending sheep and lambs to market in a lean condition will be removed.

Cattle may also be pastured upon Rape, but through treading they destroy and waste it in a considerable degree. Because of this it is better to remove them to an adjoining pasture when they have satisfied their wants. The results are usually very satisfactory when they are pastured upon it in the day only and fed in the stable or shed in the morning before going to the Rape pasture. This is an excellent way of making Christmas beef. Rape will keep a long time in early winter in heaps like shocks of hay. When thus put up at the approach of winter, it may be drawn and fed as desired.

Rape as a Catch Crop.

Rape is particularly adapted for being grown as a catch crop, as, like the turnip, it grows better late than earlier in the season. When a grain crop, therefore, has failed from any cause whatsoever, there is ample time to plow the land and sow Rape upon it (at the rate of 5 lbs. per acre).

What Does Rape Do in America?

Professor Shaw, of the Minnesota Agricultural College, reports on Rape: "On 54 acres Rape, after Winter Rye had been removed, 537 sheep and lambs were fattened thereon; 18 steers fed thereon for 59 days, and several acres were uneaten when winter set in."

*** Further, 1 acre of Rape will pasture 10 to 16 lambs 2 to 2½ months, when Rye has preceded it. When sown alone, it will pasture 36 head for 2 months. *** That the lowest average gain on lambs fed on Rape alone is 7 to 8 pounds per month." There is a great need of Rape, especially in the fall of the year, when the corn has been harvested, and just before the setting in of winter. Farmers are obliged to depend solely on their pastures, to feed their stock. Now, after the pastures give out, they must begin feeding their hay. Dwarf Victoria Rape does away with all this and gives a luxuriant pasture and a tremendous yield during the months when same is so greatly needed. If sown in May, it grows rapidly and can be cut or pastured the latter part of July. If sown the first half of July it will come into fine play as a fodder in September, October and up to November.

Pamphlet on Rape—worth \$500 to you—get it; costs only 2c postage.

Of Superlative Value.

On our farms we sow Victoria Rape into last cultivation of Corn or on Oat or Wheat stubble at the rate of 1 to 2 lbs. per acre. This gives a tremendous lot of good green fodder by fall, remaining until snow flies. It is immense! It is the biggest yielder imaginable.

Our sale of Dwarf Victoria Rape is something simply enormous. Nine-tenths of all the Victoria Rape seed used in the United States passes through our hands. We are headquarters for this rich, healthy, vigorous Victoria Rape, which is far ahead of Dwarf Essex Rape; but we also have this latter variety, and handle same in large quantities.

\$50,000,000.00

That's the sum a prominent paper claims the farmers of America profited by sowing Rape last season, and the paper further gives to the John A. Salzer Seed Co. the credit of having introduced Rape into every hamlet and village in America.

82,000 Salzer's Victoria Rape Planters the Last Years.

We more than doubled our Victoria Rape customers last season and each one endorses every word we have to say regarding Rape. Just read their emphatic declarations. Don't they do you good? Are you going to stand idle this year or will you follow suit and plant Dwarf Victoria Rape and be happy?

TESTIMONIALS:

Mr. John Van Loon, La Crosse County—"10 lbs. Rape gave me magnificent, luxuriant summer pasture for my hogs all summer long. Its possibilities are unlimited."

Hon. H. F. Hunter, South Dakota—"I thought your Bromus Inermis was the best thing on earth, but for hogs, sheep, cows and poultry, in the green state, your Victoria Rape is out of sight, and for grain and winter hay Salzer's Speltz (see page 110) beats the band! Say, Salzer, Victoria Rape, Speltz and Bromus Inermis will make the farmer rich in spite of himself."

Ex-Governor Hoffman of Illinois—"For cattle, hogs, sheep and poultry, especially for sheep, there is nothing superior to Victoria Rape and Speltz, too."

200 Hogs on 2 Acres.

J. L. Hutchinson, Independence, Kan.—"Your Speltz gave me a splendid yield. Your Victoria Rape is out of sight. I sowed 2 acres in spring, and it fed 200 hogs almost all summer."

B. K. Lovejoy, Minnesota—"Best food for hogs and sheep; I think same is immensely, yes, prodigally, prolific. For grain food, I swear by Speltz."

American Sheep Breeder endorses Rape as a food for sheep, hogs and cattle.

The Rural New Yorker gives unto Rape its unqualified endorsement. The Prairie Farmer takes it up with tongue and pen.

The Farm Journal takes no back seat in pushing Rape to the very front. The Iowa Homestead pushes Rape and Speltz, and writes weighty editorials on Rape.

CULTURE OF RAPE.

Rape may be sown successfully in the following ways, viz.: 1. In the early spring to provide pasture for sheep and swine. 2. In June or July on well prepared land, to provide pasture for sheep, at the rate of 5 lbs. per acre. 3. Along with Wheat, Barley and Rye, using only ONE TO TWO POUNDS of seed per acre, to provide pasture for sheep after harvest. 4. Along with peas, oats, clover seed, to provide pasture for sheep, and to get a "catch" of clover. 5. Along with corn drilled in broadcast to provide pasture for sheep. 6. In corn, sowing the seed with the last cultivation given to the corn, at the rate of 1 to 2 lbs. per acre. 7. Along with Rye sown in August for sheep pasture. When Rape is sown broadcast, 5 lbs. of seed per acre is plenty. When sown in rows, say 30 inches apart, and cultivated, 2 lbs. will be enough.

PRICE OF DWARF VICTORIA RAPE: Pkg., 10c; lb., by mail, 30c; by freight, 5 lbs., 60c; 10 lbs., \$1.00; 50 lbs., \$3.50; 100 lbs., \$6.50.

DWARF ESSEX RAPE.

This is the only variety of Rape sold by seedsmen in this country, and is highly recommended by agriculturists, both in Europe and America, but it is fifty miles behind in yield, in bushy leafy quality, and in vigor of growth and hardness to our splendid, yes, wonderful Dwarf Victoria Rape. The Dwarf Essex we furnish at the following prices: Large pkg., 10c; lb., 30c, postpaid; by freight or express, lb., 15c; 10 lbs., 75c; 50 lbs., \$3.00; 100 lbs., \$5.75 net.

SALZER'S THOUSAND HEADED KALE.

Sow 2 lbs. per acre, and treat similar to Victoria Rape. You will be astonished at the tremendous results you will get from this Thousand Headed Kale, as it is even more productive and luxuriant than Rape, which it resembles in growth and quality.

Price, pkg., 5c; ¼ lb., 12c; lb., 35c; 2½ lbs., 85c, postpaid. By freight, 1 lb., 25c; 2½ lbs., 60c; 5 lbs., \$1.00; 50 lbs., \$8.75; 100 lbs., \$17.00.

SALZER'S SUPERIOR GRASS AND CLOVER SEEDS.

(Write us for Special Wholesale Prices on Clovers, Timothy, etc., if Desired in Large Lots, Stating Quantity Desired.)

(Inoculate your soil with Nitro-Culture—see page 125. It will positively make your Clover grow and double all yields.)

Grass (and Clovers included, of course) is king, for no other product of the land returns such continual paying yields as the meadows and the pastures. We warrant our Grass and Clover Seeds to be of unusually strong and vigorous vitality. Should stocks become exhausted we will fill at market price.

THE HONEST TRUTH ABOUT GRADES.

In the open market among Seedsmen, we find terms as Fancy, Choice, Prime and Fair, by which different grades of Grasses, Clovers and Timothy are known. These have been so much abused that they really mean nothing. Thus, a Seedsmen in Minnesota will grade a bushel of clover as choice. At La Crosse this same clover might be graded as Prime. In Chicago possibly it would bear the name Fancy! For, this reason, ten years ago we established grades of our own, to which we have adhered strictly. Last year we added another grade, the *Twentieth Century*.

Under our grades, therefore, we mean as follows:

1. **Prime.**—Merchants sell this grade of Clover, Timothy and Grasses largely out of their stores as **Prime to Choice**. It has not been well cleaned, and contains some weeds or other grasses or clovers, and some blighted seed, hence the lower price.
2. **Choice.** Better than Prime; corresponds often to grades like Badger, Diamond, Sterling, etc.
3. **Salzer's Superior.** This is par excellence. It is grown for seed only, and is superior to 96 per cent of the clovers offered by Seedsmen in this country. It is superior, we think, to grades like Badger, Sterling, Pine Tree, Diamond, etc., etc.
4. **Twentieth Century.** Hats off for this grade. It is the finest, cleanest, purest, heaviest, most vigorous seed that can be grown. It is grown for seed purposes only, on carefully selected clover soil, kept free from weeds, and the seed saved and gathered under great expense and great care. It is to other grades what rich Jersey Cream is to skimmed milk.

We call this Twentieth Century strain absolutely pure, as it is as nearly so as care, and selection, and pains and growing can make it.

What we say about Clovers pertains to Timothy, Blue Grass and all other grass seeds.

Sample Plant produced by one kernel Superior Strain Red Clover Seed.

SALZER'S RED OR JUNE CLOVER.

Salzer's Superior Strain of Clover Seed is known all over America as the most wondrously vigorous and prolific in culture. It certainly beats St. Louis, Chicago and Eastern Clover in yield, vigor, foliage and rich food matter from 30 to 50 per cent.

WHY IS SALZER'S CLOVER SO SUPERIOR?

The answer is given by ex-Gov. F. A. Hoffman, of Illinois, in a few words. He says: "Out of repeated tests made with Salzer's Superior Brand of Red or June Clover, never less than 98 kernels out of 100 grew; that is why I sow only Salzer's Grass and Clover Seeds."

Now, that is the experience of thousands and thousands of our customers all over America, and they write us that they would rather pay a little more for our Superior Northern-Grown Seed and know that every kernel will grow, than to get inferior seeds from seedsmen who are not growers, and who, as a rule, buy from commission merchants who buy up anything and everything that is offered. Now our seed is carefully grown in the extreme North, is vigorous, sprouts and grows!

Our Clover Seed, being grown by us with great care in the far North, is worth \$1.00 to \$2.00 a bushel more than Chicago, Toledo, St. Louis, Minneapolis or Eastern seed for big yields. See the illustration—how vigorous, healthy and luxuriant our Superior Strain of Clover grows.

Hon. H. F. Hunter, of S. Dakota, says: "Clover is not all alike, as some seem to think. I'd rather pay \$10.00 a bushel for Salzer's Superior Red Clover than buy of some seedsmen and stores at \$3.00 a bushel. My experience in farming proves that Salzer's Clover Seeds all grow and double other yields. I use Nitro-Culture, too."

PRICES OF SALZER'S MEDIUM RED OR JUNE CLOVER.

	Pound.	Peck.	½ Bu.	Bu.	2½ Bu.	100 lbs.	Sow per acre.
Prime (No. 3) (Sold out)							
Choice (No. 2)	14c	\$2.10	\$4.10	\$8.00	\$19.75	\$13.20	9-10 lbs.
Superior (No. 1)	15c	2.25	4.40	8.75	21.70	14.50	8 lbs.
20th Century	18c	2.50	4.90	9.70	23.75	16.00	7 lbs.

If by mail, add 8c a pound for postage. 2½ bu. sacks 18c each.

MAMMOTH RED CLOVER. (Sapling Clover.)

What we say above regarding Salzer's Red or June Clover is also applicable to our Mammoth Red Clover. We feel that both of these Clovers are as fine and full of life and vigor as any Clover seed can be made. All of this seed is grown right here on northern soil, and we know whereof we speak when we say it is fresh and contains none of that obnoxious weed, yellow trefoil, which can be imported for 3 or 4 cents a pound, as is done by some seedsmen who are not growers, who mix this with their good seed in order to sell cheaper than we, who are actual growers. A word to the wise is certainly sufficient. Another thing, the naked eye cannot distinguish yellow trefoil mixed in with common Red Clover, as the seeds look so much alike.

Mammoth Red Clover is especially used by farmers for a permanent hog pasture; it grows tall, and our Superior Strain of same is extremely leafy, bushy and of grand qualities. Ten acres ought to furnish sufficient nourishment for 100 hogs all summer, providing same can be divided off. There is no Mammoth Clover quite as good as **Salzer's Strain**, and we again urge our customers who intend seeding to Grass, Clover or Timothy, to use **Salzer's 20th Century and Superior Brands** because these brands are grown for seed only, and we are the only seedsmen in America who grow their own seeds.

The striking peculiarities of Salzer's Mammoth or Sapling Clover are the immense growth it attains on rich, loamy soils, yielding much more bulk to the acre than Red or June Clover. It grows large on thin land and takes well on all soils. As a fertilizer I think it surpasses all other Clovers.

SALZER'S WHITE DUTCH CLOVER.

A low, close-growing Clover; round, white heads; very fragrant; best adapted to moist soils, but does well on dry land; excellent for sowing with Blue Grass for pasture and lawn purposes. Sow in spring. Our seed is the hardy northern variety and very prolific. Never winter kills here! For lawns it is splendidly adapted; indeed, no lawn is considered "quite right" unless it contains a good sprinkling of this sweet, pure white blooming, low growing, "soft as velvet" hardy White Dutch Clover. ¼ of a pound, costing 20c, postpaid, of our 20th Century White Clover will be sufficient to sprinkle upon a lawn 20x50 feet.

WHITE DUTCH.

Intending purchasers of Clovers we gladly mail samples with closest prices. Please write us stating grade and amount desired.

SALZER'S GIANT INCARNAT OR GERMAN MAMMOTH CLOVER.

Sound the cymbals! blow the trumpets! for the great annual Clover for the North! It is tremendously prolific! It is, indeed, one of the grandest Clovers known. It seems to stand alone as the great first-year cropper!

The glorious future of our Giant Incarnat Clover, this wonderful producer, can now be predicted with absolute safety. The past year again added to its friends over 23,000 pleased farmers, who report the most glorious results obtained through the sowing of this, the grandest of all quick-growing Clovers! On the farms of Germany and France we saw it to the exclusion of almost everything else, except Giant Spurry and Sand Vetch, for hay! It is tremendously prolific. Sown in April, it sprouts without delay, grows bushy and rank, yet of fine fiber, and is ready to cut and furnish an enormous crop of hay by July 10th. In the latitude of La Crosse it flourishes like a weed, thrives like one—yes, grows where other Clovers do but fairly well. It will make a wondrous growth the first season, and after this is cut, furnishes pasture. If sown in conjunction with grasses it rivals in its efforts to exceed them in growth and yield. This can be tested in our mixture for hogs, on another page, which for luxuriance of growth has few equals. It is an excellent variety for withstanding long and severe droughts. As a fertilizer it is of great merit on account of its strong roots and superabundance of foliage. On one of our farms the hog pasture mixture was cut twice, and furnished pasture in fall in which hogs fattened and gloried. We were the first seedsmen to bring this wonderful Clover to the notice of our American farmers, and we bespeak for it a general trial.

The following are a few of thousands of hearty testimonials of our customers on our Giant Incarnat Clover. All are loud in its praise, and each one will sow an increased acreage.

G. M. Schroeder, Ossian, Iowa: "I sowed Giant Incarnat Clover April 29th; July 24th I got 4 tons of hay per acre. It is grand."

C. L. Baxendale, Hennepin, Ill.: "I want to say in regard to the Giant Incarnat Clover, that it beats anything I ever saw. It is splendid for forage and splendid for pasture. Hogs and cattle eat it eagerly."

John Mauston, Hamilton, Ill.: "Your Giant Incarnat Clover is simply immense. We have a magnificent crop."

Edward Erickson, Hoopston, Ill.: "I am well pleased with Giant Incarnat Clover. Single stalks make 35 tall heads."

Arthur B. Burgess, Cadillac, Mich.: "Your Giant Incarnat Clover and Giant Spurry are just what your catalogue claims them to be. I am more than delighted with same."

C. W. Spaulding, Lewis, N. Y.: "Your Giant Incarnat Clover had a tremendous growth. Giant Spurry did splendidly."

A. Thompson, Neenah, Wis.: "Your Giant Incarnat Clover grew 2½ feet high, and I had 3 tons of splendid hay to the acre."

J. B. O'Neil, Wellsville, Kans.: "The second crop of Giant Incarnat Clover is making good fall pasture."

Wm. Harbantz, Little Rock, Iowa: "Your Giant Incarnat Clover is wonderful. From 10 pounds I had abundant pasture all summer for 40 hogs, and I would advise every farmer to sow Giant Incarnat Clover for hogs." Why not do it for 1907, Mr. Farmer? Sow 10 to 15 pounds per acre.

Fred L. Vogt, Washington, D. C.: "The Giant Incarnat Clover Seed received from you was very satisfactory, and we received hay in abundance therefrom. Made hay three times from the same place where your seed was sown."

But why continue? That is the way all farmers talk who have used our magnificent Giant Incarnat Clover. We do not wish to have our strain compared with the common crimson Clover sold in America. You will be more than pleased with it if you will plant it early this spring. It is no experiment; it is a success—a success everywhere.

IF WE COULD INDUCE YOU

To try our Giant Incarnat Clover this season; to sow it liberally, that is, 5 or 10 acres, or more, sowing at the rate of 10 to 15 pounds per acre (15 pounds is better than 10), we know that you would be so delighted and so thoroughly satisfied with the results, that we would have your everlasting thanks for inducing you to try same. Now, we hope that in view of above

The price is dirt cheap and the results are great.

HEAR MR. HOG TALK.

"I wish, Mr. Seedsman, you could induce every farmer to sow some of your Hog Pasture Mixture, which contains a large portion of Giant or Incarnat Clover, then we would not have to hunt around the pasture for a blade of grass or root and squeal to get something to eat, but grow fat and strong and healthy, just as the farmer wants us to be when butchering time comes."

John A. Salzer Seed Co. considers this the most wonderful Clover for hogs, from the fact that within a few weeks after sowing it is ready with a luxuriant growth and an enormous herbage. Indeed, there is no Clover or grass that will so quickly furnish fodder for hogs and cattle as this variety. We urge every farmer throughout America to give this magnificent Clover a test. We have placed the price extremely low.

CULTURE AND PRICE OF SALZER'S GIANT INCARNAT CLOVER.

The best time to sow Giant Incarnat Clover is spring. All the testimonials above are on Clover sown in spring, during the months of March, April or May, at the rate of 10 to 15 lbs. per acre. In Southern states it can be sown in fall, the latter part of August or the early part of September.

Price of Salzer's Giant Incarnat or German Mammoth Clover: Pkg., 5c; lb., 25c, postpaid; by freight, lb., 15c; 10 lbs., 90c; 1 bu., \$5.00; 100 lbs., \$8.00.

WHITE BOKHORA CLOVER.

This is a tall shrub-like plant, growing to the height of four to six feet, with branches whose extremities bear numerous small white flowers of great fragrance during the whole season, which are continually sought by bees. It's the Bee Clover! Sow 10 to 15 lbs. per acre. We sell the seed in the chaff; it sprouts better and grows more readily thus sown. Express, pkg., 5c; lb., 20c; pk., \$2.25; 50 lbs., \$7.00; lb., postpaid, 28c.

SAND LUCERNE.—This is a Lucerne Clover specially adapted to sandy soils. Largely used in Europe. Pkg., 10c; lb., 30c; postpaid, by freight, pk., \$2.90; bu., \$10.00.

GENUINE ENGLISH CLOVER.—This is the Red Clover of England and Scotland. Pkg., 10c; lb., 35c, postpaid; by freight, 10 lbs., \$2.00; bu., \$9.00.

BURR CLOVER.—Specially adapted to dry soils, and largely used in Southern states. California, Utah, etc., revel in this rich Clover. Price, in burr, lb., 15c; 10 lbs., \$1.10; clear seed, lb., 25c; 10 lbs., \$2.25; 50 lbs., \$10.00.

B. ALSIKE CLOVER. (See Page 118.)

With one leap, with one bound, Salzer's B. Alsike has become popular, immensely popular! Our sales of B. Alsike last year were 80 times more than in the previous year! That tells the story. This B. Alsike has reason back of it for its tremendous popularity. B. Alsike is grown right here on the celebrated Cloverlane Farm for seed, contains some Timothy, as the two, Alsike and Timothy, do splendidly, magnificently, together. If you do not plant to grow for seed only, then the B grade will give you splendid satisfaction, and is much lower in price; indeed it is now being sown in great quantities almost to the exclusion of superior seed owing to its very low price. B. Alsike is bound to please you; its luxuriant growth, its splendid adaptability to produce its best with a sprinkling of Timothy; its marvelous producing powers makes B. Alsike profitable to sow! The John A. Salzer Seed Co. sow it in large quantities for lots and lots of excellent hay—it makes hay of a very superior quality, and the price is but \$5.90 a bushel.

B. Alsike—By freight, lb., 15c; 5 lbs., 70c; 10 lbs., \$1.10; pk., \$1.60; bu., \$5.90; 2½ bu., \$14.00; 100 lbs., \$9.50. Sow 10 to 15 lbs. per acre.

Salzer's Giant Incarnat Clover, 76 days after sowing. Photographed from a single plant. Just try it for 1907 and be happy!

description of this magnificent Clover, you will give it a thorough trial in 1907.

BOKHORA, THE BEE CLOVER.

BOKHORA THE BEE CLOVER.

JAPAN CLOVER.

JAPAN CLOVER. In great demand in the South, where it grows luxuriantly. Pkg., 10c; lb., 50c; postpaid, by freight, 10 lbs., \$3.75.

COMMON CRIMSON CLOVER.—Pkg., 5c; lb., 25c, postpaid; by freight, lb., 12c; 10 lbs., 80c; bu., \$4.75; 100 lbs., \$7.70.

Salzer's Northern Grown Alfalfa or Lucerne.

Glory enough! Ring the bells! Shout for joy! The year of jubilee has come! How's that? Why, sir, it is now possible to grow Alfalfa Clover in every State of the Union, North, South, East or West—why, sir, cold Minnesota, and freezing Wisconsin, and treeless Nebraska, and the prairies of Illinois and Iowa, and the bottoms of Indiana, and the pineless soil of Michigan, and the rich farms of New York and Pennsylvania—yes, every state can grow from two to four crops of Alfalfa if Salzer's Northern Alfalfa seed is used! That's acclimated, that's hardy, that's tough, and we believe tougher and better than the Turkestan Alfalfa!

A grand Clover—the eternal Clover of Europe and Mexico. Our attention thereto was first attracted in 1885, by a large patch near La Crosse, holding its own through an unusually cold winter and spreading rapidly. Since then we have sold enough seed in Iowa, Wisconsin, Illinois, Minnesota, Missouri, Nebraska, Kansas, Indiana, Michigan, Ohio, Pennsylvania, New York and other parts to sow 500,000 acres, and have the first complaint to heat on same.

R. A. Moore, Professor of Agronomy, of the College of Agriculture, University of Wisconsin, has this magnificent testimonial on Salzer's Northern-Grown Alfalfa Clover: "From several tests made from Alfalfa Clover seed ordered by the Experimental Station last year, from you we found that we got an average germination test of 99 per cent. This we considered exceptionally good."

Sincerely yours, R. A. Moore."

NORTHERN-GROWN SEED.

You may be able to buy Alfalfa from your merchant in your town, or from seedsmen in New York, or Chicago, or St. Paul, or Minneapolis, or Des Moines, or Rockford, or elsewhere at a lower price than Salzer's Superior Northern-Grown Alfalfa, but let me tell you, my friend, that our seed, when it comes to vigor and hardiness and yield, is worth \$5.00 a bushel more than any Utah or Kansas or Western seed offered by the other seedsmen.

We are the only growers of Alfalfa Clover seed in the North. Ours is pedigree stock, the kind that will stand the rigorous cold of Wisconsin winters, the kind that lasts at 40 degrees below zero and comes out in spring to gladden the hearts of the farmer and make happy his stock.

PRICE OF SALZER'S NORTHERN-GROWN ALFALFA OR LUCERNE.

	Pound.	Peck.	½ Bu.	Bu.	2½ Bu.	100 lbs. Sow per acre.
Prime (No. 3) (Sold out).....	15c	\$2.20	\$4.25	\$ 8.20	\$20.75	20 lbs.
Choice (No. 2).....	16c	2.40	4.60	9.10	22.25	18 lbs.

The Barr Strain.....						

Prof. Moore of the Wisconsin Agricultural College writes: "From several tests made of Alfalfa seed ordered from you, we found we got an average germination test of 99 per cent."

TURKESTAN ALFALFA OR LUCERNE.

Medicago Sativa Var. Turkestanica.
Perfectly Hardy, Withstands Drought, Heat and Cold. Yields the Heaviest and Richest Crops of Fodder. The Best Clover for Permanent Hay and Pasture.
VALUED AS A FODDER PLANT ON DRY, ARID SOILS.

The climate of Turkestan is not unlike that of our interior states, being far removed from the ocean and surrounded by wide expanses of dry land. The summers are very hot and long, and in many places the evaporation exceeds the quantity of moisture that has fallen during the year. The inhabitants are mainly employed raising cattle, and there this Alfalfa grows and flourishes.

WITHSTANDS EXTREME COLD WITHOUT INJURY.

At the experimental station, Brookings, S. D., with a minimum temperature last winter of 40 degrees below zero, with the ground bare, common Alfalfa was killed, while Turkestan came through unharmed. At the Wyoming Experimental Station the Turkestan Alfalfa was exposed to a minimum temperature of 45 degrees below zero without harm.

PRICE OF TURKESTAN ALFALFA:

(Superior Grade)

Pkg., 10c; lb., 40c; by freight, 10 lbs., \$2.00; 25 lbs., \$4.50; 100 lbs., \$17.00.
Prime Turkestan: Pound, 18c; 10 lbs., \$1.60; 25 lbs., \$3.90; 100 lbs., \$15.00.

Nitro-Culture for Alfalfa or Turkestan: Trial pkg., 50c; for one acre, \$1.50; for 5 acres, \$5.00.

SALZER'S WISCONSIN-GROWN ALSIKE CLOVER.

To tell you all the good qualities of this most excellent Clover would fill a book, and then we would say, with the Queen of Sheba, "The half has not been told," for it is a Clover that is fairly leaping into popularity everywhere. It is without doubt the most hardy of Clovers, resists the severest cold and extremes of drought and wet; heads round, flesh-colored; very sweet and fragrant; liked by bees; yields abundantly; excellent for hay or pasture; especially suited for lands liable to wash.

It Is the Hardest Clover in the World.

Think of it—it does well in frozen Sweden, in ice-covered Norway; it flourishes on all soils of Canada. It is at home in Wisconsin, and laughs at 40 degrees below zero. It is unsuccumbent to drought, moisture, heat, or anything that usually affects Clovers. Our seed is Wisconsin-grown by us for SEED ONLY, thoroughly acclimated, and is worth for luxuriant growth, \$5.00 more a bushel than Chicago, St. Louis, Toledo and Eastern seed. Don't be put off by seedsmen saying that theirs is just as hardy, vigorous and good as ours. It is not.

THE CANADA FARMER SAYS:

"The most prominent advantages of the Alsike Clover over the common red variety are that it does not heave out of the ground in the spring with the frost and consequently can be sown on damp ground with good results. It makes finer and better hay, for the stalks are not so thick and woody as those of Red Clover."

Prof. Beal, the great authority on American grasses, says of the Alsike: "Alsike likes rather moist land, containing some clay. It is smoother and more delicate than Red Clover. The stems remain green after cutting. It stands dry weather and is not apt to winter-kill."

The Southern Planter says: "In the early spring we sowed 1 pound of Alsike on a quarter of an acre. It germinated well, and, like Red Clover, not only made a good stand, but in the following spring it came up well, and on June 16th stood from 20 to 30 inches high."

Chas. L. Godell, Barnum: From the Alsike Clover I cut 2½ tons per acre, being 4 feet tall first cut."

C. A. Guthrie, College Springs, Iowa: "The Alsike (second crop this year) is now 3 feet high."

LOOK AT THE ABOVE ILLUSTRATION.

That is the seed Salzer's Alsike Clover acts. See the vigor it shows in its first week's growth, after the frost has left and the warmth appears; then look the third week, and the luxuriance of the fourth, and the magnificent growth of the sixth week. But remember, in order to get this magnificent growth you must get the true Salzer's Wisconsin-grown Alsike Clover. Now, no other seedsmen can offer you Salzer's Wisconsin-grown Alsike, grown right here under our eyes, and we urge upon you, if you are going to make a trial, make it with the genuine article, and purchase same of the Salzer Seed Co.

Sow 7 to 12 pounds per acre. The seed is very small. Have soil well prepared. At the price of Alsike Clover this year, and the smallness of this seed, it makes it much cheaper than Red Clover—it goes much farther. Usually best to sow under cover of spring grains. The first, second and third cuts will make magnificent hay. Seed is taken from first crop. It prefers a moist soil, containing a trifle of clay, but stands dry weather splendidly. It attains its heaviest yield the third year.

B. ALSIKE CLOVER.

With one leap, with one bound, Salzer's B Alsike has become popular, immensely popular! Our sales of B Alsike last year were 80 times more than in former years! That tells the story. This B Alsike has reason back of it for its tremendous popularity. B Alsike is grown right here on the celebrated Cloverlane Farm, for seed only, then the B will give you splendid satisfaction, and is much lower in price; indeed, it is now being sown in great quantities almost to the exclusion of superior seed owing to its very low price. B Alsike is bound to please you; its luxuriant growth, its splendid adaptability to produce its best with a sprinkling of Timothy; its marvelous producing powers makes B Alsike profitable to sow! The John A. Salzer Seed Co. sow it in large quantities for lots and lots of excellent hay—it makes hay of a very superior quality, and the price is but \$6.30 a bushel! Of course, if you desire to grow for seed, then by all means plant only Salzer's Superior Seed or 20th Century, but, if you wish it for pasture or hay, yes, lots and lots and lots of hay, then sow our cheap B Alsike—splendid for lot of grass and hay.

B Alsike—By freight, lb., 15c; 5 lbs., 70c; 10 lbs., \$1.10; pk., \$1.60; bu., \$5.90; 2½ bu., \$14.00; 100 lbs., \$9.50. Sow 10 to 15 lbs. per acre.

SALZER'S
ALSIKE

The
Advantages
Salzer's Alsike

possesses over every other variety of Alsike Clover are: Its perennial character; its hardness, for no winter will kill it; its capability to resist the extremes of drought and wet; the much greater weight of herbage it produces during the season and the sureness of a crop when all others fail. Its powers of production are inexhaustible and improved by the wonderfully curious formation of the plant, from the single crown of which innumerable heads are continually being produced all through the season, and tillering out laterally over the ground. The hardy nature of the plant is proved by the fact of its thriving through transplanting. A single plant may be taken up and divided into ten or more parts, and each part will produce a luxuriant plant, so that no farmer need ever hereafter have a patchy piece of clover.

Try me on Alsike!

If by mail, add 8c a pound for postage. (2½ bu. sacks 18c each extra.)

Nitro-Culture for Alsike Clover per acre \$1.50; per 5 acres, \$5.00; per 10 acres, \$9.00.

SALZER'S GIANT SPURRY.

Our trip to Europe only the more favorably impressed us with the magnificent properties, splendid qualities and tremendous possibilities of Giant Spurry and Esparcette for old, worn-out, poor, sandy, defective, useless soils of America.

Dr. Manley Stiles, of Lansing, Mich., calls Spurry the "Clover for sandy soils, yielding 7,700 lbs. per acre." Swartz, a great agricultural writer of Germany, says that "without Spurry the great Waasland in Flanders, now the garden of Europe, would have been impossible."

J. H. Harris, Pennellville, N. Y.—"When I received your catalogue I thought that your claims were rather extravagant, but since I have tried your Giant Spurry I am ready to believe anything that you have to say about seeds. At present it is 30 inches high, and part that I cut is making a good second growth."

John Thacker, Malvern, Ark.: "Giant Spurry grew about 2 feet high, yielding 8 tons per acre."

Chas. Jennings, Deep River, Conn.: "The Giant Spurry grew 2 feet in height and I cut two crops. Cattle seemed to like it very much. After getting second crop we grazed same."

Albert Frantz, Grant Station, Mich.: "We had no rain from the time we sowed Giant Spurry until after harvested, yet it grew two feet tall and yielded 2 tons per acre. The second crop would have been heavier but we pastured that."

WHY SHOULD YOU PLANT SALZER'S GIANT SPURRY?

First.—Because it is the most prolific fodder and hay plant for sandy soils, for worn-out soils, for poor and doubtful soils known.

Second.—It flourishes on sandy, worn-out soils where no other plant will grow, and returns big yields every time.

Third.—It comes next to the Clover as a fertilizer. Take the poorest soil or the worst soil that you can imagine and sow 20 lbs. of Salzer's Giant Spurry per acre on same. Do this two years and you will have a soil for Wheat, Oats and Potatoes.

Culture.—Prepare soil well. Harrow carefully. Sow for hay at the rate of 6 to 10 lbs. per acre. For fertilizing sow at the rate of 20 lbs. per acre, and plow under as soon as it is 15 inches tall. You can sow two seedings a year for fertilizing.

There is positively no other seedsman in America who has the genuine Salzer's Giant Spurry, although some may use our illustrations and descriptions. We have sold seed to none except our farmer customers, hence other seedsmen's seed will not be the true Salzer's Giant Spurry, but more probably the common Spurry, which is 20 MILES BEHIND our matchless Giant Spurry. When you buy, don't get fooled, but buy the genuine of us.

Price of Salzer's True Giant Spurry:

Oz., 10c; lb., 25c, postpaid; 10 lbs. (for 1 acre), \$1.90.
By freight, lb., 15c; 10 lbs., 95c; 50 lbs., \$4.00; 100 lbs., \$6.90.

SERADELLA.

In Europe this is considered one of the most important hay plants for good, light soils. Its nutritive value is considered equal to that of Red Clover, while its yield is larger. It gives good results, except on land that is too heavy or too poor. On very light land it is considered best to sow it with Sheep's Fescue. Cattle like it, either as hay or green fodder. It is usually sown in spring either alone at the rate of 35 lbs. per acre or under cover of oats, wheat or rye, when 20 lbs. are used and furnishes, after the removal of the crop, a good cutting or pasturage. Pkg., 5c; lb., by mail, 25c; by freight, 10 lbs., \$1.00; 100 lbs., \$8.50.

Nitro-Culture for Seradella, per acre, \$1.50; per 5 acres, \$5.00.

SAINFOIN OR ESPARCETTE FOR SANDY, SUNNY SOILS.

We cannot speak in too strong words of praise in favor of Esparcette or Sainfoin Clover, as this plant produces such a superabundance of herbage, such a large quantity of excellent hay, and so good a quality of pasture, that we heartily indorse same. It is sown and planted in tremendous quantities throughout Europe. We are sure that if once cultivated on your lands, you will not wish to get along without it. Much used in Europe where there are many parts in which a farmer could not pay his rent without the use of this Clover, as it makes the poorest, sandiest land yield heavily the second year. It can be sown with Barley. It thrives on dry, chalky, sandy soil.

Geo. Wilde, Mo. "I bought 100 lbs. Esparcette and cut 8 tons magnificent hay."

Emil Berg, Iowa. "Would not part with the Esparcette. It's splendid for cattle."

FOR SANDY SOILS.

Franz Slaute, Ill. "Planted 50 lbs. Esparcette; yielded 3½ tons fine hay."

Herman Schroeder, Ohio. "From the 100 lbs. I cropped 9 tons elegant hay. Splendid for cows."

SAINFOIN OR GREAT ESPARCETTE

MIGHTY RICH STUFF THIS IS MR. STOCKMAN TO BE GROWN ON SO POOR A PIECE OF LAND I MUST GET SOME SEED SURE

THE CLOVER WONDER FOR SANDY SOILS

90 TONS OF HAY FROM 1000 P'DS OF SEED.

THE THING TO SOW FOR SANDY SOIL.

Mr. Farmer, there is no Clover grass we know of better adapted for poor, indifferent or good sandy soils than Sainfoin, that child of sand and sandy soils. It is wonderful how quickly it takes hold of the soil, how quickly it grows and how quickly it gives to you rich food, eagerly eaten by all cattle and then it is a wonderful fertilizer besides.

A. A. Stevens, a New York state farmer says: "On the whole it has done better with me than any of the Clovers I have sown this spring. Its analysis shows that, either in green or dried state, it compares favorably with any of the Clovers in flesh-forming principles, and from the long period of its cultivation in Great Britain, and the high estimation it is held in for cultivation on the inferior soils already stated, its value as a hay crop (and no grass requires so little pains in curing as Sainfoin) cannot be overestimated. It is well worthy of a more extended trial than has yet been given in this country."

Pkg., 5c; lb., postpaid, 25c; by express or freight, 10 lbs., \$1.00; 30 lbs. (for one acre), \$2.40; 100 lbs., \$7.75. Sow 30 lbs. per acre.

Nitro-Culture for Esparcette, per acre, \$1.50; per 5 acres, \$5.00.

SALZER'S SUPERIOR TIMOTHY.

What shall we say to you, Mr. Farmer, to induce you to pay a little more and buy **Salzer's Superior Timothy Seed** in preference to such as is offered in your store and by seedsmen who are not growers? We can only urge you to read the letter found on page 123, written by Ex-Governor Hoffman. He tells you why Salzer's seeds are so superior to the common run of seeds. We wish to add that our Timothy seed is grown for seed purposes, is thoroughly reliable, and we believe is as fine seed as is found anywhere on earth. It is full of life, full of vigor, and is a tremendous producer. It has the ability of stooling in a measure much larger than the common Timothy seed that is offered.

Mr. Farmer, Listen!

Good Timothy Seed is scarce this year. The result will be that seedsmen who are not growers (we are the only large growers in Wisconsin, Minnesota, Iowa and Illinois) will sell all kinds of Timothy seed. Best stick with old Salzer; even if his prices may be a trifle higher, his Seed is always right. Thousands of farmers will tell you, for vigor of growth, fine, leafy, bushy stalks, no Timothy equals Salzer's, and that it is certainly worth 50c more per bushel than common seed.

SALZER'S NORTHERN GROWN TIMOTHY.

(When stock is exhausted we fill at market prices.)

PRICE OF SALZER'S TIMOTHY.

	Pound.	Peck.	1/2 Bu.	Bu.	2 1/2 Bu.	100 lbs.	Sow per acre.

RED TOP.

It is especially valuable for a permanent pasture where grazing is continuous. It withstands our cold winters and flourishes almost everywhere. It would answer well to sow Red Top separately on moist lands where old grass has run out or become mossy; on such places it would fill the soil with numerous roots and make it more passable. Also on moist, undrained soils, liable to occasional overflow. Sow 25 lbs. chaff per acre.

No. A—Salzer's Chaff: Lb., 12c; postpaid 25c. By frgt., pk., 40c; bu., 90c; 100 lbs., \$5.75.

No. B—Chaff Seed: Pk., 35c; bu., 75c; 100 lbs., \$4.50.

CLEAR RED TOP SEED.

This is the seed free from chaff, while the above offered grades contain chaff also the seed usually sold by dealers. It is only within the last 2 or 3 years that mills have been made that will take Pure Red Top Seed from the chaff. We earnestly advise everybody to buy the clear seed, because you get more for the money. It is always scarce and high priced, but 100 pounds will seed more than 400 pounds of the other!

PRICE OF CLEAR RED TOP.

If by mail add 8c a pound for postage.

spring it is out soon with its rich green. It makes exceedingly fine hay, and is fit for cutting in early spring; indeed, this is the first plant that puts forth its leaves and remains green if the season is favorable. Early in the fall it takes a second growth and flourishes vigorously until the ground freezes. Blue Grass makes the sweetest and best of hay. (Blue Grass Seed is an almost entire failure, hence the high price.)

CANADIAN BLUE GRASS. (Poa Compressa.)

The Kentucky Blue Grass is very scarce this year so thousands of farmers will sow in place the Canadian Blue Grass. We asked a prominent Canadian seedsmen: "What is Canadian Blue Grass?" His reply was—"It's Kentucky Blue Grass raised in Canada!" We do not fully agree with him, but we all agree that Canadian Blue Grass is so nearly allied to Kentucky Blue that it takes an expert to tell the difference.

Canadian Blue Grass shoots its leaves very early. All grazing animals eat it greedily; cows fed on it produce a very rich milk. It is especially relished by sheep. Its bluish green stems retain their color after the seed is ripe. It shrinks less in drying than most other grasses. It is an excellent grass for dry, sandy, thin soils and banks, and for covering the surface of rocky soils.

SALZER'S ORCHARD GRASS.

Orchard Grass is the most valuable of all grasses for either pasture or hay lands. Whether grown alone or in mixtures, it is immeasurably ahead of Timothy, as also of other grasses. It can be cut three weeks earlier than Timothy if sown alone, but we urge it being sown in a mixture with other grasses, as then it comes into grand play as the leader of all. It grows wonderfully luxuriant, furnishing, when sown alone, from two to three tons of hay per acre. If cut for hay, while other grasses are thinking about starting again, the Orchard Grass is already up, and furnishes rich, green herbage in lavish quantities. It's a splendid pasture grass, and is eagerly eaten and very nutritious.

Of it ex-Gov. Hoffman says: "Know of no grass better adapted for Wisconsin and Illinois, and one that deserves greater attention on the part of the American farmer than Orchard Grass. It flourishes on any and all soils. It is extremely rich in herbage. The leaves are flat, vigorous, juicy, of a dark green color, and of great nourishing power. It is extremely early, insusceptible to drouth—indeed, it will flourish when other grasses dry out—and is enormously productive."

PRICE OF ORCHARD GRASS	Pound.	Peck.	Bu.	50 lbs.	100 lbs.
Prime.....	12c	40c	\$1.40	\$4.25	\$ 8.00

SALZER'S NORTHERN GROWN ORCHARD GRASS

THREE SPLENDID FESCUE GRASSES.

1. Sheep's Fescue—This variety of grass is fast becoming indigenous to America through large usage. It has a more tufted habit of growth; it is short, with upright leaves. It is particularly relished by sheep, hence the name. It is very largely cultivated, especially in mixtures for pastures, as it will last almost a lifetime. Lb., 15c; bu., \$1.40; 100 lbs., \$8.50.

2. MEADOW FESCUE.

This magnificent grass does exceedingly well. A grass of great value, growing to the height of 4 feet, produces a great amount of hay, and has no superior as a pasture grass.

 It grows on all soils, does splendidly on the prairies of Iowa and Nebraska, flourishes in all states where tried, especially Illinois, Wisconsin, Missouri, Indiana, Ohio, Michigan, New York, Pennsylvania and the South. Grows on wet or dry soils. Sown alone, use 28 lbs. Salzer's Superior, the best. Bu., \$1.60; 50 lbs., \$5.50; 100 lbs., \$10.50. Common, lb., 15c; 14 lbs., \$1.30; 100 lbs., \$7.50.

3. HARD FESCUE.

Thrives on a great variety of soils; will also resist the effects of severe droughts to a remarkable degree. Hence it is a splendid grass for dry, light soils. Well adapted for parks and pleasure grounds. Dwarf growing; hardy, relished by cattle and sheep. Sow 20 lbs. per acre. Lb., 15c; bu. 14 lbs., \$1.40; 100 lbs., \$9.00.

LUXURIANT RYE GRASSES.**1. English Rye Grass.**

It is found to flourish on all kinds of soil, and grows under circumstances of different management on many upland situations, though firm and somewhat moist midlands are the most appropriate. It soon arrives at perfection and produces, in its first year of growth, a good supply of early herbage, which is much liked by cattle. Flourishes on dry soils, though it prefers moist lands. Cut for hay immediately after blossom.

Salzer's Superior—By Freight, pkg., 5c; pk., 40c; bu. of 14 lbs., \$1.25; 100 lbs., \$6.00; lb., postpaid, 18c.

2. Tall Meadow Oat Grass or French Rye.

A magnificent grass of rapid, luxuriant growth, growing on rich soil by June 15th to the height of 4 feet. Better than Timothy. Can be cut three times, and does well if sown alone. Tall Oat Grass vegetates with great luxuriance; it is early and productive and affords a plentiful aftermath. It is found most beneficial when retained in a close state of feeding. It makes good hay, is natural to sandy loams; but thrives best on strong, tenacious clays. "It possesses the advantages of early, quick and late growth for which the Tall Oat Grass is esteemed, tillers well and is admirably calculated for a pasture grass. I measured some on the 20th day of June when in blossom (when it should be cut for hay) and found it 4½ feet long." When sown alone use 17½ lbs. per acre.

Salzer's Superior—Pkg., 5c; lb., 16c; bu., \$2.20; 100 lbs., \$15.50. Common Seed—Bu., \$2.00; 100 lbs., \$12.00.

3. Italian Rye Grass.

It is a wonderfully rapid grower and returns heavy hay crops. Thrives easily. Sow 20 lbs. per acre. It is particularly adapted for permanent pastures or meadows, where it thrives luxuriantly; bearing great quantities of nutritious hay. The Italian Rye Grass is a strong grower, arrives at maturity sooner, has a greater abundance of foliage, which is broader and of a more lively green color, grows considerably taller, is more upright or less inclined to spread on the ground, its spikes are longer, spikelets more thinly set, and upon the whole produces more than other Rye grasses.

Salzer's Superior—Pkg., 5c; lb., 15c; pk., 50c; bu. of 14 lbs., \$1.25; 100 lbs., \$7.00. Common Italian Rye Grass—Bu., \$1.10; 100 lbs., \$6.50.

TALL MEADOW OAT.

ENGLISH RYE GRASS

ITALIAN RYE GRASS.

1. RED FESCUE.

2. SWEET VERNAL.

3. WOOD MEADOW.

1. Red Fescue.—Splendid for sowing on dry, sandy soil; hardy; excellent for this purpose. Lb., 22c; 14 lbs., \$2.00; 100 lbs., \$13.50.

2. Sweet Vernal.—Fine for all mixtures, imparts a sweet fragrance that is liked by all cattle. Rapid growth. Lb., 15c; 100 lbs., \$13.00.

Perennial Sweet Vernal.—Very hardy and sweet; prices high. Oz., 10c; ¼ lb., 30c; lb., \$1.10.

3. Wood Meadow.—Well adapted for either pasture or pleasure grounds, having succulent and nutritious herbage, of early growth, thriving well under trees. Pkg., 5c; lb., 40c; bu., \$4.50; 100 lbs., \$31.00.

4. CREEPING BENT.

5. TALL FESCUE.

6. RESCUE GRASS.

4. Creeping Bent.—Resembles Red Top. Does best on wet, marshy soils. Relished. Rapid growth. Lb., 20c; bu., \$2.00; 100 lbs., \$15.00.

5. Tall Fescue.—Splendid on moist lands. Rapid and luxuriant growth. Greatly relished by all cattle. Lb., 30c; bu., \$3.85; 100 lbs., \$26.50.

6. Rescue Grass.—Does well on any high, dry soil, yielding two heavy crops a year. Much liked by cattle, which will walk over everything to get at it. Lb., 28c; 100 lbs., \$20.00.

7. ROUGH-STALKED MEADOW.

8. DOGTAIL.

9. YELLOW OAT.

7. Rough-Stalked Meadow.—Valuable for pastures and meadows, particularly on damp soil and sheltered situations, producing a constant supply of nutritious herbage, greatly liked by cattle. Pkg., 5c; lb., 30c; bu., \$4.00; 100 lbs., \$26.00.

8. Dogtail.—Very valuable for dry lands and sheep pastures. Lb., 35c; bu., \$3.50; 100 lbs., \$26.50.

9. Yellow Oat.—Good for dry pastures and meadows. Pkg., 5c; lb., 45c; 100 lbs., \$43.00.

BERMUDA GRASS.

A magnificent grower, even here in the North, where it is not hardy. On our La Crosse grounds it yielded grass at the rate of 12 tons per acre. Think this is fine for Idaho, Washington, Oregon, California and the West, as we saw it growing finely at Weiser, Idaho. It is a tender, delicate grass, growing over and binding the most arid and loose land; grows luxuriantly in every kind of soil. It is the best grass for the South; it furnishes rich, green, luxuriant pasture nine months of the year.

Pkg., 10c; oz., 15c; ¼ lb., 20c; lb., 60c; 5 lbs., \$2.75.

MEADOW SOFT GRASS.

Holcus Lanatus.—This is used in great quantities in some portions of Europe. Hon. Wm. Lewis, of Louisiana, has grown the grass with great satisfaction for many years, and calls it the best and most profitable grass for some lands. In Ireland it is largely used in pastures, entering almost all mixtures. Lb., 15c; bu. of 14 lbs., \$1.90; 100 lbs., \$11.90.

Fowl Meadow.—A grass of luxuriant growth and heavy hay yield. Excellent for moist soils. Grows 4 feet tall. Pkg., 5c; lb., 30c; bu., \$3.60; 100 lbs., \$25.00.

Rib Grass.—Does well on dry soils. Long leaves, grows 2 feet high. Pkg., 5c; lb., postpaid, 33c.

SAINT JOHN'S RYE.

Sown in the fall it will yield about 40 bushels best Rye per acre in the spring and all fall long gives splendid pasture. Price, 10 lbs., 50c; 40 lbs., \$1.50; 100 lbs., \$3.00.

PHALARIS GRASS. (See cut.)

A MAGNIFICENT GRASS FOR WET SOILS. It will grow on land that is too wet for Red Top, and for such soils we heartily recommend it, that is, for tenacious clay, for marshy, wet lands. This remarkable grass sends its long, twining roots deep after strength into the soil, and then brings forth grass 4 to 5 feet tall, of great richness. In England it yielded 15,103 POUNDS of magnificent hay per acre! At La Crosse, Wis., Hon. H. Goddard grew it as per illustration, 8 feet tall. Look at this magnificent clump of grass from one kernel of seed! It is not that wonderful, yes, unusual? If you have wet soil, here's your grass! By some it is called the Giant Red Top—it's a wonderful Grass. Would be cheap at \$2.00 a pound! It's grand!

Price: Pkg., 10c; lb., 90c, postpaid. By freight, lb., 80c; 5 lbs., for one acre, \$3.75.

GODDARD'S PHALARIS

JOHNSON GRASS.

It does magnificently in the north, where the cold kills it annually. Here at La Crosse it makes 20 tons of grass per acre, and this all inside of six months. In the South it is a pest, because there the frost does not kill it.

Pkg., 10c; 1 lb., postpaid, 20c. By freight, 6 lbs. (for 1 acre), 90c; 25 lbs., \$2.00; 100 lbs., \$7.50.

BEACH GRASS.

The great grass for sandy seashores, lakes, rivers, canals and railroad banks. Its strong, creeping, matting roots bind the drifting sands into natural embankments against the action of wind and waves.

Oz., 10c; ¼ lb., 15c; lb., 45c, postpaid; 10 lbs., by freight, \$2.50; 100 lbs., \$21.00.

BROMUS INERMIS.

Mr. Farmer. Here is a bold, keen statement—one we make fearlessly and challenge the world to prove the contrary—for this great, wonderful, marvelous grass will bear out every word of praise we give it. The most wonderful of Grasses for dry soils. It is a Grass for the desert, a Grass for drought-stricken countries, the Grass for Nebraska and the Dakotas, for Iowa, Kansas, Texas, Colorado, Montana; yes, for each and every state of the United States; in fact, any and everywhere where you are apt to have long sieges of dry weather; but one must not think that it does not do well on soil where there is plenty of moisture, for on such soils its magnificent, luxuriant growth comes into full play.

This Grass comes to us from Russia, and it does exceptionally well in our territory. It grows a tremendous crop, yielding all the way from 3 to 7 tons per acre, as you can cut same two or three times a year. It grows from 2 to 5 feet tall. In Dakota we obtained from one patch of five acres over 1,000 pounds of seed, in addition to four tons of excellent hay per acre. Although the price of this Grass is a trifle high, it surely will pay everybody to plant same bountifully. Nothing that we had on our Dakota farms did better or pleased the public at large better as a Grass than our Bromus Inermis. It is the Grass for the Dakotas, for Kansas, Iowa, Nebraska, Montana, etc. It is very nourishing, equally as nourishing as Timothy or Orchard Grass. We recommend it for trial, and give it our unqualified endorsement. It is, indeed, a Grass invaluable for dry and hot regions, on account of its drought-resisting qualities.

It's the Uncrowned King of the Deserts and Dry, Sandy Soils.

The Department of Agriculture has been experimenting with this Grass at its experimental stations in the arid regions. The Experimental Station at Garden City, Kan., says: "We have grown *Bromus Inermis* successfully, and we think it is the coming grass for the arid regions of the West. It is green from the middle of March to about November." Prof. Shaw, of Minnesota, pertinently says: "This grass cannot be obtained too soon by the farmers of the Northwest." It is the great Grass for the hot, dry climates and soils. It will grow on all kinds of soil, even on yellow sand, and is equally good for pasturing, curing into hay, or cutting green. All kinds of stock eat it readily, and it is very rich in nutritive value. Perennial; 2 to 5 feet high, flowering in June and August.

The South Dakota Experimental Station of Brookings says:

This is the best Grass that has yet been tried at this station. When properly sown it catches well, giving a good sod the first year; in favorable seasons a fair yield of hay may also be obtained. Up to the present the best results have been obtained by sowing plenty of seed on well-prepared ground as early as possible in the spring. From two to two and one-half bushels should be sown to the acre, depending somewhat upon the season and condition of the soil. The forage, though coarse, is of excellent quality, and, under ordinary circumstances, a large amount of early spring and fall feed may be obtained, in addition to a good yield of hay. Thus for the grass has endured drought perfectly, and was never winter killed in the least.

A Cloud of Witnesses.

The Prairie Farmer endorses it with all its might.
The Farm Journal pronounces it a great Grass.
The Germania says it is the best Grass on earth.

Hon. H. F. Hunter, of South Dakota, has the following to say regarding *Bromus Inermis*: "Put me down as saying deliberately, after several years of careful test with *Bromus Inermis*: The greatest grass, the best grass, the most nutritious grass, the biggest yielding grass, the finest flavored grass, the richest, most luxuriant grass; the grass for every farmer in South Dakota to sow, plant and grow, is Salzer's *Bromus Inermis*, because that is the genuine *Bromus Inermis*, as we know of some introduced by other seedsmen that is not the genuine article, but badly mixed; but Salzer's *Bromus Inermis* is the true stuff. I congratulate the John A. Salzer Seed Co. for being the first to introduce this grand grass to the notice of the American farmer, and I am glad to note that the wide-awake tiller of the soil appreciates what the Salzer Seed Co. is doing in the line of introducing new grasses, forage plants, cereals, etc."

If we were placed on a 100-acre farm, and given a choice of but one thing to grow, to "grow rich upon," we would unhesitatingly choose *Bromus Inermis*—the most remarkable Grass known to man to-day. There may be better Grasses, but as yet they are undiscovered! Why? Because *Bromus Inermis* is a sure grower, a sure yielder and a sure money-maker. Its seed is always scarce; its green Grass the best, and its hay, from 3 to 7 tons per acre, the very best nourishment that can be found.

Hon. F. A. Hoffman, ex-Governor of Illinois, heartily endorses this great Grass. In a personal interview with him, he said, among others: "It is unquestionably the rarest grass, the greatest new grass, the most nutritious and prolific grass for the American farmer introduced of late years. Its great utility is that it will do well where no other grasses grow, that is, in the dry, arid regions." He says: "The seed obtained from you last fall grew splendidly; it is immense. I shall plant a large acreage this season."

Mr. J. H. Shepard, Professor of Agriculture, N. D. Agricultural College, writes:

"As pasturage it is preferred to timothy by the cattle, as shown by a trial, where it was fed off more closely than timothy in the same pasture. It has the advantage of being early and being green until late in the fall. The fact that the *Bromus Inermis* resists drouth better than other cultivated grasses, greatly adds to its value in the Northwest. The eagerness with which it is sought by stock leads me to believe that it is of as much value as timothy for hay and pasturage, and that the hay is as valuable, ton for ton."

Mr. S. W. Bedford, Supt. of the Experimental Farm at Brandon, Manitoba, writes:

"The *Bromus Inermis* has done exceedingly well on the farm here, both on high land and low land. Even on our gravelly soil and the tops of hills it has given us a fair return, while on the rich, alluvial soil it has yielded us a very heavy crop indeed, exceeding four tons of dry hay to the acre during the past year. It gives us a very much larger return than timothy and cattle prefer it to any other hay we have tested here. We have tested its feeding value, both to dairy cattle and for feeding steers, and find that it gives much better results than any other class of hay."

BROMUS INERMIS.

Yields enormous crops of splendid hay and affords early and abundant pasturage. The importance and value of this grass to the Northwest is not to be estimated. It is an absolute and thoroughly proven success. It adapts itself to almost every condition of soil and climate, and to any use to which grass may be put, equaling in quality and rivaling in yield almost any other grass. It is not an experiment and Salzer Seed Co. were the ones who introduced this first from Russia.

*We have completed arrangements with Prof. James H. Shepard, Professor of Agriculture in the South Dakota Agricultural College, Brookings, S. Dak., for the sale of his absolutely pure *Bromus Inermis* seed.

This seed was grown by Prof. Shepard at Brookings and is from imported seed, obtained by Prof. Hansen of the South Dakota Agricultural College while in Russia, under the direction of the United States Department of Agriculture.

We consider the College Grade absolutely the purest, finest *Bromus Inermis* seed ever offered.

WATER MEADOW.

MEADOW FOXTAIL.

One of the most desirable of all grasses for permanent pasture, being early and rapid in growth. It thrives best on rich, moist soils. Hardy and prolific, returning heavy crops. It vegetates with extraordinary luxuriance, and is, therefore, both as a first crop and as after grass, justly considered as holding a first place among the best grasses, whether used as green fodder or made into hay; cattle are fond of it, though it is said to be less relished by oxen.

Pkg., 5c; lb., 25c; bu., \$3.25; 100 lbs., \$20.00.

Water Meadow.—This is a splendid pasture grass for wet situation. It is eagerly eaten. Sow 20 lbs. per acre. Pkg., 5c; lb., 30c; bu., \$3.60; 100 lbs., \$25.00.

Water Fescue.—A grand grass for moist soils. Lb., 25c; bu., \$2.90; 100 lbs., \$20.00.

Floating Meadow.—Splendid for wet soil. Pkg., 5c; lb., 25c; 100 lbs., \$23.00.

Water Spear.—For wet soils. Pkg., 5c; lb., 25c; 100 lbs., \$23.00.

GRASS AND CLOVER MIXTURES.

It is often difficult for our patrons to select proper Grasses and to mix the same thoroughly for their use; and it thus comes that we are annually requested by thousands of our friends to select and mix for them sorts adapted to their soil and climate. This, from our large experience in the culture, nature and requirements of grasses for pastures and meadows, we can often do more satisfactorily than they. When customers wish a luxuriant growth of either meadow or pasture, it will pay them every time to buy our Grass Mixtures. Our seeds are Northern-grown and our farmer friends will be surprised to see the unusual vigor that this lends to them. Northern-grown seeds, when a strong growth is wanted for hay or pasture, usually return 50 per cent. more crop than Eastern stock. Our Grass Mixtures for pastures and meadows are composed of appropriate grasses in such quantities as are required to produce an even, healthy, vigorous, strong growth on different soils.

For pastures we want grasses to mature and bloom at different times, so that cattle find no lishment all the season; while for meadows the opposite is preferable—all should bloom and ripen at the same time.

THOUSANDS OF PRAISES.

We could introduce ten thousand letters from pleased customers who have used Salzer's Grass and Clover Seed Mixtures, all as hearty and emphatic as the one from Ex-Governor Hoffman, of Illinois. Ex-Governor Hoffman, of Illinois, said: "You no doubt remember my purchasing a lot of Grass Seed from you last year. The varieties included Orchard Grass, Tall Meadow Oat, English Rye, Meadow Fescue, Timothy, Clover, etc., to seed down a ten-acre lot to permanent meadow. The present foresummer was unfavorable to grass, yet we cut on the ten acres about 25 tons of splendid hay. The aftergrowth will furnish superior pasture during the fall."

Thus thousands of our farmer friends write us and thus you will praise our Grasses if you will but use them.

GOOD CHEAP GRASS SEEDERS.

To sow Grass Seeds economically and well, a good seeder is absolutely necessary. We offer 7 splendid seeders at very low prices.

Cahoon Hand Seeder.

Sows all kinds of Grain and Grass Seed, and at a common walking gait, sows from 4 to 8 acres per hour, throwing Wheat, Rye and Barley 30 feet; Hemp, 28 feet; Oats, 23 feet; and Timothy, 18 feet. The bag and hopper will hold about 22 quarts. Price of Cahoon Seeder, only \$2.90.

Cyclone Seeder.

Similar to the Cahoon, though a cheaper make. Each, \$1.50.

Little Giant Seeder.

Well known. Like Cyclone. Each, \$1.50.

The Chicago Seeder.

Well known; does good work. Each, \$1.50.

La Crosse Hand Seeder.

Here is the Seeder for rich or poor; splendid in all respects, doing its work perfectly. It will pay for itself in sowing 5 acres twice over. It was brought forward to meet the demand for a cheap, perfect Hand seeder. Its great advantage is that it sows the ground three times in going over once, leaving no possible chance of skipping. From 20 to 30 acres can be sown in a day if the seed is handy. Full directions accompany each machine. Price, \$1.25; 3 for \$3.50.

Thompson's Wheelbarrow Seeder.

This is a perfect Seeder, sows 40 acres per day. A great seeder for sowing all kinds of Clover, Millet, Timothy, Flax and Grass Seeds. Price, 14 ft. Hopper complete, \$8.50.

14-FT. HOPPER, PRICE, \$8.50.

The Michigan Wheelbarrow Seeder.

To sow Grass Seed you need a good Seeder, one that will spread the Seed evenly and do it rapidly and yet thoroughly.

In the Michigan Seeder we have a perfect Seeder. A machine complete, including wheelbarrow and all, weighs about 40 lbs. It's fun to run it. You simply push and it will do the rest. It runs itself. It is really a remarkable machine. It takes a wide sweep according to the size of the machine and will sow with ease from 30 to 40 acres in a day.

It is especially adapted for sowing all kinds of clovers such as Alfalfa Clover, Giant Incarnat Clover, Alsike Clover, Millets, Timothy, Flax and Grass Seeds. Indeed we do not see how a farmer who has from 5 to 10 acres of grass seed or clover, etc., to sow annually can get along without one of these Seeders.

With the Seeder we send full directions how to handle the machine. These machines are preferred to hand seeders on account of their being able to do more work and we think a little more thoroughly. Of course the one with the 12 ft. hopper does not throw the seed as widely as the 16 ft. hopper. This is the only difference.

20. SALZER'S RENOVATOR, OR QUICK RESULT GRASS MIXTURE.

Quick growing, rapidly producing grasses, pastures and meadows of quick and great luxuriance are often desired at once; for these we recommend our Renovator Grass Mixture. This mixture is gotten out for the purpose of a Renovator Grass Mixture—one giving quick results and of high germinating character. Farmers tested same on their worn-out meadows with magnificent results; others seeded same alone, and received the finest stand of grass they had ever seen, while, without exception, everybody reports in glowing terms as to the vigor, the quality and the permanency of this great mixture.

MR. EMIL RAFFOLD, EAST POINT, GA., writes:

I sowed your Grass Mixtures March 19th, on a miserable piece of land—"so poor, two men could not raise a fuss on it!" and yet on April 30th, in less than 42 days, I had the finest stand of grass in our county! Your Grass Mixtures do grow so luxuriantly.

Now, Grass is far more important than Corn: Grass is King, not Wheat or Corn, because Grass and Clover outrank all cereals in value. The improvement of your worn-out pasture and meadow, or laying out of new pasture, is worthy of your very best thought. The country is full of imitators, and there are lots of seedsmen who do not grow an ounce of Grass or Clover seed who are imitating our methods, our illustrations, our advertisements, and also our Grass Mixtures, but there is one thing they can never imitate, and that is the quality of our Grass and Clover Seeds. There is no other firm in the world that takes greater care as to purity and germination than we do, and in our special mixture, which we offer under the name of

SALZER'S RENOVATOR, OR QUICK RESULTS GRASS MIXTURE,

we have something that, we believe, for results and permanency, seeks an equal. It is composed, among others, of those superb Grasses—Tall Meadow Oat, Kentucky Blue, Orchard Grass, Meadow Fescue, Tall English Blue Grass, Italian Rye, English Rye, Timothy, Bromus Inermis, Red Top, Dogstail, Alsike, White, Red and other Clovers and Grasses. It is a mixture that has proven itself immensely popular wherever sown, and we bespeak for it a great future, and believe that whoever tests this, either for renovating his pasture or sowing alone for MEADOW OR PASTURE, will get magnificent results. With each 8-lb. or larger order there are sent full directions as to how to sow the Renovator or Quick Results Grass Mixture to get grand results.

98,863 FARMERS.

Just pause a moment and think of the thousands who have sown Salzer's Renovator mixture the past few years. There is reason for this. Salzer's Seeds never fail! Do try them this season.

THIS RENOVATOR, OR QUICK RESULTS MIXTURE,

is made up of such varieties of Grasses and Clovers as act quickly, give happy results in quick or short order, and lend a permanency that is astonishing and surprising. This mixture we mowed in one season three times, and, thereafter pastured it. That is all man can ask of Grasses, and our Renovator Grass Mixture will do for you what it has done for us and others. We predict for it immense popularity among the farmers of America, as it is fit to be sown—please remember this—fit to be sown in each county and state of the Union, and all the territories and Canada besides.

For renovating pastures, sow at the rate of 8 lbs. per acre.

For the laying down of a new pasture or meadow, sow 16 lbs. per acre.

Price: Pkg., 10c; lb., 30c, postpaid; by freight, 8 lbs., \$1.00; bu., \$1.50; 50 lbs., \$4.90; 100 lbs., \$9.50.

Salzer's Practical Hints on Grasses and Clovers postpaid for 10c.

CHEAP GRASS SEED MIXTURES.

To meet competition with Minnesota Cheap Grass Seed Mixtures, as also Illinois and some Wisconsin sellers (not growers of seed), we offer the following:

Price of all Mixtures: Per 16 lbs. for one acre, \$1.50; per 50 lbs., \$4.50; per 100 lbs., \$8.50.

- No. 1 for high and dry ground, light soil, for either meadow or pasture.
- No. 2 for high and dry ground, heavy soil, for either meadow or pasture.
- No. 3 for moist ground, rich soil, for either meadow or pasture.
- No. 4 for moist ground, occasionally overflowed, for either meadow or pasture.
- No. 5 for top seeding of marshes, for either meadow or pasture.
- No. 6 for prairie soils, for either meadow or pasture.
- No. 7 for light, gravelly, sandy soils, for either meadow or pasture.
- No. 8 for sheep pasture.

When ordering state whether desired for pasture or meadow. Of course, we do not recommend cheap mixtures, though these are considered equal to the best offered by seedsmen who are not growers.

A LUXURIANT MEADOW—FROM SALZER'S MIXTURE.

Lives there a farmer whose heart is not made light and happy and glad at the sight of a luxuriant meadow? To get a magnificent stand of grass it is imperatively necessary to sow good Northern-Grown Seeds. Now, we were the first seedsmen in America to make a specialty of Northern-Grown Seeds. We now have scores of imitators, but none whose Grass and Clover seeds equal ours in vitality and vigor of growth. Our Grass Mixtures will be a source of constant pleasure and profit, and the fact that dozens of seedsmen imitate our mixtures is proof that they are good.

We cannot too often urge upon you to be careful in the purchase of your Grass and Clover Seeds, as so many seedsmen are forced (because they do not grow seeds themselves) to buy Grass Seeds in ordinary markets. We leave you to judge what can be so obtained. We are the only seedsmen in America making the growing of Farm Seeds a great specialty of our business.

SOWN TO SALZER'S EXTRA GRASS MIXTURE FOR PASTURE

SALZER'S EXTRA GRASS & CLOVER MIXTURES
FOR ALL SOILS AND CLIMES

VIEW OF OUR CELEBRATED LA CROSSE MEADOW JULY 5TH YIELDING 6³/₄ TON MAGNIFICENT HAY PER ACRE.

In order to have as magnificent a meadow as above illustrated, it is necessary to sow Salzer's Extra Grass and Clover Mixture. We would sow an average of 21 pounds per acre. The following Extra Grass and Clover Mixtures are carefully selected to give the greatest possible results, and contain the following varieties, properly mixed:

EXTRA GRASS AND CLOVER MIXTURES FOR MEADOWS.

At first sight \$1.75 to \$2.62 per acre seems high, but when you consider the luxuriant growth and tremendous yield per acre, and that it lasts, when once established, for years and years, it must appeal to you as low-priced after all.

14. FOR RICH, DRY SOILS.

Tall Meadow Oat, Timothy,
Kentucky Blue, Blue Grass,
Orchard Grass, Alsike Rye,
Meadow Fescue, Red Clover,
English Blue, English Rye,
Bu. (14 lbs.), \$1.75; 50 lbs., \$6.00; 100 lbs.,
\$11.00; 200 lbs., \$20.00. Sow 14 to 21 lbs. per acre.

15. FOR RICH, MOIST SOILS.

Meadow Foxtail, Creeping Bent,
Meadow Fescue, Alsike
Rough-Stalked Meadow, Hard Fescue,
Orchard Grass, Red Top,
English Blue, Crested Dogtail.
Bu. (14 lbs.), \$1.75; 50 lbs., \$6.00; 100 lbs.,
\$11.00; 200 lbs., \$20.00. Sow 14 to 21 lbs. per acre.

16. FOR MEADOW WET SOIL.

Creeping Bent, Fowl Meadow,
Tall Fescue, Timothy,
Red Top, Alsike Clover,
Rough-Stalked Meadow, Floating Meadow,
White Clover.
Bu. (14 lbs.), \$1.75; 50 lbs., \$6.00; 100 lbs.,
\$11.00; 200 lbs., \$20.00. Sow 14 to 21 lbs. per acre.

OUR EXTRA MIXTURES FOR PASTURE CONTAIN:

Luxuriant pastures, upon which large flocks of sheep, herds of cattle, droves of hogs and bands of horses find rich, abundant, nourishing, health-giving food—such pastures are made possible by sowing Salzer's Extra Pasture Mixtures at the rate of 21 lbs. per acre.

17. FOR RICH, DRY SOILS.

Meadow Foxtail, Blue Grass,
Orchard Grass, English Rye,
Sweet Vernal, Italian Rye,
Meadow Fescue, White Clover,
Dogtail, Red Clover,
Timothy, Alsike.
Bu. (14 lbs.), \$1.75; 50 lbs.,
\$6.00; 100 lbs., \$11.00; 200 lbs.,
\$20.00. Sow 14 to 21 lbs. per acre.

18. FOR RICH, MOIST SOILS.

Meadow Foxtail, Rough-Stalked Meadow,
Hard Fescue, Red Top,
Orchard Grass, Dogtail,
English Rye, Tall Fescue,
Italian Rye, Red Clover,
Wood Meadow, Alsike.
Bu. (14 lbs.), \$1.75; 50 lbs.,
\$6.00; 100 lbs., \$11.00; 200 lbs.,
\$20.00. Sow 14 to 21 lbs. per acre.

19. FOR WET SOILS.

Creeping Bent, Tall Fescue,
Red Top, Rough-Stalked
Fowl Meadow, Meadow,
Floating, Timothy,
Meadow, Alsike Clover.
Bu. (14 lbs.), \$1.75; 50 lbs.,
\$6.00; 100 lbs., \$11.00; 200 lbs.,
\$20.00. Sow 14 to 21 lbs. per acre.

22. Alfalfa or Dry Mixture.

This is a mixture for dry, sandy soils, and is composed largely of Alfalfa Clovers. It is of rare quality and gives magnificent pastures and meadows. Bu., \$1.75; 100 lbs., \$12.00.

25. FOR ORCHARD AND SHADE.

This mixture contains sorts adapted for orchard and shady places. Gives rich hay and will please. Bu., \$1.75; 50 lbs., \$6.00; 100 lbs., \$11.75.

Salzer's Extra Grass Mixtures must not be confounded with the other fellow's Grass Mixtures. We are growers, and the only large growers of Grass and Clover Seeds in America.

Salzer's Practical Hints for Grass and Clover Culture (being extensively copied by other seedsmen, etc.) postpaid for 10c. This we give free with each bushel order or more of Grass or Clover Seeds if asked for when ordering.

OUR GREAT HOG PASTURE MIXTURES.

PERMANENT HOG PASTURE MIXTURE.

No. 23. Specially selected for a permanent hog pasture on good, rich soils. Splendid for this purpose, sink their roots deeply, as a rule, and furnish a great abundance of herbage. We cannot too strongly recommend same for permanent pasture.

English Blue,	Alsiike Clover,	PER ACRE. 15 lbs. at 12c \$ 1.80 50 lbs. 6.75 100 lbs. 11.00
Orchard Grass,	White Clover,	
Mammoth Clover,	Timothy,	
Rough-Stalked Meadow,		

QUICK RESULTS HOG PASTURE MIXTURE.

No. 24. Th's mixture for pastures is renowned. It has stood the test for years, and the increased sales annually attest its popularity. It comes already into play the first year, as the splendid Clover, Salzer's Giant Incarnat or German Mammoth, enters largely into its composition. We are sure that it will please everybody. It is sold very cheap. This mixture insures splendid food in the first season—yes, luxuriant pasturage.

5 lbs. Salzer's Giant Incarnat Clover,	14 lbs. (sufficient for 1 acre.) \$1.50 50 lbs. 5.00 100 lbs. 9.50
2 lbs. Salzer's Mammoth Clover,	
2 lbs. Salzer's English Rye Grass,	
2 lbs. Salzer's Italian Rye Grass,	
1 lb. Timothy, 1 lb. Billion Dollar Grass,	

LAUGH AND GROW FAT HOG PASTURE MIXTURE.

No. 26. For years we have made up different mixtures for hog pastures and they have been so immensely popular that a dozen seedsmen are now copying same. The "Laugh and Grow Fat" Mixture contains generally among others the following: Billion Dollar Grass, Turnips, Amber Cane, Cow Peas, Velvet Bean, Soja Beans, Seltz, Bismarck Hog Food Peas, Kale, Vetches, Thousand Headed Kale, Oats, St John's Rye, Broom Corn, Millet and Giant Incarnat Clover. It is well in ordering this mixture to tell us what month you wish to sow, stating when you wish to have the food, and the condition of your soil. Sow from 90 to 125 lbs. per acre. Price, 50 lbs., \$2.60; 90 lbs., \$3.70; 100 lbs., or more at \$3.90 per 100 lbs.

Sown with Salzer's Superior Lawn Grass Mixture. A quart of seed sows 15x20 or 300 sq. ft.; costs 25c postpaid.

SALZER'S SUPERIOR LAWN GRASS SEED.

It is the easiest thing in the world to grow a beautiful lawn. How often in our own city, as well as in other towns, do we find people spending from \$10.00 to \$25.00 sodding a lot, when 50c to \$1.00 worth of Lawn Grass Seed would do the work, would do it better and give a thicker swath and a greater growth than any sod you can find and put on anywhere. There is nothing that gives quicker growth and a thicker sod than Salzer's Superior Lawn Grass Mixture. It not only does well in the North, but it does well in the East, West, South, and anywhere and everywhere, and makes lawns, golf links, tennis courts, etc., as soft as velvet and green as emerald all summer. The Salzer Superior Lawn Grass Seed will form a close, thick turf in

6 WEEKS' TIME.

If people only knew how comparatively easy it is to make a lawn with Salzer's Lawn Grass Seed, the days of using sod, with all the attendant expense, would soon be over.

THE QUANTITY REQUIRED

for making new lawns is 3 to 5 bushels, or 42 to 70 pounds, per acre, or for renovating old lawns, 1 to 2 bushels. For a plot 15x20, or 300 square feet, 1 quart is required for new, or 1 pint for renovating old lawns.

PRICE: Pt., 15c; qt., 25c; 2 qts., 45c; 4 qts., 85c, postpaid; by express, qt., 20c; 2 qts., 35c; 4 qts., 60c; 5 lbs., \$1.00; bu. of 14 lbs., \$2.25; 20 lbs., \$3.00; 50 lbs., \$7.00; 100 lbs., \$13.50.

NITRO-CULTURE.

What NITRO-CULTURE is—NITRO-CULTURE consists of nitrogen collecting Bacteria which work in the soil and on the roots of leguminous plants, having the power to collect free nitrogen from the air and supply it to the plants. All plants need nitrogen, which is very costly when obtained by chemical process. The remarkable increase of crop frequently reported and caused by inoculation is due wholly to the large amount of nitrogen collected from the air by the Bacteria.

The successful artificial inoculation of soils deficient in these bacteria, is of recent date and is in its infancy. The outcome may show this to be one of the greatest scientific agricultural discoveries of the age.

Out of 3,540 tests reported to a certain date to United States Agricultural Department, there were 79 per cent. of successful experiments—all showing increase, and some to a marvelous degree. The exhibits of plants grown from inoculated seed in pure sand, and the large foliage and great network-mass of very roots of same produced by inoculated Seed, and all shown besides the dwarfed plants minus the nodules from non-inoculated seed, —these seem almost the work of magic.

FULL DESCRIPTIVE CIRCULAR.

We shall be only too glad, upon receipt of 2c postage, to mail you a circular fully describing this recent great scientific discovery for Agriculture. This circular gives a full description of the marvelous benefits derived from Nitro-Culture and we urge every gardener and every farmer to obtain same.

We have Nitro-Culture especially prepared for the following:

- | | | |
|------------------------|----------------------------|---------------------|

WILD RICE SEED.

There is a tremendous demand of late for Wild Rice which is used for sowing in ponds or marshy places, in lakes, along side of rivers, etc., to attract ducks, geese, pigeons and other wild game. In sowing the best way to start same in lakes is to sow right along the shores and let same settle, or better still if you can sow along the shores to press same into the ground. This can be done by walking on the seed, sowing slowly. All that is really necessary is to get the seed covered and any method that will answer this purpose will be satisfactory to the rice as it will grow readily and when once established will keep the banks of your lakes and rivers well stocked with wild rice.

The seed this year is very scarce.

Price, pkg., 5c; ¼ lb., 10c; lb., 30c; 4 lbs., \$1.00, postpaid.

By express, lb., 25c; 4 lbs., 75c; 10 lbs. or more, 17½c a lb.

WILD CELERY SEED.

This is another plant that is eagerly sought by wild geese, ducks, pigeons, etc., and adds a delicious flavor to the fowl. Wild Celery can be treated the same as Wild Rice sown along the shores and banks of lakes and rivers and after once sown will take care of itself.

In sowing treat similar to Wild Rice.

Price, pkg., 5c; oz., 10c; ¼ lb., 25c; lb., 75c, 3 lbs. for \$2.00; postpaid.

By express, lb., 65c; 3 lbs. or more 56c a lb.

GOOD HONEY PLANTS.

BEE CLOVER.

This is much liked in Russia because of the mild honey it furnishes. The plants grow about three feet high and come into bloom very quickly; for that reason they can be had in bloom throughout the entire season if sown four times during the summer. It requires about 4 lbs to sow an acre. The seed is small and should be covered but little.

Pkg., 10c; oz., 15c; 2 oz., 20c; ¼ lb., 35c; lb., \$1.25.

HONEY ANCHUSA.

Another very valuable honey plant; blooms in about ten weeks after the sowing of the seed, which is always scarce to get. We are sure that a trial of this seed will please and be very profitable. Pkg., 10c; oz., 40c; ¼ lb., \$1.25; lb., \$4.00.

HONEY PLANT, CLEOME PUNGENS.

This plant, sown in the early spring, soon begins to grow and bloom, and from the hour the first blossom shows, it is continuously crowded and surrounded and kissed by the honey bee, and furnishes very excellent, marketable honey. We recommend everybody to give this splendid honey plant a trial, and you will find that it is valuable in more than one way.

One oz. of seed will grow 25 feet square and give you a good trial. This sows thickly. It would require about 20 lbs. to properly seed a whole acre.

Price, pkg., 10c; oz., 20c; ¼ lb., 40c; lb., \$1.25; 5 lbs., \$6.00. Larger lots special prices.

SALZER'S NORTHERN GROWN SEED POTATOES

Nothing gives us more genuine pleasure and satisfaction than the wonderful, yes, marvelous increase in our Seed Potato trade. Seedsmen who have visited our Seed Potato cellars marvel at the quantity of our choice stock, and wonder what we would do with all of it. The IMMENSE POPULARITY of our Potatoes is accounted for by their being **GROWN IN THE EXTREME NORTH**. There is reason in this—there is a world of difference between a Dakota Northern-grown Potato and an Eastern, or one grown along the shores of lakes. We have taken Potatoes from Illinois, Michigan and New York and planted side by side with the same sorts from our Dakota farms, and NEVER got more than a two-thirds crop. While our Dakota sorts would plow out by the hundreds of bushels per acre, Michigan and Eastern Potatoes would give us 50, 80, and now and then an unusual yield of 100 bushels per acre. Now, our gardeners or farmer friends, if you plant ¼ acre or 20 acres of Potatoes, it will pay you to buy your seed stock from us; that is, if early varieties or great, glorious yielding varieties are what you are after. Why, we have hundreds of farmers who buy regularly from 3 to 20 barrels a year for their seed, because it more than doubly pays them to do so. Think of 200, 300, 400, 500 and 600 bushels per acre, and then compare the average yield you get.

Customers in the South.

We begin shipping Potatoes to Texas, Alabama and the south the first of January, 1907. There is no Potato that does better in those states than our great Salzer's Six Weeks and Salzer's Earliest, and for late "Scab Proof," and we assure customers they will be delighted with them.

POTATO EYES POSTPAID, BY MAIL.

There are thousands of families living in cities and country who would like to grow a few bushels of extra early Potatoes, some of our magnificent, sterling new varieties, and who do not wish, on account of high express charges on a peck or bushel of seed to buy that quantity. For these we have adopted a new plan of sending Potato Eyes by mail postpaid.

These are carefully packed with damp moss, and we warrant them to arrive in good condition for growing, no matter how far away. In this way our customers can have the pleasure of trying our new varieties at little cost. In sending the Eyes by mail there is nothing to pay for transportation, as we pay all postage. All orders for the South can be sent at any time in the winter with safety. Orders for the North and West will be booked when received, and sent when spring opens or planting time arrives.

PRICE OF POTATO EYES, POSTPAID:

Price of all our Potato Eyes:				
Per 20,	Per 60,	Per 100,	Per 250,	Per 1,000,
40c.	80c.	\$1.10,	\$2.50,	\$8.50.

Upon receipt of the Potato Eyes, if too early to plant, put in moist earth and place in cool location without danger of freezing.

Positively no less than 20 furnished of one kind at above price. With careful culture, 50 eyes produce 5 bushels; 250 eyes, 25 bushels.

POTATO SEED.

Carefully hybridized seed, suitable for experimental trials. You may, by planting this, in two years secure a new variety of merit. The little tubers the first year are about the size of small marbles. Pkt., 20c; ¼ oz., \$1.50; ½ oz., \$2.75; 1 oz., \$5.00.

CHEAP POTATOES FOR \$1.90 A BBL.

Customers often write us for cheap Northern-grown Potatoes. We have them. We arrange a barrel of such Potatoes as we may often have a large stock of. We sell them as long as our stock lasts at \$1.90 a bbl. Sometimes they contain seconds and small ones, but they are all Northern grown and cost but \$1.90 a bbl.

SALZER'S ACME POTATO EYE CUTTER.

Invented by a superannuated Congregational clergyman in the East who is running a small farm. We have given this Potato Eye cutter a great trial. It is splendid. Using eyes carefully cut with this Potato Eye Cutter you save easily one-third of the seed. Where it requires otherwise 10 bu. of Potatoes to plant an acre, you will get just as good a stand and just as early a yield from 6½ bu., if you use the Acme Potato Eye Cutter.

Price, each, postpaid, 20c; per 3, 50c; per 10, \$1.65. By express, each 17c; per 3, 45c; per 10, \$1.50.

SALZER'S EARLIEST POTATO.

On the next page we say a few words about Salzer's Sunlight Potato, that new Potato, early and quick as light, that comes to you bright and new for your favors. Salzer's Sunlight Potato unquestionably is the earliest white Potato for the market on earth; but it is new, it is rare, it is a novelty, and will be tried this year by just

350,000 FARMERS AND PLANTERS

in a small way—in peck, bushel and barrel lots. Some wide-awake market gardener or farmer will order at once three barrels and with careful cutting, plant an acre therewith; but the greater bulk of the 350,000 Potato planters will buy and plant a plenty of Salzer's Earliest and Salzer's Early Six Weeks Market Potatoes, these two tried heroes of the early Potato fields. And now, a word about Salzer's Earliest Potato, that has for years challenged any seedsmen on earth to produce an earlier. Not one seedsmen could do it. (Salzer did it in Sunlight.) All the seedsmen, without an exception, have tried but failed. They can't do it. Why? Because you can't beat Salzer. He is up to date in earliest Potatoes and farm seeds, and in Salzer's Earliest we have a noble Potato, a Potato fit for a king—a very picture, a beauty, and marvelously productive.

The John A. Salzer Seed Company consider this Potato (with the exception of the Sunlight Potato) the Earliest on Earth.

Next to the Sunlight Potato, it is the earliest. For the past ten years we have tested every seedsmen's earliest sort, and especially so the past six years, every earliest variety offered by seedsmen in Michigan, Minnesota, Illinois, New York and other states, and have invariably found them from 5 to 25 days later than our extremely early, extremely fine Salzer's Earliest Potato. There are thousands upon thousands of market gardeners and market farmers who will fully corroborate what we say regards Salzer's Earliest Potato. There is positively no Potato in America to-day besides our Sunlight, that can touch it in earliness by from 6 to 25 days.

Take our word for it, no matter what seedsmen or merchants will tell you, Salzer's Earliest is the earliest Potato in the world.

This prince of Earliest Potatoes heads the list. That's the place for it. It has earned this proud distinction on account of its being the earliest in the world—that is, the earliest introduced for general culture. Earliest? Yes, for it has ripened tubers fit to eat in but 30 days—4 weeks. Who would have thought that possible ten years ago? Indeed this is the earliest Potato in the world; at least proven 6 to 12 days earlier alongside of over 60 seedsmen's earliest sorts. We do not think that for earliness, enormous productiveness and fine appearance, for strong, vigorous growth, excellent flavor and early ripening quality, any praise, no matter how strong, is too high for its merits. Salzer's Earliest is none of your weakly, dwarfish things; it is full of life, vigor and healthfulness, and as soon as planted, sprouts quickly, apparently determined to get there weeks ahead of its relatives, and so it does. And, Sir, it does it every time. It is the great Earliest Potato, and, although it is being crowded by our Peerless Six Weeks, it still leads as the champion Early Potato of the world! No Potato yet introduced, excepting our Sunlight, gets there quicker, is of finer form, sells more quickly than Salzer's Earliest. Its friends are legion. It is a seedling of that celebrated Triumph or Stray Beauty type, but is earlier than either and twice as prolific.

THE JOHN A. SALZER SEED CO.

made this remarkable test: It placed Salzer's Earliest and Salzer's Earliest Six Weeks Market Potato on their mettle! They planted them in ordinary, reasonably rich black sandy land and ordered them to be good and show what they could do. Here is the actual (weighing all Potatoes, big and small) result. There were, however, very few small potatoes, as both of these sorts, as a rule, produce only large Potatoes. They were planted the same day, dug the same day, and here is the grand result.

	First acre dug very early, yielded only:	Second digging—two weeks later, 1 acre:	Third digging—1 acre, two weeks later:	Fourth digging—1 acre, when fully ripe:
Salzer's Earliest	84 bu. Sold at \$1.60 a bu.	Yielded 166 bu., at \$1.10 a bu.	437 bu. at 60c a bu.	503 bu. from 1 acre of Earliest
Six Weeks Market	64 1.50	201 1.00	478 60c	645 1 Six Weeks

Is not that a glorious yield, a splendid record, a magnificent showing? One to be proud of, one to boast of, one that you, Mr. Farmer, can have this year if you will. Now, Salzer's Earliest is a lovely Potato; beautiful as a bride; handsome as a peach, charming as a flower, and then it is early, early, early! It is the great early Potato of to-day. Look at above record. It will sell anywhere at \$1.50 a bushel on account of its extreme earliness.

PRICE OF SALZER'S EARLIEST POTATO:

1 lb., postpaid, 35c; 3 lbs., \$1.00; by freight, pk., 60c; ½ bu., \$1.00; bu., \$1.65; bbl., \$3.75; 3 bbls., \$11.00.

Carefully Hybridized Potato Seed one package may grow 25 different sorts—Package, 20c; 4 oz., \$1.50.

SALZER'S SUNLIGHT POTATO.

For the want of a better name, a name denoting time, of fast growth, we have named this candidate **Salzer's Sunlight Potato**. If we could find a better light? Does it not travel faster than the telegraph, telephone, faster, quicker, and with larger strides than any light is all right. It is expressive; it means something. grown white Potato on earth. But then you say: right earliest Potato on earth. That is so; up to the advent of more than 300,000 Potato growers as absolutely the ear- People told us not to try and improve Salzer's Earliest they said that Salzer's Earliest is good enough. Well, stars, but our new Salzer's Sunlight brings joy on its rapid Salzer's Sunlight Potato dispel the gloom of 'shortness There is no fun farming without money, and, oh, had ago, we would have made mints of money at market gar- eighty days and we sold them for \$1.00 a bushel.

Now, What is Salzer's Sunlight Potato's Parentage?

It originated through crossing with two of the earliest potatoes known. I am proud to say that the John A. Salzer Seed Co. is the introducer of this noblest of all early Potatoes. Description: The tubers are of beautiful shape and appearance, rather being inclined to oblong, broad but not very thick. The eyes are shallow; the color of the skin is that peculiar white which characterizes the best potato. Indeed, it is a handsome, attractive Potato. The growth of the vines is dense and robust but compact. This is favorable to close planting for extreme early. It is also a magnificent main crop potato. There are many people who plant but one potato. To such we would not hesitate to recommend Salzer's Sunlight on account of its being a splendid potato when early, a splendid potato when used in summer or fall or winter or early spring, as we ourselves kept this potato, also the Six Weeks Market, twelve months after digging! Indeed, Salzer's Sunlight is one of the very best keeping potatoes that we know of. In table quality, Salzer's Sunlight is unconditionally equal to the very best potato known. The flesh is white as snow, and flavor, texture and quality perfect. As a cropper would refer to David Daniel Tucker's test. 603 bushels per acre is all that any farmer expects from a potato. The tubers grow close together in the hills and are not at all backward about crowding each other, and they roll out grandly and nobly at digging time. There are but few small potatoes in a hill, nearly every one being merchantable. As an early potato Sunlight is ahead of any that we have ever tried, and we have tried every sort obtainable. Varieties like Thoroughbred, Bovee, Freeman, Acme, La 7 Michigan, Early Ohio and hundreds of other so-called early potatoes—all such take a back seat, because Salzer's Sunlight is immeasurably ahead of them. We have three potatoes that are earlier than other seedsmen's earliest. First comes Salzer's Sunlight, then Salzer's Earliest, then Salzer's Six Weeks Market. These three potatoes have proved themselves earlier than any other seedsmen's earliest sorts. But Sunlight is the earliest of all. One great feature of Salzer's Sunlight Potato is, that when the weather is dry and there are weeks without rain, and other potatoes planted near by do poorly, Salzer's Sunlight will keep right on growing, snapping its fingers at the drought, smiling at the cloudless sky and producing a tremendous crop of extra choice beautiful early potatoes, so that as a potato for general purposes we can heartily recommend same, as we are sure of its doing well everywhere.

NINE MONTHS. This Potato is not only good for quick early, but will keep nine months after it is ripe.

603 Bushels per Acre.

Sunlight is a yielder! It's not a sluggard! It's ready to work and earn a profit to any one planting same. Think of Mr. Tucker's yield; at the end of 5 weeks he dug per acre 140 bushels; at the end of 6½ weeks, 250 bushels from one acre; at the end of 8 weeks, 555 bushels, and when fully ripe, 603 bushels per acre. That's startling, that shows new blood, new vigor, new life, new yielding qualities! If an eastern seedsmen had this new blooded early potato, he'd ask \$30.00 a barrel for it. Salzer don't. He places it within reach of you, Mr. Farmer. It's bound to make you happy if you will only plant a great plenty

Price of Salzer's Great Sunlight Potato.

1 lb., 50c; 3 lbs., \$1.00, postpaid; by freight, pk., 90c; ¼ bu., \$1.25; bu., \$1.75; bbl. (2½ bu., 165 lbs.), \$4.50; 3 bbls., \$12.50. Hybridized Potato Seed, package, 20c, ¼ oz., \$2.00.

Now, Salzer's Sunlight, What Can You Do?

Arise and talk for yourself. Tell the truth and nothing but the truth. Be quick in your talking. "Mr. Farmer, I am not accustomed to talking. I have had no time to learn; but I am accustomed to grow quickly, sell myself quickly, and bring the farmer back money quickly. I'll tell you how it happened that I grew so quick. Salzer crossed me with two earliest white Potatoes he had. From that seed-ball I sprung. All my companions said when I was yet little that I was a *prodigy*, for I had grown so much faster than they. When Salzer saw me, he shouted outright: 'Earliest thing on earth!' I didn't know then what he meant. He dug me carefully and wrapped me in some soft stuff and kept me in an iron vault until spring. He was afraid I would get away from him. He then treated me to a dose of something strong and planted me on a sunny south hillside. Gee Willigans! but I grew there, and was in bloom and fit for eating before my companions were set. When Salzer saw that, he shouted again, 'Earliest Potato on earth!' By that fall I had grown to be a bushel basketful and from then on I multiplied fast. The following year he made me grow two crops at La Crosse on the same field during the same summer, which I did without a murmur; and when he dug the last crop, he shouted, 'Greatest Potato on earth!' When I appeared for the first time in stores, finely dressed ladies would look at me and say, 'Oh, how beautiful!' and order some at \$3.00 a bushel; then they would cook and boil me, and how they did praise my beauty and earliness and flavor. I am now going to quit talking about myself. Only this, I am so sorry that all of my other Potato companions are so envious of me, because I am so much bigger and sell so much quicker when still young than they do. But you see, I was born to be the earliest. I hope that you will let me grow on your farm this year."

DAVID DANIEL TUCKER

made this remarkable record on rich, black, sandy, quick soil. He planted late but Sunlight grew rapidly and proved a tremendously quick cropper. After growing five weeks, he dug and Sunlight yielded 140 bushels per acre; after growing six and a half weeks, he dug and Sunlight yielded 250 bushels per acre; after growing eight weeks, he dug and Sunlight yielded 555 bushels per acre. When thoroughly ripe, Sunlight produced 603 bushels per acre for Mr. Tucker. That's immense, that's glorious, and such a magnificent potato! It is all richness. Nothing poor about it. It's the biggest cropping, early white potato out.

MR. FARMER.

Well, now, Mr. Farmer, how did you like above talk of Sunlight Potato? Isn't he modest? He doesn't brag, not a bit. Told only facts in such a straightforward way. This is the reason we like Salzer's Sunlight Potato, that earliest white Potato on earth. We are sure that no Potato that ever grew will give you such tremendous satisfaction as Salzer's Sunlight.

SALZER'S FAMOUS BLISS TRIUMPH POTATO.

SALZER'S STRAIN OF THE FAMOUS BLISS TRIUMPH.

Extremely prolific and a full week in advance of Early Rose. (Same as Improved Bermuda, Stray Beauty, etc.) Color, a beautiful light red. Size, medium. Growth, very uniform. Shape, nearly round. The flesh is white; very mealy when cooked. This potato is in exceedingly high favor with Southern market gardeners and truckers, and is shipped to the Northern markets in enormous quantities in the early spring. It grows also well in the North. The eyes are slightly depressed and the skin is smooth, making a handsome early potato in barrel or basket. Its beauty, good quality, extreme earliness and great productiveness make it highly profitable.

Lb., 30c; 3 lbs., 75c, by mail, postpaid; by express or freight, pk., 60c; ½ bu., \$1.00; bu., \$1.50; barrel, \$3.25.

SALZER'S EARLIEST SIX WEEKS MARKET POTATO

Stand aside! Clear the track! Make room for this noble Potato, this monarch of early general purpose Potatoes! None in the wide world are its equal. It stands alone as the great earliest general purpose Potato!

It is without question that the Earliest Six Weeks Market Potato, which we describe on this and the next pages, is the best Potato of the age. It is ahead of Salzer's Earliest in quality and yield, but is not quite so early, but is 10 days earlier than Early Michigan, Bovee and such "claimed earliest sorts." There is another great advantage in planting Salzer's Earliest Six Weeks Market in preference to any other earlier sort, namely, it is always a reliable yielder. Salzer's Earliest Six Weeks Market, which we call "earliest" because it is a great improvement on the common Six Weeks Market, has never failed us to produce extremely early, very large tubered Potatoes. A little later than Salzer's Earliest, but always sure.

It is the great general purpose Potato of the world to-day. By this we mean that it is good extremely early, fit for market everywhere in six weeks. It is good for midsummer, it is good for late summer, it is good for fall, and it is magnificent to put up into winter quarters, where it will keep splendidly all winter and give you the finest flavored, best quality eating Potatoes imaginable. We can never tire extolling the merits of Salzer's Earliest Six Weeks Market Potato. There is really no Potato that is its superior except our new Sunlight, and if we had but one Potato to plant, that would be the Potato every time. The yield the past season was astonishingly large, acre after acre yielding from 200 to 400 bushels per acre. It is a wonderful Potato in every respect.

Market Gardeners and All Others Who Grow Potatoes:

What could you afford to give for Potatoes that will produce fine, large, beautiful tubers six weeks from planting, which is two or more weeks ahead of any other kind, if you knew they would positively produce such results? SALZER'S EARLIEST SIX WEEKS MARKET is worth its weight in gold for a start of seed to many market gardeners, as with it they can get the fancy prices before other kinds come to market. We offer for your consideration the accompanying report from the originator, who has been a potato grower all his life, and is now 54 years old, and from others, whose full addresses are on file in our office. After reading these you cannot longer doubt that this is a most remarkable variety. This new Potato originated in Ohio. The originator says: "They have created such excitement in my neighborhood that I could sell the whole crop to my neighbors at a fancy price. Grows medium to large size, oblong to round shape, light, flesh-colored skin; white flesh; very smooth shape; eyes even with the surface; tubers grow close together in the hill. The Potatoes begin to form when the vines are only 4 or 5 inches high. The tops and tubers grow rapidly, and at six weeks from planting are of a fine marketable size. As a table Potato they are not excelled; even for late spring they keep sound and solid. They grow so rapidly and mature so early that the potato bugs have no chance at all, making their crop, if planted early, before the young bugs become numerous; while for yield they are wonderful, considering their earliness."

Salzer's Six Weeks beat the world!

A Secret

"The great secret as to making money in Potatoes is to plant heavy-producing early and late varieties. Now I plant annually 30 acres; one-third Salzer's Earliest and Salzer's Sunlight, the next third Salzer's wonderful Earliest Six Weeks Market, and the other third, the Million Dollar or any of Salzer's late sorts; they are all heavy yielders. I always make money—no matter how low the price. I never got less than \$1.00 for Salzer's Earliest and 80c for Earliest Six Weeks, because they are earlier than any other. Now, neighbor, begin this year by trying Salzer's Potatoes, and plant as I do."

In 1898, 490 bushels; in 1899, 654 bushels; in 1901, 473 bushels; in 1902, 587 bushels; in 1903, 602 bushels; in 1904, 593 bushels earliest large Potatoes from one acre.

Salzer's Earliest Six Weeks Potato Resists Every Drought.

This potato has a great record as a drought resister. Why, sir, out in Dakota it laughs and scoffs at droughts! The dry weather don't hurt it. It's the great Potato for everywhere on account of its resisting the extreme dry weather and frequent climatic changes, and Six Weeks has made many a farmer rich.

Now, with Salzer's Six Weeks Market you have a Potato, if you do not want it for early, it will do splendidly to put in your cellars for late, as it is a great keeper. Indeed, the Six Weeks Market Potato, not only is an extra early Potato, but is a Potato that is good all summer and all fall through, and is fit for sale any time after 40 to 60 days from planting, although many of our customers had Potatoes, as you will find by the testimonials, in less time than above. We know you will like this Potato, its shape, its color, its size, its quality, its yield. In fact, it is a perfect Potato in every respect.

Out in Spink County, South Dakota.

Out in South Dakota there lives a farmer who is happy every day of the year. Some seven years ago we induced him to plant 30 acres to Salzer's Six Weeks Market potatoes! That very fall he received from a New York seedsman \$1800.00 for his 30 acre crop; and since then each and every year, though potatoes often were low and crops not so good, yet all in all, his potato receipts average him on this 30 acres planting—\$1400 a year, and that only on 30 acres. That makes him happy. He puts his whole planting into Salzer's Early Six Weeks Market. Would it not pay you, Mr. Farmer, to try an acre or two this year?

PRICE OF SALZER'S GREAT EARLIEST SIX WEEKS POTATO:

Pk., 65c; bu., \$1.40; bbl., \$3.00; 2 bbls., \$5.90; 5 bbls., \$14.50; 10 bbls., \$28.00.

is a proud Potato. There is reason for it. It takes First Premium wherever exhibited. It is so handsome, so splendid a sort.

Forney Stall, Galveston, Texas: "I planted an acre Salzer's Six Weeks. I sold \$400.00 worth Extra Early Potatoes and had enough for my family besides,—your Sunlight can't be beat either."

N. Barbeau, Belle Plaine, Wis.: "Your Six Weeks Market Potato is the earliest I have ever grown."

Jackson Brown, Long Rapids, Mich.: "The Six Weeks Market Potato we commenced to use 40 days after planting and used them all summer. There is no better potato."

Mrs. Hannah Trovillo, Midland, O.: "We have just dug our Six Weeks Market Potatoes. They are very fine—are the earliest we have ever seen."

George W. Beardslee, Wichita, Kan.: "We beg to report that the seeds ordered of you last spring are all right, notably so the Six Weeks Potatoes, and Cabbage and Onion Seeds."

9 Months.

Salzer's Earliest Potato keeps splendidly, cooks and eats splendidly for 9 months after ripe!

George A. Triplett, Ironwood, Mich.: "The Six Weeks Potatoes did splendidly. They will go 400 bu. per acre."

G. Lindemann, Paw Paw, Mich.: "I planted two barrels Salzer's Six Weeks. They are the grandest Potatoes I ever saw. They are pronounced the finest, earliest and best in this county by all who saw them. Will yield fully 200 bu."

R. Taylor, Ashland Co., Wis.: "One pound Early Six Weeks Market Potato yielded 147 pounds of fine, sound, smooth tubers; produced marketable potatoes in six weeks."

J. G. Koss, Tenn.: "I had a load of your Six Weeks Potatoes in Nashville in just 42 days after planting."

J. M. Scharf, Brown Co., S. D.: "Fit for table in 30 days. Nothing ever introduced like it."

E. G. Smith, Minn.: "Sold a load in Minneapolis market for \$1.10 a bushel 48 days after planting."

J. F. Hoffmann, Mindora: "It is the earliest Potato. Ripe in 6 weeks."

Geo. Koenig, Ill.: "It is a dandy. Potatoes in 40 days fit for a king."

W. A. Walker, Ind.: "42 days after planting I dug one peck from 3 hills."

A. E. Ord, Fayette Co., Tex.: "Greatest, earliest Potato on earth. I make no exception. Fit to eat in 28 days, to sell in 38 days."

Oh!
Oh!!
Oh!!!

ALL DAY LONG. We could keep on with testimonials and good words and praises on this Potato all day long. The above suffices to demonstrate to you that it is one of the very earliest in the world and at the same time one of the very best early Potatoes that has ever been produced, and we accordingly recommend same to anybody and everybody who true Salzer's Six Weeks Market buy

We could introduce more than 10,000 letters of pleased customers who have grown and used Salzer's famous Early Six Weeks Market Potato. We publish a few as found below:

H. C. Rush, Meridian, Miss.: "The Early Six Weeks Potato is far superior to anything I have ever seen here for early Potatoes, and for table purposes they are unexcelled. My neighbors say they are the best they have ever eaten. It is a heavy producer."

Fred A. Sleezer, Newark, Ill.: "Last spring I thought you told big stories about big Potatoes, but having tried a barrel of your Early Six Weeks, I am ready to swallow almost anything you say. Everyone here wants your Early Six Weeks Market Potatoes."

6TH WEEK OFF FOR MARKET

OFFERED BY THE JOHN A. SALZER SEED CO. LA CROSSE WIS.

wants a really early Potato. Several Seedsmen are offering a Potato for Six Weeks that is not genuine. To get the only of us. Our stock is 20 days ahead of Michigan seed.

It is the Great Mortgage-Lifting Potato.

That is, 10 acres of this early Potato, fit for market in six weeks, will bring, in nine out of ten markets in America, 90c per bushel, or for 10 acres, on an average yield of over 300 bushels per acre, \$2,700.00. Now, that pays. That lifts the mortgage and buys lots of things you have long wanted!

Why, October 10th, Mr. Wm. Brownell, a LaCrosse County farmer, received from us a check for \$894.30 for Potatoes grown on less than 6 acres. He was a happy man. He was going to pay off the last mortgage on his farm, and that is what you, Mr. Farmer, can positively do if you plant plenty of Salzer's SIX WEEKS Potato. It is the best for general market, best flavored, best early Potato we know of. In addition to this, it is a Potato you can sell every month in the year, because it has magnificent keeping qualities ahead of every other early variety.

PRICE OF SALZER'S NORTHERN-GROWN EARLIEST SIX WEEKS POTATO.

1 lb., postpaid, 35c; 3 lbs., \$1.00; by freight, pk., 65c; 3 pks., \$1.15; bu., \$1.40; bbl., \$3.00; 2 bbls., \$5.90; 5 bbls., \$14.50; 10 bbls., \$28.00.

SALZER'S FAST MAIL POTATO COLLECTION, ONLY \$3.50.

Here is a Potato Collection that wins and pleases, and will gratify and capture every one. It has the four earliest potatoes known in the world, as also three pecks of Gov. La Follette. It is the collection that we are sure will please you, for the potatoes contained therein are matchless sorts. There is nothing on the wide earth earlier than Sunlight, and no Potato so beautiful in appearance as Salzer's Earliest, while the other sorts are gems and unapproachable in quality and yield. The great advantage gained in buying Salzer's Potato Collection is, for a small sum you get a start with five great varieties. From these you select the best sorts adapted to your soil and climate. They will pay you 500 per cent. profit. Try it for 1907. We use the Ideal Cultivator, the Combined Harrow and Acme Potato Planter in our Potato farming; that pays.

1. SALZER'S FAST MAIL.

Have you ever seen the fast mail train flying by at the rate of 60 to 80 miles an hour? Is it not a stupendous sight?—and what the fast mail does for rapidly this new potato named Fast Mail is to do for earliness in the potato field. It is a marvelous early potato and hence its well chosen name.

It is a magnificent, new, extremely early, extremely fine, extremely well-flavored, extremely healthy and extremely prolific White Potato. It is a tremendous yielder, elegant and fine in every respect. We are sure that everybody will be pleased and delighted therewith.

Price: Pk., 75c; ½ bu., \$1.25; bu., \$2.00; bbl., \$4.50.

2. DAN PATCH.

Who has not heard of Dan Patch? The fleetest steed in America.

Now the introducer of this Potato says of it, "I call same Dan Patch because I believe there is no potato on earth earlier than same. It is a seedling of the Famous Extra Early Ohio. It resembles same in shape but it gets there quicker and I think is finer flavored and is surely a far heavier yielder. It is the finest extra early potato that I know of."

To above from the introducer's pen, we wish only to add that our own trial substantiates every word that he says. Ripe in but 41 days. Is not that marvelous—and then such big beauties too!

Price: Lb., 50c; 3 lbs. for \$1.00, postpaid. By freight: Pk., 80c; ½ bu., \$1.25; bu., \$2.00; bbl., \$4.00.

5. GOV. LA FOLLETTE.

Lives there a farmer who has not heard of Gov. La Follette of Wisconsin? He was thrice elected Governor and now United States Senator against the combined opposition of the railroads, and Trusts and Oil Interests and Corporations and disgruntled Politicians. Money was freely spent to defeat La Follette, but the people and farmers arose in their might and by their ballot proclaimed that "La Follette was right."

Now our new Gov. La Follette Potato is a wonder of its kind and is a great deal like the Governor. When placed in the ground this Potato gets right up and begins to grow and grow and would be ashamed if there was any other Potato on earth, no matter what the name or sort or kind, that could outstrip it in yield and quality and in health and vigor of growth. The tubers are large, running from oblong to long and cook mealy and white.

Mark our word: This Potato is the biggest yielder on earth! 1 lb., postpaid, 50c. Price by freight, 1 pk., \$1.00; ½ bu., \$1.25; 3 pks., \$1.65; 1 bu., \$2.00; 1 bbl., \$4.90; 3 bbls., \$13.00!

SALZER'S FAST MAIL COLLECTION, \$3.50.

We know you will be surprised how we can sell this magnificent Fast Mail Potato Collection, composed of five of the grandest Potatoes on earth, separately packed in a barrel, for but \$3.50, but we wish to give these Potatoes a wide-spread distribution, hence the low price.

The great advantage gained in buying this Collection is, that for \$3.50 you get a start with 5 of the best varieties on earth; from these you select the sort or sorts best adapted to your soil and climate.

\$3.50

Carefully hybridized Potato Seed of endless varieties for experimental trial. Pkg., 20c; ¼ oz., \$1.50.

SALZER'S PRIZE COLLECTION

1. Salzer's Prize Taker.

Has taken first prize at more than 80 fairs. It's a remarkable Potato, big yielder, and has had a tremendous sale. It is more oblong than long, though our illustrations show it longer than it really, as a rule, grows. It is a Potato that if you have once planted same and put it into your cellars for winter use, you will want it a second time. You will want it right along. The flesh is pure white, floury, rich and delicious in flavor. Tubers are large and with stand drought exceedingly well. It is an extremely prolific, healthy variety. Price, 1b., 40c; 3 lbs., \$1.00, postpaid; by freight, pk., 75c; 2 pks., \$1.25; bu., \$2.00; bbl., \$4.00.

2. Prosperity.

A wonderful Potato, white in color and white in yield. By this we mean it would be ashamed of itself if it did not give you 600 to 800 bushels of handsome, large, fine white potatoes per acre! Prosperity is dirt cheap at \$4.00 a barrel! It's a wonderful Potato! Price, pk., \$1.00; bu., \$1.75; bbl., \$4.00.

3. Daughter of Early Rose.

The Early Rose was for forty years the great "Earliest" Potato. Of course, it has now taken a back seat as to earliness, but its **Daughter**, introduced by us, surpasses the old Rose in earliness, yield, beauty, charming qualities, splendid yields. It's like it only in shape, but about 50 per cent. better in quality. You will fall in love with it. It will capture your heart, delight your palate. Price, pk., 75c; 2 pks., \$1.00; bu., \$1.75; bbl., \$4.00.

4. White Ohio.

See

Page

134.

5. Salzer's Scab Proof Potato.

Every pound we had of Salzer's New Scab Proof Potato sold last year readily and quickly at \$1.00 a pound! And dirt cheap it was at this for so great and wonderful a potato. It is a tremendous yielder, a marvelously beautiful potato. Six hundred bushels per acre is possible everywhere! And then it is Scab Proof—absolutely Scab Proof. Thus we have found it and 26,000 customers who planted it last year will affirm to its **Absolute Scab Proof Quality.**

ITS SCAB PROOF QUALITY

makes this potato very, very, very cheap at \$4.50 a barrel, for a barrel of Scab Proofs are good for 200 bushels. Price, 1b., 40c; 3 lbs., \$1.00, postpaid; by freight pk., \$1.00; 3 pks., \$1.50; bu., \$2.00; bbl., \$4.50; 3 bbls., \$12.00.

SALZER'S PRIZE COLLECTION FOR \$3.25 A BARREL.

The great advantage gained in buying Salzer's Potato Collection is, for a small sum you get a start with five great varieties. From these you select the best sort, or sorts, adapted to your soil and climate. They will pay you 500 per cent. profit. Try it for 1907. This great Prize Collection contains:

\$3.25

2	Pecks Prize Taker	\$1.25
1	" White Ohio	.50
1	" Daughter of Rose	.75
3	" Scab Proof	1.50
4	" Prosperity	1.75
11	Pecks. Total	\$5.75

In all, 11 pecks, separately packed, for only \$3.25; 1 bbl., \$3.25; 3 bbls., \$9.50; 10 bbls., \$28.00.

Above great collection for but \$3.25 a barrel, is one of the greatest bargains of the year. Of course we use the Acme Potato Planter, costs only 75c, the Combined Harrow and Ideal Cultivator—all found on pages 134-135 in our Potato farming.

2. Early Wisconsin.

On the trial farms of the Rural New Yorker—the great eastern farm paper—Salzer's Early Wisconsin Potato yielded at the rate of 736 bushels per acre! It's a splendid Potato, of superlative quality, very rich, mealy, and of delightful flavor! Good times are wherever this Potato grows.

Price: Lb., 40c; 3 lbs., \$1.00, postpaid; by freight, pk., 60c; bu., \$1.60; bbl., \$3.50.

3. Gov. Folk.

Is there an American who has not heard of Gov. Folk—the man who made the gratters and boddlers of St. Louis come to time and sent the thieves behind prison bars? With us it proved a tremendous yielder, a strong, healthy, fine, vigorous, new blue-blooded variety, sure to please every farmer whether Republican or Democrat! Gov. Folk is a great variety; on our trial grounds it outstripped everything this year, a row 1,200 feet long yielding at the rate of 1,403 bushels fine big tubers per acre. It's a bringer of good times.

Price: Lb., 35c; 3 lbs., \$1.00, postpaid; by freight, pk., 60c; bu., \$1.75; bbl., \$4.00; 3 bbls. \$11.50.

4. New Burbank.

Everybody praised the old Burbank Potato, than which no better white Potato ever grew! but it has run out. Our new creation embodies all the old good qualities and adds many new ones! It's the finest eating and one of the greatest white yielding Potatoes known.

Price: Lb., 40c; 3 lbs., \$1.00, postpaid; by freight, pk., 60c; bu., \$1.50; bbl., \$3.60.

5. Salzer's Good Times Potato.

Now, this Good Times Potato is going to come in for its share of the credit among farmers in making good times. Ordinarily, the Potatoes are very large, fill a bushel quickly, are of fine grain, fine white color, cook finely and like a snowball, and are of quality unsurpassed. It is a Potato to stick to for all purposes, and one that will give the farmer tremendous satisfaction.

It Won Glorious Prizes.

More than 500 farmers entered Salzer's Good Times Potato at County Fairs and at each and every one where exhibited Salzer's Good Times took the first prize and well it may for its record of

620 Bushels Per Acre

is a proud one, and it is a yield it stands ready to give to you, Mr. Farmer, if you will try same this season.

Price: Lb., 40c; 3 lbs., \$1.00, postpaid; by ft., pk., 60c; 3 pks., \$1.25; bu., \$1.50; bbl., \$3.60.

SALZER'S GOOD TIMES POTATO COLLECTION. \$3.00.

We feel constrained to say that this is one of the very best Potato collections we have ever sent out, and we believe that our farmer friends will find them of superlative value, and that they will never, never regret buying the Good Times Collection.

SALZER'S EXTRA EARLY OHIO POTATO.

Fancy northern-grown stock. For several years past we have been having these grown in the noted Ked River Valley, about 400 miles north of La Crosse, and careful tests have proven them to be fully ten days earlier than the common grown stock. This is a great advantage to the gardener, and puts this variety at the head, second only to Salzer's Earliest Six Weeks, Sunlight and of course Salzer's Earliest. It is a special favorite with marketmen, and one of the most profitable potatoes they can grow. The sprout is very strong, and the vines grow erect, making it easy to cultivate, and on account of its early maturity you can get the highest market prices. They keep firm till late in spring. This variety is frequently sold by Iowa and by other seedsmen as the Six Weeks. That's a fraud. The only true Six Weeks Market Stock in America can be had only of us.

Price, 1 lb., 30c; 3 lbs., 75c, postpaid; by freight, pk., 60c; bu., \$1.40; bbl., \$2.90.

WHITE OHIO POTATO.

A standard early white potato. It is a selection from the Early Ohio and is equally as early. The quality is much superior—a fine yielder and the very best sort where a market demands a white variety. Many carloads of this variety are now raised for market in the South and West. By freight or express, pk., 50c; ½ bu., 85c; bu., \$1.50; bbl., \$3.60; by mail, 1 lb., 30c; 3 lbs., 75c.

VIGOROSA POTATO.

A vigorous grower of excellent quality and great merit, especially as a prize-taking yielder. 500 bushels per acre is not uncommon. It's a great potato. Price, 1 lb., 30c; 3 lbs., 75c, postpaid; by freight, pk., 50c; ½ bu., 75c; bu., \$1.40; bbl., \$3.50.

CHEAP POTATOES FOR \$1.90 A BBL.

Customers often write us for cheap Northern-grown Potatoes. We have them. We arrange a barrel of such Potatoes as we may often have a large stock of. We sell them as long as our stock lasts at \$1.90 a bbl. Sometimes they contain seconds and small ones, but they are all Northern-grown and cost but \$1.90 a bbl.

The Acme Potato Planter, 60c.

This is a wonderful invention. A great labor saver. Cheap as dirt. Anybody having from 1 to 30 acres of potatoes to plant will find the Acme will do the work better, cheaper and quicker than any other machine made. We prefer it to the Aspinwall or any other potato planter, costing fifty times as much.

Any Man Can Plant Two Acres

with perfect ease in a day. The secret of the Acme Potato Planter's work is that it makes the holes, drops and covers the seed at one operation.

Plants Easier.

The erect position, the carrying of the seed on the shoulder, the ease with which it can be changed from one shoulder to the other, combine to relieve that part of farm work of much of its disagreeableness. "Almost as easy as walking!" is the remark of many who have used it. The weight of the planter is only 2½ pounds.

It is very important in planting Potatoes that they be placed in moist soil and covered before the soil dries out. This the Acme Planter does perfectly. Our price this year is only 60c; 3 for \$1.75.

ONLY

60c.

The Peerless Potato Planter.

It is a tubular planter, and works on the same principle as the Acme Planter. Some people prefer same on account of not having to drop the Potato so far as in the other planters. It is a good tool. It is simple, it is strong, it is durable and it is easy to operate. We are satisfied that anybody buying same will be delighted therewith.

Price, 90c; 3 for \$2.50.

The Challenge Planter.

Wisconsin is a grand old state, solid to the core, and this tubular planter is just about as solid as our grand commonwealth is. Everything that we have said of the Peerless is applicable to the Challenge Planter, unless that it is stronger and more durable. It is a planter that is sold in hardware stores at \$1.40 and \$1.50 each. It is a grand tool in every respect and will please everybody.

Our price is \$1.25 each.

CHALLENGE, \$1.25.

THE PEERLESS. Price, 90c.

WING SHOVEL PLOW.

WING SHOVEL PLOW, \$2.50

Just the thing the farmer wants for hilling Potatoes, etc. Cannot get along without it. When you once use it, you will say, "How did I get along without it?" It will largely increase your crops.

Price, only \$2.50.

Empire, One-Horse, Steel Plow, wood beam.

Potato Digger, \$6.50.

Empire One-Horse Pony Steel Plows.

With steel standard and cap, sloping land-side and adjustable slip heel, wood beam, cut 7 inches, does superior work everywhere as a general purpose plow. Price, \$3.60. No. A. O., same as above, cut 8 inches. Price, \$3.90.

Potato Digger.

A great labor saver; works quickly, is never out of repair, and pleases everybody. No trouble to dig 500 bushels per day. It is cheap and effective. Get one for the boys and make the digging of potatoes the fun of the farm work.

You will like it. The price is very low. Price, only \$6.50.

Heavy Malta Plow.

There is a great demand for this double Shovel Plow, and it gives universal satisfaction.

Price, each, \$2.40.

COMBINED HARROW AND CULTIVATOR.

Claimed by ten thousand farmers to whom we have sold, as the most magnificent—best tool on earth. By means of a lever attachment the Cultivator can instantly be changed to run narrow or wide, as the operator desires. Teeth can be used in four different positions. They are of steel, diamond shaped. It is a grand Harrow and Cultivator. It is a grand tool. When once on the farm you would not part with it for \$50.00. Now, you will talk just the same way if you purchase one of these tools. The price is so cheap that we hope you will not forego the pleasure of having one on your farm. It is splendid for Corn, Tobacco, Cotton, Potatoes, etc. It thoroughly pulverizes. For close work it's A No. 1. Teeth can be quickly changed, reversed, etc., making four changes—so you really have four different kinds of cultivators in this one. Can be narrowed to 9 inches, and extended to 30 inches. Weight, 60 lbs.

Price of this Combined Harrow and Cultivator, with wheel and lever, only \$3.90.

Price of this splendid tool, this marvel of utility, only \$3.90.

SALZER'S GREAT IDEAL CULTIVATOR.

This is the tool that has lived in our fancy and dreams for years. And we now shout and sing because we have found all those splendid qualities we have longed for. The cut fully shows the Ideal with our new **Pattern Handle and Braces**. These are absolutely new and the most effective and stiffest combinations known, at once making the tool rigid, yet allowing adjustment of handles in height and sideways.

Salzer's Great Ideal Cultivator expands by means of our entirely new expander, which at the same time is exceedingly simple, but very strong and quick. By means of this device the Cultivator can be expanded instantly, or reduced from 23 to 12 inches by a single move, without loosening any bolts. By putting bolts in outside holes of expander it can be expanded to 27 inches, a width greater than ordinary cultivators.

The Depth is under perfect control by means of a new lever wheel, and the new patented depth regulator, which are moved instantly in unison by a single lever, making exact work, steadying the machine and relieving the operator. It works like a charm. Quickly it can be changed to Fig. 2, cultivator reversed for hoeing and hilling; Fig. 3 used for furrowing; Fig. 4 as a plain cultivator without wheel; Fig. 5 as a cultivator for shallow plowing and cultivating.

This great Cultivator is a marvel of beauty and utility, and is a surprise as to the quickness and thoroughness of the work done therewith. Of course, in arranging same as a plain Cultivator or for furrowing or for hoeing, it is not necessary to take off the expander or depth regulator. It is positively the greatest tool for the price on earth, and is a tool that other dealers would ask from \$7.50 to \$10.00 for, and after you once have **Salzer's Ideal Cultivator**, you would not part with same for five times the cost if you could not get another one at once from Salzer.

Price of the tool shown in Figs. 1, 2, 3, 4 and 5, \$4.90.

EXTRAS TO IDEAL CULTIVATOR.

Extra beet weeder attachment (Fig. 9), 50c; with Fig. 1, \$5.40.

Extra sweeps (two 10 in. and one 12 in.) (Fig. 10), 60c; with Fig. 1, \$5.50.

Price complete with all attachments, embodying Figs. 1 to 10, \$7.50.

Extra 7-tooth expander (Fig. 7), \$1.00 extra; with Fig. 1, \$5.90.

Set of spring teeth (Fig. 8), \$1.25 extra; with Fig. 1, \$6.00.

Price Ideal Cultivator, Figs. 1 to 5, \$4.90.

The greatest Harrow in the world. That's what our customers say. It is certainly the cheapest and best Harrow that we have ever seen. It is well and strongly made. The bars are 2x2 1/2 and the eveners 2x4 of the very best seasoned

THE GENUINE FAMOUS BOSS HARROW.

oak. The teeth are one-half inch square steel, with dagger points. Each tooth cuts its own way.

The two-horse harrow consists of center section and two end sections. The four-horse consists of all the sections shown above. It is the most popular, cheapest harrow that we know of, and we heartily recommend same. It is used on our farms to our complete satisfaction.

Price:

2-horse harrow, 78 teeth, cuts 11 ft. wide, w't 180 lbs.,	\$ 6.50
3- " " 102 " " 15 " " 220 " 8.25

Keystone Adjustable Weeders and Butler Carts.

Send for circular.

Improved Steel Frame Garden Plow.

This implement is perfect. The attachments are 1 Double Tongued Cultivator, 1 Rake, 1 Sweep, or Scuffle Hoe and 1 Land-side Plow. The plow being fitted with land-side

See Page 136 for other Garden Cultivators.

side does its work in exactly same manner as a horse plow. It is also perfect in shape and performs excellent work. The rear wheel further actuates the easy working of this implement. It is the only implement made where the plow is fitted with landside and the rear wheel follows in the bottom of furrow. The same is true in using either Sweep, Rake or Cultivator—Perfect steadiness and splendid work.—We also have a push bar attachment which is quite convenient in plowing free soil, but for use in weeding would recommend short successive strokes without use of push bar.

PRICE.

No. A, complete as illustrated, \$3.00
B, as illustrated and with Push Bar, \$3.40
C, as illustrated, but without the rear wheel or push bar, \$2.50

JEWEL WHEEL HOE.

A splendid single wheel hand hoe and cultivator. Price, only \$2.25

EUREKA.

packages, and the seed collections, can be selected to entitle you to this premium. If drill is to go by mail, add 50c for postage.

CHEAP SEED DRILL, EUREKA.

Price 80c; Postpaid, \$1.30.

It will sow and cover Beets, Cabbage, Carrots, Celery, Lettuce, Onions, Radishes, Spinach, Turnips, and all such seeds with the greatest regularity. The quality of work equals that done with the most costly machines and is infinitely better and faster than hand work. It's not a toy, but a strong, practical machine. Of course, when you have a larger garden, you will want our great Constellation Drill, but for a few vegetables the Eureka is superb.

HAVE YOU A KITCHEN GARDEN?

Don't try to do without this little planter another season. Your garden will smile approbation all through the season if you use the Eureka.

HAVE YOU A HOT BED?

It is the only machine suited to sow in a hot bed. Sows up close to the sides in straight rows. Sows the smallest packet of seeds as well as a large bulk. Don't buy a similar machine that has the opening plow in front of the machine. You can not get near the sides of a hot bed nor close up to the fence.

Special Premium.

To anybody sending us an order for \$4.00 worth of flower and vegetable seeds in packages, we will send 1 Eureka Garden Seed Drill as a premium. No discount is allowed either in seeds or cash on the \$4.00 order getting this Eureka Drill as a premium, and only seeds in 2c, 5c, 10c, 15 and 20c, and ounce

ACME SEED DRILL.

Well known little drill; similar to above. Price, by express, 65c; postpaid, 95c; or given as a premium with a \$3.00 order for seeds in packages and by the ounce, if you ask for it—but does not include seeds or tools by weight or measure—only seeds in packages.

1. SALZER'S GREAT CONSTELLATION SEEDER, CULTIVATOR, ETC., \$8.00.

Here's the greatest garden tool of the century. Nothing ever before offered comes up to it in utility, ease and perfection. It sows the seed, cultivates, rakes, plows, covers and takes care of the garden ever thereafter. It's almost human. It is really a most remarkable tool and can be used as shown in the illustrations hereunto appended, in the most manifold ways. You can use it as a single-wheel seeder or as a double-wheel seeder, as a furrower, or as a plow, or as a weed extirminator, or again as a rake, or as a fine cultivator, or as a hoe on both sides of the rows—in fact, in every shape, way or manner that a cultivator or a hoe or a seeder can be used, this great Constellation answers with the most perfect workmanship imaginable.

In this great Constellation all the errors of the old drills, such as the Planet Jr. and the Matthews and a dozen of others, have been overcome and new additions made, so that today this Salzer's New Universal Constellation in the only perfect tool.

SALZER'S GREAT CONSTELLATION!

SEEDERS. DRILLS. HOES. CULTIVATORS. RAKES. MARKERS. ETC. ETC. ALL FOR \$8.00

TEN TOOLS IN ONE \$8.00

HOEING BOTH SIDES OF THE ROW

AS A WEED EXTERMINATOR

CULTIVATING BETWEEN THE ROWS

AS A FINE CULTIVATOR

AS A RAKE

AS A PLOW No. 11

The manufacturers of this magnificent machine, whose western headquarters and general agents we are, say of this wonderful tool: **IN THIS CONSTELLATION** is presented a brilliant assemblage of the New Universal Garden Drill and the new Universal Wheel Hoe, Cultivator, Rake and Plow, for use either as a **ONE WHEEL OR TWO WHEEL** { **Seeder, Cultivator, Hoe, Plow, Rake, Marker.** } **10 IMPLEMENTS IN ONE.** Write for Special Price to Market Gardeners.

Each implement is almost entirely separate from the other, and the only parts used in each, the Wheels, Attachments and Handles, are changed from one frame to the other by only two bolts. For cultivating, { 1 Cultivator Frame, 1 pair Plows, 1 pair Narrow Cultivator Teeth, 1 Center Cultivator Tooth } They consist of { 1 pair Hoes, 1 pair Rakes, 1 pair Wide Cultivator Teeth, 1 pair Markers.

10 GREAT ADVANTAGES.

You have got 10 great advantages—yes, 11—in buying this magnificent tool. You can use it as a seeder only or as a single-wheel seeder, sowing the row as straight as an arrow; or, if you wish to make a furrow, in an instant you can change the machine to do this; or, if the furrow is to be closed, a moment's change will make it so; or, if you wish to plow deeply, use No. 11; or, if the garden is to be raked, use it as a rake. If you need a fine cultivator, here's your tool; if you want to straddle a row, nothing better can be found. If you wish to cultivate or hoe between the rows, this **Great Constellation** will do it, and then, if you wish to extinguish every weed in your garden, here's the tool that will do it easier than any other that we know. In fact, this **Great Constellation** is a marvel of utility and ease and quickness and aptitude.

10 Machines in One, and all of them only \$8.00.

You get in reality 10 machines in one by buying Salzer's Great Constellation Drill. All these 10 tools above illustrated are yours for only \$8.00. Isn't that immense? Where can you find anything its equal? And then, if you also wish the plow (Fig. 11), it will cost you but 75c extra, or the complete tool with Fig. 11 costs you \$8.75. We know of no tool ever offered to the American gardener that will so captivate and please and at the same time be so profitable and useful and a great labor saver and do the work infinitely better than can be done by another. We know of no tool or earth that can equal or approach Salzer's Great Constellation.

PRICE OF ABOVE 10 TOOLS IN ONE, ONLY \$8.00 (with No. 11, \$8.75).

P. S.—Full catalogue description, showing the minutest details for working this magnificent tool, given with each order.

No. 2. Matthews Gem Garden Drill.

There are thousands of people who want a small Drill, who have but a few seeds to sow. It is low priced, is never out of order and works like a charm. Does as good seeding as the great Constellation.

Price, only \$5.00.

The No. 2—only \$5.00.

No. 3. MATTHEWS NEW UNIVERSAL GARDEN DRILL.

It is a larger Drill than the Gem, does its work splendidly, perfectly, and without jarring or getting out of order. The flow of seed can be instantly stopped by means of the attachment shown on the handle. The index is right under your eye, while the hopper containing the seed is easily watched.

Price, \$6.25.

MATTHEWS NEW UNIVERSAL GARDEN DRILL, \$6.25.

4. Matthews Double-Wheel Hoe, Cultivator and Rake, \$5.00

This is positively the grandest hand Cultivator on earth. It embraces all the good points of older efforts in the same line and in addition affords very many new features which cannot fail of appreciation. One of these features is the adjusting arch, by which not only the depth of the work can be gauged, but which, by an ingenious device, enables the pitch to be adjusted at any angle desired. It is certainly without a superior, doing its work as a Cultivator, as a Weeder, as a Plow, as a Harrow, as a Hoe or Scraper to utmost perfection and complete satisfaction. Any child can run this and do good work. It is a No. 1 to work both sides of the row at one passing, as the adjustments can be set to suit the width of crop to the Cultivator, keeping row midway between the wheels. No need of watching the teeth. This is a point no other tool has. The hoe blades can be set to turn inside or out. A splendid tool for onion cultivation. Full directions with each tool ordered. Price, only \$5.00.

Price, only \$5.00.

MATTHEWS SINGLE-WHEEL HOE.
This is the Single-Wheel Hoe with Hoe Blades only; no other attachments. Price \$2.75.

MATTHEWS DOUBLE-WHEEL HOE.
With Hoe Blades only. Price, \$3.50.

MATTHEWS GARDEN PLOW.
Plows deeply; splendid. Price, \$1.65.

No. 5. THE MATTHEWS SINGLE-WHEEL HOE, CULTIVATOR and RAKE has the following attachments: 1 pair Hoes, 5 Cultivator Teeth, 1 pair Plows, 1 pair Rakes and 1 Vine or Leaf Guard. It is a splendid tool.

Price, only \$4.75.

Price, only \$4.75.

Market Gardeners who buy over \$5.00 worth of seeds get these tools at wholesale prices.

SALZER'S KILL-QUICK SPRAYER.

SAVE YOUR CROPS.

The Kill-Quick Bug Exterminator.

More than \$300,000 worth of crops are destroyed in the United States each year by bugs, worms and fungi. Now, the greater portion of this loss could be saved to the farmers and gardeners if they would use our safe, cheap, simple, inexpensive, absolutely certain **KILL-QUICK BUG EXTERMINATOR**, together with the insecticides that we offer at so low a price.

Sells at sight among the farmers and gardeners and everywhere gives tremendous satisfaction. Just think of it! You can cover an acre of potatoes in two hours with six pints of water, while in the old way it would take you almost a day and a couple of barrels of water.

Price, only 50c; prepaid, 75c; painted, 60c; postpaid, 85c.

GLASS SPRAYER.

Identical with Kill-Quick, only a glass tube. Can be sent only by freight or express. Price, 75c; 3 for \$2.00.

FOR 10c

we mail our pamphlet "Kill the Bugs," or we will send same free with every order for the Kill-Quick Bug Exterminator, the Ideal Sprayer, Aquarius Pump, Sure Death Sprayer or Acme Powder Gun. This pamphlet gives full directions how to apply the

Slug Shot, Cattle Comfort, Bordeaux Mixture, Kerosene Emulsion, etc.

SURE DEATH SPRAYER, 45c.

A splendid, cheap, effective, sure death sprayer. No matter what insects come your way or infest your plants, "Sure Death" is the sprayer for them! Use either Bordeaux Mixture, Bug Death, Paris Green or any insect destroyer. All can be used with Sure Death Sprayer. Price, each, 45c.

Whitewash Sprayer—A pump to put on whitewash in cellars, hen houses, etc., etc. Each, \$1.50.

Acme Powder Gun.

It handles all insecticides in the dry state, such as Paris Green, Hellebore, Pyrethrum Powder, etc. It is very effective in the destruction of potato bugs, flies, insects, cabbage worms and all like pests; uses but a small amount of poison. An elbow is furnished to tilt the funnel for getting under leaves of plants, shrubs, etc. Price, only 75c each; 3 for \$2.00.

Sulphur Bellows—First size, \$1.50.

BUG DEATH.

A new Insecticide, very effective and of sure death quality, can be used to dust on plants, vegetables, potatoes, etc., or applied in liquid shape with the Kill-Quick Sprayer. Price: By exp., 1 lb., 15c; postpaid, 32c; 3 lbs., by exp., 35c; postpaid, 85c; 12½ lbs., by exp., \$1.00, 50 lbs., by freight, \$4.00; 100 lbs., by freight, \$7.00.

Whale-oil Soap—Excellent for washing and syringing plants. Pkg., by mail, free, 30c.

Tobacco Soap.

The best remedy for destroying insects on plants, roses, etc., pet cats, dogs, etc., etc. Easily applied. Very effective. 3-oz. cake, 15c, postpaid; 8-oz. cake, 30c, postpaid.

BUG DEATH DUSTER, 75c.

To apply Bug Death in dry form. Each, 75c.

Slug Shot—For Potato Bugs, Cabbage Worms, Currant Worms, Flies, Striped Bugs, etc., infesting vegetables. Price: In 5 and 10 lb. pkgs., 7c per lb.; 100 lbs., \$5.00; 1 lb., postpaid, 30c.

Grape Dust—The quickest preparation on earth for killing Mildew, Fungi, etc. Price by express: In 5 and 10 lb. pkgs., 7c per lb; 100 lbs., \$5.00; 1 lb., postpaid, 30c.

Cattle Comfort or Flyfuma—A great preparation for keeping Insects, Flies, etc., from cows, oxen, etc. Price: Qt., 45c; per gal., \$1.50.

Copper Solution Ammoniated—Splendid for Mildew, Blights, Rusts, etc. Price: Per qt., 45c; per gal., \$1.50.

For Bed Bugs and Cockroaches—Put up in 25c, 50c and \$1.00 packages.

IDEAL SPRAYER.

At last we have what you have long been seeking to get, a cheap, effective, durable, A No. 1 Sprayer; one that does its work well and one that never gets out of order, rendering remarkable service. It will throw a solid stream about 50 feet, and for washing buggies, windows, and putting out fires, it can not be beat, while for spraying trees, whitewashing barns, outhouses, etc., it is simply indispensable. The price is so low as to place it within reach of everybody. Each, \$3.00.

THE AQUARIUS.

Capable of throwing 8 gallons per minute and forcing a stream 50 feet high. Price, only \$5.50.

The Hill Potato Sprinkler.

A machine for which thousands of farmers have long looked; one that is simple, effective, never out of order, easy to handle, and does its work exceptionally well. One man can sprinkle 10 acres in one day, and stumps in the field do not bother as he marches along, sprinkling two rows at a time, as shown in the illustration. The reservoir can easily be strapped on the shoulder. One or both of the sides can be used at once, as desired. They are made of galvanized iron and brass, will last a lifetime. Price, only \$3.00.

KNAPSACK SPRAYER.

Knapsack Sprayer.

A splendid tool for spraying potatoes, cotton, vegetables and vines, as it works by grasping the bulb in hand and pressing same. In this way water can be thrown any distance from 3 to 15 feet, as desired. It is a splendid tool, extremely low priced, and holds 5 gals of liquid. Price, each, \$2.75.

The "Auto-Spray" Automatic Sprayer.

A self-operating sprayer, invaluable to the market gardener and fruit culturist. With ordinary usage will last for years. Weighs but 7 pounds, and has a capacity of 4 gallons. In a half minute the air chamber can be made to compress sufficient air to discharge the entire contents. It will make a continuous spray for 10 minutes before emptied, and one charge will about spray a ¼ acre of potatoes. The hose is 4 ply extra stout, with a nozzle made to regulate the flow from a fine cloud-like spray to a solid stream; thus it may also be used in washing windows, carriages, and various other uses. Extension pipes for attaching to the hose for elevating the spray or stream may be had at an additional cost of 25 cents per length of 2 feet. 2 to 3 lengths are generally required for trees, vines, etc. Price of sprayer, with galvanized iron reservoir, \$4.50; with brass reservoir, \$6.00.

The Lightning Sprayer.

Price \$1.00 Each.

A great invention. Holds 2 quarts. Splendid for house plants and garden use, and unequalled for washing windows, sprinkling clothes, etc. It throws a powerful spray, which is accomplished by squeezing the rubber bulb, as shown in cut. The operator can produce a light or heavy spray at will, and can spray in any direction. It will spray from five to twenty-five feet high. It is durable and there is nothing to get out of order. It is easy to operate and very useful in every household. For killing insects it has no equal. Price, each, \$1.00.

INSECT DESTROYERS.

We here offer very effective, quick-acting preparations.

U. S. Bordeaux Mixture—It is a fact that among gardeners and farmers but one in twenty succeeds in making his own Bordeaux Mixture correctly and properly. Ours is made under chemical supervision, and is absolutely right. It is made to serve as an Insecticide and Fungicide; also a positive preventive against rot, blight, insects, etc. One gallon of our concentrated Bordeaux Mixture is strong enough to mix with from 50 to 100 gallons of water. Full directions found in our pamphlet, "Kill the Bugs." Price: Qt., 35c; 1 gal., 90c; 5 gals., \$4.00.

Pyrethrum—Excellent for destroying worms on cabbage, etc. Pkg. of ¼ lb., 25c; oz., 10c; lb., \$1.00.

Flour of Sulphur—For Mildew. Pkg., 4 oz., by mail, 15c; 1 lb., by express, 20c.

WALKER'S EXCELSIOR PLANT FOOD.

Package, 25c; 2 packages, 45c. An odorless concentrated soluble fertilizer for house plants. Package contains sufficient for 30 plants for 3 months. Price, pkg. postpaid, 25c; by express, pkg., 15c.

SHEEP FERTILIZER.

Best, cleanest fertilizer for lawns and gardens; 100 pounds sufficient for lawn 50x50, or 200 pounds for garden same size. By freight, 100 lbs., \$2.25; 200 lbs., \$4.00.

POTTING SOIL.

For House Plants—Bushel box, \$1.25; barrel, \$2.50.

GOPHER
TRAP.**

It is simple, but effective; it is cheap but sure to kill and catches them by the dozen. Each, 35c postpaid; 3 for \$1.00.

OLMSTEAD MOLE TRAP.

This is the only perfect mole trap that we have ever found. Its construction is simple, and its workings are very effective, as it catches the mole every time. Full directions with each trap sold.

Each, \$1.25; 3 for \$3.50.

**WARE-
HOUSE
TRUCK.**

Every farmer will want one, as the price is very low.
Each, \$1.95.

**THE REDDICK
MOLE TRAP.**

A great invention at a very low price. No mole can pass unde. this splendid trap and live!

Price, each, 75c; 3 for \$2.00.

**THE REDDICK.****"OUT O' SIGHT"
MOLE TRAPS.**

Just as effective as the mouse trap. It's cheap, good and strong. Each, 75c, postpaid.

**THE ELY RAT
TRAP.**

Twelve cents each; 3 for 30c; 6 for 55c. Postage on each, 6c.

GRIST AND BONE MILLS.

Salzer's Warranted Family Grist Mill.

No one appreciates the value of this little mill more than the pioneers of the West and South, and the farming community generally who live at some distance from a custom grist mill. If you own one of these mills, you can have at all times fresh graham flour and corn meal, fresh hominy, split peas, cracked wheat, fine table or butter salt—in fact, anything that is ground at a custom mill, excepting fine bolted family flour. It will pay, because you require but a small quantity of meal at a time and want it fresh. Grinds 20 lbs. fine meal per hour. The shaft is made of steel, and every mill is warranted to work as represented: Weight, 30 lbs. Price, \$3.00. Burrs per set, 65c.

Salzer's Plain Cultivator, \$2.95.

This cultivator is what you want, a fine, well made, strong, useful, elegantly finished cultivator or at a very low price. Weighs about 45 lbs., is a wonderful tool. You are sure to like it.

Price, only \$2.95.

Dry Bone Mill.

\$2.90

The greatest mill in 45 states to grind dry bones. It is unequaled for grinding oyster shells, bones, etc., for poultry. Excellent in every respect for dry bones; and then it's cheap as dirt. Each, \$2.90 (without stand)

Mann's Green Bone Cutter.

No. 5 B.
\$8.00.

There is ten times the nourishment and egg-producing qualities in green bones as there is in dry, and for this reason there is ten times as much money made by poultrymen in feeding green bones instead of dry. This mill cuts fresh bones and meat, and these fed to chickens double the number of eggs produced. These mills are perfectly reliable, are cheap, and will give tremendous satisfaction.

PRICES.

No. 5 C. Crank Mill, weight 30 lbs. Price..... \$6.00

Salzer's Great Diamond Pony Mill.

Price only \$15.50.

The Diamond Pony mill geared for horse power has been a special favorite among farmers and breeders, where it has had an immense sale for the past ten years. It is especially adapted for use with our 2-horse power, although it may be used with four or six horses. It is geared for direct attachment to the tumbling rod and is speeded with a 42-cog spur wheel and a 10-cog pinion. The balance wheel is turned down on the face so it can be used as a driving pulley for corn sheller or feed cutter. We also furnish a 12-inch drive pulley on the lower tumbling rod shaft of the Mill for the purpose of running a corn sheller when the speed would be too high to run from the upper shaft balance wheel. The capacity of this mill, with 2-horse power, is from 12 to 15 bushels per hour; with 4-horse power, 15 to 20 bushels, with 6-horse power, 20 to 30 bushels.

THE DIAMOND PONY MILL AND OUR GREAT 2-HORSE POWER AT WORK.

DIAMOND PONY MILL, Price, \$15.50.

This mill is furnished with our automatic end-shake feed trough and an adjustable and flexible spring lever with burrs. It is built in first-class shape; it is strong and durable, and there have been sold more of this style Mill for 2-horse outfits than any other Mill in the United States. It is a general favorite. The price now comes within the reach of all. John A. Salzer Seed Co. guarantees this Mill to be strong, durable, and one of the very best Mills made. You will surely like it.

Price each, with 3 sets of 6-inch burrs, \$15.50, net. Price of burrs alone, per set, \$1.25. The Diamond Pony Mill and 2-Horse Power, to one address, \$33.00.

The Kokosing Cutter.

This is an excellent cutter for ensilage or for cutting corn stalks or straw for mixing same with bran to feed cattle. It cuts one-half inch to an inch, and is a great saver of feed. It has an 11-inch knife, automatic feed, and can be changed in a moment to various lengths.

Price, each, \$10.00.

KOKOSING CUTTER, \$10.00.

Our Great 2-Horse Power.

Weight 700 lbs. This is the greatest horse-power in forty-five states, and all the territories thrown in; besides it is perfect in every respect; strong, very light running, evengait; has given wonderful satisfaction the world over. Every farmer purchasing one of these will be delighted with same.

Price of two-horse power, 700 lbs..... \$24.50
Price of four-horse power, 1,000 lbs..... 33.50
Price of six-horse power, 1,100 lbs..... 36.00
Price of eight-horse power, 1,400 lbs..... 50.00

Geared Jacks.

Weight, 150 lbs.; claimed by those who have used same to be the very best gear in the country. The price is ridiculously low.

Price of light, straight or beveled Gear Jack for two-horse, only..... \$6.50
Price of heavy straight or beveled Gear Jack for four-horse, only..... 8.00

Diamond No. 8 Mill.

A wonderful grinder. Weight, 275 pounds. It is perfect in every respect. With a 4-horse power speeded at 600 revolutions per minute, the capacity is from 15 to 20 bushels per hour; at 1,000 revolutions per minute, 25 bushels per hour. This has our guarantee, and we are positive will give satisfaction. The price is dirt cheap.

Price, No. 8, with three sets of 8-inch burrs, \$24.50.
Price of burrs alone, per set, \$1.25.

No. 7, one size smaller than No. 8. Price, \$22.00.
No. 9, grinds 15 bu. per hour. Price, \$17.00.
Diamond Double King, grinds 40 to 60 bushels per hour. Price, \$42.00.
Write for illustrated circulars on Grist Mills.

DIAMOND NO. 8 MILL, \$24.50.

The Osage Jr. Corn and Cob Mill.

A grand Mill; weight, 525 pounds, does its work to perfection. Farmers go wild over it. Capacity 6 to 12 bushels per hour.

Price, only \$18.00.
One set of extra burrs, \$3.50.

THE OSAGE JR., \$18.00.

Diamond Two-Hole No. 30 Corn Sheller.

The greatest Corn Sheller on earth, that is what dozens of farmers write. Sure to please. Capacity 800 to 400 bushels per day. Works well with our two-horse power. Price, with fan, table and pulley, \$11.70.

DIAMOND ONE-HOLE No. 20 CORN SHELLER. Price, with table and fan, \$6.50.

DIAMOND NO. 30 CORN SHELLER, \$11.70.

Diamond Tilting Table Saw Frame.

This saw frame weighs 300 lbs. Can be operated by horse power, steam power, wind or water power; speeded from 1,000 to 1,500 revolutions per minute. It is the grandest thing out. Price, without saw, only \$16.00. \$1.50 extra, with extension for poles.

Diamond Pole Saw Frame.—A splendid table saw frame for long or cord wood. Each, without saw, \$18.75.

Sliding Table Saw Frame.—Easy running; splendid for cutting cord wood. Each, with out saw, \$17.50. Write for circulars.

DIAMOND SLIDING TABLE SAW FRAME, PRICE, \$17.50.

Salzer's La Crosse Bolster Springs. Warranted 5 Years.

500,000 SOLD.

There is nothing better. You want it. Why rattle your bones and those of your loved ones on a hard, springless wagon, when for but a few dollars you get a spring fit for a king to ride on?

Truly, one of the simplest, yet greatest inventions of the age. It is just the thing to haul milk to the dairy, strawberries, fruits and vegetables to the market, or, in fact, anything. It is worth its weight in gold for comfort. It is economy to use them one size larger than capacity required.

When ordering give width between stakes of wagon.

No. 0, capacity 1,500 lbs.	\$3.50
No. 1, " 2,500 "	4.35
No. 2, " 3,000 "	5.00
No. 3, " 4,000 "	5.25
No. 4, " 5,000 "	5.75

Nos. 1 and 2 are the sizes most used.

Salzer's La Crosse Bolster Springs. Warranted 5 Years.

EXCELSIOR CORN DRILL.

For planting field corn or for ensilage corn, as also for planting peas, beans or other small seeds, the Excelsior is unequalled.

It drops 12, 16 or 20 inches apart, the distance being governed by the number of holes in seed plates.

Price: Drill alone, \$10. Drill and Fertilizer attachment, \$12.

HIGH GRADE PRUNING SHEARS.

For vineyard and other pruning.
No. 1, 75c; No. 2, \$1.00, postpaid.

THE AMERICAN PRUNING SHEARS.

A splendid pruning Shears. Indeed some landscape gardeners prefer these to most high grade pruning shears or the Levin Pruner. We know that these Shears will please you. The price is so low and it is such a handy tool to use for pruning in your gardens, vineyards, etc.

Price, each 60c; 3 for \$1.50.

Price each by mail, 75c; 3 for \$2.00.

THE LEVIN PRUNER.

One of the best tools out; works like a charm, and is very cheap at that. No. A, each, 75c; No. B, 90c.

LANG'S WEEDER.

It is very conveniently used, and fits the hand so comfortably that the fingers are entirely free for use wherever necessary. Net price, 25c; postpaid, 30c.

EXCELSIOR WEEDER. Each 15c; by mail, 20c.

The very best. By mail, 20c.

TURF EDGER. With handle, 75c.

KRAUT CUTTER.

Made from white selected hard maple; thoroughly seasoned; three knives of high grade finish, sharpened for immediate use; steel edge and iron backing, painted blue within a half inch of the cutting edge to prevent rusting; set firmly on a rocker. The adjustment is easy, true and rigid. A most excellent cutter for family use in making sauerkraut; also for cutting various kinds of vegetables. Price of No. 3, size 8x20, weight 7 lbs., \$1.40; No. 6, size 9x30, weight 11 lbs., \$2.25; No. 9, 12x40, \$3.50.

One-Knife Kraut Cutter, size 6 1/4 x 17 inches each, 30c
Two-Knife Kraut Cutter, size 7 x 18 inches 50c

THE LA CROSSE CORN SHELLER.

A boy or man, with one hour's practice, can shell a bushel of corn in 3 1/2 minutes. It is a magnificent machine throughout. We have never known one to get out of order. In addition to that it is sold at an exceedingly low price to place it within reach of everybody. We know of no sheller at twice the price that we would rather have than the La Crosse. Each, \$1.00.

\$1.00

THE BALL BEARING SHELLER.

The latest improvement in corn shellers. Each, \$2.50.

THE LA CROSSE SHELLER. Price, \$1.00.

FARMERS' PERFECT THREE-HORSE HITCH FOR \$4.50.

The only three-horse hitch in the world that perfectly equalizes the work of three horses (working two horses on one side of a vehicle pole against one on the other) without a particle of side draft and loss of power.

The Lusher Vegetable Slicer and Cabbage Cutter.

With six knives. A magnificent tool. It can not be too strongly endorsed. It is made of the best material, tinned over to prevent rusting. Always carries a keen edge without sharpening. Is A. No. 1 for slicing cabbage, apples, carrots, cucumbers, radishes, etc. Six slices are cut with every stroke of the hand, so that in a minute enough can be prepared for a large family. It is years since we found a tool so satisfactory, so great a labor saver, and of such great utility. Price, \$1.00, postpaid; 3 by express for \$2.00.

Penholders and Pens, and a fine Ruler—just the thing for a city or farm, school or home—all postpaid for only 25c.

9 CORDS IN 10 HOURS

By ONE MAN, with the FOLDING SAWING MACHINE. It saws down trees. Folds like a pocketknife. Saws any kind of timber on any kind of ground. One man can saw MORE timber with it than 2 men in any other way, and do it EARLIER. 127,000 in use.
Price, No. 1, with 5 1/2 ft. Saw, \$15.00.

TREE PRUNER.

8 foot pole, \$1.00; 10 foot pole, \$1.20.

KNIVES.

Budding—With ivory point, 80c.

Pruning—No. 1, 75c; No. 2, 65c.

Asparagus—45c.

THE HANDY HAMMER.

Wrench, nail and staple puller and wire splicer, 10 inches long, weight 1 1/4 lbs., made of the best malleable iron, the most convenient tool ever invented. The claw is pointed to pull fence staples, or spring keys. The nail puller device is in front. The wrench is under the claw, and the wire splicer at the end of the handle makes a neat splice, saves wire, avoids injury to the hands in splicing the barb or other wires. Price, 40c; postpaid, 60c.

WATERS IMPROVED TREE PRUNER.

Salzer's 20th Century Sewing Machine.

In the design of Salzer's 20th CENTURY every latest improvement and up-to-date feature is embodied, and above all the machine is peculiarly simple, thus insuring ease of running and great durability, rendering it almost impossible for the machine to get out of order. In quality of material used, accuracy of workmanship, and fitting and perfection of finish, we claim that Salzer's 20th CENTURY Machine is without an equal. We warrant it for 25 long years!

The motion of the shuttle and of the feed is taken directly from an eccentric on the main shaft, thus insuring the working of these two most important parts in absolutely correct relation with each other.

The Machine makes what is known as the double lock stitch, the two threads being interlocked in the center of the goods, forming a stitch which appears the same on both sides. The upper thread is run directly from the spool to the eye of the needle, without passing through any hole until the needle is reached.

CIRCULAR.

Send for full descriptive CIRCULAR when ordering, describing and warranting this GREAT 20th CENTURY MACHINE.

PRICE OF SALZER'S 20th CENTURY SEWING MACHINE.

Instead of asking \$35.00 to \$60.00 as agents do for this superlative machine, we offer: Salzer's 20th Century, with 7 drawers, for \$16.50; Salzer's 20th Century, with 5 drawers, for \$15.90; Salzer's 20th Century, with 3 drawers, for \$16.40.

Salzer's 20th Century Sewing Machine with Drop Head Stand, \$1.00 higher for each Machine.

WESTERN STAR WASHER, \$3.25.

This machine is especially manufactured for us, and we do not know of a machine that has had such a run and has given such entire satisfaction as the Western Star Washer. It is the only machine that is being used in the Salzer family. The machine will be sent you by freight. It is a splendid machine to give to your wife for a present, as it is a wonderful labor-saver and will make washing day one of delight. Now, we would like to see this machine on every farm and in every home of our customers, and for this reason we have made the price remarkably low.

Price, only \$3.25; with Salzer's Favorite Wringer, \$4.75.

THE FAVORITE WRINGER.

Of this Wringer there are over 1,000,000 in use. Roller 10x1 1/4 inches. Price, \$1.75.

Fairbanks-Morse

Family Scale.

Weights 1/2 oz. to 240 lbs.
Price, \$3.00.

Wagon Scales.

Every wide-awake farmer nowadays puts in a farm scale. They are so cheap and save their cost in giving correct weight in a short time.

The 8x14 is the most popular size though on a small farm 7x13 will answer well. Descriptive circular, 2c.

3-ton Scale, size 7x13 feet. Price, only \$30.00
4 " " " 8x14 " " " 37.50
5 " " " 8x14 " " " 39.00

Saves time, labor and money. Worth its weight almost in gold. Price, only \$1.50.

SALZER'S "COMMON SENSE" HAND POWER HAY BALING PRESS \$27.50

This machine is as practical in its workings as any power baler ever made. It will bale any kind of hay, straw, flax or anything that can be

held by baling. Two boys can bale three tons of hay per day easily, and even a greater amount can be baled if the stuff to be baled is delivered to the machine. It does not require a giant to work it. Any 125 pound boy can run it successfully. It is well made in every detail, and with reasonably good care will last a lifetime. It can be operated in 8x12 feet of floor space. It can be used anywhere very easily, as it does not have to be fastened down.

It is the most complete and practicable baling machine ever invented. It does not cost over one-fifth the price of a power baling machine. Standard size of bales, 14x18 inches square. Bales can be made any length up to 48 inches. The machine is made of hardwood entirely, and nothing but the choicest bone dry stock is used.

The frame is put together with bolts and screws, with the lining very carefully fastened to same. The whole construction is warranted for one year against breakage, but broken parts must be returned free of expense as evidence of breakage. Weight of press, about 470 lbs.

It requires 5 lbs. of No. 16 wire to bale 1 ton. Price per bundle of 250 nine-foot wires, \$2.00.

TESTIMONIALS.

Carney, Oklahoma.
Sirs: Your hand hay press is all O. K. Two men can bale from 100 to 120 bales per day, each weighing over sixty pounds. It is worthy of all the praise that can be said of it.
FRANK M. HOPPER,
Aldridge, Mont.

Sirs: I am so much pleased with my hand hay press. Myself and boy baled 65 bales by daylight, weighing 90 to 105 pounds. JOS. STERMETZ.

Power Press, on the same simple, common-sense plan as our Hand Power Press. Send for description. Price, only \$60.00.

Northfield, Minn.
Sirs: We like your press. You don't claim enough for it. It bales anything in fine, smooth shape, and if a man and a boy work steady and tend to their business they can easily bale three tons a day. We like it.
SVEN S. NELSON,
S. CHRISTIANSON.

WE GLADLY SEND a long list of customers who use this splendid hand baler. Write for it. Price, Complete Hand Hay Baler, only \$27.50.

Gearhart's Improved Knitting Machine.

The most complete family knitter to be found on the market. Over 60,000 in general use. Will knit 18,000 stitches per minute; any person of ordinary intelligence will knit a stocking, heel and toe, in ten minutes; also nearly all articles needed in the household, such as Ties, Hoods, Stockings, Mitts, Afghans, etc. The machine is very simple, with no parts to get out of order. Printed instructions in English, German or Norwegian with each machine. Catalog free.

Price of machine with one cylinder, \$8.50; extra cylinders, \$2.00; Ribbing attachment, \$3.00; extra needles, per set, \$1.50.

Send for circular.

GEARHART'S IMPROVED KNITTING MACHINE.

GERMAN SPINNING WHEEL.

Price, only \$3.25.

This newly improved, extra strong and well made spinning wheel has many advantages over others.

The fly wheel as well as all other parts are well constructed of best hardwood. Three spools go with each wheel and are 3 inches long and will hold a bobbin of thread 3 1/2 inches in diameter. Spindles and cranks are of the best wrought iron.

Fly wheel measures 18 inches in diameter. The whole spinning wheel measures over all in length 36 inches and in height up to top of spool holders 32 inches, weight 15 lbs. It is just the machine for spinning flax and wool and is perfect in every respect.

Price, \$3.25.

Extra Wool Cards, each 45c; per pair, 70c, postpaid. Extra Spools, 30c each, postpaid.

FARMER'S FAVORITE FANNING MILL, \$13.50.

This great grain-cleaning mill has proven itself wonderfully popular, a great money saver. Of this Fanning Mill we have two sizes, No. 1 with sieves 24 inches wide and No. 2 with sieves 30 inches wide. The No. 1 has a cleaning capacity of from 60 to 90 bu. per hour, and the No. 2 of 100 to 125 bu. per hour. This is a magnificent mill for cleaning and grading and separating all kinds of grain and seed. Each mill is furnished with 1 wheat hurrler, 1 wheat screen and grader, 1 barley sieve, 1 oat sieve, 1 rye sieve, 1 flax sieve and clover and timothy sieve. This mill retails, the No. 1 at \$25.00 and the No. 2 at \$30.00.

Our Special Price: No. 1 only \$13.50; No. 2 only \$17.50. Bag Filling attachment each \$7.00 extra. Seed Corn Grader attachment each \$7.00 extra.

THE CLIPPER CLEANER.

The greatest Fanning Mill and Cleaner on earth. It's immense! This is the only perfect Clover, Timothy, Grain, Wheat, Oats, Rye, Barley and Seed Cleaner that we know of. We are using a great many of them in our warehouse and would not part with them for \$500 each, if we could not get others like them. Send 2 cents for circular.

Price, No. 1.....\$20.00
Price, No. 2, (for Seed only).... 28.00

PREMIUMS.

Any person buying Flower, Vegetable and Garden Seeds, Plants, Roses, Nursery Stock, etc., from page 1 to 90 is entitled to the premium seed found on page 4, as these premiums are allowed gladly on all orders for above stock taken from our catalog from page 1 to 90 inclusive.

But on farm seeds it is different. The margin on many of them is so very small that we cannot afford to give a premium unless the order is large hence no premium on farm seeds can be entertained unless the order amounts to \$7.50 or more.

Our Premiums on Farm Seeds are Given

as follows: The price of Farm Seeds is strictly net and yet in order to induce you to see your neighbors and make your orders for farm seeds large we give premiums as are found on pages 144 and 145 of this catalog.

These premiums are given on farm seeds found on pages 91 to 114 inclusive and potatoes on pages 126 to 134 inclusive but not on Clovers Grasses and Tools which are listed Net.

No premiums are given on figured bills or special estimates nor on clovers, timothy, grasses and tools. In other words no premium can be allowed on clovers and grasses from pages 115 to 125 inclusive and on tools from pages 135 to 143.

Please remember, Farm Seeds from pages 91 to 114 and 126 to 134 only are the ones entitled to premiums found on pages 144 and 145.

You will be surprised how easy it is to get up a club order for \$55.00 and win the splendid Morris Chair or one for \$35.00 and get the Solid Comfort Rocker for your good wife or an order for \$25.00 will win the great farm bell!

A few evenings among your neighboring farmers will give you sufficient orders to get above splendid things free.

You Can Take Your Own Time.

Let us take it for granted that you are striving to win the Morris Chair requiring \$55.00 in orders. Now you can take your own time in sending in these orders during the year 1907 so long as they will come in by Dec. 20, 1907. After that no further premiums on 1907 orders will be recognized.

Whenever you send in an order state on same that you are striving to win the Morris Chair or any other premium that you may select. That is, in case the first order you send in is not large enough to win this premium and you wish to send in subsequent ones to be added to this to win the premium.

PREMIUMS.

See Bottom of Page 143 Relative to these Premiums.

WESTERN STAR WASHER. \$3.25.

See Page 142.)

This great machine is given free with a \$22.50 order.

OUR LEADING SINGLE BARREL BREECH LOADING GUN.

These guns make an average target of 275 pellets in a 30 inch circle at 40 yards, lead 3 1/4 drams, 1 1/2 oz. No. 8 shot.

Made in 12 or 16 gauge, 28, 30 or 32-inch barrel, weight about 7 lbs. Choke bored. The latest and best single barrel breech loader. They have beautifully case hardened frames, center hammers and automatic Ejectors which throw out the shells automatically on opening the gun for rapid loading.

The barrel can be detached from the stock in a few seconds by unscrewing the thumb screw at the side of the frame. These guns have fine symmetrical lines and balance perfectly. While we advise every one to buy as costly a gun as he can afford, the man or boy carrying one of these beautiful single ejectors can make just as good a target and kill just as much game as his competitor who shoots a \$100 gun.

No. 1. Has top lever, blue rolled steel barrel, pistol grip stock, case hardened frame, rebounding hammer, fancy butt plate, choke bored, 12 or 16 gauge, 28, 30 or 32 inch barrel. Retail price, \$8.00. Our price, \$6.00. Given with a \$40.00 order.

No. 2. Has top lever, fine twist barrel, pistol grip stock, nickel plated frame, rebounding hammer, fancy butt plate, choke bored, 12 or 16 gauge, 28, 30 or 32 inch barrel. Retail price, \$9.00. Our price, \$7.00. Given free with a \$50.00 order.

Pamphlet on other guns for 2c, postage.

No. 678. Has top snap, Damascus finished barrels, rebounding bar locks, extended rib, pistol grip stock, patent fore-end, circular hammers, matted rib, large firing pins, fancy butt plate, highly engraved (see cut), inlaid pistol grip and silver dog inlaid in the lock. This gun is a dandy and one of our best sellers. Retail price, each, \$16.00. Our price, \$14.00. Given with an \$85.00 order.

SPECIAL T. BARKER. Damascus Finish Barrels, Top Snap, Bar Locks, Matted Extension Rib, Case Hardened Breech.

10 gauge, 32 inch barrels 8 to 9 1/2 lbs.
12 gauge, 30 or 32 inch barrels 7 1/4 to 8 1/2 lbs.
16 gauge, 28, 30 or 32 inch barrels, 6 1/2 to 7 1/2 lbs.

PRICE

The World's Sickle Grinder.

A great invention. Thousands sold annually. Price with Stone, \$6.00 each. Given free with a \$27.50 order.

HOW TO MAKE YOUR OWN CLOTHES EQUAL TO A CITY DRESSMAKER. BE THE BEST DRESSED WOMAN IN YOUR LOCALITY.

Every woman wants to dress well. It is a duty she owes to herself to look as well as possible, but you know how difficult and expensive it is, especially if you live on a farm or in a village and small towns, to get dresses that entirely meet your expectation. They never quite come up to what you thought they would. They don't fit properly and entirely lack the style of the city-made garments.

Now, by our simple instruction we can quickly and cheaply teach you to make your own dresses just as you want them, in the latest mode, exactly as the famous and expensive city dressmakers would make them, but the costs will be even less than the dresses you now wear. You can make your own and children's clothes better than any dressmaker in your community. If you want to add to your present income we will teach you so you can make from \$15.00 to \$50.00 a week, no matter who you are or where you live, on a farm or in a town or city.

WE WILL TEACH AT HOME BY MAIL. ALL INSTRUCTION IS PERSONAL.

Our system of teaching is simple and thorough. No patterns, charts or mechanical devices are used. It teaches you how to cut dresses without the use of paper patterns so that they will fit perfectly in any style you desire. Instruction covers planning, designing, selection and care of materials, measure taking, pattern making, sewing, finishing and draping. The things so hard for most dressmakers are so simply explained that any one can do them. We teach how to conduct a profitable dressmaking establishment.

We teach you how to successfully make your own and others' clothes. Any woman or girl who can read and write and who has a little taste can soon learn to make fine garments well. It does not take long under such personal instruction.

It costs you nothing to learn all about this wonderful course. As to our responsibility, write to the Mayor or Postmaster

of La Crosse, or to any bank in La Crosse. Write at once, today, before you forget it, for handsome book, "How We Teach Dressmaking At Home." It is free.

2,000 GRADUATES PRAISE THE COLLEGE.

WEST HOBOKEN, N. J., Dec. 4, 1906.

Dear Madam: I can't say enough in praise for the knowledge which I have received through your lessons. I have studied other systems, but none are as easy to master as yours. You make everything so easy for one, that one can't help but understand it.

I am sincerely yours,

MISS KATE FOSTER.

WATERLOO, ILL., Sept. 3, 1906.

My Dear Madam: I received my diploma, after completing the course with you, about two weeks ago. I am very proud of it and want to thank you for your interest in me as one of your scholars. I already have as much sewing to do as I can possibly do. Besides the street gown, which was a grand success, I made several wedding dresses and bridesmaid dresses, any number of waists and skirts and suits, also separate coats. I shall at all times recommend your school to any one interested. I think any girl who can possibly do so, should take a course in your school.

Very truly,
KATE WELING.

WOMAN'S COLLEGE OF SCIENTIFIC DRESSMAKING.

WOMAN'S BLDG.

LA CROSSE, WIS.

Sweep Stake Premium!

We have made a remarkable arrangement with the *Woman's College of Scientific Dressmaking of La Crosse, Wis.*, by means of which we are enabled to give a Scholarship in this splendid Dressmaking College as a premium on orders!

The Scholarship price is \$12.50 cash.

This is the only Sweep Stake Premium we have and entitles you to select anything and everything from pages 1 to 146 of this catalogue to win this premium.

An order of \$80.00 from this catalogue entitles you to a scholarship in this College of Scientific Dressmaking.

With a little effort your daughter can take orders for \$80.00 worth of things out of this catalogue and win this splendid scholarship and learn with ease and rapidity how to make her own dresses and clothes at home.

Or an order for \$50.00 and \$5.00 additional in cash gives you the scholarship.

Or an order for \$25.00 and \$7.50 in cash gives you the scholarship.

Or an order for \$15.00 and \$10.00 in cash gives you the scholarship.

Before making arrangements with the *Woman's College of Scientific Dressmaking*, we thoroughly investigated their method of teaching dressmaking by mail and found them A No. 1, carrying out each and every promise they make.

SIX SPLENDID VEGETABLE SORTS FOR 25c POSTPAID.

Will you please turn to the rear of this catalogue and see the magnificent collection of vegetables composed of **Beets and Cucumbers and Lettuce and Onions and Radishes and Tomatoes** which we offer for but 25c? LAST WORDS.

ERRORS: We make them—so does every one—and we will cheerfully correct them if you write to us. Try to write to us good-naturedly; but if you cannot, then write to us anyhow. Our best efforts will be put forth in filling all orders carefully, and with the additional room and facilities, we hope to get along the coming season without an error and make 1907 the banner year.

When you sow, you want to reap, not sparingly, but bountifully. That is eternally right! It is our honest and earnest endeavor to furnish you with only good, live, vigorous seeds, so that your crop may be generous—yes, bountiful. We believe that if any seeds can produce good yields and fine specimens, ours can, and we earnestly solicit your orders, and promise same careful and prompt attention. Sincerely yours,

JOHN A. SALZER SEED CO. LA CROSSE, WIS.
